REPORT

ALBANY, N. Y., *January* 31, 1918.

To the Governor:

In accordance with the requirement of the Civil Service Law, we submit report for the year 1917, being the thirty-fifth report of the department.

The personnel of the Commission has remained unchanged except that John C. Clark, New York, N. Y., was appointed President of the Commission February 1, 1917, to succeed Samuel H. Ordway who had previously resigned to accept appointment as justice of the Supreme Court.

During the year the Commission held sixty-three meetings, of which thirty-six were in Albany, twenty-four in New York, and three at other places in the State.

With the exception of a few minor changes the staff of employees has continued unchanged. We take this opportunity to record the fact that three of the regular employees of the department have entered the military service, having enlisted as indicated: Walter F. Reilly, private, 106th Field Hospital, now at Spartanburg, S. C.; Howard F. Lewis, private, somewhere in France; and Raymond T. Jones, wagoner, 51st Pioneer Infantry, now at Spartanburg.

Examinations

During the year 1917, 20,964 persons filed application forms for examinations. Of these, 17,258 were actually examined: 8,775 in open competitive examinations; 1,693 in promotion competitive examinations; 5,443 for positions in the non-competitive class; and 1,347 in other tests. As compared with the year 1916, the total examined during the year was less by 2,047. The total number of open competitive examinations held was 318, and the total number of promotion competitive examinations held was 152. In 1916, the Commission held 237 open competitive examinations and 137 promotion competitive examinations. While there were over twenty-five per cent more examinations

held in 1917 than in 1916, the number of competitors decreased by more than twenty-eight per cent. The falling off in competition was due to the demand for employees in private business, and to the absence of persons in military service who would otherwise have been candidates.

The largest single examination during the year was that for stenographer, with 1,298 candidates as compared with 1,943 in the previous examination held in 1915. The next largest examination was that for court attendant, First and Second Judicial Districts, with 715 candidates.

The following table shows the number examined non-competitively for provisional appointment during the years 1912 to 1917 inclusive:

	Number	Increase over previous year	Per cent increase over previous year
1912	311	67	27
1913	768	457	147
1914	1,108	340	44
1915	472	*636	*57
1916	236	*236	*100
1917	483	247	104

* Decrease.

The increase in 1917 in the number of provisional appointments over 1916, is explained by vacancies on account of the war, and the difficulty in securing engineering employees for the Public Service Commission, First District, particularly for work under compressed air. Of the provisional appointments, about 50 per cent were made by the Public Service Commissions.

When competitive examination fails to secure a sufficient number of eligibles, appointment may be made upon non-competitive examination in accordance with civil service rule VIII, paragraph 10. The number of such appointments during the year was 158, as compared with 21 during the year 1916. More than one-half of these also were to engineering positions in the Department of the Public Service Commission for the First District.

The Commission's inability to secure eligibles through open competitive examinations reflects general conditions, and indicates that demands of private employment and of the Federal service oftentimes at salaries higher than those paid by the State have resulted in fewer competitors in civil service examinations.

During 1917 the Commission examined 1,693 competitors in promotion examinations. In many of these examinations the number of competitors were three or less thus eliminating substantially the element of competition, although the number of those eligible to compete in each examination averaged about twelve. This is a condition which the Commission can not control. It has however, declined to hold examinations for the same position more than once each year.

On January 1, 1918, all open competitive examinations held prior to December 8, 1917, had been completed except that for court attendant held October 6, 1917. All promotion competitive examinations held prior to November 10, 1917, had been reported.

Classification

With the entrance of the United States into the war a considerable inroad was made into the civil service of the State and of counties already under civil service law and rules. The enactment of chapter 435 of the Laws of 1917, enabled employees who enlisted or who were drafted, to leave their positions without relinquishing their right to return thereto, and without loss of salary, as they must receive from the civil division in which they served the difference between their military pay and that allowed in the civil service.

These conditions led many to enlist, and considerable demand was made upon the eligible lists to fill the places suddenly vacated. According to the best information obtainable there were on January 1, 1918, 1,117 persons, not counting laborers, holding positions subject to the State civil service rules, who had entered the military service of the United States. The positions were in the Unclassified service, 11; Classified service, 1,106, of which 40 were exempt; 776 competitive; 290 non-competitive. As these persons have a continued relation to the service the Commission decided to carry their names in the Civil List and to indicate their

absence from employment by a star. To do this, however, and also to count their positions in the classification table, which is a part of this report, would show an unusual increase in the service. It was decided, therefore, to omit from the classification table the positions held by those who were absent on account of the war, calling attention to such omissions by an appropriate footnote.

On January 1, 1918, according to the records of the Commission there were 19,628 positions subject to the rules in the State, county and village service. This is a net decrease of 809 as compared with the record of January 1, 1917. During the year 1917 the unclassified service increased from 1,295 to 1,416, an increase of 121. The exempt class decreased from 1,488 to 1,478, a reduction of 10, the competitive class decreased from 11,102 to 10,405, a reduction of 697, and the non-competitive class decreased from 6,552 to 6,329, a reduction of 223, making a total decrease of 930.

The following table shows the increase and decrease in the State, county and village service:

Suspension of the Rule Requiring Competition

Under the provisions of section 15, paragraph 2, of the Civil Service Law, the Commission, upon satisfactory evidence that for specified reasons competition in cases where peculiar and exceptional qualifications are required is impracticable and that the position can be best filled by the selection of some designated person of high and recognized attainments in such qualities, may suspend the rule requiring competition. This authority has been exercised in seven cases during the year, and five of these relate to appointees of the State Food Commission.

The persons appointed without competitive examination under the section of the law referred to are as follows:

John W. Titcomb, Lydonville, Vt., Fish Culturist, Conservation Commission, March 1, 1917, $4,000. Mr. Titcomb was for many years connected with the bureau of fisheries of the United State Government, and served for sometime as fish and game commissioner of Vermont.

John C. McGuire, New York, N. Y., Construction Engineer, Commission on New Prisons, April 16, 1917, $6,000. Mr. McGuire had been employed as construction engineer, supervising architect's department, United States Government, and had been engaged in extensive construction work in New York city. Such services covered approximately twenty-five years.

George L. Bennett, New York, N. Y., Assistant Director in charge of Food Investigation, State Food Commission, December 3, 1917, $4,500. Mr. Bennett had served as chief efficiency engineer in the office of the Commissioner of Accounts, New York city. He had made a study of market conditions and drafted that part of the report of the Mayor's Market Commission relating to marketing, published in December, 1913.

P. A. Johann, New York, N. Y., Assistant Director, in charge of Bureau of Complaints, State Food Commission, December 12, 1917, $4,500. Mr. Johann is a graduate of the New York Law School, and had studied accounting, auditing and system installation under certified public accountants. Just previously to his appointment in the State service he was chief examiner on the staff of the Commissioner of Accounts of the city of New York, being in charge of the complaint bureau. He had also been employed for eight years as assistant to the auditor of the College of the City of New York.

Blanche R. McDonald, New York, N. Y., Assistant Director, Bureau of Publicity and Information, State Food Commission, December 13, 1917, $2,400. Miss McDonald had had about six years' newspaper experience as a special writer and during 1917 was publicity director for the children's war relief fund. She had given personal study to food problems and had assisted in food educational work.

Frederick E. Breithut, New York, N. Y., Director of Food Conservation, State Food Commission, December 13, 1917, $4,000. Mr. Breithut had been an assistant professor of chemistry, and chief of the divisions of municipal chemistry and food chemistry, College of the City of New York. He was chemist for the New York State Factory Investigating Committee in 1912, and had been a lecturer on food and chemistry under the New York City Board of Education since 1910. Dr. Breithut is

the author of several publications relating to food chemistry and allied subjects.

Floyd W. Fiske, New York city, Assistant Director in charge of Trade Committees for Price Interpretation, State Food Commission, December 13, 1917, $4,500. Mr. Fiske was employed for several years by the United States Express Company and thereby acquired a knowledge of many phases of express transportation business, involved in the distribution of food stuffs and other commodities throughout the United States. He also was conversant with Federal and State control regulations of common carriers, and his duties had often involved technical interpretation of laws and regulations. Mr. Fiske assisted the Interstate Commerce Commission in its nation-wide investigation of express rates, and the relation of these to the Parcel Post Service.

Grading of Civil Engineering Positions

A standard classification and grading of engineering positions was adopted and became effective April 1, 1917, applicable to positions under the Commission of Highways and the State Engineer and Surveyor.

The groups and grades are as follows:

Group A — Engineering Assistant

In this group are included:

Grade 1. Axeman, chainman, tracer, salary range: $720, $780, $840, $900, $980, $1,020, $1,080.

Group B — Junior Assistant Engineer

In this group are included:

Grade 1. Rodman, junior assistant, engineer, tracer, salary range: $1,200, $1,320, $1,440.

Grade 2. Leveler, junior engineer, bridge draftsman, engineering draftsman, mechanical draftsman, bridge designer, salary range: $1,560, $1,680, $1,800.

Group C — Assistant Engineer

In this group are included:

Grade 1. Mechanical engineer and draftsman, assistant engineer, salary range: ($1,680), ($1,800), $1,980, ($2,004), $2,160.

Grade 2. Bridge designer, assistant engineer, salary range: ($2,208), $2,340, $2,580.

Group D — Senior Assistant Engineer

In this group are included:

Grade 1. Assistant engineer, resident engineer, assistant engineer of claims, civil engineer of grade crossings, salary range: ($2,592), $2,820, $3,060.

Grade 2. Bridge designer, salary range: $3,300, $3,540.

Group E — Inspector of Engineering Works

In this group are included:

Grade 1. Highway inspector, inspector of construction, inspector of masonry, inspector of public works, foreman of borings, salary range: $960, ($1,104), $1,260, ($1,416).

This classification and grading resulted in a large reduction in the number of titles; uniform groups and grades; per annum compensation for each employee; elimination of inequalities as to compensation for the same class of work, and a standard rate of pay for all persons employed, with promotions to fixed amounts under the same conditions; ready exchange of employees between departments because of standardization of positions and salaries.

Promotions are made as follows, provided that a person must have been continuously employed in a position, the duties of which are such as would naturally and properly fit him to perform the duties of the position to which he seeks promotion:

From Group A to the minimum salary of Group B upon written competitive examination open to those who have served in the group at least one year.

From Group B to the minimum salary of Group C upon written competitive examination open to those who have served in Group B at least three years, or one year and six months in Grade 2 of Group B.

From Group C to the minimum salary of Group D upon written competitive examination open to those who have served at least three years in Group C or one year at the maximum salary of said group.

Promotions from the maximum salary of Grade 1 to the minimum salary of Grade 2, under Groups B, C and D, will be allowed from special promotion eligible lists based on efficiency ratings of those who have served in appropriate positions for at least six months.

When there is no promotion list and no one eligible for promotion in the respective groups or grades, original appointments shall be made from eligible lists established as the result of open competitive examination at the lowest salary of the grade in which the vacancy exists. Rates of salary included in parenthesis are temporary.

This standardization of engineering positions is along the lines recommended by the Senate Civil Service Committee, whose report was made after many months' careful study and numerous conferences in which representatives of the Highway Commission, State Engineer and Surveyor, and Civil Service Commission participated. By eliminating the multiplicity of titles, broadening the scope within each grade, fixing definite rates of pay on an annual basis, thus removing the inequalities existing where daily, monthly and yearly rates were used, and by simplifying transfers where desired from one department to another, it is believed that a great improvement has been made, not only so far as the members of the department are concerned but also as affecting the interests of the State.

It is hoped by the Commission that this grading of engineering positions may extend in the near future to employees in the Bronx Parkway Commission and Conservation Commission.

Extension of the service; county nurses. Chapter 469, Laws of 1917, provides among other things, that the board of managers of a county tuberculosis hospital shall employ a county nurse or nurses if it deems necessary, for the discovery of tuberculosis cases and for the visitation of such cases and of patients discharged from the hospital, and for such other duties as may seem appropriate. The Charities Aid Association urged that these nurses be appointed only after competitive examination open to residents of the State. As the service of only eighteen counties was subject to the civil service rules, it was decided to recommend that the rules be extended to the position of county or visiting nurse

"appointed in accordance with chapter 469, of the Laws of 1917." This amendment was approved by the Governor October 25, and became effective at once, with the result that a new group of places has been brought within the scope of the Civil Service Law.

Appointments have already been made to these positions following an open competitive examination.

Village of Ilion. After several conferences with officials of the village of Ilion the provisions of the civil service rules were extended to the service of said village by resolution adopted by the Commission December 21, 1916, and approved by you February 27, 1917. With few exceptions the entire classified service was made competitive.

These extensions have been made without objection on the part of the officials involved, and it is believed meet with general approval. It is hoped that a further advance may be made during the coming year, particularly in the service of some of the larger counties which are not now subject to the Civil Service Law and rules.

Civil Service Rules for Cities

A considerable part of the work of the Commission for the year related to the revision of the civil service rules for cities. Revised rules and classification have been adopted for the cities of Amsterdam, Buffalo, Jamestown, Lockport, Schenectady and Troy. The rules and classification of the following cities have been amended on one or more occasions: Amsterdam, Binghamton, Buffalo, Geneva, Gloversville, Ithaca, Jamestown, Lackawanna, Lockport, Mechanicville, Mount Vernon, New Rochelle, New York City, Niagara Falls, North Tonawanda, Oneida, Poughkeepsie, Rochester, Rome, Schenectady, Syracuse, Tonawanda, Troy, Utica, White Plains, Watertown, Yonkers.

Resolutions relating to exempt or non-competitive classification in the cities of Binghamton and Rochester were returned by the Commission without approval. In all cases extension of the competitive class has been sought and obtained, so that the net result of the year's work in this respect shows a material reduction in exempt places in the cities mentioned, and a corresponding increase in the competitive class.

In the city of New York alone, 284 positions were transferred from the exempt to the competitive class, as against 17 new places made exempt.

Inspection of the Records of Municipal Civil Service Commissions

The Commission, by one or more of its members, or its secretary, or its chief examiner, officially visits each city in the State at least once in two years, and observes the method of the administration of the Civil Service Law in such city, and ascertains whether the municipal commissioners and other city officials are faithfully discharging their duties in respect to that law. This part of the Commissioners work is of great importance. These conferences invariably result in an improvement in the service, and usually are of much benefit to local commissioners in their examinations and other work. The Commission believes that due in part to these conferences the enforcement of the provisions of the law by municipal commissions is advancing in cities of every class.

Twenty-one cities were thus visited in 1917. These are Auburn, Batavia, Buffalo, Cortland, Dunkirk, Jamestown, Lockport, Lackawanna, New Rochelle, Niaraga Falls, North Tonawanda, Rome, Syracuse, Tonawanda, Ogdensburg, Oneida, Oswego, Plattsburg, Rochester, Utica and Watertown. All, with one or two minor exceptions showed improvement in comprehension and administration of the Civil Service Law and rules since the Commission's last visit.

Special War Resolutions

Early in the year it became apparent to the Commission that some unusual action would be required in order to enable appointing officers to fill positions, many of a professional or technical character, which were becoming vacant because of the demands of the military service of the Federal Government on account of the war. At the beginning the Commission established the policy of requesting that such vacancies should be filled if possible either by promotion or by selection from an appropriate list. Many appointments were thus made, but where there was no one to

promote, or no list available special war resolutions became necessary and were adopted in the following twenty-one cases:

William Gilmour, DeKalb Junction, N. Y., sealer of weights and measures, St. Lawrence County, $600, vice George E. Van Delinder.

Paul B. Brooks, M. D., Norwich, N. Y., Director, Division of Communicable Diseases, Department of Health, $4,000, vice Fred M. Meader, M. D.

LeRoy W. Hubbard, M. D., Mount Vernon, N. Y., Orthopedic Surgeon, Department of Health, $3,500, vice Armitage Whitman, M. D.

Edward Clark, M. D., Buffalo, N. Y., Director, Division of Child Hygiene, Department of Health, $4,000, vice H. L. K. Shaw, M. D.

Bernard F. Schreiner, M. D., Buffalo, N. Y., Internist, Institute for the Study of Malignant Disease, $2,000, vice John A. P. Millet, M. D.

Katherine Connelly, North Tarrytown, N. Y., Stenographer and Bookkeeper, Comptroller, Westchester County, $13 a week, due to absence of L. O. Haskell.

Olive A. Chabbott, Ogdensburg, Assistant Principal of Training School, St. Lawrence State Hospital, $900, vice Ida J. Anstead.

J. M. Elliot, M. D., New York City, Acting Superintendent, Homestead Sanatorium, Saratoga County, $1,800, vice P. J. Hirst, M. D.

Edward G. Stout, M. D., Utica, N. Y., Acting First Assistant Physician, Utica State Hospital, $2,600, vice George B. Campbell, M. D.

Hollis DeNiord, M. D., Buffalo, N. Y., Assistant in Radio-Physics, Institute for the Study of Malignant Disease, $1,200, vice Thomas F. Cooke, M. D.

A. F. Mosher, M. D., Waterville, N. Y., Assistant Physician (Surgeon) Soldiers' and Sailors' Home, $1,500, vice Paul Betowski, M. D.

Charles W. Turnbull, Ogdensburg, laundry overseer, St. Lawrence State Hospital, $780, vice Herbert F. Shaver.

Thomas Hand, Ilion, N. Y., operator and night watchman, Board of Light Commissioners, Village of Ilion, $17 a week, vice Averill Currier.

Clara Holland, Central Islip, N. Y., special attendant — requisition clerk, Central Islip State Hospital, $600, vice Christopher Jones.

Rupert W. Fagan, New York City, engineering draftsman and photographer, District Attorney, New York County, $1,500, vice Edwin B. McGuire.

W. V. Balch, M. D., Galway, N. Y., Acting Superintendent, Homestead Sanatorium, Saratoga County, $1,800, vice Dr. Elliot, who was appointed August 27, 1917, in place of Dr. Hirst.

John E. Ketcham, Patchogue, N. Y., stenographer, County Court, Suffolk County, $750, vice A. F. Dayton.

Cyrus E. Pringle, M. D., Buffalo, Acting Senior Assistant Physician, Buffalo State Hospital, $1,800, vice Herman F. May, M. D.

Elsie Betts Suter, Albany, N. Y., clerk, Public Service Commission, Second District, $1,200, vice John A. Dolan.

Frederick A. Moran, Schenectady, N. Y., Assistant Secretary, Probation Commission, $1,600, vice John D. Lynn, 2nd.

John Heim, New York City, clerk, County Clerk, New York County, $1,200, vice Benjamin Harris.

The persons above named are appointed solely as substitutes, due to the fact that the vacancies which accrued were caused by absences on military or naval duty in the existing war, and the incumbent to reinstatement upon his return. The service of each is limited to the period of absence of the regular employee in the military, naval or marine service.

Legislation

Section 11 of the Civil Service Law provides for printing in the annual report of the Commission all rules adopted for cities. The Commission each year revises and approves rules for a number of cities, and to publish the same as a part of its annual report serves no good purpose, and is an unnecessary expense. Essential amendment to municipal rules would be printed, we assume, without statutory direction, and the printing of revised rules by

the respective municipalities would seem to be sufficient. It is believed that the law should be amended by striking out this mandatory provision.

The Commission also recommends that the law be amended so as to prescribe three as the number of members of a municipal civil service commission, with a definite term of three years arranged so that the term of one commissioner shall expire on the 31st of December of each year. Under the present law with each change in administration it is generally the procedure to appoint an entire new commission, the members of which are frequently unacquainted with the law or its purpose, and often have no desire for a commissionship, but accept at the mayor's desire. Such a system is obviously unfair to those in the service, and in addition, due to a lack of continuity of information and policy, constructive work by a commission is made needlessly difficult. Experience shows that a fixed term of office, with overlapping terms, for municipal civil service commissioners is most likely to give good results.

The Commission believes that the law should make it a misdemeanor for a candidate in a civil service examination, conducted by the State or a Municipal Civil Service Commission to intentionally accept or use any information imparted by another candidate; or to use, attempt to use, or to have in his possession during any examination any book, paper, or data of any kind which would be of assistance in any way in answering the examination questions. The present law makes it a misdemeanor for one candidate to aid another candidate, but it does not reach the person who willfully cheats by copying from the papers of another, or from papers which he may have smuggled into the examination room. The integrity of examinations, we believe, will be increased if this amendment to the statute is adopted.

The entrance into the war of a large number of persons whose names appear upon eligible lists established by the State and Municipal Civil Service Commissions leads the Commission to believe that some consideration should be given to those persons who have failed to receive appointments on that account.

While undoubtedly the various civil service commissions in the State could adopt a rule which would cover these cases, such procedure ought to be uniform and should not be effective longer than

the maximum term of the eligible list involved. We think, therefore, that it would be advisable to amend the civil service law by adding thereto a section to read as follows:

> "All persons whose names appear upon any eligible list made pursuant to this article and who have entered or shall hereafter enter or shall obligate themselves to enter the federal military, naval or marine service or who shall be required by draft or conscription to enter the federal service in any capacity and who by reason thereof shall be unable to accept appointments made from names appearing upon any such list shall be entitled to have their names continued and placed on a separate eligible list for the same position resulting from an open competitive examination and names from such separate list shall be certified for appointment at such times as such service shall cease before certification is made from any subsequent eligible list with the same force and effect as if such person had been so certified before entering federal service as aforesaid. The eligibility for certificate for appointment of a person whose name appears on such eligible list entitled as herein provided shall continue for a period of one year from the date of his honorable discharge from such service."

Appeals

The appeals from ratings received by the Commission during the year number 65, of which 53 were denied and 12 granted in some form. This is a considerable reduction in the number of appeals as compared with the 365 of 1915 and the 100 of 1916.

The Commission is gratified to observe that the practice of appeals from ratings in competitive examinations, which was widespread in recent years, has lessened, thus indicating a return of confidence in respect to this part of its work.

Civil Service Record Rules and Regulations

The civil service law was amended by chapter 653, Laws of 1917, approved May 25, by adding two new sections substantially as follows:

All departmental agencies of the State government, whether known as department's, institutions, boards, commissions, or other-

wise, shall keep and report service records and ratings of employees, for the purpose of recording in terms of quality, quantity, and other factors, the relative efficiency of employees engaged in the same or similar lines of work, under the rules and regulations prescribed by the Civil Service Commission.

The Civil Service Commission shall, within nine months after this act takes effect, prescribe suitable rules and regulations for the keeping, reporting, and reviewing of the service records and ratings of employees in the classified service of the State and shall enforce the same. It shall use such service records as a factor in promotional examinations from grade to grade, and as a basis for determining the rendition of satisfactory service necessary for advancement from one rate to another. Such rules and regulations and any modifications thereof shall take effect when approved by the Governor.

A personnel board shall, when required by the Civil Service Commission, be established in each departmental agency of the government for the purpose of assisting the Civil Service Commission in enforcing the several provisions of the Civil Service Law. The members of such boards shall consist of State officers or employees and shall serve without pay. Other conditions governing the membership and conduct of such boards shall be prescribed by the Civil Service Commission.

In obedience to this law the formation of a system of service records has had the special attention of the Commission for some months past and it will soon submit for your approval rules and regulations which it believes will aid in determining advancement "from one rating to another" in the classified service of the State. Investigation of the subject had already been begun by the Commission before chapter 653 became a law, and such investigation has continued during the year by conferences within the State and by correspondence with Civil Service Commissions throughout the country. On November 22, a largely attended meeting was held at the Commission's office at which were present representatives of various State agencies. At this meeting a number of valuable suggestions were made. These the Commission will endeavor to incorporate in the service record rules.

That the civilian service of the State ought to be arranged so as to develop a force of highly competent and expert employees, cannot be denied. That such development does not customarily result

under present conditions is manifest. There are many conspicuous exceptions to the general rule, yet anyone, having even moderate private business experience and looking into the usual clerical service of the administrative, judicial or legislative offices of the State and of our municipalities which are the greatest corporations that we know, becomes conscious of the lack of the development of minor clerks into an efficient body of subordinates possessing the spirit and ability to conduct public work with accuracy and rapidity. In other words, there is no pervasive and thorough-going attempt in these offices to bring out among employees qualities of special industry and inventiveness as applied to the work they perform. Thus there is little or no appeal in our public service to youthful ambition except in the matter of salary. It follows that not only is public money often wasted, but what is in reality much more serious, the stirring of employes in the minor grades to do better and superior work is neglected and the actual development of their faculties and capacities lies dormant or ceases altogether. In a well conducted public office knowledge of the best prevailing commercial methods ought to be stimulated, and acquaintance with and practice of these methods should discover new methods still better suited to the transaction of public business.

As an element in bringing into exercise the desirable qualities suggested, it is believed a properly devised and administered system of service record rules will contribute much, and the movement in this direction should have the support of all interested in good government. Indeed so far have the needs of the State as associated with this general subject appealed to recent Legislatures that during the last three years an aggregate expenditure of almost $44,000 for special investigation of clerical salaries and duties by the Senate Civil Service Committee has been made. In addition to this large expenditure of money there was willingly contributed much time and attention by each department in furnishing information and statistics to the committee. It would seem that this costly but valuable investigation should be utilized in some measure by putting in operation some system of service records. But to accomplish definite results in this field, the cooperation of the Legislature, as well as the aid of the adminis-

trative departments of the State is necessary. The Commission asks for such cooperation and aid in furthering the plan which it will later submit.

At this time of war when savings of every sort are so much impressed upon all, any plan which will promote economic performance of work by State employees is worth consideration. Particularly is this true if such a plan will not only save time and money directly, but will in addition make a large body of men and women more effective wherever they may be employed in the future and so always a more valuable asset to the community.

The Commission feels that the service records law has afforded it a patriotic opportunity in its best sense. With this thought in mind it is formulating service record rules which it believes will reduce the cost of State work, increase its accuracy and enlarge the benefits to be derived by those who take up State employment with the expectation of making it as it should be an honorable and permanent occupation.

Comparatively few of the division heads of the State service have had the advantage of a contact with the progressive methods associated with clerical service as they exist today in commercial life. This situation presents an additional reason why some attempt at establishing standards for work in State service seems especially desirable. If a simple yet equitable service record system can be carried out it certainly will have a favorable influence upon the whole personnel of the State service by awakening a spirit therein which will make employees not only more interested in the work they are now doing but also more useful as energetic individual citizens in their other relations to the State.

It is also not unreasonable to believe that the inauguration of a successful system of service records in the State agencies will lead ultimately to similar progress in the still larger civil service of our municipalities.

In conclusion, the Commission considers that by the establishment of service record rules an opportunity is offered for a most important piece of constructive work within the State, and that this accomplishment within our own borders is likely to set a standard for a marked advance in public administration throughout the country.

Conclusion

A review of the work of the year shows that a consistent policy has been followed in the consideration of the many problems submitted. It has not been possible under the law always to grant requests for changes in classification, or for the exemption of certain new places, but it is a satisfaction to report that the Commission has received generally the earnest support and cooperation of heads of departments and appointing officers.

Accompanying this report will be found the Chief Examiner's report, the civil list, appendices relating to examinations, and other matters which are required by law to be published.

REPORT OF THE CHIEF EXAMINER

To the Commission:

The Chief Examiner respectfully submits the following report of the work of the Examinations Division for the year ended December 31, 1917.

During the year 1917 there was a total of 20,964 applicants; of these 14,174 applications were for competitive examinations, 8,775 persons were actually examined in open competitive examinations, and 1,693 in promotion competitive examinations. The total number of persons examined in competitive examinations was 10,468. As compared with the year 1916 the total number thus examined fell off 4,284. The total number of open competitive examinations held was 318; promotion competitive 152. In 1916, we held 237 open competitive examinations and 137 promotion competitive examinations; thus, while we held over 25 per cent more examinations in 1917, the number of competitors decreased by over 28 per cent. Average number of competitors per examination in 1916, 40; in 1917, 23. This falling off in competition is, of course, due to the unusual conditions now prevailing.

The largest single examination held during the year was that for stenographer for which 1,298 were examined as compared with 1,943 competitors in the last previous examination in 1915. The next largest examination was that for court attendant, First and Second Judicial Districts, in which 715 were examined.

The following table gives statistics of examinations in 1917:

KIND OF EXAMINATION	Number of examinations	Number of candidates
1. Open competitive	318	8,775
2. Promotion competitive	152	1,693
3. Promotion non-competitive	.....	110

Provisional Appointments

The following table shows the number of persons examined non-competitively for provisional appointment during the years 1912 to 1917 inclusive.

	Number appointed	Increase	Per cent increase
1912	311	67	27
1913	768	457	147
1914	1,108	340	44
1915	472	*636	*57
1916	236	*236	*100
1917	483	247	104

* Decrease.

The increase this year in the number of provisional appointments over 1916 is explained by the unusual conditions due to the war and by the difficulty of securing engineering employees for the Public Service Commission, First District, especially for work under compressed air. Out of the total number of provisional appointments, about 50 per cent were made in the Public Service Commission for the First District.

Appointments Under Rule VIII, Par. 10

Where competitive examinations fail to secure a sufficient number of eligibles, appointments may be made upon non-competitive examination. The number of such appointments during the year was 158, as compared with 21 in the year 1916. Of these

appointments during 1917, more than half were appointments to engineering positions (mostly for work under compressed air) in the Public Service Commission for the First District. Our inability to secure enough eligibles through open competitive examinations merely reflects the conditions now generally reported in the labor market. The demands of private employment and for the United States service at high salaries due to war conditions, has resulted in a lessened number of competitors in all State civil service examinations.

Promotion Examinations

During 1917 we examined 1,761 competitors in 152 promotion examinations, an average of about 11 competitors per examination. In 59 examinations there were fewer than 4 competitors in each examination thus practically eliminating the element of competition, while in these same examinations 804 were eligible to compete, an average of over 13 eligible for each examination.

Examinations for State Troopers

Appointments to the recently established State Police Department were not subject to Civil Service control, but, on the initiative of that department, competitors were required to submit to examinations somewhat resembling those given by this office. At the request of the Superintendent of State Police we were able to render some assistance in these examinations, especially in the printing of the questions and the conduct of the examinations.

Examination for Stenographer

In the stenographer examination an innovation was introduced by the elimination of all subjects except stenography and typewriting. This action was taken principally because of the difficulty in securing stenographers during war time when, owing to the large number required by the Federal government, the demand has been greater than the supply. Whether this form of examination will be retained under normal peace conditions cannot, as yet, be determined.

This change, although radical, is really a consistent development of the tendency toward simplification of examinations and

the elimination of all except the most essential tests. The last general examination for stenographer, given in 1915, included tests in rough draft and letterwriting, as well as a rating for education and experience, but this examination was an improvement over those given a few years previous, when spelling, penmanship and arithmetic were also included as separate subjects. The same tendency to simplification by eliminating all tests not directly bearing on the qualifications required for the position.

Regarding Examinations

The decrease in the total number of candidates in 1917 as compared with previous years might seem to indicate less work but this is hardly true. The large increase in the number of examinations held in 1917 indicates an actual increase in work over 1916, even though fewer candidates were examined.

The most important phase of examining work and that which demands the most careful consideration is the preparation of questions. The actual rating of the papers may be done by less experienced examiners, and, as a general rule, the larger the number of competitors, the less the amount of work per competitor. But to frame the right kind of questions, so as to test the desired qualifications, requires considerable time and careful study. In small examinations, especially where only one or two appointments are made, the time and work are out of all proportion to the results obtained.

It is probable that an improvement could be effected by a reduction in the number of examinations, by consolidating examinations where the same qualifications are tested. For example, examinations for field inspector, bureau of vocational training, military training commission; inspector, dog license bureau; and confidential examiner, Department of Excise, were held in September, October, and November, 1917, for which 791 applications were filed. At first sight it might seem that there would be little similarity between the requirements of these three positions, but, on analysis, we find that the essential in each case is investigating ability along the several lines covered in the work of these departments. For a large number of the appointments from the first list, familiarity with agricultural conditions was regarded as the

first essential; from the second list, this was also the case; and that these same qualifications were tested in the examination for confidential examiner, Department of Excise, is shown by the fact that appointments from this list were made to positions in the State Food Commission.

These three examinations involved a tremendous amount of work, over 500 competitors being examined orally, in addition to the written tests. It is probable that these three examinations could have been combined into one, by allowing some choice of questions on the written examination, and by slightly longer interviews in which the experience of competitors along the various lines could have been determined in a single series of oral tests. A single list could have been established, from which appointments could have been made to all positions requiring, as a basis, such familiarity with agricultural or business conditions as would enable the appointees to do investigating work.

Besides the saving in time and work and the consequent possibility of exercising greater care, an equally important result would probably be that competitors could be classified according to the work they are most capable of doing. It is a notorious fact that applicants frequently try for positions for which they are unfitted and overlook positions for which they are especially well qualified.

Another consideration is also involved. Where an announcement of examination states "One appointment is expected" and especially where it is known or suspected that a provisional appointee is already filling the position, many prospective competitors would hardly think it worth while to apply. If the examination were to establish a general list, from which a comparatively large number of appointments might be expected, competition would be encouraged.

It is believed that an application of this principle of holding examinations for various lines of work rather than for individual positions would result in a marked decrease in the work of the division, with a consequent improvement in the nature of the examinations, as well as the encouragement of a higher grade of competition.

Assistance to Municipal Commissions

During the year we have continued the practice of giving assistance to Municipal Civil Service Commissions whenever called upon. In this connection we have prepared examinations and rated papers for various positions in a number of cities.

Condition of the Work

On January 1, 1918, all open competitive examinations held prior to December 8 had been completed except that for court attendant held October 6, and all promotion competitive examinations held prior to November 10 were completed. The examining work of the year 1917 has now been entirely finished.

Needs of the Examinations Division

The need for increased force and for additional floor space and rooms has been brought to the Commission's attention at various times and in various ways. It need merely be said that these needs are steadily growing.

Respectfully submitted,

H. N. SAXTON,
Chief Examiner.

REQUESTS FOR CHANGES IN THE STATE CIVIL SERVICE RULES AND CLASSIFICATION DENIED

AMENDMENTS TO STATE CIVIL SERVICE REGULATIONS

AMENDMENTS TO STATE CIVIL SERVICE RULES

Rule I, Subdivision 14

Resolved, That, subject to the approval of the Governor, Civil Service Rule I be and hereby is amended by striking out subdivision 14 and inserting in lieu thereof the following:

"The terms 'laborer' and 'unskilled laborer' shall be construed as applying only to persons employed at ordinary manual labor, and shall not include mechanics, artisans, tradesmen and other skilled laborers, and no person shall be deemed a 'laborer' who receives compensation greater than two and a half dollars for each day of actual service or seventy-five dollars per month, unless facts relating to the work done by such person are presented to the Commission showing that such work is that of an ordinary unskilled laborer. Appointing officers shall notify the Commission of all appointments made under this provision, upon the date of the official action in or knowledge of each case, and shall at the time of such notification furnish a detailed statement of the duties of the position to which the appointee has been assigned."

(Adopted January 26, 1917. Approved by the Governor, April 9, 1917.)

Rule VII

Resolved, That, subject to the approval of the Governor, Rule VII be amended by inserting therein after the grading of positions in the Supreme Court, county of Richmond, the following:

"In the Commission of Highways and Department of State Engineer and Surveyor, engineering positions shall be graded as follows:

Group A. Engineering Assistant

In this group are included:

Grade 1. Axeman, chainman, tracer; salary range: $720, $780, $840, $900, $960, $1,020, $1,080.

Group B. Junior Assistant Engineer

In this group are included:

Grade 1. Rodman, junior assistant engineer, tracer; salary range: ($1,110), $1,200, $1,320, $1,440.

Grade 2. Leveler, junior engineer, bridge draftsman, engineering draftsman, mechanical draftsman, bridge designer; salary range: $1,560, $1,680, $1,800.

Group C. Assistant Engineer

In this group are included:

Grade 1. Mechanical engineer and draftsman, assistant engineer; salary range: ($1,680), ($1,800), $1,980, ($2,004), $2,160.

Grade 2. Bridge designer, assistant engineer; salary range: ($2,208), $2,340, $2,580.

Group D. Senior Assistant Engineer

In this group are included:

Grade 1. Assistant engineer, resident engineer, assistant engineer of claims, civil engineer of grade crossings; salary range: ($2,592), $2,820, $3,060.

Grade 2. Bridge designer; salary range: $3,300, $3,540.

Group E. Inspector of Engineering Works

In this group are included:

Grade 1. Highway inspector, inspector of construction, inspector of masonry, inspector of public works, foreman of public works, foreman of borings; salary range: $960, ($1,104), $1,260, ($1,416), $1,560.

Promotions shall be made as follows, provided that a person must have been continuously employed in a position the duties of which are such as would naturally and properly fit him to perform the duties of the position to which he seeks promotion:

From Group A to the minimum salary of Group B upon written competitive examination open to those who have served in the group at least one year.

From Group B to the minimum salary of Group C upon written competitive examination open to those who have served in Group B at least three years, or one year and six months in Grade 2 of Group B.

From Group C to the minimum salary of Group D upon written competitive examination open to those who have served at least three years in Group C or one year at the maximum salary of said group.

Promotions from the maximum salary of Grade 1 to the minimum salary of Grade 2, under Groups B, C and D, will be allowed from special promotion eligible lists based on efficiency ratings of those who have served in appropriate positions for at least six months.

When there is no promotion list and no one eligible for promotion, in the respective groups or grades, original appointments shall be made from eligible lists established as the result of open competitive examinations at the lowest salary of the grade in which the vacancy exists.

Rates of salary included in parentheses are temporary."

(Adopted March 15, 1917. Approved by the Governor, March 26, 1917.)

Resolved, That, subject to the approval of the Governor, Rule VII, insofar as it relates to the grading of engineering positions, be and hereby is amended under the heading, "Group D. Senior Assistant Engineer," by including in Grade 1 the title "bridge designer"; and by including in

Grade 2 the title "resident engineer", so that the group and grades shall read as follows:

"Group D. Senior assistant engineer. In this group are included: Grade 1. Assistant engineer, bridge designer, resident engineer, assistant engineer of claims, civil engineer of grade crossings; salary range: ($2,592), $2,820, $3,060. Grade 2. Bridge designer, resident engineer; salary range: $3,300, $3,540."

(Adopted May 10, 1917. Approved by the Governor, May 18, 1917.)

Rule VIII, Subdivision 9

Resolved, That, subject to the approval of the Governor, Civil Service Rule VIII, subdivision 9, be and hereby is amended by striking out the sentence reading as follows:

"All exceptions granted under this section, with reasons therefor, shall be set forth by the Commission in its next annual report."

(Adopted March 14, 1917. Approved by the Governor, April 11, 1917.)

Rule XV, Subdivision 2

Resolved, That, subject to the approval of the Governor, Civil Service Rule XV, subdivision 2, be amended to read as follows:

"2. A person holding a position in the Competitive Class who did not enter the service by qualifying in an open competitive examination may be transferred in accordance with section 1 of this Rule, provided he has served continuously with fidelity for at least three years in a similar position, six months in the Competitive Class and six months in a grade not lower than that of the position to which transfer is proposed."

(Adopted February 7, 1917. Approved by the Governor, February 17, 1917.)

Rule XV

Resolved, That, subject to the approval of the Governor, Rule XV, relating to transfers, be amended by striking from subdivision 3 the last sentence thereof, reading as follows:

"No such transfer shall be allowed when there is an appropriate list of persons eligible for promotion to the position proposed to be filled by transfer,"

and by adding a new subdivision, reading as follows:

"6. No transfer shall be allowed when there is an appropriate eligible list for promotion to the position to which transfer is desired, or when there are persons eligible to compete for promotion."

(Adopted February 14, 1917. Approved by the Governor, April 11, 1917.)

Rule XVI, Subdivision 1

Resolved, That, subject to the approval of the Governor, Civil Service Rule XVI, subdivision 1, be and hereby is amended so as to read as follows:

"1. Any person who has held a position by appointment under the Civil Service Rules, as the result of examination, and who has been separated from the service through no delinquency or misconduct on his part, by removal, resignation, suspension, or leave of absence without pay, may be reinstated without re-examination in a vacant position in the same office, department or institution, and in the same group, subdivision and grade, within one year from the date of such separation; or may be appointed within one year from the date of separation from the service, to a position to which he was eligible for transfer; provided that for original entrance to the position proposed to be filled by reinstatement, or appointment, there is not required by these rules, in the opinion of the Commission, an examination involving essential tests or qualifications different from or higher than those involved in the examination for original entrance to the position formerly held by the person proposed to be reinstated or appointed. Absence on leave for more than one year shall be deemed the equivalent of a resignation from the service upon the date of commencement of such absence. A person who is or has been on leave of absence will not be eligible to compete for or to receive promotion, unless otherwise ordered by the Commission, until he has resumed the performance of his duties for a period equivalent to the aggregate time of his absence on leave during the twelve months prior to such competition or promotion. In computing period of time under this subdivision, time of active service in the military or naval forces of the United States or of the State of New York, and time of employment in the construction or manufacture of equipment or supplies for such forces, shall not be considered."

Resolved, That, subject to the approval of the Governor, Civil Service Rule XVI, be and hereby is amended by striking out subdivision 4, reading as follows:

"4. Any person holding a position in the Competitive Class may be granted leave of absence without pay for not more than an aggregate of six months in any twelve months. Absence on leave for more than an aggregate of six months in any twelve months shall be deemed to be a separation from the service. A person who resigns or is separated from the service without delinquency or misconduct while on leave of absence or within a month after the termination of any leave of absence, or who for any reason does not resume the performance of his duties after an aggregate of six months leave of absence in any twelve months, shall not be eligible for reinstatement except within a period, after such resignation, removal or failure to resume duties, to be determined by subtracting from twelve months the aggregate time of his absence on leave within the previous twelve months. A person who is or has been on leave of absence will not be eligible to compete for or to receive promotion, unless otherwise ordered by the Commission, until he has resumed the performance of his duties for a period equivalent

to the aggregate time of his absence on leave during the twelve months prior to such competition or promotion."

(Adopted April 12, 1917. Approved by the Governor, April 19, 1917.)

Rule XXII, Subdivision 7

Resolved, That, subject to the approval of the Governor, Civil Service Rule XXII subdivision 7, be amended to read as follows:

"7. When legal proceedings have been instituted against the State Commission attacking the classification of any position in the Competitive Class, and after a decision has been rendered in the lower courts adverse to the State Commission on the merits, or when the Commission has determined by unanimous vote that a reasonable doubt exists as to the correctness of its classification of such position, it may, in its discretion, pending the settlement or final determination of such legal proceedings, direct the certification of the payrolls of any person who has been appointed to such position, without regard to the existing classification, but such certification shall be without prejudice to the classification and temporary only. In all such cases, the Secretary shall attach to such payrolls, in addition to the usual certificate, the following: 'This certificate is attached by special direction of the Commission, pursuant to the provisions of Rule XXII, subdivision 7, and without prejudice to the right of the Commission to withhold same in the event of the favorable settlement or final determination of litigation now pending, involving the correctness of its classification.'"

(Adopted March 27, 1917. Approved by the Governor, April 11, 1917.)

Rule XXIV

Resolved, That, subject to the approval of the Governor, Civil Service Rule XXIV, be and hereby is amended by adding thereto the words:

"In pursuance of the foregoing provision, these rules have been extended to the position of county or visiting nurse appointed in accordance with chapter 469 of the Laws of 1917."

(Adopted September 28, 1917. Approved by the Governor, October 25, 1917.)

Resolved, That, subject to the approval of the Governor, Civil Service Rule XXIV, fourth paragraph, be and hereby is amended by adding thereto the words, "to the offices, places and employments in the Civil Service of the Village of Ilion, to take effect when approved by the Governor," so that the paragraph shall read as follows:

"In pursuance of the foregoing provision these rules have been further extended to the offices, places and employments in the Civil Service of the Villages of Ossining, Peekskill and Port Chester to take effect from and after March 31, 1910; to the offices, places and employments in the Civil Service of the Village of Ilion, to take effect when approved by the Governor."

Proposed amendments to civil service rules for cities of Binghamton and Rochester disapproved.

Exceptions from competitive examination under civil service rules for cities of New York, New Rochelle, Rochester, Utica, Watertown and White Plains approved.

RULES AND REGULATIONS FOR THE CIVIL SERVICE OF THE CITY OF AMSTERDAM

Pursuant to the Statutes of the State of New York providing for examination to ascertain and determine the merit and fitness of persons seeking to enter the Civil Service of the State of New York, and the cities thereof, and the regulations of the same, the following rules have been adopted for the classification of the offices, places and employments in the Civil Service of the city of Amsterdam, and promotions therein and examinations therefor, and for the registration and selection of laborers for employment in the said service.

Rule I. Application of Rules

These rules shall apply to all positions in the public service of the city of Amsterdam, with the exception of those hereinafter enumerated in the unclassified service.

Rule II. Appointment of Commissioners

For the purpose of ascertaining the merit and fitness of persons seeking or named for positions in the departments and offices of the municipal government to which these rules apply, there shall be a Municipal Civil Service Commission, which shall be composed of three citizens of the city of Amsterdam, designated and appointed by the mayor, each of whom shall be known as a Municipal Civil Service Commissioner of the city of Amsterdam, and not more than two of whom shall belong to the same political party. The mayor may, at any time, by filing with the city clerk a written notification of the change, appoint another citizen in the place of any one so designated. The Municipal Civil Service Commissioners shall serve at a compensation of $125 each per annum. The mayor shall appoint a secretary of the board, whose salary shall be $300 per annum. It shall be the duty of such Municipal Civil Service Commission to conduct all examinations called for under these rules, to ascertain the merit and fitness of candidates for admission into the Civil Service of the city in respect to character, knowledge and ability for the particular branch of the service into which they seek to enter, and to estimate and determine the relative excellence or standing of the persons examined, and to certify the same in such manner and form as may be prescribed. They shall also make and file with the State Civil Service Commission such annual report and other reports and roster of the classified Civil Service of said city as required by Chapter 370 of the Laws of 1899. The secretary of the board shall keep the minutes of their proceedings and all necessary records of applicants, their examinations and standings, and a complete record of all persons employed in the several departments and offices to which these rules apply,

and of all appointments, promotions, transfers, dismissals, resignations and changes of any sort therein. When not in attendance upon the board, the secretary will act under the direction of the mayor.

Rule III. Classifications of Positions — Classified Service

1. The Civil Service of the city of Amsterdam is divided into the unclassified service and the classified service.

2. The unclassified service includes:

First — All officers elected by the people.

Second — All election officers.

Third — The head or heads of any department or office of the city government.

Fourth — Persons employed in or who seek to enter the public service as superintendents, principals or teachers in the educational department of the city.

3. The classified service includes all positions not in the unclassified service. The positions in the classified service are hereby classified in four classes, to be known as the Exempt Class, the Competitive Class, the Non-Competitive Class and the Labor Class as enumerated in respective schedules hereunto attached and hereby made a part of these rules.

Rule IV. The Exempt Class

The Exempt Class shall include:

First — The deputies of principal executive officers duly authorized by law to act generally for and in place of their principals.

Second — One secretary of each officer, board or commission authorized by law to appoint a secretary.

Third — One clerk and one deputy clerk, if authorized by law, of each court.

Fourth — Other subordinate offices, for the filling of which competitive or non-competitive examination may be found to be not practicable. But no officer or position shall be deemed to be in the Exempt Class unless it is specifically named in such class in schedule of Exempt Class hereto annexed. Not more than one appointment shall be made to or under the title of any such office or position, unless a different number is specifically mentioned in such schedule.

The appointments to positions comprised in the Exempt Class may be made without examination under these rules, but such examination may be held upon the request of the appointing officer. Appointing officers must notify the Municipal Civil Service Commission in writing of all appointments of such positions within five days after the same are made, setting forth the full name of such appointee, the date and place of birth, length of residence in the city of Amsterdam, nature of previous employment, whether he has ever been in official service before, and if so, when and where; date of beginning of service and term for which appointed, salary, and the name of the person in whose place appointed; all of which shall be duly certified by the appointing officer. In these rules the term "appointing officer" shall be construed to include any person, board or commission

having the power to appoint to any position in the Civil Service of the city of Amsterdam.

Rule V. Application for Examination — Competitive Class

Application of competitors for positions in the Competitive Class must be addressed to the secretary of the Muncipal Civil Service Commission of the city of Amsterdam, at the office of the Commission in the City Building in said city. The application must be verified and in the handwriting of the applicant. It must state:

First — His full name and residence, giving street and number.

Second — His term of residence in the city of Amsterdam.

Third — His citizenship.

Fourth — His age, giving date of birth.

Fifth — His place of birth.

Sixth — His previous employment in the public service, if any, and whether he has ever been discharged therefrom, and if so, the reason thereof.

Seventh — His business or employment and residence for the last preceding five years.

Eighth — The extent, place and nature of his education.

Ninth — If in the military or naval service of the United States in the late Civil War, the name of organization, or vessel to which attached, date of enlistment or commission, position or rank, date and cause of discharge from the service, any physical disability incurred in such service.

Tenth — Such other information must be furnished as the board may reasonably require touching upon the applicant's fitness and merit for the public service. The application must be accompanied by a certificate of a practicing physician of good repute, that he has examined the applicant and found him free from any physical defect or disease that would be likely to interfere with the proper discharge of his duties in the position in the Civil Service sought by such applicant, and by the certificate of not less than three nor more than five reputable citizens of the city that they have been personally acquainted with the applicant for at least one year, and believe him to be of good moral character, of temperate and industrious habits, and in all respects fit for the service which he wishes to enter, and that they are willing that such certificate shall be published for public information, and will, upon application, give such further testimonials in regard to such applicant as may be required. The applicant must also state in his application the position he seeks. Where the applicant is a non-resident, but eligible for appointment under the provisions of Rule XX, two of the citizens making the certificates herein above referred to, may be residents of the applicant's place of residence.

Rule VI. Defective Applications — Age Qualification

Defective applications may be suspended by the Commission and applicants notified to amend the same, but the Commission shall not be compelled to give such notice or grant such opportunity a second time. All candidates shall be at least twenty-one years of age, and not more than sixty years of age at the date of their examination, except as hereinafter

provided in Rule XXXIII. Whenever the application does not show that the applicant is within the prescribed limits of age, and is otherwise qualified under the rules, the application will be rejected.

Rule VII. Notification of Examination

Whenever the demands of the service may require, the Municipal Civil Service Commission will notify all applicants, whose applications have been filed and are on record, to appear for examination, giving at least five days' notice of the place, date and hour for such examination in the manner hereinafter specified.

The place and date of such examination and any other material information in regard thereto will be posted in the bulletin of the Municipal Civil Service Commission, erected in a conspicuous place in the lobby of the City Building in the city of Amsterdam. When deemed expedient by the Commission, advertisement of examinations will be made in the official newspapers of the city of Amsterdam, but the notice posted in its own bulletin, as above provided, shall be the only public notice of any examination required.

Rule VIII. Examination

In all examinations for appointment and promotion in the Civil Service of the city of Amsterdam, merit and fitness shall be determined by and upon competitive examinations for all positions in the Competitive Class, as herein provided. The merit and fitness of all applicants shall be determined by examination conducted by the Municipal Civil Service Commission. Upon all such examinations no rating higher than one hundred per centum shall be given to any person. Lists containing the names and rating of all applicants found on such examination to be eligible for appointment and promotion for merit and fitness, shall be made up for certification to the person or persons holding the power of appointment or promotion in the manner provided in these regulations. The minimum percentage of rating necessary to entitle an applicant to a place upon such eligible list shall be seventy-five per centum.

Rule IX. Conduct of Examinations

The actual conduct of every examination for merit and fitness shall be under the responsible direction of the Commission, or of its designated members, free from the interference or participation or influence of the appointing officer or of any person other than the assistant examiners or experts directly employed by the Commission. No person employed in a department for whose benefit an eligible list is to be prepared shall be employed as an expert upon the examination for such eligible list. The Commission may in the examinations give such relative importance to the different subjects or matters of examination, whether mental or physical, or to experience, occupation or training as to them may seem fit. At or before the commencement of every examination, the weight to be given to every subject included in the examination, and the general or average minimum and the minimum, if any allowable, upon each subject shall be announced to the

applicants. The appointing officer shall state to the Commission, upon their request, and so far as is consistent with these rules, the general qualifications or attainments, physical or mental, or both, and the experience he deems necessary or proper to be possessed by persons filling the positions for which an eligible list is to be formed, and also of what age such person should be.

Rule X. Character of Examination

All examinations shall be public and practical in their character and shall relate to those matters which shall fairly test the intelligence, competency, suitability and character of the applicants to discharge the duties of the service for which they seek to be appointed. The Commission, with the approval of the Civil Service Commissioners of the State, shall determine when examinations are not practicable in cases relating to the Civil Service of the city of Amsterdam.

Rule XI. Physical Examination

Whenever physical qualifications are of prime importance to the proper discharge of the duties of any position, applicants must pass an additional examination as to their physical condition and capacity, and be certified as qualified in such respects before they shall be accorded a mental examination.

Rule XII. Political Opinions of Candidates

No recommendation or question under the authority of these rules shall relate to the political opinions or affiliations of any person whatever. Nor shall political opinions be discovered or considered by the Commission in their examinations. The Commission shall not receive or consider any communication as to the qualifications or merits of any candidates for a position except such as herein permitted, and except such communications as they may invite by way of verification of statements made by the candidate.

Rule XIII. Eligible List

1. Every competitor who attains an average percentage of seventy-five or over on all the obligatory subjects in any examination, and whose standing on every such obligatory subject is sixty or over, shall be eligible for appointment to the position for which he was examined; and the names of eligibles shall be entered, in the order of their average percentages, on the proper register of eligibles; provided that the names of competitors who have passed as above, and whose claims for preference under section 9 of article 5 of the Constitution, have been allowed by the Commission, shall be placed in the order of their respective average percentages at the head of the proper register of eligibles.

2. When two or more eligibles on a register have the same average percentage, preference, in certification, shall be determined by the order in which their applications were filed, but neither priority in the date of application nor of application will give any other advantage in position on the registers of eligibles.

3. The Commission shall prescribe the character of the distinct eligible lists, designating the positions that may be filled by certification from such lists. A transfer of names from one eligible list to another, prepared as above, may be made by direction of the Commission.

4. The term of an eligible list is fixed at not less than one year or more than four years from the date of the establishment of such list.

An eligible list which has been in force for a period of one year shall terminate provided that a new examination has been held and a new list prepared for the same position.

Persons whose names appear upon any such eligible list shall be notified by mail when a new examination is to be held for the same position and informed that their eligibility will cease upon the establishment of the new eligible list as the result of the new examination.

Rule XIV. Re-Grading

Where an examination for any grade is had before the eligible list for that grade is exhausted, a new list shall be prepared after such examination. The persons upon the former eligible list who have not been examined for the new eligible list shall be respectively placed upon the new eligible list in the position to which the percentage of their aggregate markings upon their former examinations would entitle them if such markings had instead been given them upon the new examination and shall be continued thereon until the end of their term of eligibility.

Rule XV. Written or Oral Examinations

In the creation of new eligible lists the rating shall be based upon such written or oral examinations, or both, as the Commission shall determine, which oral examinations shall be stenographically recorded.

Rule XVI. Correction of Errors

The Commission shall have the power in its discretion whenever in its judgment the interests of the public service require it, to order a re-examination of applicants for any position, and shall have power to correct any error and amend or revoke any schedule, list or other paper of record where it appears that any error or injustice has been done, or where any person whose name appears on any eligible list has for any reason become incapacitated for appointment in the public service, to strike such name from said list, provided, however, that after an eligible list is prepared and certified it shall not be altered or revoked except upon notice by mail or otherwise as the Commission may direct, to all persons whose standing may be unfavorably affected by the alteration. But the reasons for every such action shall be recorded in full in the minutes of the Municipal Civil Service Commission.

Rule XVII. Certification for Appointment

Whenever a vacancy shall occur within any grade of the Competitive or Labor Class, which in the opinion of the appointing officer, the business of the city requires to be filled, he shall forthwith notify the secretary of the

vacancy and state whether the same is to be filled by appointment or by promotion or by reinstatement, and the title of the position, the duties to be performed, the number of vacancies to be filled and compensation to be paid.

Appointments shall be made to or employment shall be given in all positions in the Competitive and Labor Classes that are not filled by promotion, reinstatement, transfer or reduction, under the provisions of the Civil Service Law, and these rules, by appointment from among those standing highest on the eligible list prepared by the Municipal Commission, except as otherwise provided in the Civil Service Law.

The secretary shall thereupon, as soon as practicable, certify to the appointing officer for appointment or for promotion or for reinstatement from the eligible list most nearly appropriate to such position as it may then exist, the names of the three persons standing highest on such eligible list, indicating such of them, if any, as are honorably discharged soldiers, sailors or marines of the army and navy of the United States in the late Civil War, citizens and residents of this State. The certificate of the secretary shall, in all cases, state the relative standing of each of the persons certified.

The appointing officer shall thereupon fill said vacancy or vacancies by the appointment of one or more of the persons so certified. Until an appointment has been made from said certification, or until said certification has been canceled, no new certification shall be made to fill said vacant position or positions. In all cases the vacancies shall be so filled within fifteen days after the receipt by the appointing officer of the names certified by the secretary, and the secretary shall be notified within twenty-four hours by the appointing power of the appointments or promotions so made. No certification shall be in force for a longer period than fifteen days.

When a requisition is made to fill a position for which no eligible list exists, the Municipal Commission shall make certification from the eligible list most nearly appropriate for the group in which the position to be filled is classified, and wherein the qualifications demanded have been determined by examination.

No person on an eligible list shall be certified more than three times to the same appointing officer for the same bureau or institution, except at the request of said appointing officer, unless the person so certified is a veteran, in which case his name shall continue to be certified so long as it remains on the eligible list under these rules.

If the appointing officer shall certify that a person named in a certification has declined to accept a position offered, the secretary may certify the name of the person standing next highest upon the eligible list to those already certified.

If a person who is not entitled to certification is certified and appointed, his appointment shall be immediately revoked by the appointing officer upon notification by the Municipal Commission.

No person whose name is upon an eligible list may waive his right to certification or appointment except for any one of the following reasons, stated in writing to the appointing officer and to the Municipal Commission:

(1) Insufficiency of the salary attached to the position offered; or

(2) Temporary inability, physical or otherwise, to accept the position offered, the proof of which shall be accepted by the Municipal Commission. The Commission shall enter upon its minutes the reasons for its action in each case, and the waiver shall not continue in effect for a period longer than thirty days from the date of certification.

The name of any eligible who shall decline certification or appointment for any reason other than those above specified shall be stricken from the list.

Whenever an eligible certified for appointment shall fail to accept an offer of appointment sent to him by mail at his postoffice address within the four business days next succeeding the mailing of such offer of appointment, he shall be deemed to have declined such appointment.

An eligible who has declined an appointment on the ground of the inefficiency of the salary offered shall not thereafter be certified for a position at the same or any less salary. Whenever one or more eligibles shall have declined any appointment offered, and an eligible whose relative standing is lower shall have been appointed to the position, the salary or compensation of such appointee shall not be increased within a period of one year after his appointment, beyond that offered to the person so declining.

If the appointment shall be made of any person other than one of three standing highest on the eligible list the appointing officer shall forward to the Commission, with the notice of appointment, copies of all correspondence to and from the persons declining such appointment.

Rule XVIII. Suspension of Rules

In case of a vacancy in any position in the Competitive Class where peculiar and exceptional qualifications of a scientific, professional or educational character are required, and upon satisfactory evidence that for specified reasons competition in such special case is impracticable, and that the position can best be filled by the selection of some particular person of high and recognized attainment in such qualities, the Commission may upon obtaining the approval of the State Civil Service Commission, suspend the provisions of the rule requiring competition in such case, but no such suspension shall be general in its application to such place, and all such cases of suspension shall be reported to the State Civil Service Commission in the annual report made to it, with the reason for the same.

Rule XIX. Qualifications as to Citizenship and Residence

Every applicant for examination for appointment to any of the positions enumerated in the Competitive or Non-Competitive Class, or for registration for employment in any of the positions in the Labor Class, must be a citizen of the United States and an actual resident of the city of Amsterdam at the time of his application, provided that such requirements as to citizenship and residence may be specially suspended by the Commission as to any position requiring high professional, scientific or technical qualifications, but all such cases, with the reasons therefor, shall be entered on the records of the Commission opposite the name of the candidate.

Rule XX. Requirements in Exceptional Cases

In applications for examinations for positions requiring scientific, professional or technical qualifications, the Commission may require evidences of special education for or of practical experience for a satisfactory term in such profession, art or trade; and shall require the production of such certificates of competency and license as are required by the statutes of this State as necessary to enable the practice of any profession, art or trade.

Rule XXI. Candidates Unfit for Appointment

Blank forms for applications will be furnished by the Municipal Civil Service Commission, without charge, to all persons requesting the same. The Commission may require in connection with such application such certificates of citizens, physicians, public officers or others having knowledge of the applicant, as the good of the service may require. The Commission may refuse to examine an applicant, or after examination, to certify an eligible who is found to lack any of the established preliminary requirements for the examination or position for which he applies; or who is physically so disabled as to be rendered unfit for the performance of the duties of the position to which he seeks appointment; or who is addicted to the habitual use of intoxicating beverages to excess; or who has been guilty of a crime, or of infamous or notoriously disgraceful conduct; or who has been dismissed from the public service for delinquency or misconduct; or who has intentionally made a false statement of any material fact, or practiced, or attempted to practice, any deception or fraud in his application, in his examination, or in securing his eligibility or appointment. Any of the foregoing disqualifications shall be good cause for the removal of an eligible from the service after his appointment. When the position to be filled involves fiduciary responsibility, the appointing officer where otherwise permitted by law, may require the appointee to furnish a bond or other security, and shall notify the Municipal Commission of the amount and necessary details thereof.

Rule XXII. Temporary Appointments

1. Whenever there are urgent reasons for filling a vacancy in any position in the Competitive Class, and there is no list of persons eligible for appointment after competitive examination, the appointing officer may nominate a person to the Municipal Commission for non-competitive examination, and if such nominee shall be certified by such commission as qualified after such non-competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination, but such provisional appointment shall not continue for a longer period than four months, nor shall successive provisional appointments be made to the same position under this rule.

Rule XXIII. Method of Examination — Non-Competitive Class

Positions in the Non-Competitive Class may be filled by the appointing officer in his discretion in respect to the method of examination. The discretion of the officer in such case shall be limited as follows:

First — He may select from the eligible list prepared as the result of an open competitive examination; or,

Second — He may name to the Municipal Civil Service Commission three or more persons for the competitive examination, and appoint the one grade highest as the result of an examination for merit of fitness; or,

Third — He may appoint or employ any person named by him who, upon non-competitive examination by the Commission, shall be duly certified as qualified to discharge the duties of the position.

Rule XXIV. Certification of Qualification — Non-Competitive Class

Upon the non-competitive examination into the qualifications of a person named for a position in this schedule, the Commission will give a certificate to such person only when satisfied (1) that he is within the limits of age prescribed by the position or employment to which he has been named; (2) that he is properly certified as free from any physical defect or disease which is likely to interfere with the proper discharge of his duties; (3) that his character is such as to qualify him for such position or employment; and (4) that he possesses the requisite knowledge and ability to enter on the discharge of his official duties. An officer naming a person for examination will at the same time transmit his certificate, that after due inquiry he is satisfied that the character and habits of the person named fit him for the public service, and will append to the certificate such formal vouchers or credentials as to character as he may desire to have considered or to put on file. In the determination of the character or habits of the nominee, the certificate thereof by nominating officer will be considered as essential.

Rule XXV. Selection of Method of Examination

Whenever a vacancy in this schedule, in any department, office or institution is to be filled, the officer having the authority to fill the same, shall notify the Commission which of three methods, in his discretion, under Rule XXIV, he selects; and if the choice be by an open competition, the Commission will proceed as for an examination under the Competitive Class, but if the choice be by limited competition, or by the appointment of a person to be duly certified by the Commission as qualified, the officer aforesaid shall name in such notification the person or persons to be examined, and thereupon the Commission shall notify the person or persons so named of the time, place and special rules for the examination.

Rule XXVI. Registration and Certification Labor Class

Vacancies in permanent or season labor positions shall be filled by appointment from lists of applicants registered by the Municipal Commission.

Preference in employment from such lists shall be given according to the date of application. The Commission shall require an applicant for registration for the labor service to furnish such evidence or pass such examinations as it may deem proper with respect to his age, residence, physical condition, ability to labor, skill, capacity and experience in the trade or employment for which he applies. Such examination shall be an oral examination, and upon it may be based separate lists of applicants for different kinds of labor or employment. An applicant may be registered on one or more of such lists.

When the public interests require the employment of one or more persons at common labor for temporary or emergency service, the head of the department may appoint, subject to previous approval of the Civil Service Commission, the persons most available and best fitted for such work, without reference to the registration lists, but provided that registered applicants seeking temporary employment, who have notified the Municipal Commission of their readiness to serve, shall be preferred. Notice of said appointment, giving the names of the appointees, rate of wages, and the occasion and probable duration of employment shall be immediately filed in the office of the Municipal Commission, and pay rolls therefor shall be presented to that Commission for certification as in other cases. Such employment shall not be continued for longer than fifteen days without express authorization of such extension by the Civil Service Commission, and then only for a period or periods of fifteen days. Record of such authorization with the reason therefor shall be made a part of the minutes of said Municipal Commission and noted in its annual report to the State Commission.

Rule XXVII. Probationary Appointments.

Except in the case of veterans of the Civil War, honorably discharged from the military or naval service of the United States, every original appointment to or employment in any position in the Competitive Class shall be for a probationary term of three months, and an appointing or nominating officer in notifying a person certified to him for appointment or employment shall specify the same as for a probationary term only; and if the conduct, capacity and fitness of the probationer are satisfactory to the appointing officer, his retention in the service, after the end of such term, shall be equivalent to his permanent appointment, but if his conduct, capacity or fitness be not satisfactory, he may be discharged at the end of such term, without regard to the provisions of Rule XXXIV limiting the power of removal.

Whenever two or more persons appointed from the same eligible list are serving as probationers in the same department, and there is necessity for a reduction of the force of such department, affecting such persons, they shall be preferred for retention in the order of their original standing upon such list.

Rule XXVIII. Promotions

1. Whenever a vacancy occurs in any position in the Competitive Class above the lowest grade in any group, the Commission shall forthwith arrange to hold a promotion examination limited to those persons who have for

more than six months served with fidelity in the next lower grade in such group in the same office, department or institution, provided that if there are no persons who have served with fidelity for six months in the next lower grade, or provided all persons in the next lower grade fail in any promotion examination, then all persons in the second lower grade who have served with fidelity for six month in the same office, department or institution, shall have the right to compete in said promotion examination. On the request of the appointing office the Commission may permit persons occupying two or more of the next lower grades to compete for the promotion, reasons for such course being set forth in detail. Whenever, after due trial, it is found not practicable to fill a vacancy in any position through promotion in the manner herein described, such vacancy shall be filled by original appointment through competitive examination in accordance with the provisions of Rule XVIII.

2. As provided by the Civil Service Law, an increase in the salary or other compensation of any person holding an office or position within the scope of these rules, beyond the limit fixed for the grade in which such office or position is classified, shall be deemed a promotion.

3. No promotion can be made from a position in one class to a position in another class, unless the same be specially authorized by the Commission, but a person employed in any position shall not, because of such appointment, be barred from the open, competitive examination provided for original entrance to any other position.

4. The test of actual service being the main factor in fitness for promotion, there shall be kept in every office continuous and comparative records of the efficiency, punctuality, attention and general good conduct of all persons employed therein. Such records shall at all times be open to inspection by the Municipal Commission, and if the same have been regularly and properly kept, they shall constitute one of the elements in such promotion examination, with such relative weight as shall be assigned to them by the Commission. If such records have not been regularly kept, the Commission shall prescribe such tests as may seem best calculated to determine the relative merit and fitness of the persons entitled to enter the promotion examination.

5. The appointing officer shall notify the Commission of any vacancy in a position in his office to be filled by promotion, and thereupon, after consultation with the appointing officer, the Commission shall direct a competitive examination of those entitled to enter the same under the provisions of this rule, and shall publish the same by notice, giving date and place, posted conspicuously in the office where such vacancy exists, and sent by mail to those eligible to such examination.

6. After consultation with the appointing officer under whom the vacancy exists, the Commission may appoint an examiner. The written part of the examination shall be confined to the duties of the office in which the vacancy occurs, and particularly to the duties of the position to be filled. Due weights will be given to the candidates' seniority and past record in the office, and to any special fitness for the duties of the higher position.

7. The conduct of such examination and the preparation of the eligible list shall be subject to the general provisions of Rules X, XI and XIII, pro-

vided, however, that no eligible list for promotion shall be valid beyond one year. The Commission shall certify for promotion the name of the person standing highest on such eligible list.

8. No recommendation of any person for promotion, whether verbal or written, shall be entertained or received, unless made in the ordinary course of duty by his immediate superiors, and the presentation of any recommendation other than that of such superiors shall be considered an unwarrantable interference with the public service, and the person so recommended may be required to show, before being certified for promotion, that such recommendation was not made by his request or connivance.

Rule XXIX. Transfers — Reinstatements

Transfers from one department, office or institution to another may be made with the approval of the Commission and upon the mutual consent of the appointing officers of the department, officers or institutions affected, as follows:

1. A person originally appointed from an eligible list who has served the required probationary term of three months may be transferred to a similar position in the same group and grade.

2. A person holding a position in the Competitive Class who did not enter the service by qualifying in an open competitive examination may be transferred to a similar position in the same group and grade, provided he has served continuously for at least three years in a position in the same group as that from which transfer is proposed.

3. Transfer from an exempt on non-competitive position to a competitive position, or from a position in the Competitive Class to a position in a different group of such class shall be allowed only when the person transferred has qualified in an open competitive examination and is eligible for certification and appointment from the appropriate eligible list for the position to which transfer is proposed and is so certified and appointed. Such certification and appointment shall remove the name of the person transferred from the eligible list. No such transfer shall be allowed when there is an appropriate list of persons eligible for promotion to the position proposed to be filled by transfer.

4. A person holding a position in the Non-Competitive Class may be transferred to a similar position in the same class.

5. Any person who has held a position by appointment under the Civil Service rules, and who has been separated from the service through no delinquency or misconduct on his part, may be reinstated without re-examination in the same or a similar position in the same office and grade within one year from the date of such separation, provided that for original entrance to the position proposed to be filled by re-instatement there is not required by these rules, in the opinion of the Municipal Commission, an examination involving essential tests or qualification different from or higher than those involved in the examination for original entrance to the position formerly held by the person proposed to be reinstated.

Whenever in any department or institution an office or position is abolished, or whenever the number of positions of a certain character is reduced, the person or persons legally holding the office, or filling the

position, shall be entitled to reappointment to or reinstatement in the said position or office if it is thereafter within one year re-established under the same or any other designation.

Rule XXX. Political Services or Contributions not Required

No person in the public service is, for that reason, under any obligation to contribute to any political fund or purpose, or to render any political service, and no person shall be removed or otherwise prejudiced for refusing so to do.

Rule XXXI. Political Action Unaffected

No person in the public service has the right to use his official authority or influence to coerce the political action of any person or body.

Rule XXXII. Preference of Veterans

Honorably discharged soldiers, sailors and marines from the army or navy of the United States in the late Civil War, who are citizens and residents of the city of Amsterdam, shall be entitled to preference in appointment and promotion without regard to their standing on any list from which such appointment or promotion shall be made; provided their qualifications and fitness shall have been ascertained as provided in these rules; and the person thus preferred shall not be disqualified from holding any position in the civil service on account of his age, nor by reason of any physical disability, provided such age or disability does not render him incompetent to perform the duties of the position applied for.

Rule XXXIII. Power of Removal

Subject only to the qualifications required to be ascertained in accordance with these rules, the power of appointment and the responsibility of selection are in all cases in the appointing officer. The power to remove existing by law on the part of any officer is not impaired by anything contained in these rules. Provided, however, that if a person holding a position subject to competitive examination under these regulations, shall be removed or reduced the reasons therefor shall be stated in writing and filed with the head of the department or other appointing officer, and the person so removed or reduced shall have an opportunity to make an explanation.

Rule XXXIV. Dismissals

No one dismissed from the service for misconduct shall be admitted to an examination for appointment in any capacity in any department of the municipal service within two years from the date of such dismissal.

Rule XXXV. Report of Term of Employment

1. It shall be the duty of each city officer, or board of city officers, appointing or employing an officer, clerk or other person in the service of the city, forthwith on such appointment or employment, to report to the Municipal

Civil Service Commission the name of such appointee or employee, the title or character of his office or employment and the date of the commencement of service by virtue thereof; and forthwith, on the termination of such service, to report to said Commission the fact and date and cause of such termination.

2. The Commission shall keep in its office an official roster of the classified city service, and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service upon such evidence as it may require or deem satisfactory that such person was appointed to, or employed, promoted or reinstated in the service in conformity with the provisions of law and of these rules. The official roster shall show opposite, or in connection with each name, the date of appointment, employment, promotion or reinstatement, and the office in which and the compensation of the position, date of commencement of service, and the date of transfer in or separation from the service by dismissal, resignation, cancellation of appointment or death.

Rule XXXVI. Certification of Pay Rolls

For the purpose of certification of pay rolls and accounts, as required by section 19 of the Civil Service Law, appointing officers and heads of departments shall furnish the Commission with any pay rolls, accounts and certificates in form and manner, as follows:

1. Heads of departments, offices and institutions in the city service, whose employes are paid individually direct from the treasury of the city, shall furnish the Commission, at least five days before payment is to be made, a pay roll in duplicate showing the names of the persons to be paid, the title of the position held or kind of service performed by each person, the rate and amount of compensation to which he is entitled, and the period for which he is to be paid, and shall certify that the persons named therein are employed solely in the proper duties of the positions and employments indicated, and that the persons described as or proposed to be paid as "laborers" are employed at ordinary unskilled labor only. After examination and certification by the Commission as hereinafter prescribed, such pay rolls shall be transmitted by it to the treasurer or fiscal officer for further examination and payment, as required by law, and one of said duplicates shall accompany the warrant on the treasurer or other disbursing officer.

2. For payments for irregular or occasional services, the head of such department, office or institution, shall transmit to the Commission the original account or a special pay roll bearing his written approval, which approval shall be deemed to be a certificate of the facts required by the preceding section to be certified on the regular pay rolls. Upon examination and certification by the Commission, such account shall be forwarded to the treasurer or other fiscal officer.

3. The secretary of the Commission shall compare such pay roll or account for services with the official roster, and shall attach thereto or place thereon a certificate in form substantially as follows:

I hereby certify that the persons named in the above pay roll, occupying positions in the classified service, have been appointed or employed in

pursuance of the Civil Service Law and of the rules made in pursuance of said law. (Chapter 370, Laws of 1899.)

....., *Secretary Municipal Civil Service Com.*

The Commission may designate an employee in its office as assistant secretary for the purpose of making certificates in such cases in the absence of the secretary.

4. Upon satisfactory evidence that with intent to evade the provisions of the law and these rules, any person appointed to or employed in any position in the classified service has been assigned to perform duties other than those for which he was examined and certified, or under any title not appropriate to the duties to be performed, the Commission will refuse certification of such person for payment of compensation and remove his name from the official roster.

RULES AND REGULATIONS FOR THE CIVIL SERVICE OF THE CITY OF BUFFALO

In compliance with section 11 of the Civil Service Law of the State of New York, the following are prescribed and adopted as the Rules for the classification of the offices, places and employments in the Classified Service of the city of Buffalo, and for appointments and promotions therein and examinations therefor, and for the registration and selection of laborers for employment therein, and for the due classification of all offices and positions in the City Service included in the Unclassified Service, Classified Service and Labor Class, and the same shall be valid and take effect, and all other rules are revoked upon the approval of the mayor of the city of Buffalo and of the State Civil Service Commission of the State of New York.

Rule I. Definition of Terms

The several terms hereinafter mentioned, whenever used in these rules or in any regulations thereunder, shall be construed as follows:

1. The "Civil Service" of the city of Buffalo includes all offices and positions of trust or employment in the service of the city.

2. The term "appointing officer" signifies the council, city commissioner, officer, commission, board or body having the power of appointment to subordinate positions in any office, court, department, commission, board or institution.

3. The term "head of the department" signifies the commissioner, officer, commission, board or body being in direct charge of any office, court, commission, board or institution.

4. The term "group" refers to the divisions in a class based upon the character of the duties of the positions, without regard to the salaries received.

5. The term "grade" refers to the divisions of any group upon the basis of salary or compensation received.

6. The term "compensation" shall be construed as the annual salary of the position or duties or its equivalent when stated by the day, week or month, and shall include proper commutation for lodgings and board, or either, when the same are furnished free as a part of such compensation.

7. The terms "laborer" and "unskilled laborer" are used synonymously and shall be construed as applying only to persons employed as ordinary laborers and shall not include mechanics, artisans, tradesmen, or skilled laborers.

8. The term "he" and its derivatives shall include "she" and its derivatives.

Rule II. Officers and Employees of the Commission

The Civil Service Commission of the city of Buffalo shall consist of three Commissioners, who shall be appointed and hold office as provided by law. The Commission shall at the first regular meeting held in January of each year elect one of its members as President. The Commission shall have the power to appoint a secretary and such examiners, stenographers and clerks as the needs of the service require, and the Commissioners, secretary and other employees shall receive such annual salary or compensation as may be duly authorized.

Rule III. The Unclassified Service.

The Unclassified Service of the city of Buffalo shall comprise all elective offices; the head or heads of any department; all election officers, and persons employed in or who seek to enter the public service as superintendents, principals or teachers in a public school.

Rule IV. The Classified Service

The Classified Service shall comprise all positions not included in the Unclassified Service. The Classified Service is hereby divided into four classes, viz.: the Exempt Class, the Competitive Class, the Non-Competitive Class and the Labor Class, designated respectively herein as schedules "A," "B," "C" and "D."

Rule V. The Exempt Class (Schedule "A")

The Exempt Class shall include:

1. The deputies of principal executive officers, authorized by law to act generally for and in the place of their principals;

2. One secretary of each officer, board or commission, authorized by law to appoint a secretary;

3. One clerk, and one deputy clerk if authorized by law, of each court, and one clerk of each elective judicial officer;

4. Such other positions, specifically named in the schedules hereto annexed, as the Commission may deem impracticable to fill by competitive or non-competitive examination, but no office or position shall be deemed to be in the Exempt Class unless it is specifically named in such class in these rules. Not more than one appointment shall be made to or under the title of any such office or position, unless a different number is specifically mentioned in these rules. Appointments to positions in the Exempt Class may be made without examination.

Rule VI. The Competitive Class (Schedule "B")

The Competitive Class shall include all positions for which it is practicable to determine the merit and the fitness of applicants by open competitive examination, and shall include all positions now existing, or hereafter created, of whatever functions, designations, or compensation in each and

every branch of the Classified Service, except such positions as are specifically enumerated in the Exempt, the Non-Competitive or the Labor Classes.

Rule VII. The Non-Competitive Class (Schedule "C")

The Non-Competitive Class shall include such positions as are not in the Exempt Class or the Labor Class and which it is impracticable to include in the Competitive Class.

Rule VIII. The Labor Class (Schedule "D")

The Labor Class shall include unskilled laborers and such skilled laborers as are not included in the Competitive Class or the Non-Competitive Class.

Rule IX. Applications for Examination

No person shall be admitted to any examination for a position in the Competitive Class or the Non-Competitive Class, until he shall have filed an application under oath upon a form provided by the Commission which shall show:

1. His full name; that he is a citizen of the United States, and has resided continuously in the city of Buffalo for the two preceding years; the street and number of his residence; his post-office address; his age, place and date of birth; the nature of his education; his business training and experience; his business and employment and residence for the previous five years; whether he has ever been in official service before, and if so, when and where; whether he has ever been discharged therefrom, and if so, the reason therefor; whether he has been honorably discharged from military or naval service of the United States, as soldier, sailor or marine, during the late Civil War, in which case the discharge, or duly authenticated copy thereof, shall be submitted with the application; and such other information as may be required touching upon the applicant's merit and fitness for the public service.

2. That he is free from any disease or physical defect which might impair his ability to render good and faithful service to the city of Buffalo.

3. The certificate of three reputable citizens of the city of Buffalo, each certifying that he individually has been personally acquainted with the applicant for at least one year, and believes him to be of good moral character, of temperate and industrious habits, and in all respects fit for the service he wishes to enter; that he is willing to answer such detailed questions as may be addressed to him by the Commission in relation thereto; and that all such information may be published at the discretion of the Commission.

4. The Commission may further require in connection with such application such certificates of citizens, physicians or others having knowledge of the applicant as to the applicant's character, trustworthiness, business experience and fitness for the position as the Commission may deem for the good of the service.

5. The Commission shall not consider any communication as to the qualifications or merits of any candidate for a position except such communications as it may invite by way of verification of statements made by candidates.

6. In applications for examination for positions requiring scientific, professional or technical qualifications, the Commission may require evidence of special education in, and of practical experience for a satisfactory term in, the science, profession, art or trade involved; and may require the production of such certificates of competency and licenses as are required by the statutes of this State, or by the ordinances of the city of Buffalo, preliminary to the practice of such science, profession, art or trade.

7. The Commission may prescribe such limits of age for any position where, in its judgment, the nature of the work to be performed so demands, subject to the provisions of law respecting veterans.

Rule X. Applications for Police Department

Applicants for examination for patrolman in the Police Department shall, in addition to the general requirements of Rule 9:

1. Be not less than 24 nor more than 30 years of age at the date of their examination and not more than 33 at the time of their appointment.

2. Be not less than 5 feet 10 inches, nor more than 6 feet 4 inches in height.

3. Shall have a chest expansion of not less than 3 inches and shall possess the minimum normal chest measurement fixed in the following schedule for their respective height:

4. Shall weigh not more than 10 per cent. above nor more than 5 per cent. below the standard weight according to their respective height and age as fixed in the following schedule:

6 ft. 4 in....	182	183	185	187	189	191	192	193	194	196	38½

Rule XII. Applications for Positions in the Fire and Police Departments other than Patrolman or Fireman

Applicants for examination to positions in the Police and Fire Departments other than patrolman or fireman shall possess the physical qualifications prescribed for patrolman or fireman, except as to minimum height and weight, which latter shall be fixed by the Commission.

Rule XIII. Disqualification of Applicants

The Commission may refuse to examine an applicant, or after examination to certify an eligible, who is found to lack any of the established preliminary requirements for the examination or position for which he applies; or who is physically so disabled as to be rendered unfit for his performance of the duties of the position to which he seeks appointment; or who is addicted to the habitual use of intoxicating beverages to excess; or who has been guilty of a crime or of infamous or notoriously disgraceful conduct; or who has been dismissed from the public service for delinquency or misconduct; or who has intentionally made a false statement of any material fact or practiced or attempted to practice, any deception or fraud in his application, in his examination, or in securing his eligibility or appointment. Any of the foregoing disqualifications shall be cause for the removal of the name of such applicant from an eligible list or from the service after his appointment.

Rule XIV. Waiver as to Residence and Citizenship

The restrictions as to residence and citizenship may be waived by the Commission, as to all positions which require special, scientific or technical training and education, or in cases where, because of low compensation or other reason such requirements are disadvantageous to the public service, and also as to all positions in the hospital service.

Rule XV. Examinations

1. All examinations shall be public and shall be practical in their character and relate to such matters as will fairly test the relative capacity and fitness of the persons examined to discharge the duties of that service into which they seek to be appointed.

2. The Commission shall prepare lists of preliminary requirements and subjects of examination for the several positions or groups of positions in the Competitive Class, and shall, from time to time, prepare such examinations for the positions and groups of positions aforesaid as shall be pertinent to them.

3. The Commission may further direct oral examinations or practical tests of fitness for any particular positions requiring any scientific, professional or technical knowledge or manual skill.

4. When the position to be filled involves fiduciary responsibility, the appointing officer, where otherwise permitted by law, may require the appointee to furnish a bond or other security and shall notify the Commission of the amount and necessary details thereof.

5. Whenever physical qualifications are of essential importance to the proper discharge of the duties of any position, applicants must pass such physical examination as the Commission may require and must be certified as qualified in such respects, either before admission to the examination, or before record on the proper eligible list, or before certification for appointment, as the Commission may determine.

6. At least twenty days' public notice of examination shall be given by publication thereof, at least twice, in a city newspaper.

7. Examination papers shall be rated on a scale of 100, and the subjects therein shall be given such relative weights as the Commission may prescribe for each examination. The Commission may in any case require applicants to attain a specified percentage in any one or more subjects embraced within the examination. The subjects and weights for each examination and any specified percentage, not below 60, required in any one subject, shall be fixed and determined in advance and announced in the notice of the examination.

8. The Commission may retain, without examination, such assistants or experts, as it may require in conducting examinations for positions of a professional, scientific, technical or other expert character.

9. After an eligible list has been established, each competitor shall be notified of the result of his examination and of his relative standing on the list. Any competitor may, in person, or by his agent, authorized in writing, at such times as the Commission may prescribe, inspect his examination papers, and he may within fifteen days after the adoption of such eligible list, appeal to the Commission from the rating allowed him, which appeal shall be in writing and shall specify in detail his cause for complaint. No one shall be permitted to see any papers but his own or those of the candidate for whom he is acting as authorized agent.

10. The Commission shall have the power whenever in its judgment the interests of the public service require, to order a re-examination of applicants for any position; and it shall also have power to correct any error and to amend or revoke any eligible list or other paper or record, where it appears

that an error has been made or an injustice has been done. Whenever any person whose name appears upon any eligible list has for any reason become incapacitated for appointment to the public service, the Commission may strike such name from said list. The reasons for every such action above specified shall be recorded in full in the minutes of the Commission; and notice of such action shall be given by mail, or as the Commission may otherwise direct, to all persons whose standing upon such list may be unfavorably affected thereby.

Rule XVI. Suspension of Rule Requiring Competition

In case of a vacancy in any position in the Competitive Class, where peculiar and exceptional qualifications of a scientific, professional or educational character are required, and upon satisfactory evidence that for specified reasons competition in such special case is impracticable, and that the position can be best filled by the selection of some designated person of high and recognized attainments in such qualities, the Commission may suspend the provisions of the rule requiring competition in such case, but no such suspension shall be general in its application to such place.

Rule XVII. Eligible Lists

1. The names of all competitors who attain an average percentage of 75 or over in any examination shall be entered on the eligile list or proper register, in the order of their average percentages; provided, however, that the names of competitors who have attained such average percentage and who claim and are entitled to preference in appointment in accordance with Article V, Section 9, of the Constitution, shall, after such preference has been allowed by the Commission, be placed in the order of their respective average percentages at the head of such register or list.

2. The term of eligibility for each eligible list shall be not less than one nor more than four years.

3. An eligible list which has been in force for over one year shall terminate upon the establishment and adoption of a new list for the same position; and all persons whose names appear upon any such eligible list shall be notified by mail of such termination and of the time and place when a new examination for such position is to be held.

Rule XVIII. All Appointments Subject to the Civil Service Law and These Rules

No appointing officer shall select or appoint any person for appointment, employment, promotion or reinstatement, except in accordance with the provisions of the Civil Service Law and these Rules.

Rule XIX. Appointments to, and Employments in, Positions in the Competitive Class

1. No person shall be appointed to or employed in any position in the Classified Service of the city, until he has passed an examination or is

shown to be especially exempted from such examination in conformity with these rules and the provisions of law.

2. No person shall be appointed or employed under any title not appropriate to the duties to be performed, and no person shall be transferred to, or assigned to perform the duties of any position subject to competitive examination, unless he shall have previously passed an open competitive examination equivalent to that required for such position, or unless he shall have served with fidelity for at least three years in a similar position.

Rule XX. Appointments to Positions in the Competitive Class. From the Eligible List

1. Appointments shall be made to, or employment shall be given in, all positions in the Competitive Class that are not filled by promotion, reinstatement, transfer, or reduction, under the law and rules, by appointment from among those graded highest in open competitive examination, on the eligible list most nearly appropriate for the group, in which the position to be filled, is classified; and a new list shall be created for a stated position, or group of positions, only when there is no appropriate list existing from which appointment may be made.

2. Whenever an appointing officer shall request a certification from which to make an appointment to, or give employment in, any position in the Competitive Class, he shall specify the title, duties and compensation of such position so that certification may be made from the proper eligible list. The Commission shall thereupon certify to the appointing officer the names of the three persons, if there be so many, standing highest on the proper eligible list. Such certification shall indicate those who are entitled to preference in appointment in accordance with Article V, Section 9, of the Constitution, together with the average percentages and postoffice addresses of such persons.

3. If the appointing officer shall notify the Commission of more than one vacancy, the Commission shall certify the names of as many persons as there are vacancies to be filled, and two names in addition thereto.

4. No person shall be certified to the same appointing officer for the same, or a similar position at the same rate of compensation, more than three times, except at the request of said officer; and also except such person be a veteran entitled to preference, in which case his name shall continue to be certified so long as it remains on the eligible list.

5. Whenever the sex of those whose names are to be certified is specified by law, or in the request for certification, the names of those only of the sex so specified shall be certified; but in all other cases certification shall be made without regard to sex.

6. When an eligible certified for appointment shall fail or refuse to accept, within the four business days next succeeding the mailing of an offer of appointment, he shall be deemed to have declined the appointment, and upon notice of such fact the Commission shall certify an additional name to replace the name of the person so declining.

7. The name of any person certified as eligible for appointment who shall decline an offer of appointment shall be stricken from the list from which

such certification is made, unless such declination be based on insufficiency of the salary attached to the position offered, or temporary inability, physical or otherwise to accept, and proof of such inability is furnished to the Commission.

8. Whenever an eligible shall decline any appointment offered and another eligible whose relative standing is lower on the list shall be appointed to the position, the salary or compensation of such appointee shall not be increased within a period of one year after his appointment, beyond that offered to the person so declining.

9. From among the persons whose names are certified, as above provided for, the appointing officer shall make an appointment to fill the vacancy, subject, however, to preference allowed by law.

10. Whenever an eligible list contains less than three names, the appointing officer may make an appointment from such list or proceed as herein otherwise provided.

11. The name of an eligible who shall be certified for appointment from an eligible list and who shall receive an appointment permanent in its character shall be stricken from the list from which such certification was made.

Rule XXI. Appointments to Positions in Competitive Class. Provisional Appointments

1. Whenever there are urgent reasons for filling a vacancy in any position in the Competitive Class, and there is no list of persons eligible for appointment after competitive examination, or the existing list contains less than three names, the appointing officer may nominate a person to the Commission for non-competitive examination, and if such nominee shall be certified by the Commission as qualified after such non-competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination, but such provisional appointment shall not continue more than ten days after notice to the appointing officer that an eligible list has been prepared for such position, nor in any case for a longer period than four months, nor shall successive provisional appointments be made to the same position under this rule.

2. Whenever a vacancy exists in a position in the Competitive Class, and an open competitive examination has been duly advertised, and there are less than three applications filed for the examination, the appointing officer may nominate a person to the Commission for non-competitive examination, and if such nominee shall, after examination, be certified by the Commission as qualified, he may be appointed to fill such vacancy. In case there is a person serving in such a position under provisional examination, and no one applies to compete with him in an open competitive examination duly advertised, the provisional appointment of such person may be made permanent.

Rule XXII. Temporary Employment in Competitive Positions

1. When the services to be rendered by an appointee are for a temporary period, not to exceed one month, and the need of such service is important and urgent, the appointing officer may select for such service any person on

the proper list of those eligible for permanent appointment, without regard to his standing on such list upon due notice to the Commission of the reason therefor.

2. No person shall be eligible for such temporary appointment to any position in the Competitive Class if he shall have received a temporary appointment from the same eligible list within the previous four months, unless such person shall be one of the three highest on said list willing to accept such employment.

3. The acceptance by an eligible of a temporary appointment shall not affect his standing on the eligible list or register for a permanent appointment, nor shall such temporary service be counted as part of the probationary term, in case of subsequent appointment to a permanent position.

Rule XXIII. Appointments to Season Positions

1. All positions in the Competitive Class, the nature of the service of which is temporary and not continuous throughout the year, but recurs each successive calendar year, are hereby designated as "Season Positions" and shall be subject to the provisions of these rules applicable generally to positions in the Competitive Class, except as herein otherwise provided.

2. Any person appointed to, or employed in, a season position and who has been temporarily separated from the service by reason of the completion of the work of such position, shall be entitled to reappointment to, or re-employment in, the same position in the next ensuing year.

3. Additional appointments to, or employment in, a season position shall be made from among those eligibles whose names appear upon the most appropriate eligible list for the position involved, who are willing to accept temporary, or season employment, preference being given in the order of their standing on such list.

4. When a sufficient number of eligibles cannot be so secured from such eligible list, additional appointments may be made without examination, unless the Commission shall require a qualifying examination; and the appointing officer shall, in each such case, report to the Commission the names of the persons so employed, the character of their previous employment, the term of their employment by him and the rate of compensation to be paid them.

Rule XXIV. Emergency Employment

In cases of emergency, where the public interest demands the immediate employment of one or more persons to perform the work, or render the services of a position in the Competitive Class, and it is impracticable to make such appointment in accordance with the law and these rules, the appointing officer may, subject to the subsequent approval of the Commission, procure such services to be performed and such work to be done to meet the demands of the public interests, but in no case shall such employment be for a longer period than five days.

In all such cases the appointing officer shall make a full report to the Commission of all of the facts and circumstances and successive emergency appointments shall not be made.

Rule XXV. Special Patrolmen

Special patrolmen may be temporarily appointed pursuant to law, without examination and without reference to the qualifications provided in these rules, in cases of epidemic, riot, or when necessary in other and kindred emergencies, provided, however, that no person so employed shall continue in the service for a longer period than ten days unless upon the written request of the appointing power setting forth the reasons why an extension of time is necessary, the Commission shall extend such temporary period of employment. No such extension, however, shall be for a longer period than ten days, and in no case shall such employment be authorized or continued beyond the necessities of the emergency.

Rule XXVI. Appointments of Firemen and Drivers in the Fire Department

1. The appointing officer may designate from the eligible list of firemen, and from the eligible list of drivers, in the manner prescribed by these rules, one hundred and twenty-five men to be known as the "Substitute Corps," which corps shall include the requisite number of substitute firemen and drivers. Designation to said substitute corps shall, for the purposes of these rules, be deemed equivalent to an appointment, and the names of the persons so appointed to said corps shall be stricken from the eligible list, and such persons shall not be required to pass any further examination by the Commission to entitle them to appointment to regular and permanent positions in the Department.

2. Appointments to regular and permanent positions as firemen and drivers in the Fire Department shall be made from such substitute corps, first, in order of seniority of appointment to such substitute corps, and secondly, in accordance with the rating obtained in the original examination and standing upon the eligible list. All substitute work shall be first distributed to and among the members of such substitute corps as evenly and ratably as possible. Whenever such substitute corps shall be unable to do all of the substitute work, additional substitutes may be employed, to be appointed from the eligible list, but the employment of all such additional substitutes shall not be tantamount to a permanent appointment, nor exempt them from subsequent Civil Service examination after the expiration of the existing eligible list.

Rule XXVII. Appointments as Desk Sergeants

1. The appointing officer may designate from the eligible list of desk sergeants, in the manner prescribed by these rules, six men to be known as "Permanent Substitute Desk Sergeants." Designation as such permanent substitute desk sergeant shall, for the purpose of these rules, be deemed equivalent to an appointment, and the names of the persons so designated shall be stricken from the eligible list, and such persons shall not be required to pass any further examination by the Commission to entitle them to appointment to regular and permanent positions as desk sergeants in the Police Department.

2. Appointments to regular and permanent positions as desk sergeants in the Police Department shall be made from among such permanent substitute desk sergeants, first, in the order of seniority of appointment as such permanent substitute desk sergeant, and secondly, in accordance with the rating obtained in the original examination and standing upon the eligible list. Whenever the six permanent substitute desk sergeants shall be unable to do all the substitute work, additional substitutes may be employed, to be appointed from the eligible list, but the employment of all such additional substitutes shall not be tantamount to permanent appointment, nor exempt them from subsequent Civil Service examination after the expiration of the existing eligible list.

Rule XXVIII. Term of Probation of Appointments in the Classified Service

In addition to the tests required in physical, mental and written examinations for positions in the Classified Service, and as a further test of the fitness and ability of a person appointed to such service, all appointments or employments in the Classified Service, except those who are entitled to preference in accordance with Article V, Section 9, of the Constitution, shall be for a probationary term of six months; and if the conduct, capacity and fitness of the probationer are satisfactory to the appointing officer, his retention in the service after the end of such term shall constitute his permanent appointment; but if his conduct, capacity or fitness shall not be satisfactory he may be discharged during such term.

Rule XXIX. Promotions

1. Vacancies in positions in the Competitive Class shall be filled, so far as practicable, by promotion from among persons holding positions in a lower grade in the office, bureau, department or institution in which the vacancy exists; and original appointment to such position shall be allowed only when the Commission shall find it impracticable to fill the same by promotion.

2. For the purposes of this rule, an increase in the salary or other compensation of any person holding an office or position within the scope of these rules beyond the limit fixed for the grade in which such office or position is classified, shall be deemed a promotion.

3. Promotions shall be based upon merit and competition and upon the superior qualifications of the person promoted as shown by his previous service, due weight being given to seniority.

4. To be eligible to enter an examination for or receive such promotion, a person must have been continuously employed for a period of at least six months immediately preceding such examination, and in the Police and Fire Departments for at least twelve such months, in a next lower position, the duties of which are such as would naturally and properly tend to fit him to perform the duties of the position to which he seeks promotion, and he must possess all of the preliminary requirements prescribed by statute, rule or regulation for original entrance to the position to be filled. The Commission may admit to such examination for promotion persons in other offices,

bureaus, departments or institutions holding positions qualifying them for promotion as above provided for.

5. When more than three persons are eligible for such promotion, a competitive examination shall be held, notice of which shall be posted conspicuously in the office, bureau, department or institution wherein the promotion is to be made, or sent to those eligible to compete. If not more than three persons are eligible or file applications, the appointing officer may nominate one of such persons for such promotion and the Commission will conduct an examination of such character and scope as it shall determine to be for the interests and efficiency of the service.

6. The conduct of such examinations and the preparation of such eligible lists shall be subject to the general provisions of Rules 15 and 17. The Commission shall certify from eligible lists for promotion in the same manner provided for in rule 20 for certification for original appointment.

Rule XXX. Transfers

Transfers from one office, bureau, department or institution to another may be made with the approval of the Commission and upon mutual consent of the appointing officers whose offices, bureaus, departments or institutions are affected, as follows:

1. A person originally appointed from an eligible list, who has served for six months in any position, may be transferred to a similar position in the same group and grade, or to a similar position in the same grade in another group, or to a position in a lower grade, for original entrance to which there is not required an examination involving essential tests or qualifications different from or higher than those required for original entrance to the position held by such person.

2. A person holding a position in the Non-Competitive Class or the Labor Class may be transferred to a similar position in the same class.

Rule XXXI. Reinstatement in Service

1. Any person who has held a position by appointment in the Civil Service and who has been separated from the service through no delinquency or misconduct on his part, may, with the approval of the Commission and within one year from the date of such separation, be reinstated without re-examination in a vacant position in the same group and grade, and in the same office, bureau, department or institution, and for original entrance to which there is not required by these rules an examination involving essential tests or qualifications different from or higher than those required for original entrance to the position held by such person, or may be appointed to a position to which he was eligible for transfer, as provided for in Rule 30.

2. A person who has served continuously for at least one year in a position in the Competitive Class and who has been separated from his position by appointment to a position in the Exempt Class, or in the unclassified service, and who has served continuously therein from the date of such separation, may be reinstated without re-examination in a vacant position in the Competitive Class, in the same group and grade and in the same office, bureau, department or institution, for original entrance to which position there is

not required by these rules an examination involving essential tests or qualifications different from or higher than those required for original entrance to the position formerly held by such person, or may be appointed to a position in the same group and grade in another office, bureau, department or institution to which he was eligible for transfer, as provided in Rule 30.

3. No reinstatement to a position in the Competitive Class shall be allowed under the first and second paragraphs of this rule, unless the person so to be reinstated shall have acquired his former position under the Civil Service rules and as a result of an examination.

Rule XXXII. Leave of Absence

A person holding a position in the Civil Service of the city may be granted a leave of absence for a period of one year; and no person shall be eligible for reinstatement after the expiration of such period.

Rule XXXIII. Appointments to Positions in the Non-Competitive Class

1. An appointing officer may nominate a candidate for appointment to a position in the Non-Competitive Class and such appointment shall be made only after such Non-Competitive examination as the Commission shall determine to be appropriate for each such position so to be filled and after the Commission shall have certified the person so nominated as qualified to discharge the duties of such position.

2. Such examinations shall be of a character to determine:

(*a*) That the person examined is within the limits of age prescribed for the position or employment to which he has been named;

(*b*) That he is properly certified as free from any physical defect or disease which would be likely to interfere with the proper discharge of his duties;

(*c*) That his character is such as to qualify him for such position or employment; and

(*d*) That he possesses the requisite knowledge and ability and experience to discharge the duties of the position.

Rule XXXIV. Appointments to Positions in the Labor Class

1. The Labor Class shall be divided into two divisions known as Division 1 and Division 2. Division 1 shall include the skilled laborer positions included in said class and Division 2 shall include all unskilled laborers.

2. Vacancies in the Labor Class shall be filled by appointment from lists of applicants registered by the Commission. Preference in employment shall be given after the applicant has qualified according to date of application and registration. There shall be separate lists of applicants for different kinds of labor or employment, and the Commission may establish separate labor lists for various institutions and departments. Where the labor service of any department or institution extends to separate localities, the Commission may provide separate registration lists for each district or locality.

3. All persons seeking employment in the Labor Class must be citizens of the United States and residents for one year last past of the city of Buffalo,

and shall make application for employment upon such blank forms as the Commission may prescribe giving his name, age, residence, citizenship, physical condition, previous occupation, ability to labor, skill, capacity and experience in the trade or employment for which he applies, his service if any, as soldier, sailor or marine in the army or navy of the United States during the late Civil War, with the date of discharge therefrom, and also certificates by two reputable residents of Buffalo, one of whom, if possible, is or shall have been an employer of the applicant, vouching for his character, sobriety, trustworthiness, industry, skill and capacity to perform the duties of the employment which he seeks.

The restrictions as to residence and citizenship may be waived by the Commission as to all persons employed as unskilled laborers in the collection and disposal of ashes and garbage and street cleaning.

4. The Commission shall require an applicant for registration for the labor service to furnish such evidence or pass such examination as it deems proper with respect to his age, residence, physical condition, ability to labor, skill, capacity and experience in the trade or employment for which he applies.

5. Applicants for positions in Division 1 may be subjected to such practical tests of their knowledge and experience and of their skill and capacity in the use of the tools of their trade, as the Commission may from time to time prescribe.

6. A registration shall continue in force for the period of one year and thereafter and until such time as the Commission may require re-registration as to an applicant's ability and willingness to accept employment. Such re-registration may be required at any time after the expiration of one year from the date of the filing of the application.

Notice of such required re-registration shall be mailed to all applicants whose names appear upon the list and who have been registered for a period of one year or more at the places of residence given by them in their respective applications; and such applicants may re-register during the period of time prescribed therefor by the Commission as stated in said notice.

If an applicant shall fail to so re-register within the time so prescribed his name shall be stricken from the list without further notice.

Rule XXXV. Preferences Allowed Honorably Discharged Soldiers, Sailors and Marines

In every public department and upon all public works of the city, honorably discharged soldiers, sailors and marines from the army and navy of the United States in the late Civil War, who are citizens and residents of the city, shall be entitled to preference in appointment and promotion, without regard to their standing on any list from which such appointment or promotion may be made, to all competitive and non-competitive positions, provided their qualifications and fitness shall have been ascertained as provided by law and these rules; and a person thus preferred shall not be disqualified from holding any position in the civil service on account of his age or by reason of any physical disability provided such age or disability does not render him incompetent to perform the duties of the position applied for. Whenever any list of eligible persons shall contain the names of honorably discharged soldiers, sailors and marines entitled to preference as aforesaid

any reference in these rules to the persons standing highest on such list shall be deemed to indicate those standing highest of those entitled to preference by the provisions of law, and such persons shall be given preference on any list of registered applicants for employment in the labor service, in accordance with the dates of their several applications as though such applications had been filed prior to those of any persons on such lists not entitled to the preference provided by this section.

Rule XXXVI. Efficiency Records

To enable the Commission to grade applicants for promotion, and to rate them for their efficiency in any examination, there shall be kept in every office, bureau, department or institution, continuous and comparative records of the work, conduct, past record and efficiency in the service of all persons employed therein, and the Commission may prescribe the form of such efficiency records and the details thereof. Copies of such records shall be filed with the Commission upon its request; and if the same have been regularly and properly kept they shall constitute one of the elements in such promotional or other examination, with such relative weights as shall be assigned to them by the Commission. If such records have not been regularly and properly kept the Commission may adopt such methods as it may deem best calculated to determine the relative efficiency of the persons to be examined.

Rule XXXVII. Reports of Appointing Officers

For the purpose of enabling the Commission to keep the official roster of the classified service as required by law, and to certify to the comptroller, or other fiscal officer, for the payment of salaries, each appointing or employing officer, and the head of every office, bureau, department or institution shall, forthwith upon the date of the official action in each case, report to the Commission as follows:

(*a*) Every appointment or employment in any capacity whatever, whether probationary, permanent, temporary, special or otherwise, in the classified service, and the name of such appointee or employee, the title and character of his office or employment, with the date of the commencement of the service and the salary or compensation thereof.

(*b*) Every failure to accept an appointment under him by a person entitled thereto, with copies of the offer or notice of appointment and the reply thereto, if any.

(*c*) Every discharge during or at the end of a probationary term, with the date thereof.

(*d*) Every vacancy in a position, whether caused by dismissal, resignation or death, with the date thereof.

(*e*) Every position abolished, with the date of such abolition.

(*f*) Every change of compensation in a position, with the date thereof.

(*g*) Every promotion, giving positions from which and to which made, with the salaries and date thereof.

(*h*) Every transfer, giving the positions from which and to which made, with the date and salaries thereof.

(*i*) Every reinstatement in a position, with the date and salary thereof.

(*j*) Every leave of absence and the date when same was granted and the length thereof.

Rule XXXVIII. The Official Roster

The Commission shall keep in its office an official roster of the Classified Service, and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service upon such evidence as it may require or deem satisfactory that such person was appointed to, or employed, promoted or reinstated in the service in conformity with the provisions of law and of these rules. The official roster shall show opposite, or in connection with each name, the date of appointment, employment, promotion or reinstatement, and the compensation of the position, date of commencement of service, and the date of transfer in or separation from the service by dismissal, resignation, cancellation of appointment, or death.

Rule XXXIX. Certificate Before Payment for Services

1. It shall be unlawful for the comptroller or other fiscal officer to draw, sign or issue, or authorize the drawing, signing or issuing of any warrant on the treasurer or other disbursing officer of the city for the payment of, or for the treasurer or other disbursing officer of the city, to pay any salary or compensation to any officer, clerk or other person in the Classified Service, unless an estimate, payroll or account for such salary or compensation, containing the names of the persons to be paid, shall bear the certificate of the Commission, that the persons named in such estimate, payroll or account have been appointed or employed or promoted in pursuance of law and of the rules made in pursuance of law.

2. If the Commission shall find that any person has been transferred, assigned to perform duties or reinstated in violation of any provision of the Civil Service Law or of these rules adopted thereunder, it shall so notify the comptroller or other fiscal officer, and thereafter such officer shall not draw, sign or issue or authorize the drawing, signing or issuing of any warrant on the treasurer or other disbursing officer for the payment of salary or compensation to any such person.

Rule XL. Payrolls, Estimates and Accounts

Appointing officers and heads of offices, bureaus, departments or institutions shall furnish the Commission with payrolls, estimates, accounts and certificates in form and manner as follows:

1. Heads of offices, bureaus, departments and institutions, whose employees are paid individually direct from the treasury of the city, shall furnish the Commission, at least five days before payment is to be made, a payroll showing the names of the persons to be paid, the title of the position held or kind of service performed by each person, the rate and amount of compensation to which he is entitled, and the period for which he is to be paid, and shall certify that the persons named therein are employed solely in the

proper duties of the positions and employments indicated, and that the persons described as or proposed to be paid as "laborers" are employed at ordinary unskilled labor only.

2. After examination and certification by the Commission as herein prescribed, such payrolls shall be transmitted by it to the comptroller or fiscal officer for further examination and payment as required by law.

3. Heads of offices, bureaus, departments or institutions whose employees are paid directly by the department without previous detailed estimate to the comptroller, shall furnish the Commission, before payment is made, the payrolls and certificates as required in section 1 hereof, and disbursing officers of such offices, bureaus, departments and institutions shall not pay such persons until the Commission shall certify to the same as herein prescribed.

4. Such estimates, payrolls or accounts for services shall be compared with the official roster and the Commission shall attach thereto or place thereon a certificate "that the persons named in such estimate, payroll or account for services rendered to the City of Buffalo, containing ..... names, have been appointed or employed or promoted in pursuance of law and the rules made in pursuance of law, except the persons through whose names a red line is drawn."

STATE OF NEW YORK

STATE CIVIL SERVICE COMMISSION

ALBANY, N Y., *February* 14, 1917

The foregoing rules and regulations governing the Civil Service of the City of Buffalo, having been duly examined, are hereby ratified and approved by the State Civil Service Commission.

Attest:

JOHN C. BIRDSEYE,
Secretary.

RULES AND REGULATIONS FOR THE CIVIL SERVICE OF THE CITY OF JAMESTOWN

Pursuant to the statutes of the State of New York, the Municipal Civil Service Commission of the city of Jamestown, hereby prescribes the following rules for the regulation of the classified service of the City of Jamestown, to take effect from the date of their approval by the mayor of the City of Jamestown and the Civil Service Commission of the State of New York, revoking all other rules to that end.

Application of Rules

These rules shall apply to all positions in the public service of the City of Jamestown, except those hereinafter enumerated in the unclassified service.

Rule I. Definition of Terms

The several terms hereinafter mentioned, whenever used in these rules or in any regulations thereunder, shall be construed as follows:

1. Chapter 15 of the Laws of 1909 and amendments shall be known as the "Civil Service Law."

2. The term "State Commission" means the State Civil Service Commission.

3. The term "Commission" means the Municipal Civil Service Commission of the city of Jamestown.

4. The "city service" shall include all offices and positions in the service of the city of Jamestown.

5. The term "appointing officer" signifies the officer, commission, board or body having the power of appointment to subordinate positions in any office, court, department, commission, or board.

6. The term "class" refers to the divisions of the classified Civil Service based upon the distinctive methods of appointment to the positions comprehended therein.

7. The term "group" refers to the divisions in a class based upon the character of the duties of the positions, without regard to the salaries received.

8. The term "subdivision" refers to the divisions of positions in a group more specially arranged according to details for the purpose of examinations, identical in whole or in part.

9. The term "grade" refers to the divisions of any group of subdivision upon the basis of salary or compensation received.

10. The word "compensation" shall be construed as the annual salary of the position or its equivalent when stated by the day, week or month, and shall include proper commutation for lodging or board when either is furnished at the expense of the city.

11. The term "veterans" refers to honorably discharged soldiers and sailors from the army and navy of the United States, in the late Civil War, who are citizens of this city.

12. The masculine pronoun "he" and its derivatives shall include the feminine pronoun "she" and its derivatives.

13. The term "laborer" means any mechanic, skilled or unskilled laborer or day workman, employed or seeking employment in a position in the labor class.

Rule II. General Provisions

1. The violation of any of the provisions of the Civil Service Law or of these rules by any person in the Civil Service of the city shall be considered a good cause for the dismissal of such person from the service.

2. No person in the Civil Service of the city shall use his official authority or influence to coerce the political action of any person or body; or shall dismiss or cause to be dismissed, or make any attempt to procure the dismissal of, or in any manner change the official rank or compensation of, any person in such service, because of his political opinions or affiliations.

3. No question in any examination, or form of application or other proceedings by or under the Commission or their examiners shall be so framed as to elicit information concerning, nor any other attempt be made to ascertain the political opinions or affiliations of any applicant, competitor or eligible, and all disclosures thereof shall be discountenanced by the Commission and its examiners, and no discrimination shall be exercised, threatened or promised against or in favor of any applicant, competitor or eligible, because of his political opinions or affiliations.

4. No recommendation of an applicant, competitor or eligible involving any disclosure of his political opinions or affiliations shall be received, filed or considered by the Commission, by an examining board, or by any nominating or appointing officer.

5. No appointment or selection to or removal from an office or employment within the scope of any rules established under the Civil Service Law shall be in any manner affected or influenced by any political opinions or affiliations.

6. No person in the Civil Service of the city shall be obliged to contribute to any political fund or to render any political service; nor shall any such person, directly or indirectly, use his authority or official influence to compel or induce any other person in such service to pay or promise to pay any political assessment, subscription or contribution.

7. In making removals or reductions, or in imposing penalties for delinquency or misconduct, in the city service penalties like in character shall be imposed for like offenses and action thereon shall be taken irrespective of the political opinions or affiliations of the offenders.

Rule III. Appointment of Commissioners

There shall be a Municipal Civil Service Commission, which shall be composed of three citizens of the city of Jamestown, designated and appointed by the Mayor, each of whom shall be known as a Municipal Civil Service Commissioner of the city of Jamestown, and not more than two of whom shall belong to the same political party.

The Commission shall select from its number a president, a vice-president and a secretary. The secretary nominated from the Commission shall keep

the minutes of its proceedings in due form. He will keep the necessary records of applicants, their examinations and standing; record of all persons employed in the several departments and offices to which these rules apply, and shall record all appointments, promotions, transfers, dismissals, resignations and changes of any sort therein, and perform such other duties as the Commission shall assign him. He shall also see that the rules and regulations are complied with and bring any case of their infraction to the attention of the Commission.

The Commission may employ an examiner whenever in its judgment the examinations are of such technical nature as to require the assistance of an expert. All questions and tests, however, to be used in any examination shall first be approved by the Commission, and the examination papers shall be marked under the direct supervision of the Commission. The commissioners shall each receive such compensation as may be fixed by the Common Council. All necessary expenses of the Commission, including clerical work, expert services, typewriting, stenography, printing, postage, telephone and telegraph services and stationery supplies shall be paid for by the city when properly audited by the Commission.

Rule IV. Classification of Positions

The Civil Service of the city of Jamestown is divided into the unclassified service and the classified service.

1. The unclassified service includes:

LABOR CLASS

The Labor Class shall include all positions in which persons are employed as laborers or day workmen, but no position shall be deemed to be in the Labor Class unless it shall be shown to the satisfaction of the Commission that

such position or employment is clearly that of an ordinary laborer or day workman. The Labor Class, however, shall include cement workers, brick-layers, carpenters, teamsters, pavers, tappers, foremen of laborers, ground-man, laundrymen, cook, plumber, kitchen maids, assistant orderly and cleaner for city hospital.

The foregoing classification shall not apply to present employees of the city hospital, or board of education, who may continue in their respective positions without examination, but these rules and classification shall apply as to future appointments, promotion and transfers in said departments.

Rule VII. Application for Examination.

1. Applications of competitors for positions included in the Competitive Class must be addressed to the secretary of the Municipal Civil Service Commission of the city of Jamestown, at the office of the Commission, in the City Hall, in said city. The application must be verified, and in the handwriting of the applicant. It must state:

a. His full name and residence, giving street and number.

b. His term of residence in the city of Jamestown.

c. His citizenship.

d. His age, giving date of birth.

e. His place of birth.

f. His previous employment in the public service, if any, and whether he has ever been discharged therefrom, and if so, the reason therefor.

g. His business or employment and residence for the last preceding five years.

h. The extent, place and nature of his education.

i. If in the military or naval service of the United States in the Civil War, the name of organization, or vessel to which attached, date of enlistment or commission, position or rank, date and cause of discharge from the service, and any physical disability incurred in such service.

j. Such other information must be furnished as the Commission may reasonably require, touching the applicant's merit and fitness for the public service. The application must be accompanied by a certificate of a practicing physician of good repute that he has examined the applicant and found him free from any physical defect or disease specified in section 7 of this rule, or that would be likely to interfere with the proper discharge of his duties in the position applied for, and by the certificate of not less than three nor more than five reputable citizens of the city that they have been personally acquainted with the applicant for at least one year, and believe him to be of good moral character, of temperate and industrious habits, and in all respects fit for the service which he wishes to enter; that they are willing that such certificate shall be published for public information, and will, upon application, give such further testimonials in regard to such applicant as may be required. The applicant must also state in his application the position he seeks. When the applicant is a non-resident, but eligible for appointment under the provisions of section 2 of this rule, two of the citizens making the certificates herein above referred to may be residents of the applicant's place of residence.

2. Every applicant for examination, or for registration for employment in any of the positions enumerated in the Labor Class, must be a citizen and resident of the city of Jamestown at the time of his application; provided that such requirements as to citizenship and residence may be specially suspended by the Commission as to any position requiring high professional, scientific or technical qualifications, or as to laborers in the bureau of water works employed without the city limits, but all such cases, with the reasons therefor, shall be entered on the records of the Commission opposite the name of the candidate.

3. In applications for examinations for positions requiring scientific, professional or technical qualifications, the Commission may require evidences of special education for or of practical experience for a satisfactory term in such profession, art or trade; and shall require the production of such certificates of competency and license as are provided by the statutes of this state as necessary to enable the practice of any profession, art or trade.

4. Blank forms of application will be furnished by the Commission, without charge, to all persons requesting the same. The Commission may require in connection with such application such certificates of citizens, physicians, public officers or others having knowledge of the applicant, as the good of the service may require. The Commission may refuse to examine an applicant, or after examination to certify an eligible, who is found to lack any of the established preliminary requirements for the examination or position for which he applies; or who is physically so disabled as to be rendered unfit for the performance of the duties of the position to which he seeks appointment; or who is addicted to the habitual use of intoxicating beverages to excess; or who has any of the defects or diseases specified in section 7 of this rule; or who has been guilty of a crime, or of infamous or notoriously disgraceful conduct; or who has been dismissed from the public service for delinquency or misconduct; or who has intentionally made a false statement of any material fact, or practiced, or attempted to practice, any deception or fraud in his application, in his examination, or in securing his eligibility or appointment. Any of the foregoing disqualifications shall be good cause for the removal of an eligible from the service after his appointment. When the position to be filled involves fiduciary responsibility, the appointing officer, where otherwise permitted by law, may require the appointee to furnish a bond or other security, and shall notify the Commission of the amount and necessary details thereof.

5. Defective applications may be suspended by the Commission and applicants notified to amend the same, but the Commission shall not be compelled to give such notice or grant such opportunity a second time.

6. No application for an examination will be received unless presented at least three days previous to the time noticed for holding the examination. Applications filed within less than three days of an examination will be accepted as for the next examination for the same position.

7. No person shall be examined who has any of the following defects: Insanity, tuberculosis, paralysis, epilepsy, blindness, total deafness, loss of speech, loss of both arms or both legs, loss of arm and leg, badly crippled or deformed arms, feet or legs, heart disease, locomotor ataxia, cancer, Bright's disease, syphilis, diabetes.

8. Except as herein provided for positions in the police and fire departments, the minimum and maximum age limits shall be prescribed in the regulations.

Rule VIII. Special Requirements—Police and Fire Service

1. All applicants for positions in the police and fire departments shall, in addition to the qualifications elsewhere prescribed in these rules, be subject to the following:

a. Each eye must be free from color-blindness, and must have normal sight and be free from defect.

b. Each ear must have normal hearing.

c. Respiration and circulation must be normal.

d. Must have a chest measurement, quiescent, of not less than 34 inches, and a chest expansion of not less than two inches.

e. Arms, legs, hands and feet must be free from stiffness or other condition which would interfere with the proper and easy performance of duty.

f. Must be free from rupture, hernia, varicocele, hydrocele, any venereal disease, fistula, piles, varicose veins, and evidence of serious organic disease or disorder or of excessive use of stimulants or narcotics.

g. The weight, muscular development, chest measurement and general physical condition of the applicant must be approximately normal in comparison with his age and height as recognized by general medical standards.

2. Applicants for positions enumerated in the following table must be within the limits of age, height and weight therein prescribed, at time of examination:

TITLE OF POSITION	AGE		Height	WEIGHT	
	Minimum	Maximum		Minimum	Maximum
Police department:					
Police captain	25	*	5 ft. 8 in.	135	225
Desk sergeant	23	*	5 ft. 8 in.	135	225
Patrolmen	22	*	5 ft. 8 in.	135	225
Special police	22	35	5 ft. 8 in.	135	225
Policewomen	25	50	No requirements		
Fire department:					
Lieutenant	25	*	5 ft. 6 in.	135	225
Captain	25	*	5 ft. 6 in.	135	225
Firemen	21	35	5 ft. 6 in.	135	225

* No age limit upon promotion.

3. The physical examination prescribed herein shall be made by such physician as the Commission may designate, and shall be competitive, the rating to be made by the medical examiner. The result of any such exami-

nation, entered on a form provided by the Commission, shall be certified by such surgeon or physician, and forthwith filed with the secretary of the Commission. Such certificate, if approved, shall be filed with the application of the applicant.

Rule IX. Examinations

1. All examinations shall be public and practical in their character, and shall relate to those matters which shall fairly test the intelligence, competency, suitability and character of the applicants to discharge the duties of the service for which they seek to be appointed. The Commission, with the approval of the State Commission, shall determine when examinations are not practicable in cases relating to the Civil Service of the city of Jamestown.

2. In all examinations for appointment and promotion in the Civil Service of the city of Jamestown, merit and fitness shall be determined by and upon competitive examination for all positions in the Competitive Class, as herein provided, to be conducted by the Commission. Upon all such examinations no rating higher than one hundred per centum shall be given to any person. The minimum rating shall be seventy-five per centum.

3. Whenever physical qualifications are of prime importance to the proper discharge of the duties of any position, applicants must pass an additional examination as to their physical condition and capacity, and be certified as qualified on a percentage basis in such respects before their application shall be accepted for mental examination.

4. The Commission shall prepare lists of preliminary requirements and subjects of examination for the several positions and groups of positions in the Competitive Class, and shall, from time to time, prepare such examination for the positions and groups of positions aforesaid as shall be pertinent to them, under the provisions of this rule.

5. The Commission may further direct oral examination or special practical tests of fitness for any particular position requiring any scientific, professional or technical knowledge or manual skill.

6. The actual conduct of every examination for merit and fitness shall be under the direction of the Commission, free from the interference or participation or influence of the appointing officer, or of any person other than the examiners or experts directly employed by the Commission. No person employed in a department for whose benefit an eligible list is to be prepared shall be engaged as an expert upon the examination for such eligible list. The Commission shall give such relative importance to the different subjects or matters of examination, whether mental or physical, or to experience, occupation or training, as to it may seem fit. At or before the commencement of every examination the weight to be given to every subject included in the examination, and the general or average minimum, and the minimum upon each subject, shall be announced to the applicants.

7. In case of a vacancy in a position in the Competitive Class where peculiar and exceptional qualifications of a scientific, professional or educational character are required, and upon satisfactory evidence that for specified reasons competition in such special case is impracticable, and that the position can be best filled by the selection of some designated person of

high and recognized attainments in such qualities, the Commission may, upon obtaining the approval of the State Commission, suspend the provisions of the rule requiring competition in such case; but no such suspension shall be general in the application to such place, and all such cases of suspension shall be reported to the State Commission in the annual report, with the reasons for the same.

8. Whenever the demands of the service may require, the Commission will notify all applicants whose applications have been filed and are on record to appear for examination, giving written notice of the place, date and hour of such examination. Such notice shall be mailed postpaid, addressed to the applicant at least two days before the examination. The place, date and hour of examination, and any other material information in regard thereto will be posted on the bulletin of the Commission in the lobby of the city hall at least ten days prior to the date of examination, and like information published in at least one newspaper of said city, or in such other manner as the Commission shall determine.

Rule X. Eligible List

1. Every candidate who received a general average mark of not less than 75 per cent., and who has received not less than 60 per cent. in any required subject, shall be eligible for certification and appointment in the manner, and under the conditions, hereinafter prescribed.

The secretary, as early as practicable after the completion of an examination, shall notify each candidate therein of the rating he has received, and, if such rating be above the required minimum, of his number on the list. He shall likewise notify any candidate who, though admitted to the examination, has been rejected for reasons other than failure to receive the required minimum, stating such reasons specifically. Any candidate may personally inspect his examination papers, at any time, and in the presence of the secretary, or a member of the Commission.

2. As soon as practicable after each examination, the secretary shall enter the names of the persons passing, in the order of their average rating, on the proper list of eligibles; provided that the names of veterans of the Civil War so passing shall be entered, in the order of average rating, at the head of such list. The date of the establishment of a list shall be indicated and shall be the date the ratings were completed and approved by the Commission.

3. When two or more eligibles on a register have the same average percentage, preference in certification shall be determined by the order in which their applications were filed, but neither priority in the date of application nor of examination shall give any other advantage in the position of the eligibles.

4. The Commission may prescribe the character of the distinct eligible lists, designating the positions that may be filled by certification from each of such lists.

5. The minimum term of all eligible lists shall be one year from the date established. A list may be continued for a maximum period of four years, but at any time after one year a list will be cancelled by the promulgation of a new list.

When a list contains less than three names, and has not been in force one year, a new list may be prepared after examination. The names of the persons upon the former eligible list shall be respectively placed upon the new eligible list in the position to which the percentage of their aggregate marking upon their former examination would entitle them, if such marking had instead been given them upon the new examination, and shall continue thereon until the end of their term of eligibility.

6. The Commission shall have power, in its discretion and whenever in its judgment the interest of the public service requires, to order a re-examination of applicants for any position, and shall have power to correct any error, and amend or revoke any schedule, list or other paper or record where it appears that any error or injustice has been done; or, where any person whose name appears on any eligible list has for any reason become incapacitated for appointment in the public service, to strike his name from said list; provided, however, that after an eligible list is prepared and certified it shall not be altered or revoked except upon notice by mail or otherwise, as the Commission may direct, to all persons whose standing may be unfavorably affected by the alteration. The reasons for every such action shall be recorded in full in the minutes of the Commission.

Rule XI. Appointment to Positions in the Competitive Class

1. Appointments shall be made to or employment shall be given in all positions in the Competitive Class that are not filled by promotion, reinstatement, transfer or reduction under these rules, by selection from the persons graded highest on the most nearly appropriate eligible list resulting from open competitive examination held by the Commission, except as herein otherwise provided.

2. Whenever an appointing officer shall request a certification from the Commission for appointment to or employment in any position in the Competitive Class he shall specify the title, duties and compensation of such position, so that certification may be made from the proper eligible list, or that when necessary a proper eligible list may be prepared as the result of an open competitive examination. The secretary shall thereupon, as soon as practicable, certify to the appointing officer for appointment, from the eligible list most nearly appropriate to such position, as it may then exist, the names of the three persons, if there be so many, standing highest on such eligible list, indicating such of them, if any, as are honorably discharged soldiers, sailors or marines from the army or navy of the United States in the Civil War, citizens and residents of this State, together with the average percentages and postoffice addresses of such persons. If the appointing officer shall notify the Commission of more than one vacancy at any time, the secretary shall certify to the appointing officer the names of as many persons as there are vacancies to be filled, with the addition of two names. No person shall be certified from an eligible list more than three times to the same appointing officer for the same or a similar position, except at the request of said officer, unless the person so certified is a veteran, in which case his name shall continue to be certified so long as it

remains on the eligible list under these rules. Whenever the sex of those whose names are to be certified is fixed by any law, rule or regulation, or is specified in the request for certification, the names of those of the sex so fixed, or specified, shall be certified, but in other cases certification shall be made without regard to sex. When an eligible certified for appointment shall fail to accept an offer of appointment by mail within the four business days next succeeding the mailing of notice of appointment, he shall be deemed to have declined the appointment, and upon proper notice of such fact from the appointing officer, the secretary shall certify from the list an additional name or names to replace the names of persons so declining. An eligible who has declined an appointment on the ground of insufficiency of the salary offered shall not thereafter be certified for a position at the same or any less salary. Whenever one or more eligibles shall have declined any appointment offered and an eligible whose relative standing is lower shall have been appointed to the position, the salary or compensation of such appointee shall not be increased within a period of six months after his appointment beyond that offered to the persons so declining.

3. From the persons whose names are so certified the officer shall make selection to fill the vacancy or vacancies, subject, however, to the provisions of the Constitution giving preference in appointment to veterans. Whenever the appointing officer who shall have made a requisition to fill a certain number of vacancies shall appoint a number smaller than that of the vacancies named by him, he shall not make selections from the whole number certified to him, but only from that number of names standing highest upon the list that would have been certified to him had the requisition stated the number of vacancies which he actually filled. Whenever the eligible list certified contains less than three names, the appointing officer in his discretion may make a selection for appointment from such list or proceed as provided in section four or section five of this rule, subject, however, to the provisions of the Constitution giving preference in appointment to veterans.

4. Whenever there are urgent reasons for filling a vacancy in any position in the Competitive Class, and there is no list of persons eligible for appointment after competitive examination, or the existing list contains less than three names, the appointing officer may nominate a person to the Commission for non-competitive examination, and if such nominee shall be certified by such Commission as qualified after non-competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination. Such provisional appointment shall not continue more than ten days after notice to the appointing officer that an eligible list has been prepared for such position, nor in any case for a longer period than four months.

5. Whenever a vacancy exists in a position in the Competitive Class, and an open competitive examination duly advertised does not result in an eligible list of at least three names for such position, the head of the office may nominate a person to the Commission for non-competitive examination, and if such nominee shall be certified by the Commission as qualified, he may be appointed to fill such vacancy. In case there is a person serving in such position under provisional examination, and no one applies to compete

with him in an open competitive examination duly advertised, the provisional appointment of such person may be made permanent.

6. A person legally holding a position by appointment for a fixed term may be retained without examination at the expiration of such term upon receiving a reappointment, but otherwise the position shall be deemed vacant for the purpose of choosing his successor.

7. No certification shall remain in force for a longer period than thirty days. Until such certification has been used by one or more appointments, no new certification shall be made for the same position, but the names of the persons certified may be certified for any similar position.

8. If a person who is not entitled to certification is certified and appointed, his appointment, upon due notification from the Commission to the appointing officer, shall be revoked.

9. No person whose name is upon an eligible list may waive his right to certification or appointment except for any one of the following reasons, stated in writing to the appointing officer and the Commission:

(a) Insufficiency of the salary attached to the position offered; or

(b) Temporary inability, physical or otherwise, to accept the position offered, the proof of which shall be accepted by the Commission. The Commission shall enter upon its minutes the reasons for its action in each such case, and the waiver shall not continue in effect for a longer period than thirty days from the date of certification.

The name of any eligible who shall decline certification or appointment for any reason other than those specified above shall be stricken from the list.

10. When an emergency requires that a position subject to non-competitive examination shall be filled immediately, the appointing officer may select any person available to fill the vacancy, and if he forthwith notifies the Commission of such action and within five days nominates a person for non-competitive examination for the vacancy, the account for salary will be certified up to the date when such examination has been held and the appointing officer is advised of the result.

11. When an emergency requires that a position in the Competitive Class be filled before an appointment can be made from the eligible list the appointing officer shall first request a certification, after which he may fill the vacancy without examination, reporting the name of the appointee forthwith to the Commission, and the salary account will be certified until such time as an appointment is made from the eligible list, such temporary appointment not to continue, however, longer than ten days.

12. Except in the case of veterans of the Civil War, honorably discharged from the military or naval service of the United States, every original appointment to or employment in any position in the Competitive Class shall be for a probationary term of three months, and an appointing or nominating officer in notifying a person certified to him for appointment, or employment, shall specify the same as for a probationary period only, and if the conduct, capacity and fitness of the probationer are satisfactory to the appointing officer, his retention in the service, after the end of such term shall be equivalent to his permanent appointment, but if his conduct, capacity and fitness be not satisfactory he may be discharged at any time.

13. Whenever two or more persons appointed from the same eligible list are serving as probationers in the same department and there is a necessity for a reduction of the force of such department affecting such persons, they shall be preferred for a retention in order of their original standing upon such list.

Rule XII. Promotions

1. Whenever a vacancy occurs in any position in the Competitive Class above the lowest grade in any group, the Commission shall forthwith arrange to hold a promotion examination limited to those persons who have for six months or more immediately preceding, served with fidelity in the next lower grade in such group, in the same office, department or institution; provided, that if there are no persons who have served with fidelity for six months in the next lower grade, or provided all persons in the next lower grade, fail in any promotion examination, then all persons in the second lower grade who have served with fidelity for six months in the same office, department or institution, shall have the right to compete in said promotion examination. On the request of the appointing officer, the Commission may permit persons occupying two or more of the next lower grades to compete for the promotion, reasons for such course being set forth in detail.

2. As provided in the Civil Service Law, an increase in the salary or other compensation of any persons holding office or position within the scope of these rules beyond the limit fixed for the grade in which such office or position is classified, shall be deemed a promotion.

3. No promotion can be made from a position in one class to a position in another class, but a person employed in any position shall not, because of such appointment, be barred from the open, competitive examination provided for original entrance to any other position.

4. The test of actual service being the main factor in fitness for promotion, there shall be kept in every office continuous and comparative records of the efficiency, punctuality, attention and general good conduct of all persons employed therein, in such form as shall be prescribed by the Commission. Such records shall at all times be open to inspection by the Commission, and if the same have been regularly and properly kept, they shall constitute one of the elements in a promotion examination, with such relative weight as shall be assigned to them by the Commission. If such records have not been regularly and properly kept, the Commission shall prescribe such tests as may seem best calculated to determine the relative merit and fitness of the persons entitled to enter the promotion examination.

5. In all promotion examinations for places in the Police and Fire Departments the Commission shall ascertain the records of each applicant as to good conduct and efficiency, and each such record shall be made a part of the examination and assigned a weight in making up the general average.

6. The appointing officer shall notify the Commission of any vacancy in a position in his office to be filled by promotion, and thereupon after consultation with the appointing officer as to the duties of the position, the Commission shall direct a competitive examination of those entitled to enter the same under the provisions of this rule, and shall publish the same by notice,

giving date and place, posted conspicuously in the office where such vacancy exists, and sent by mail to those eligible to such examination.

7. The written part of the examination shall be confined to the duties of the office in which the vacancy occurs, and particularly to the duties of the position to be filled. Due weight will be given to the candidate's seniority and past record in the office, and to any special fitness for the higher position.

8. The Commission shall certify from the eligible list for promotion in the same manner as for certification for original appointment.

9. No recommendation of any person for promotion, whether verbal or written, shall be entertained or received, unless made in the ordinary course of his duty by his immediate official superiors, and the presentation of any recommendation other than that of such superiors shall be considered as unwarrantable interference with the public service, and the person so recommended may be required to show, before being certified for promotion, that such recommendation was not made by his request or connivance.

10. Whenever there are not more than three persons eligible to any promotion the appointing officer may nominate one of such eligible persons, who may be promoted upon passing the required examination; but no examination shall be required for promotion to the next higher grade in such a case (1) when the person promoted has qualified in an open competitive examination and his name is upon the appropriate eligible list for the position to be filled in force at the time of the promotion; (2) when the promotion is a mere increase in salary without any change whatever in the duties of the person promoted; (3) when such person entered the service through open competitive examination, if there is not required for original entrance to the position to which promotion is sought, an examination involving essential tests or qualifications different from or higher than those required for original entrance to the position held by such person.

11. In cases where distinct open competitive examinations are customarily held, and eligible lists maintained for several grades in the same group, persons who successfully compete in such examinations for grades to which they are eligible to promotion under this rule, shall be preferred to certification from the resulting eligible lists over persons not eligible to promotion.

12. Whenever there are more than three persons eligible to any promotion the Commission shall hold a competitive examination of those eligible to said promotion, and shall cause notices of the same to be posted conspicuously in the office wherein the promotion is to be made and to be mailed to those eligible to the promotion.

Rule XIII. Transfers

Transfers of clerks and others included in the Competitive and Non-competitive classes may be made from one office or department to a similar position in another, by the mutual consent of the heads, of such offices or departments. Every such transfer must be reported to the Commission for record, within five days from the date thereof. No such transfer will be permitted from a position enumerated in the competitive class to a position in the non-competitive class, unless the person so transferred passes the non-competitive examination for such position, or from a position enumer-

ated in the non-competitive class to a position in the competitive class, unless the person so transferred has such a standing upon a proper eligible list as would entitle him to original appointment to such a position.

Rule XIV. Removals

Subject only to the qualifications required to be ascertained in accordance with these rules, the power of appointment and the responsibility of selection are in all cases in the appointing officer. The power to remove existing by-law on the part of any officer is not impaired by anything in these rules.

No one removed from the service for misconduct shall be admitted to examination for appointment in any capacity in any department of the municipal service within two years from the date of such removal.

Rule XV. Reinstatement in Service

Any person who has held a position by appointment under the Civil Service Rules, and who has been separated from the service through no delinquency or misconduct on his part, may be reinstated without re-examination in the same or similar position in the same office and grade, within one year from the date of such separation; provided that for original entrance to the position proposed to be filled by reinstatement there is not required by these rules, in the opinion of the Commission, an examination involving essential tests, or qualifications, different from or higher than those involved in the examination for original entrance to the position formerly held by the person proposed to be reinstated.

Whenever in any department an office or position is abolished, or whenever the number of positions of a certain character is reduced, or whenever by reason of a lack of appropriation, or otherwise, it becomes necessary to discharge or suspend one or more of several persons holding the same position, veterans of the Civil War shall be entitled to preference in retention in such positions over other persons.

Persons legally holding such positions at the time of such reduction or discharge, shall be entitled to reappointment or reinstatement in the same position or positions if they are thereafter, within one year, re-established under the same or any other designation. The names of such persons shall be entered upon lists of suspended employees, and shall remain thereon for a period of one year. Upon notice of a vacancy in the same or a similar position in any department, names from such lists of suspended employees shall be certified to the appointing officer in preference to names from the eligible lists. Preference in certifications from such lists of suspended employees shall be given in the following order:

First.—Veterans of the Civil War in the order of their separation from the service;

Second.— Other persons in the order of their separation from the service. Persons specified in the first class above mentioned shall be entitled to certification for positions to which they are eligible, in any department, but persons specified in the second class shall be entitled to certification only to the department from which they were discharged.

Rule XVI. Non-Competitive Class

1. The Non-Competitive Class shall include such positions as are not in the Exempt Class or Labor Class, and which it is impracticable to include in the Competitive Class.

2. Positions in the Non-Competitive Class may be filled by the appointing officer in his discretion in respect to the method of examinations, as follows:

First.— He may select from the eligible list prepared as the result of an open competitive examination; or,

Second.— He may name to the Commission three or more persons for competitive examination, and appoint the one graded highest as the result of an examination for merit and fitness; or,

Third.— He may appoint or employ any person named by him who, upon a non-competitive examination by the Commission, shall be duly certified as qualified to discharge the duties of the position.

3. Whenever a vacancy in this class in any department, or office is to be filled, the officer having the authority to fill the same shall notify the Commission which of the three methods, under this rule, he selects; and if the choice be by open competition, the Commission will proceed as for an examination under the Competitive Class; but if the choice be by a limited competition, or by the appointment of a person to be duly certified by the Commission as qualified, the officer aforesaid shall name in such notification the person or persons to be examined, and thereupon the Commission shall notify the person or persons so named of the time, place and special rules for the examination.

4. Upon the noncompetitive examination into the qualifications of a person named for a position in this schedule the Commission will give a certificate to such person only when satisfied (1st) that he is within the limits of age prescribed for the position or employment to which he has been named; (2d) that he is properly certified as free from any physical defect or disease which is likely to interfere with the proper discharge of his duties; (3d) that his character is such as to qualify him for such position or employment; and (4th) that he possess the requisite knowledge and ability to enter on the discharge of his official duties. An officer naming a person for examination will, at the same time, transmit his certificate, that after due inquiry he is satisfied that the character and habits of the person named fit him for the public service, and will append to the certificate such formal vouchers or credentials as to character as he may desire to have considered or to put on file. In the determination of the character or habits of the nominee, the certificate thereof by nominating officer will be considered as essential.

Rule XVII. Roster

1. It shall be the duty of each city officer, or board of city officers, appointing or employing an officer, clerk or other person in the service of the city, forthwith on such appointment or employment to report to the Commission the name of such employee, the title or character of his office or employment, and the date of the commencement of his service by virtue thereof; and forthwith, on the termination of such service, to report to said Commission the fact and cause of such termination.

2. The Commission shall keep in its office an official roster of the classified city service, and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service, upon such evidence as it may require or deem satisfactory that such person was appointed to, or employed, promoted or reinstated in the service in conformity with the provisions of the law and of these rules. The official roster shall show opposite, or in connection with each name the date of appointment, employment, promotion or reinstatement and the office in which he is employed, the compensation of the position, date of commencement of service, and the date of transfer in or separation from the service by dismissal, resignation, cancellation of appointment, or death.

Rule XVIII. Labor Class—Registration and Appointment

1. Applicants for positions under the Labor Class shall be registered in the order of their application. The register shall state (1) the name, (2) age, (3) residence, (4) citizenship, (5) service in the army or navy in time of war, (6) previous occupation, (7) reference; and such other information as may be required.

2. When the services of employees in the Labor Class are required, the officer having the appointment shall notify the Commission stating the number of men desired, kind of labor for which they are wanted, and the time and place of employment, and the secretary shall thereupon certify names in accordance with the provisions of Rule XI, subdivision 2.

3. The appointing officer shall forthwith notify the Commission of the persons apointed, with the dates of appointment and the rates of compensation.

4. All registration lists shall expire on the last day of December of each year and a new list shall be established.

5. Vacancies in permanent or season labor positions shall be filled by appointment from list of applicants registered by the Commission. Preference in employment from such lists shall be given according to the date of application. The Commission shall require an applicant for registration for the labor service to furnish such evidence, or pass such examination as it may deem proper with respect to his age, residence, physical condition, ability to labor, skill, capacity and experience in the trade or employment for which he applies. Such examination, if any, shall be an oral examination, and upon it may be based separate lists of applicants for different kinds of labor or employment. An applicant may be registered on one or more lists.

When the public interests require the employment of one or more persons at common labor for temporary or emergency service, the head of the department may appoint, subject to the previous approval of the Commission, the persons most available and best fitted for such work, without reference to the registration lists; provided that registered applicants seeking temporary employment, who have notified the Commission of their readiness to serve, shall be preferred. Notice of said appointment, giving the name of the appointee, rate of wages, and the probable duration of employment, shall be immediately filed in the office of the Commission and the pay-rolls therefor shall be presented to that Commission for certification as in other cases.

Such employment shall not be continued for longer than fifteen days, without express authorization of such extension by the Commission, and then only for a period of fifteen days. Record of such authorization with the reasons therefor shall be made a part of the minutes of said Commission, and noted in its annual report to the State Commission.

6. In case the Commission is unable to fill a requisition for laborers, the fact shall be certified to the officer making the requisition, who shall then make the selection under such regulations as the Commission may, from time to time, prescribe.

7. The Commission may make such regulations as may be necessary to identify the registered applicants, and to preserve a record of their conduct.

Rule XIX. Certifications of Pay-Rolls

For the purpose of certification of pay-rolls, drafts and accounts, as required by the Civil Service Law, appointing officers and heads of departments shall furnish the Commission with pay-rolls, accounts and certificates in form and manner as follows:

1. Heads of departments or offices in the city service, whose employees are paid individually direct from the treasury of the city, shall furnish the Commission, at least forty-eight hours before payment is to be made, a pay-roll, showing the names of the persons to be paid, the title of the positions held, the kind of service performed by each such person, the rate and amount of compensation to which he is entitled, and the period for which he is to be paid; and shall certify that the persons named therein are employed solely in the proper duties of the positions and employments indicated, and that persons described as or proposed to be paid as "laborers" are employed at ordinary labor only. After examination and certification by the Commission as hereinafter prescribed, such pay-roll shall be transmitted by it to the Auditor and City Treasurer for further examination and payment as required by law. The Commission may refuse to certify any pay-roll not complying with the provisions of this subdivision.

2. For payments for irregular or occasional services, the head of a department or office shall transmit to the Commission the original account, or a special pay-roll, bearing his written approval, which approval shall be deemed to be a certificate of the facts required by the preceding section to be certified on the regular pay-rolls. Upon examination and certification by the Commission such accounts shall be forwarded to the Auditor and City Treasurer.

3. The Commission, or its duly authorized representative, shall compare such pay-roll, draft or account for services with the official roster and shall attach thereto or place thereon a certificate in form substantially as follows:

"It is hereby certified that the persons named in the within pay-roll, draft or account, have been appointed or employed in accordance with the Civil Service Law and the rules made in pursuance thereof.

"Municipal Civil Service Commission.

By....."

4. Upon satisfactory evidence that, with intent to evade the provisions of law and of these rules, any person appointed to or employed in any position in the classified service has been assigned to perform duties other than those for which he was examined and certified, or under any title not appropriate to the duties to be performed, the Commission will refuse certification of such person for payment of compensation and remove his name from the official roster.

Rule XX

All persons elected or appointed to positions in the service of the City of Jamestown, except laborers, shall take and file Constitutional Oath in accordance with the provisions of chapter 574, Laws of 1917.

Rule XXI. Regulations

The Commission shall have authority to prescribe and enforce suitable regulations for carrying into effect the provisions of these rules and those of the Civil Service Law and of section 9, article V, of the Constitution, not inconsistent therewith; and shall prescribe blank forms for all applications, certificates, reports, records and returns required under these rules and regulations made in pursuance thereof.

REGULATIONS

I

Applications

1. Blanks may be procured from the Secretary of the Municipal Civil Service Commission, City Hall, Jamestown, N. Y.

2. Applications for examinations may be filled at any time, but unless received by the secretary at least three days prior to the time for holding the examination, they will not be accepted for that examination, but will be filed as for the next examination of the kind to be held.

3. An application shall be good only for one examination, and no application shall be kept on file for longer than one year from the date of its receipt.

4. No person will be admitted to an examination who has not previously filed the proper application for the particular examination which he seeks, on the form furnished by the Commission.

5. No application will be received if the certificates as to character and standing are signed by any person who is an office-holder or employee of the City of Jamestown.

II

Examinations

1. All examinations shall be written in ink except when otherwise ordered by the Commission. Whenever an oral examination shall be prescribed by the Commission, a stenographic record of the oral questions and answers shall be made, and the transcript thereof shall be preserved with the examination papers or report.

2. The time within which an examination must be completed will be announced prior to the commencement of the examination.

3. If a candidate leave the examination room before completing his answers, he shall not be allowed to return and complete the same.

4. All conversation or communication between competitors, the copying of any answer from the paper of another competitor, is strictly prohibited. A violation of this rule will be sufficient cause for cancelling the papers of the persons guilty of the offense.

5. In order to properly identify competitors, each person presenting himself for examination shall present his notification of examination and otherwise satisfy the examiner that he is the person described thereby.

The candidate shall be given a number which he will place at the head of each sheet of answers, and in signing any letter or other paper required in the examination, shall use his number and not his name. Any paper bearing the name of a candidate may be rejected.

III

Marking and Grading of Examination Papers

1. So soon as practicable after an examination the papers of the competitors shall be marked and the general average of each ascertained, on a basis of percentages to be announced prior to the examination, and to be applied impartially to all competitors.

2. Within five days after the filing of the report of any competitive examination, each competitor will be advised by mail by the secretary of the Commission as to the result of his examination and his relative position on the eligible list.

3. A competitor receiving such notice may, in person or by duly authorized agent, in the presence of any officer of the Commission, inspect his examination papers, and if, in his opinion, injustice has been done him, he may, within fifteen days after receipt of notice, appeal to the Commission specifying particularly the cause of the complaint. Such appeal will be considered and, if sustained by the Commission, a revision of the rating of the appellant's papers will be made.

6. The table of subjects and weights for a position shall be agreed upon at the time of the calling of the examination by the Commission, and shall be included in the notice of examination for such position.

IV

Limited Competition

1. The following positions in the Police and Fire Departments shall be deemed promotion positions, under the provisions of Rule XII, and competition therefor shall be limited as herein set forth:

Police Department —

Captain, limited to Desk Sergeants and Patrolmen.

Desk Sergeants, limited to Patrolmen.

Patrolmen, limited to Special Police.

Fire Department —

Captain and Lieutenant, limited to Firemen.

2. Unless otherwise provided in the rules, all other positions in the Police and Fire Departments shall not be deemed promotion positions, and competition therefor shall not be limited to any class of persons, except as the qualifications for some of such positions may require particular skill or education.

3. All officers and employees in the classified service, whether exempt or not, receiving compensation, shall be listed upon one pay-roll covering their respective departments.

V

The minimum age limit for persons employed in the public service of the City of Jamestown shall be:

For clerks, secretaries, laboratory assistants, telephone operators, office girls and rodmen, 18 years.

All others except as provided in special requirements, police and fire service, 21 years.

The foregoing rules and regulations have been approved and adopted by the Municipal Civil Service Commission of the City of Jamestown, New York, and are herewith submitted for approval by the State Civil Service Commission of the State of New York.

Dated, Jametown, New York, the 20th day of December, 1917.

V. A. HATCH,
C. A. SWANSON,
ROBERT H. JACKSON,
Municipal Civil Service Commission.

The Office of Mayor,

The foregoing rules prescribed by the Municipal Civil Service Commission of the City of Jamestown, New York, are hereby approved.

Dated, December 20, 1917.

SAMUEL A. CARLSON,
Mayor of the City of Jamestown, New York.

State of New York,
Office of the State Civil Service Commission,

ALBANY, *December* 29, 1917.

The foregoing Civil Service rules for the City of Jamestown, New York, having been duly examined, are hereby approved by the State Civil Service Commission.

Attest: JOHN C. BIRDSEYE,
Secretary.

RULES AND REGULATIONS FOR THE CIVIL SERVICE OF THE CITY OF LOCKPORT

In compliance with section 11 of the Civil Service Law of the State of New York, the following are prescribed and adopted as the rules for the classification of the offices, places and employments in the classified service of the City of Lockport, N. Y., and for appointments and promotions therein and examinations therefor, and for the registration and selection of laborers for employment therein, and for the due classification of all offices and positions in the city service included in the unclassified service, classified service and labor class, and the same shall be valid and take effect and all other rules are revoked, upon the approval by the Mayor of the City of Lockport, and of the Civil Service Commission of the State of New York.

Rule I. Application of Rules

These rules shall apply to all positions in the public service of the City of Lockport, with the exception of those hereinafter enumerated in the unclassified service.

It shall be the duty of the Common Council of the City of Lockport to cause suitable rooms and accommodations to be provided for carrying on the work and examinations of the Municipal Commission as its needs shall require. Said Commission shall order the necessary printing, typewriting, etc., to be done for its official use, the reasonable expense of which and its necessary disbursements shall be audited and paid by the City of Lockport.

Rule II

For the purpose of ascertaining the merit and fitness of persons seeking or named for positions in the departments and offices of the municipal government to which these rules apply there should be a Municipal Civil Service Commission, which shall be composed of three citizens residing in the City of Lockport, to be appointed by the Mayor, each of whom shall be known as a Municipal Civil Service Commissioner of the City of Lockport, and not more than two of whom shall belong to the same political party. The Mayor may at any time, by filing with the City Clerk a written notification of the change, appoint another citizen in the place of anyone so designated. The compensation of the Civil Service Commissioners shall be fixed by the Common Council. The Commission shall appoint one of its own members as president. It shall be the duty of the Commission to conduct all examinations called for under these rules, and to ascertain the merit and fitness of candidates for admission into the Civil Service of the City, in respect to character, knowledge and ability for the particular branch of the service into which they seek to enter, and to estimate and determine the relative excellence or standing of the persons examined, and to certify the same in

such manner and form as may be prescribed. The Commission shall make and file with the State Civil Service Commission such annual and other reports and roster of the classified civil service of said City, as required by chapter 15, Laws of 1909. The secretary of the Commission, who may be one of the commissioners, shall be appointed by the Mayor, who shall fix his annual salary. The secretary shall keep the minutes of the meetings of the Commission, and all necessary records of applicants, their examinations and standings, and a complete roster of all persons employed in the several departments and offices to which these rules apply, and of all appointments, promotions, transfers, dismissals, resignations and changes of any sort therein.

Rule III. Classification of Positions — Classified Service

The Civil Service of the City of Lockport is divided into the unclassified service and the classified service.

The unclassified service includes:

First.—All officers elected by the people.

Second.— The head or heads of any department or office of the City Government.

Third.— Persons employed in or who seek to enter the public service as superintendents, principals, or teachers in the educational department of the city.

Fourth.—All election officers.

The classified service includes all positions not in the unclassified service. The positions in the classified service are hereby classified in four classes, to be known as the Exempt Class, the Competitive Class, the Non-Competitive Class, and the Labor Class, as enumerated in the respective schedules hereunto attached and hereby made a part of these rules.

Rule IV. Exempt Class

The Exempt Class shall include:

First.— One secretary of each officer, board or commission authorized by law to appoint a secretary.

Second.— One clerk, and one deputy clerk if authorized by law, of each court.

Third.— Other subordinate officers for the filling of which competitive or non-competitive examinations may be found to be not practicable. No office or position shall be deemed to be in the Exempt Class unless it is specifically named in schedule of Exempt Class hereto annexed. Not more than one appointment shall be made to or under the title of any office or position, unless a different number is specifically mentioned in such schedule.

Appointments to positions in the Exempt Class may be made without examination under these rules or an examination may be given, either oral or written, if requested by the appointing officer. Appointing officers must notify the Municipal Civil Service Commission in writing of all appointments to such positions within five days after the same are made, setting forth the full name of the appointee, length of residence in the City of

Lockport, date of beginning of service and term for which appointed; salary and the name of the person in whose place appointed; all of which shall be duly certified by the appointing officer. In these rules the term "Appointing Officer" shall be construed to include any person, board or commission having the power to appoint to any position in the Civil Service of the City of Lockport.

Rule V. Application for Examination — Competitive Class

The Competitive Class includes all persons employed or appointed in the classified service whose positions are not specifically included in the Exempt, Non-Competitive or Labor Classes.

Application of competitors for positions included in the Competitive Class must be addressed to the secretary of the Municipal Civil Service Commission, Lockport, N. Y.

The application must be verified and in the handwriting of the applicant. It must state:

First.— Full name and residence, giving street and number.

Second.— Term of residence in the City of Lockport, N. Y.

Third.— Citizenship.

Fourth.— Age, giving date of birth.

Fifth.— Place of birth.

Sixth.— Previous employment in the public service, if any, and whether he has ever been discharged therefrom, and if so, the reason therefor.

Seventh.— Business or employment and residence for the past five years.

Eighth.— The extent, place and nature of his education.

Ninth.— If in the Military or Naval service of the United States in the late Civil War, the name of the organization or vessel to wheih he was attached, date of enlistment or commission, position or rank, date and cause of discharge from the service, and any physical disability incurred in such service.

Tenth.— Such other information must be furnished as the Commission may reasonably require touching the applicant's merit and fitness for the public service. The application must be accompanied by a certificate of a practicing physician of good repute that he has examined the applicant and found him free from any physical defect or disease that would be likely to interfere with the proper discharge of his duties in the position in the Civil Service sought by such applicant; and by the certificate of not less than three nor more than five reputable citizens of the city that they have been personally acquainted with the applicant for at least one year, and believe him to be of good moral character, temperate and industrious habits, and in all respects fit for the public service which he wishes to enter, and that they are willing that such certificate shall be published for public information, and will, upon application, give such further testimonials in regard to such applicant as may be required. The applicant must also state in his application the position he seeks. When the applicant is a nonresident, but eligible for appointment under the provisions of Rule XVIII, two of the citizens making the certificate herein above referred to, may be residents of the applicant's place of residence.

Rule VI. Defective Applications — Age Qualifications

Defective applications may be suspended by the Commission and applicants notified to amend the same, but the Commission shall not be compelled to give such notice or grant such opportunity a second time. All candidates shall be at least twenty-one years of age and not more than sixty years of age, at the date of their examination, except as hereinafter provided in Rules XXX, XXXVI, and XXXVII. Whenever the application does not show that the applicant is within the prescribed limits of age, the application will be rejected.

Whenever the demands of the service require, it shall be the duty of the Municipal Civil Service Commission to notify in writing all applicants whose applications have been properly filed and are on record to appear for examination, giving written notice of the place, date and hour of such examination.

Notice of the date and place of every competitive examination giving subjects of examination, relative weights, salary, title of position and department, and any special qualifications or experience desired or other material information in regard thereto, shall be posted on the bulletin of the Municipal Civil Service Commission, erected in a conspicuous place, at least ten days prior to the date of the examination. When considered expedient by the Commission advertisement of examinations may be made in the newspapers of the City of Lockport, for such number of times as the Commission shall deem advisable, but the notice posted on its own bulletin board as above provided shall be the only public notice of any examination required.

Rule VII. Examinations

For appointment and promotion in the Civil Service of the City of Lockport, merit and fitness shall be determined by and upon competitive examinations as herein provided. Upon all such examinations no rating higher than one hundred per centum shall be given to any person. Lists containing the names and ratings of all applicants found on such examniation to be eligible for appointment or promotion shall be made up for certification to the person or persons holding the power of appointment or promotion, in the manner provided in these rules. No person whose standing on an obligatory subject is less than sixty, or ascertained average standing on all obligatory subjects is less than seventy-five per centum, will be entered upon the eligible list.

Rule VIII. Conduct of Examination

The actual conduct of every examination for merit and fitness shall be under the responsible direction of the Commission or of the designated members, free from the interference, participation or influence of the appointing officer or of any other person other than the assistant examiners or experts directly employed by the Commission. No person employed in a department for whose benefit an eligible list is to be prepared shall be employed as an expert upon the examination. The Commission may in the examinations give such relative importance to different subjects or matters of examination, whether mental or physical or to experience, occupation or

training, as to it may seem fit. At or before the commencement of any examination, the weight to be given each subject included in the examination, and the general average minimum, and the minimum allowable on each subject, shall be announced to the applicants. The appointing officer shall state to the Commission upon its request and so far as it is consistent with these rules, the general qualifications or attainments, physical or mental, or both, and the experience he deems necessary or proper to be possessed by persons filling the positions for which an eligible list is to be formed.

Rule IX. Character of Examinations

All examinations shall be public and practical in their character, and shall relate to those matters which shall fairly test the intelligence, competency, suitability and character of the applicants to discharge the duties of the service for which they seek to be appointed. The Commission, with the approval of the Civil Service Commission of the State, shall determine when examinations are not practicable in cases relating to the Civil Service of the City of Lockport.

Rule X. Physical Examinations

Whenever physical qualifications are of prime importance to the proper discharge of the duties of any position, applicants must pass an additional examination as to their physical condition and capacity, and must be certified as qualified in such respects before they shall be accorded a mental examination. Such physical examination shall be made by the examining physician named in each case by the Civil Service Commission.

Rule XI. Political Opinions of Candidates

No recommendation or question under the authority of these rules shall relate to the political opinions or affiliations of any person whatever, nor shall political opinions be discovered or discussed by the Commission on its examinations. The Commission shall not receive or consider any communication as to the qualifications or merit of any candidate for a position except such as are permitted by these rules, or such as they may invite by way of verification of statements by the candidate.

Rule XII. Eligible List

1. Every competitor who attains an average percentage of 75 or over on all the subjects in an examination, and whose standing on every subject is 60 or over, shall be eligible for appointment to the position for which he was examined; and the names of the eligibles shall be entered, in the order of their average percentages, on the proper register; provided that the names of the competitors who have passed as above and whose claims for preference under section 9 of article V of the Constitution have been allowed by the Commission, shall be placed in the order of their respective average percentages at the head of the list.

2. When two or more eligibles on a register have the same average percentage, preference in certification shall be determined by the order in which their applications were filed, but neither priority in the date of application nor of examination will give any other advantage in the position of the eligibles.

3. The Commission shall prescribe the character of the different eligible lists, designating the positions that may be filled by certification from each of said lists.

4. The term of an eligible list shall be not less than one nor more than four years, but an eligible list which has been in force for a period of one year shall terminate when a new examination has been held and a new list established for the same position. Persons whose names appear upon such eligible list shall be notified by mail when a new examination is to be held for the same position and be informed that their eligibility will cease upon the establishment of a new eligible list as a result of the new examination, provided their names have been on the eligible list for one year. The term eligible list means a list of three or more names. Appointment may be made from a list of less than three names.

Rule XIII. Regrading

When an examination for any position is held before the existing list containing less than three names has been in existence a full year, a new list may be prepared after examination. The names of the persons upon the former list who have not been examined for the new list shall be respectively placed upon the new eligible list in the position to which the average percentage upon their former examination would entitle them, and shall be continued thereon until the end of their term of eligibility of one year. Whenever a person whose name is on an eligible list for any position shall enter a new examination for the same position, within the term of one year, his eligibility on account of the former examination shall cease in case he is found qualified, and from such date he shall be credited with the mark and relative position obtained in the new examination. In case such person fails in the second examination his name shall be continued on the list for the balance of his term of one year as above indicated.

Rule XIV. Written or Oral Examination

In the creation of new eligible lists the rating shall be based upon such written or oral examinations, or both, as the Commission shall determine, which oral examinations shall be stenographically recorded.

Rule XV. Correction of Errors

The Commission shall have power, in its discretion, whenever in its judgment the interests of the public service require it, to order a re-examination of applicants for any position, and shall have power to correct any error and amend or revoke any schedule, list or other paper or record where it appears an error or injustice has been done; or where any person whose name

appears on any eligbile list has for any reason become ineligible or incapacitated for appointment in the public service, to strike such name from said list; provided, however, that after an eligible list is prepared and promulgated it shall not be altered or revoked except upon notice by mail or otherwise, as the Commission may direct, to all persons whose standings may be unfavorably affected by the alteration. The reason for every such action shall be recorded in full in the minutes of the Municipal Civil Service Commission. A competitor receiving notice of the result of his examination and his relative position on the eligible list, may in person, or by his duly authorized agent, in the presence of any member of the Municipal Civil Service Commission, inspect his examination papers, and if in his opinion any injustice has been done, he may within ten days after the receipt of the notice appeal to the Municipal Civil Service Commission, specifying particularly and in detail the cause of his complaint. Such appeal shall be considered by the Municipal Civil Service Commissioners and if they deem it necessary and proper they will direct a revision of the marking or grading of the applicant's papers, or otherwise do justice in the premises.

Rule XVI. Certification for Appointment

1. Whenever a vacancy shall occur within any grade of the Competitive Class, which in the opinion of the appointing officer the business of the city requires it to be filled, he shall forthwith notify the Secretary of the Municipal Civil Service Commission of the vacancy, and state whether the same shall be filled by appointment, promotion or by reinstatement, the title of the position, the duties to be performed, the number of vacancies to be filled and the compensation to be paid.

2. Appointment shall be made to or employment shall be given in all positions in the Competitive Class that are not filled by promotion, reinstatement, transfer or reduction under the provisions of the Civil Service Law and these rules by appointment from among those standing highest on the eligible list prepared by the Municipal Civil Service Commission, except as otherwise provided in these rules.

3. The secretary shall thereupon as soon as practicable, certify to the appointing officer for appointment, promotion or reinstatement, from the eligible list most nearly appropriate to such position as it may then exist, the names of the three persons standing highest on such eligible list, indicating such of them, if any, as are honorably discharged soldiers, sailors or marines of the Army or Navy of the United States in the Civil War, citizens and residents of this State. If the appointing officer shall notify the Commission of more than one vacancy at any time, the secretary shall certify to the appointing officer the names of as many persons as there are vacancies to be filled, with the addition of two names. The certificate of the secretary shall in all cases state the relative standing and post office address of each of the persons certified.

4. From the persons whose names are certified the appointing officer shall make selection to fill the vacancy or vacancies, subject, however, to the provisions of the statute and Constitution giving preference in appointment to veterans. Whenever an appointing officer shall have made requisition to fill

a certain number of vacancies and shall appoint a number smaller than the number of the vacancies named by him, he shall not make selection from the whole number certified, but only from that number of names standing highest upon the list that would have been certified had the requisition stated the number of vacancies which he actually filled. Until an appointment has been made from such certification, or until said certification has been canceled or reduced to less than three names by declination, no new certification shall be made to fill said vacant position or positions.

5. When a requisition is made to fill a position for which no eligible list exists, the Municipal Commission shall make certification from the eligible list most nearly appropriate for the group in which the position to be filled is classified and wherein the qualifications demanded have been determined by examination.

6. No person whose name is on an eligible list shall be certified more than three times to the same appointing officer, for the same or similar position, except at the request of said appointing officer, unless the person so certified is a veteran, in which case his name shall be certified as long as it remains on the list under these rules.

7. If the appointing officer shall certify in writing that a person named in a certification has declined to accept a position offered, the secretary may certify the name of the person standing the next highest upon the eligible list to those already certified.

8. If a person who is not entitled to certification is certified and appointed, his appointment shall be immediately revoked by the appointing officer upon notification from the Municipal Civil Service Commission.

9. No person whose name is on an eligible list may waive his right to certification or appointment except for one of the following reasons, stated in writing to the appointing officer and the Municipal Commission.

(a) Insufficiency of the salary attached to the position offered; or

(b) Temporary inability, physical or otherwise, to accept the position offered, the proof of which shall be accepted by the Municipal Commission. The Commission shall enter upon its records the reason for its action in each such case, and the waiver shall not continue in effect for a longer period than thirty days from date of certification.

10. The name of any eligible who shall decline certification or appointment for any reason other than those specified above shall be stricken from the list.

11. Whenever an eligible certified for appointment shall fail to accept an offer of appointment sent to him by mail at his post-office address within the four business days next succeeding the mailing of such appointment he shall be deemed to have declined such appointment.

12. An eligible who has declined an appointment on the ground of insufficiency of the salary offered shall not thereafter be certified for a position at the same or less salary. Whenever one or more eligibles shall have declined an appointment offered, and an eligible whose relative standing is lower shall have been appointed to the position, the salary or compensation of such appointee shall not be increased within the period of one year after his appointment, beyond that offered to the person so declining.

13. If the appointment shall be made of any person other than one of the three standing highest on the eligible list the appointing officer shall forward

to the Commission, with the notice of appointment, copies of all correspondence to and from the person declining such appointment.

14. A person legally holding a position by appointment for a fixed term, may be retained without examination at the expiration of such term upon receiving a reappointment, but otherwise the position shall be deemed vacant for the purpose of choosing his successor.

Rule XVII. Suspension of Rules

In case of a vacancy in any position in the Competitive Class where peculiar and exceptional qualifications of a scientific, professional or educational character are required, and upon satisfactory evidence that for specified reasons competition in such special case is impractical, and that the position can be best filled by the selection of some particular person of high and recognized attainment in such qualities, the Commission may, upon obtaining the approval of the State Civil Service Commission, suspend the provisions of the rule requiring competition in such case, but no such suspension shall be general in its application to such place, and all such cases of suspension shall be reported to them, with the reasons for the same.

Rule XVIII. Qualifications as to Residence and Citizenship

Every applicant for examination for appointment to any of the positions enumerated in the Competitive or Non-Competitive Class, or for registration for employment in any of the positions enumerated in the Labor Class, must be a citizen of the United States and an actual resident of the City of Lockport at the time of his application; provided that requirement as to citizenship and residence may be specifically suspended by the Commission as to any position requiring high professional, scientific or technical qualifications; but all such cases, with the reasons therefor, shall be entered on the records of the Commission opposite the name of the candidate.

Rule XIX. Requirements in Exceptional Cases

In applications for examinations for positions requiring scientific, professional or technical qualifications, the Commission may require evidence of special education for or of practical experience for a satisfactory term in such profession, art or trade; and shall require the production of such certificates of competency and license as are provided by the statutes of this State as necessary to enable the practice of any profession, art or trade.

Rule XX. Candidates Unfit for Appointment

Blank forms for applications will be furnished by the Municipal Civil Service Commission without charge to all persons requesting the same. The Commission may require in connection with such application such certificates of citizens, physicians, public officers or others having knowledge of the applicant, as the good of the service may require. The Commission may refuse to examine an applicant, or after examination to certify an eligible, who is found to lack any of the established preliminary requirements for

the examination or position for which he applies; or who is physically so disabled as to be rendered unfit for his performance of the duties of the position to which he seeks appointment; or who is addicted to the habitual use of intoxicating beverages to excess; or who has been guilty of a crime or of infamous or notoriously disgraceful conduct; or who has been dismissed from the public service for delinquency or misconduct; or who has intentionally made a false statement of any material fact, or practiced or attempted to practice any deception or fraud in his application, in his examination, or in securing his eligibility or appointment. Any of the foregoing disqualifications shall be good cause for the removal of an eligible from the service after his appointment.

Rule XXI. Temporary Appointment

Whenever there are urgent reasons for filling a vacancy in any position in the Competitive Class and there is no list of persons eligible for appointment after competitive examination, or the existing list contains less than three names, the appointing officer may nominate a person to the Municipal Commission for non-competitive examination, and if such nominee shall be certified by such Commission as qualified after such non-competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination, but such provisional appointment shall not continue for a longer period than four months, nor shall successive provisional appointments be made to the same position under this rule.

In case of a riot, flood or exceeding emergency, an appointing officer may hire and employ temporarily such and so many persons as such emergency renders necessary, forthwith reporting to the Municipal Commission the facts in the case and the names of the persons so employed. No person so employed shall continue in the service for a longer period than six days, unless upon the written request of the appointing power setting forth the reasons why an extension of time is necessary, the Municipal Commission shall extend the temporary period for an additional six days. In case such extension is authorized, the reasons for the same shall be set forth in the minutes of the Commission.

In the event of an epidemic, or other similar emergency in which the public health is seriously endangered, the Board of Health may appoint without examination and upon the written approval of the Civil Service Commission, such experts and special inspectors as may be deemed necessary. Such appointments shall, however, continue only during the existence of such epidemic or emergency.

Rule XXII. Methods of Examination — Non-Competitive Class

Positions in the Non-Competitive Class may be filled by the appointing officer in his discretion in respect to the method of examination. The discretion of the officer in such case shall be limited as follows:

First.— He may select from an eligible list prepared as the result of an open competitive examination; or,

Second.— He may name to the Commission three or more persons for competitive examination, and appoint the one graded highest as the result of an examination for merit and fitness; or

Third.— He may appoint or employ any person named by him, who, upon a non-competitive examination by the said Commission, shall be duly certified as qualified to discharge the duties of the position.

Rule XXIII. Selection of the Method of Examination

Whenever a vacancy in a position named in the Non-Competitive Class is to be filled, the officer having authority to fill the same shall notify the Municipal Civil Service Commission which of the three methods, in his discretion, under Rule XXII he selects. If the choice be by open competition the Municipal Civil Service Commission will proceed as for an examination under the Competitive Class. If the choice be a limited competition, or the appointment of a person to be duly certified by the Civil Service Commission as qualified, the officer shall name in such notification the person or persons to be examined and thereupon the Commission shall notify the person or persons designated of the time and place of the examination and the rules governing it.

Rule XXIV. Certificate of Qualification — Non-Competitive Class

Upon the non-competitive examination of a person named the Commission will give a certificate to such person only when satisfied.

(1st) That he is within the limits of age prescribed for the position or employment to which he has been named;

(2nd) That he is properly certified as free from any physical defect or disease which is likely to interfere with the proper discharge of his duties;

(3rd) That his character is such as to qualify him for such position or employment; and

(4th) That he possesses the requisite knowledge and ability to enter on the discharge of his official duties.

An officer naming a person for examination will at the same time transmit his certificate, that after due inquiry he is satisfied that the character and habits of the person named fit him for the public service, and will append to the certificate such formal vouchers or credentials as to character as he may desire to have considered or put on file. In the determination of the character or habits of the nominee, the certificate thereof by the nominating officer will be considered as essential.

Rule XXV. Registration and Certification — Labor Class

Vacancies in permanent or season labor positions shall be filled by appointment from lists of applicants registered by the Municipal Commission.

Applicants for positions in this class who produce satisfactory evidence of their ability and capacity for labor and their habits as to industry and sobriety shall be registered in the order of their application. For registration the applicant shall give his (1) name, (2) age, (3) residence, (4)

citizenship, (5) number and relationship of all persons depending for actual support on the applicant, (6) services in the army or navy in the Civil War, (7) previous occupation, (8) references and such other information as may be required of him. Such examination may be an oral examination, and upon it may be based separate lists of applicants for different kinds of labor or employment. An applicant may be registered on one or more of such lists.

When the services of laborers are required the officer or person having power of appointment shall notify the Municipal Civil Service Commission of the number of men wanted and the kind of services required. The Commission shall thereupon send such appointing officer an appropriate list of names of persons registered as qualified for the services required, noting for preference any who may have served in the army or navy during the Civil War and have been honorably discharged therefrom.

The names of only such persons as are thus registered and certified by the Commission shall appear on the roster and pay-roll of the department in which such employment is given and no moneys shall be paid by the City Treasurer, on warrant, out of the city treasury, until the Secretary of the Civil Service Commission shall have attested the proper appointment of the persons whose names appear on such pay-roll over his signature.

All registration lists shall remain in force for a period of not less than one year or more than four years. New lists shall be prepared whenever in the opinion of the Commission the necessity exists.

In case the Civil Service Commission is unable to fill a requisition for laborers the fact shall be certified to the officer making requisition, who may then make selection under such rules and regulations as the Commission may prescribe.

The Civil Service Commission may make necessary regulations for identification of the registered laborers and for preserving a record of conduct.

When the public interests require the employment of one or more persons at common labor for temporary or emergency service, the head of the department may appoint, subject to the previous approval of the Civil Service Commission, the persons most available and best fitted for such work, without reference to the registration lists, provided that registered applicants seeking temporary employment, who have notified the Municipal Commission of their readiness to serve shall be preferred. Notice of said appointments, giving the names of the appointees, rate of wages, and the occasion and probable duration of employment, shall be immediately filed in the office of the Municipal Commission, and pay-rolls therefor shall be presented to the Commission for certification as in other cases.

Such employment shall not be continued for longer than fifteen days without express authorization of such extension by the Civil Service Commission, and then only for a period or periods of fifteen days. Record of such authorization with the reasons therefor shall be made a part of the minutes of said Municipal Commission and noted in its annual report to the State Commission.

Rule XXVI. Probationary Appointments

Except in the case of veterans of the Civil War honorably dicharged from the military or naval service of the United States, every original appoint-

ment to or employment in any position in the Competitive Class shall be for a probationary term of three months, and an appointing or nominating officer in notifying a person certified to him for appointment, or employment, shall specify the same as for a probationary term only; and if the conduct, capacity and fitness of the probationer are satisfactory to the appointing officer, his retention in the service after the end of such term shall be equivalent to his permanent appointment, but if his conduct, capacity or fitness be not satisfactory he may be discharged at the end of such term.

Whenever two or more persons appointed from the same eligible list are serving as probationers in the same department, and there is a necessity for a reduction of the force of such department affecting such persons, they shall be preferred for retention in the order of their original standing upon such list.

Rule XXVII. Promotions

1. Whenever a vacancy occurs in any position in the Competitive Class above the lowest grade in any group, the Commission shall forthwith arrange to hold a promotion examination limited to those persons who have for more than six months served with fidelity in the next lower grade in the same office, department or institution; provided that if there are no persons who have served with fidelity for six months in the next lowest grade, or there are not three persons who have served for six months in the next lower grade, or all persons in the lower grade fail in any promotion examination, then all persons in the second lower grade who have served with fidelity for six months in the same office, department or institution shall have the right to compete in said promotion examination.

On the request of the appointing officer the Commission may permit persons occupying two or more of the next lower grades to compete for promotion, reasons for such course being set forth in detail. In case the duties of the position in which there is a vacancy do not require, in the opinion of the Commission, qualifications essentially different from those required for the subordinate positions held by those who have the right to compete in the promotion examination and in case in the opinion of the Commission it is unnecessary to determine the qualifications of persons to fill the vacancy by an examination involving essentially different tests, then, in such case, the Commission may determine that no promotion examination is necessary, and that the person, if any, who by the record kept by the appointing officer appears to have the highest rating for efficiency, punctuality, attention, and general good conduct in the discharge of his duties in the subordinate position, shall be promoted to fill such vacancy.

2. As provided by the Civil Service Law an increase in the salary or other compensation of any person holding an office or position within the scope of these rules beyond the limit fixed for the grade in which such office or position is classified, shall be deemed a promotion.

3. No promotion can be made from a position in one class to a position in another class, unless the same be specially authorized by the Commission; but a person employed in any position shall not, because of such appointment, be barred from the open competitive examination provided for original entrance to any other position.

4. The test of actual service being the main factor in fitness for promotion, there shall be kept in every office continuous and comparative records of the efficiency, punctuality, attention and general good conduct of all persons employed therein. Such records shall at all times be open to inspection by the Municipal Commission, and if the same have been regularly and properly kept they shall constitute one of the elements in such promotion examination with such relative weight as shall be assigned to them by the Commission. If such records have not been regularly and properly kept, the Commission shall prescribe such tests as may seem best calculated to determine the relative merit and fitness of the persons entitled to enter the promotion examination.

5. The appointing officer shall notify the Commission of any vacancy in a position to be filled by promotion, and thereupon after consultation with the appointing officer, the Commission shall direct a competitive examination of those entitled to enter same by notice, giving date and place, posted conspicuously in the office where such vacancy exists, and sent by mail to those eligible to such examination.

6. The written part of the examination shall be confined to the duties of the office in which the vacancy occurs, and particularly to the duties of the position to be filled. Due weight will be given to the candidate's seniority and past record in the office, and to any special fitness for the duties of the higher position.

7. The conduct of such examination and the preparation of the eligible list shall be subject to the general provisions of Rules IX, X, and XII. The Commission shall certify for promotion the names of the three persons standing highest on such eligible list.

8. No recommendation of any person for promotion, whether verbal or written, shall be entertained or received, unless made in the ordinary course of duty by his immediate official superiors, and the presentation of any recommendation other than that of such superiors shall be considered an unwarrantable interference with the public service, and the person so recommended may be required to show, before being certified for promotion, that such recommendation was not made by his request or connivance.

Rule XXVIII. Transfers

Transfers from one department, office or institution to another may be made with the approval of the Commission and upon mutual consent of the appointing officers of the department, office or institutions affected, as follows:

1. A person originally appointed from an eligible list who has served the required probationary term of three months may be transferred to a similar position in the same group and grade.

2. A person holding a position in the Competitive Class who did not enter the service by qualifying in an open competitive examination may be transferred to a similar position in the same group and grade, provided he has served continuously for at least three years in a position in the same group, six months in the Competitive Class, and six months in a grade not lower than that to which transfer is proposed.

3. Transfer from an exempt or non-competitive position to a competitive position, or from a position in the Competitive Class to a position in a different group of such class, shall be allowed only when the person transferred has qualified in an open competitive examination and is eligible for certification and appointment from the appropriate eligible list for the position to which transfer is proposed and is so certified and appointed. Such certification and appointment shall remove the name of the person transferred from the eligible list. No such transfer shall be allowed when there is an appropriate eligible list of persons eligible for promotion to the position to which transfer is desired, or when there are persons eligible to compete for promotions.

4. A person holding a position in the Non-Competitive Class may be transferred to a similar position in the same class.

Rule XXIX. Reinstatement of Service

1. Any person who has held a position by appointment under the Civil Service rules, as the result of examination, and who has been separated from the service through no delinquency or misconduct on his part, by removal, resignation, suspension, or leave of absence without pay, may be reinstated without re-examination in a vacant position in the same office, department or institution, and in the same group, subdivision and grade, within one year from the date of such separation; or may be appointed within one year from the date of separation from the service, to a position to which he was eligible for transfer; provided that for original entrance to the position proposed to be filled by reinstatement, or appointment, there is not required by these rules, in the opinion of the Commission, an examination involving essential tests of qualifications different from or higher than those involved in the examination for original entrance to the position formerly held by the person proposed to be reinstated or appointed. Absence on leave for more than one year shall be deemed the equivalent of a resignation from the service upon the date of commencement of such absence. A person who is or has been on leave of absence will not be eligible to compete for or to receive promotion, unless otherwise ordered by the Commission, until he has resumed the performance of his duties for a period equivalent to the aggregate time of his absence on leave during the twelve months prior to such competition or promotion. In computing period of time under this subdivision, time of active service in the military or naval forces of the United States or of the State of New York, and time of employment in the construction or manufacture of equipment or supplies for such forces, shall not be considered.

2. Whenever in any department, office or institution a position is abolished, or whenever the number of positions of a certain character is reduced, or whenever by reason of lack of appropriation or lack of work it becomes necessary to discharge or suspend one or more of several persons holding the same position, veterans of the Civil War shall be entitled to preference in retention in such positions over other persons. Persons legally holding such positions as the result of examination, at the time of such reduction, suspension or discharge shall be entitled to reappointment or reinstatement

in the same position or positions if they are thereafter within one year re-established under the same or any other designation. The names of such persons shall be entered upon lists of suspended employees and shall remain thereon for a period of one year. Upon notice of a vacancy in the same or a similar position, names from such lists of suspended employees shall be certified to the appointing officer in preference to names from the eligible lists. Certification from such lists of suspended employees shall be made as follows: first, veterans of the Civil War in the order of their original appointment to the position from which separated; second, other persons in similar order. Persons specified in the first class above mentioned shall be entitled to certification for positions to which they are eligible in any department, office or institution, but persons specified in the second class shall be entitled to certification only to the department, office or institution from which they were separated.

Rule XXX. Preference of Veterans

Honorably discharged soldiers, sailors and marines from the army and navy of the United States in the late Civil war, who are citizens and residents of the City of Lockport, shall be entitled to preference in appointment and promotion without regard to their standing on any list from which such appointment or promotion shall be made, provided their qualifications and fitness shall have been ascertained as provided in these rules; and the person thus preferred shall not be disqualified from holding any position in the Civil Service on account of his age or by reason of any physical disability, provided such age or disability does not render him incompetent to perform the duties of the position applied for.

Rule XXXI. No Political Contributions Required

No person in the public service shall be, because of such official position, under any obligation to contribute to any political fund, nor shall any person in official position be subject to removal for refusal to contribute.

Rule XXXII. Power of Removal

Subject only to the qualifications required to be ascertained in accordance with these rules, the power of appointment and the responsibility of selection are in all cases in the appointing officer. The power to remove existing by law on the part of any officer is not impaired by anything contained in these rules.

Provided, however, that if a person holding a position subject to competitive examination under these rules, after having successfully passed the probationary term, shall be reduced or removed, the reasons therefor shall be stated in writing and be filed with the head of the department giving employment or the appointing officer, and the person so removed or reduced shall be given opportunity to be heard. In case of actual removal the reason shall be stated in writing and placed in the records of the Commission.

Rule XXXIII. Dismissals

No one dismissed from the service for misconduct shall be admitted to examination for appointment in any capacity in any department of the municipal service within two years from the date of such dismissal.

Rule XXXIV. Report of Term of Employment

1. It shall be the duty of each city officer, or board of city officers, appointing or employing an officer, clerk or other person in the service of the city, forthwith on such appointment or employment to report to the Municipal Civil Service Commission the name of such appointee or employee, the title or character of his office or employment, and the date of the commencement of service by virtue thereof, and forthwith, on the termination of such service, to report to said Commission the fact, date and cause of such termination.

2. The Commission shall keep in its office an official roster of the classified city service, and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service upon such evidence as it may require or deem satisfactory that such person was appointed to or employed, promoted or reinstated in the service in conformity with the provisions of law and of these rules. The official roster shall show opposite or in connection with each name the date of appointment, employment, promotion or reinstatement, and the office in which employed, the compensation, date of commencement of service, and the date of transfer in or separation from the service by dismissal, resignation, cancellation of appointment or death.

Rule XXXV. Certification of Pay-Rolls

For the purpose of certification of pay-rolls and accounts, as required by section twenty of the Civil Service Law, appointing officers and heads of departments shall furnish the Commission with pay-rolls, accounts and certificates in form and manner as follows:

1. Heads of departments, offices and institutions in the city service, whose employees are paid individually direct from the treasury of the city, shall furnish the Commission at least three days before payment is to be made, a pay-roll showing the names of the persons to be paid, the title of the position held or kind of service performed by each person, the rate and amount of compensation to which each is entitled, and the period for which each is to be paid, and shall certify that the persons named therein are employed solely in the proper duties of the positions and employments indicated, and that persons described as or proposed to be paid as "laborers" are employed at ordinary unskilled labor only. After examination and certification as hereinafter prescribed, such pay-roll shall be transmitted by it to the City Treasurer for further examination and payment, as required by law.

2. For payments for irregular or occasional services, the head of such a department, office or institution shall transmit to the Commission the original account or a special pay-roll bearing his written approval, which approval shall be deemed to be a certification of the facts required by the preceding

section to be certified on the regular pay-roll. Upon examination and certification such accounts shall be forwarded to the City Treasurer.

3. The secretary of the Commission shall compare each pay-roll or account for services with the official roster and shall attach thereto or place thereon a certificate in form substantially as follows:

> I hereby certify that the persons named in the above pay-roll occupying positions in the classified service have been appointed or employed in pursuance of the Civil Service Law and of the Rules made in pursuance of said Law (chapter 15, Laws of 1909).
>
> .....
>
> *Secretary Municipal Civil Service Commission.*

In the absence of the secretary, the president of the Commission may certify pay-rolls.

4. Upon satisfactory evidence that, with intent to evade the provisions of law and of these rules, any person appointed to, or employed in any position, in the classified service, has been assigned to perform duties other than those for which he was examined and certified, or under any title not appropriate to the duties to be performed, the Commission will refuse certification and remove his name from the roster.

5. No person employed by the City of Lockport, except in the Labor Class, as defined in the chapter hereinafter referred to, shall be certified on any pay-roll, until that person shall have complied with section 30, chapter 574 of the Laws of 1917, relating to the Civil Service, which requires that every person employed by the State, or any of its civil divisions or cities, shall take and file the Constitutional oath with the City Clerk of the City of Lockport. The form of the oath required is as follows:

> State of New York, County of Niagara, City of Lockport, (ss).
>
> I do solemnly swear that I will support the Constitution of the United States, and the Constitution of the State of New York, and that I will faithfully discharge the duties of the office of ..... according to the best of my ability.
>
> (Signed) .....
>
> Sworn and subscribed before me this ..... day of .....
> ....., 19....

Rule XXXVI. Police Department

All applications for appointment to positions in the Police Department, must have the following special qualifications:

1. They must be citizens of the United States and have been residents of the City of Lockport at least one year next prior to the date of their application, and must not be engaged directly or indirectly in the manufacture or sale of liquor.

2. They must not be less than twenty-five and not more than thirty-five years of age.

They must not be less than five feet eight inches in height and weigh not less than 150 pounds. Weight, chest measurement, muscular development and general physical condition must be approximately normal in comparison with age and height, as recognized by medical standards. The applicant must possess good hearing and eyesight, must be free from any physical defect, deformity or disease and must, before being admitted to the mental examination, be certified by an examining physician appointed by the Municipal Civil Service Commission. The report of the physician shall be upon a form supplied by the Commission.

Rule XXXVII. Fire Department

All applications for appointment to positions in the Fire Department must have the following special qualifications:

1. They must be citizens of the United States and have been residents of the City of Lockport at least one year next prior to the date of their application, and must not be engaged directly or indirectly in the manufacture or sale of liquor.
2. They must not be less than twenty-one and not more than forty-five years of age.
3. They must not be less than five feet, four inches in height and weigh not less than 135 pounds.
4. They must undergo an examination to consist of physical and mental tests, the counts to be apportioned as follows:

Physical examination	5
Duties and general information	5

Duties and general information to consist of questions pertaining to care of horses, or motor driven apparatus, fire rules, fire limits, location of boxes and such special information as may be deemed necessary at that time.

Physical examination to be given by a prominent local physician in the presence of the Municipal Civil Service Commission following a prescribed form furnished by the Commission.

Rule XXXVIII. Regulations

The Municipal Civil Service Commission shall have authority to prescribe and enforce suitable regulations for carrying into effect the provisions of these rules and those of the Civil Service Law and of section 9, article V of the Constitution, not inconsistent therewith; and shall prescribe blank forms for all applications, certificates, reports, records and returns required under these rules and regulations made in pursuance thereof.

Superintendent of Fire Alarms.

Superintendent of Streets.
Superintendent of Water Works.
Transitmen.

NON-COMPETITIVE CLASS

The Non-Competitive Class shall include such positions as are not in the Exempt or Labor Class, and which it is impracticable to include in the Competitive Class.

It shall comprise the following positions, provided, that from time to time, the Commission shall transfer positions from this class to the Competitive Class whenever it may be found practicable to hold competitive examination to fill them:

Graduate Nurses at City Hospital.
Janitor and Gardener at City Hospital.
Orderlies.

LABOR CLASS

Laborers.
Cartmen.
Teamsters.

Regulation I. Regulations

Application forms may be procured from the Secretary of the Municipal Civil Service Commission.

Applications for examination may be filed at any time but unless received by the secretary twenty-four hours prior to the time of the holding of the examination, they will not be accepted, but will be filed for the next examination of the kind to be held.

An application is good only for one examination.

No person will be admitted to an examination who has not previously filed the proper application for the particular examination which he seeks, on the form furnished by the Commission.

Regulation II. Examinations

All examinations shall be written in ink.

The time within which an examination must be completed will be announced prior to the commencement of the examination.

If a candidate leaves the examination room before completing his answers, he shall not be allowed to return and complete the same.

All conversation or communication between competitors and the copying of any answer from the paper of another competitor is strictly prohibited. A violation of this rule will be sufficient cause for cancelling the papers of the persons guilty of the offense.

No candidate shall sign his or her name to any paper in the examination. The candidate shall write his full name on a slip of paper and inclose same in an envelope furnished him. He shall place his examination number at the head of each sheet of answers and in signing any letter or other paper required in the examination, shall use his number and not his name. Any paper bearing the name of a candidate will be liable to rejection by the Commission.

Regulation III

For convenience of examination and rating, positions are hereby arranged in groups according to the character of work to be performed. For each group there shall be fixed subjects with weight attached thereto as follows:

Group I. Clerical Positions

Subjects	Weights
1. Handwriting	3
2. Spelling	2
3. Letter Writing	2

The fact that any position, now existing or hereafter created in the Civil Service of the City of Lockport, is not mentioned in the above groups, shall not prevent the Commission from assigning such position to the group to which, in its opinion, it properly belongs, or establishing a new group.

Regulation IV

The Commission may, from time to time, prescribe such additional regulations as it may deem necessary, not inconsistent with the Rules or with the Laws of the State.

We hereby certify that the foregoing rules and regulations were adopted at a meeting of the Municipal Civil Service Commission of the City of Lockport, N. Y., on the first day of June, 1917, and were directed submitted to the Mayor and the State Civil Service Commission for approval. These rules shall take effect on and after their approval by the Civil Service Commission of the State of New York.

Commissioners:

EARL T. BUTERBAUGH,
President,
FRANK D. WEAVER,
Examiner,
ELMER E. POOLE,
Secretary of the Commission.

Approved on the 5th day of November, 1917.

W. J. GOLD,
Mayor of the City of Lockport.

STATE OF NEW YORK,
OFFICE OF THE STATE CIVIL SERVICE COMMISSION,
ALBANY, *December* 29, 1917.

The foregoing Civil Service rules for the City of Lockport, having been duly examined, are hereby approved by the State Civil Service Commission.

Attest:
(SEAL.)

JOHN C. BIRDSEYE,
Secretary.

RULES AND REGULATIONS FOR THE CIVIL SERVICE OF THE CITY OF SCHENECTADY

Pursuant to the statutes of the State of New York providing for examination to ascertain and determine the merit and fitness of persons seeking to enter the Civil Service of the State of New York and the cities thereof, and the regulation of the same, we, Wheeler P. Davey, Robert C. B. Chase and Solomon M. Hinden, duly appointed by the Mayor of the said City of Schenectady to prescribe, amend and enforce rules for the classification of the offices, places and employments in the classified service of the City of Schenectady, and for appointments and promotions therein and examination therefor, do hereby prescribe the following rules for the classification of the offices, places and employments in said classified service, and for the registration and selection of laborers for employment in said service which shall take effect on the first day of July, 1917.

Municipal Civil Service Commission

1. For the purpose of carrying into effect and enforcing the provision of the Civil Service Laws of the State of New York, as applied to the City of Schenectady, there shall be a Municipal Civil Service Commission which shall be non-partisan in character and composed of three citizens of the City of Schenectady, designated and appointed by the Mayor, each of whom shall be known as a Municipal Civil Service Commissioner of the City of Schenectady. The Mayor may at any time appoint another citizen in the place of any one so designated and appointed.

2. It shall be the duty of such Municipal Civil Service Commission to prescribe, amend and enforce rules for the classification of the offices, places and employments in the classified service of the city, and for appointments and promotions therein, and examinations therefor; and for the registration and selection of laborers for employment therein, not inconsistent with the Constitution of the State of New York and the provisions of the Civil Service Law.

3. The Municipal Commission shall prescribe and enforce suitable regulations for carrying into effect the provisions of these rules and those of the Civil Service Law and Section 9 of Article V of the Constitution, not inconsistent therewith, and shall prescribe blank forms for all applications, certificates, reports, records and returns required under these rules and the regulations prescribed thereunder.

4. The Mayor shall appoint a person who shall act as secretary of the Municipal Civil Service Commission, whose salary shall be fixed by the Board of Estimate and Apportionment. The Secretary of the Board shall keep the minutes of their proceedings and all necessary records of applicants; their examinations and standings, and a complete record of all persons employed in the several departments and offices to which these rules apply, and record all appointments, promotions, transfers, dismissals, resignations

and changes of any sort therein. He shall also verify and certify pay rolls as hereinafter provided.

5. The Municipal Civil Service Commission shall have power to appoint a Chief Examiner whose salary shall be fixed by the Board of Estimate and Apportionment. The Chief Examiner, subject to the direction of the Commission, shall have charge of all matters pertaining to examinations. The Civil Service Commission shall have the power to employ such assistant examiners as may be deemed necessary, and such assistants shall act under the direction of the Chief Examiner.

6. Assistant Examiners shall be paid for their services such a sum as the Commission may certify, to be paid from the City Treasury on the approval of the Comptroller. All questions and tests to be used in any examinations conducted by the Chief Examiner shall be first approved by the Commission, and all examination papers shall be marked under the regulations of the Commission.

Notification of Appointments — Exempt Class

11. The appointments to positions comprised in Exempt Class may be made without examination under these rules. Appointing Officers must notify the Municipal Civil Service Commission in writing of all appointments to such positions within five days after the same are made, setting forth the full name of such appointee, the date and place of birth, length of residence in the City of Schenectady, nature of previous employment, whether he has ever been in official service and term for which appointed, salary and the name of the person in whose place appointed; all of which will be duly certified by the appointing officer. In these rules the term "appointing officer" shall be construed to include any person, board or commission having the power to appoint to any position in the Civil Service of the City of Schenectady.

COMPETITIVE CLASS

12. The Competitive Class shall include all positions for which it is practicable to determine the merit and fitness of applicants by competitive examination, and all positions now existing, or hereafter created, of whatever functions, designations, or compensation, in each and every branch of the Classified Service, except such positions as are specifically enumerated in these rules as being in the Exempt Class, the Non-Competitive Class, or the Labor Class.

Application for Examination

13. Applications of competitors for positions included in the competitive class must be addressed to the Secretary of the Municipal Civil Service Commission of the City of Schenectady. The application must be in the hand-writing of the applicant and must state under oath:

First — His full name and residence, giving street and number.

Second — His term of residence in the City of Schenectady.

Third — His citizenship.

Fourth — His age, giving date of birth.

Fifth — His place of birth.

Sixth — His previous employment in the public service, if any, and whether he has ever been discharged therefrom, and if so, the reason therefor.

Seventh — His business or employment and residence for the last preceding five years.

Eighth — The extent, place and nature of his education.

Ninth — If in the military or naval service of the United States in the late Civil War, the name of the organization, or vessel, to which attached, date of enlistment or commission, position, or rank, date and cause of discharge from the service, and any physical disability incurred in such service.

Tenth — His health and physical capacity for the public service.

14. Such other information must be furnished as the Board may reasonably require touching the applicant's merit and fitness for the public service. The application must be accompanied by a certificate of a practicing physician of good repute that he has examined the applicant and found him free from any physical defect or disease that would be likly to interfere with the proper discharge of his duties in the position in the Civil Service sought by such applicant, and by the certificate of not less than three or more than five reputable citizens of the city, that they have been personally acquainted with the applicant for at least one year and believe him to be of good moral character, of temperate and industrious habits, and in all respects fit for the service which he wishes to enter, and that they are willing that such certificate shall be published for public information, and will, upon application, give such further testimonials in regard to such applicant as may be required. The applicant must also state in his application the position he seeks. Where the applicant is a non-resident, but eligible for appointment under the provisions of paragraph 46, two of the citizens making the certificates hereinabove referred to, may be residents of the applicant's place of residence.

Defective Applications — Age Qualification

15. Defective applications may be suspended by the Commission and applicants notified to amend the same, but the Commission need not give such noitce or grant such opportunity a second time. The minimum age of candidates at the date of their examination shall be as follows: Office boy and junior clerk, 16 years; stenographer, messenger, rodman and chainman, 18 years; all other positions, 21 years. There shall be no maximum limit for age. Whenever the application does not show that the applicant is within the prescribed limits of age, and is otherwise qualified under the rules, the application will be rejected.

Notification of Examination

16. Whenever the demand of the service may require, the Municipal Civil Service Commission will notify by mail all applicants whose applications have been filed and are on record, to appear for examination, giving at least five days' notice of the place, date and hour for such examination, and the names of the general subjects covered by the examination, together with their relative weights. In case the examination is not promotional (see paragraph 40) the place and date of such examination and any other material information thereto shall also be published in the official newspaper of the City of Schenectady, or such other paper as the Commission may

designate, on the eighth, ninth, tenth, eleventh, twelfth and thirteenth days before the date of examinations, excluding Sundays and Holidays. The Commission shall also cause notice to be posted in a conspicuous place in the City Hall of the City of Schenectady.

Examination

17. In all examinations for appointment and promotion in the Civil Service of the City of Schenectady, merit and fitness shall be determined by and upon competitive examinations for all positions in the Competitive Class, as herein provided. Upon all such examinations no rating higher than one hundred per centum shall be given to any person. Lists containing the names and rating of all applicants found on such examination to be eligible for appointment and promotion for merit and fitness, shall be made up for certification to the person or persons holding the power of appointment or promotion, in the manner provided in these rules. The minimum precentage of rating necessary to entitle an applicant to a place upon such eligible list shall be seventy-five per centum.

18. The actual conduct of every examination for merit and fitness shall be conducted by and under the responsible direction of the Commission or of its designated members, free from the interferences or participation or influence of the appointing officer or of any person other than the assistant examiners or experts directly employed by the Commission. No person employed in a department for whose benefit an eligible list is to be prepared shall be employed as an expert upon the examination for such eligible list. The Commission may in the examinations give such relative importance to the different subjects or matters of examination, whether mental or physical, or to experience, occupation or training as to them may seem fit, but no credit shall be given for experience gained during a temporary appointment to the position for which the candidate is being examined. At or before the commencement of every examination the weight to be given to every subject included in the examination, and the general or average minimum and the minimum, if any allowable, upon each subject, shall be announced to the applicants. The appointing officer shall state to the Commission upon their request and so far as is consistant with these rules, the general qualifications or attainments, physical or mental, or both, and the experience he deems necessary or proper to be possessed by persons filling the positions for which an eligible list is to be formed, and also of what age such person should be. At the beginning of the examination, the Municipal Civil Service Commission shall cause each candidate to sign a numbered indentification blank and seal the same in an envelope. Each candidate shall put on the outside of his envelope the number which appears upon his blank, and the title of the position for which he is being examined, but nothing shall be put upon the envelope which may in any way disclose the identity of the candidate. The same number shall be put at the top of each sheet of paper handed in at the examination by the candidate, and nothing shall be put upon such paper or papers which may in any way disclose the identity of the candidate. The sealed envelopes for any examination shall not be opened until

all the papers of that examination have been examined and fully graded. Any violation of this rule shall render the whole examination paper of the candidate null and void.

Character of Examination

19. All examinations shall be public and practical in their character, and shall relate to those matters which shall fairly test the intelligence, competency, suitability and character of the applicants to discharge the duties of the service for which they seek to be appointed. The Commission, with the approval of the Civil Service Commissioners of the State, shall determine when examinations are not practicable in cases relating to the Civil Service of the City of Schenectady.

Physical Examination

20. Whenever physical qualifications are of prime importance to the proper discharge of the duties of any position, applicants must pass an additional examination as to their physical condition and capacity, and be certified as qualified in such respects before they shall be accorded a mental examination.

Religious and Political Opinions of Candidates

21. No recommendation or question under the authority of these rules shall relate to the religious or political opinions or affiliations of any person whatever. No religious or political opinions shall be discovered or considered by the Commission in their examinations. The Commission shall not receive or consider any communication as to the qualifications or merits of any candidates for a position except such as are herein permitted, and except such communication as they may invite by way of verification of statements made by the candidates.

Eligible List

22. Every competitor who attains an average percentage of 75 or over on all the obligatory subjects in any examination, and whose standing on every such obligatory subject is 60 or over, shall be eligible for appointment to the position for which he was examined; and the names of eligibles shall be entered in the order of their average percentages, on the proper register of eligibles; provided that the names of competitors who have passed as above and whose claims for preference under Section 9 of Article V of the Constitution have been allowed by the Commission, shall be placed in the order of their respective average percentages at the head of the proper register of eligibles.

23. When two or more eligibles on a register have the same average percentage, preference in certification shall be determined by the order in which their applications were filed, but neither priority in the date of application nor of examination will give any other advantage in position on the registers of eligibles.

24. The Commission shall from time to time prescribe the character of the distinct eligible lists, designating the positions that may be filled by certification from each of such lists.

25. (a) The term of an eligible list is fixed at not less than one year nor more than four years from the date of establishment of the list.

(b) If an eligible list has been in force for a period of less than one year and a new examination is held in the same subject the persons on the former eligible list shall be respectively placed upon the new eligible list in the position to which the percentage of their aggregate markings upon their former examination would entitle them if such markings had been given them upon the new examination, and shall be continued thereon until the end of their term of eligibility.

(c) If an eligible list has been in force for more than one year and a new examination is held in the same subject, the persons whose names appear on such eligible list shall be notified by mail when the new examination is to be held, and informed that their eligibility will cease on the establishment of a new eligible list as the result of the new examination. If the new examination is successfully passed in accordance with paragraph 22 by at least three candidates, then the former eligible list shall at once terminate. But if fewer than three candidates pass the new examination, then the old eligible list shall remain in force and the candidates passing the new examination shall be respectively placed upon the eligible list in the position to which the percentage of their aggregate markings entitles them.

(d) An eligible list over four years old is automatically abolished, and a new examination shall be held to establish a new eligible list for that position.

Correction of Errors

26. The Commission shall have the power, in its discretion, whenever in its judgment the interests of the public service require it, to order a re-examination of applicants for any position, and shall have power to correct any error and amend or revoke any schedule, list or other paper or record where it appears that any error or injustice has been done, or where any person whose name appears on any eligible list has for any reason become incapacitated for appointment in the public service, to strike such name from said list; provided, however, that after an eligible list is prepared and certified, it shall not be altered or revoked except upon notice by mail or otherwise, as the Commissioners may direct, to all persons whose standing may be unfavorably affected by the alteration. But the reasons for every such action under this paragraph shall be recorded in full in the minutes of the Municipal Civil Service Commission. Any appeal from a rating must be taken by an applicant within ten (10) days after receiving notification of his standing.

Certification for Appointment

27. Except as provided in paragraph 35, all positions in the Competitive Class not filled by promotion, reinstatement, transfer or reduction under the provisions of the Civil Service Law and these rules, shall be filled by appointment from among those standing highest on the eligible list prepared by the Municipal Civil Service Commission.

28. Whenever a vacancy shall occur within any grade of the Competitive Class, which, in the opinion of the appointing officer, the business of the city requires to be filled, he shall forthwith give written notification to the Secretary of the Municipal Civil Service Commission of the vacancy, and shall state whether the same is to be filled by appointment, promotion, reinstatement, transfer or reduction, and he shall state the title of the position, the duties to be performed, the number of vacancies to be filled and the compensation to be paid.

29. (a) If the position is to be filled by reinstatement, transfer or reduction, the Municipal Civil Service Commission shall satisfy itself that all rules herein contained relating to such reinstatement, transfer or reduction have been complied with. The Secretary shall, thereupon, certify the name of the candidate to the appointing officer in accordance with paragraphs 47, 48 and 49.

(b) If the position is to be filled by promotion, the Civil Service Commission, shall, as soon as practicable, hold a promotional examination and establish a promotional eligible list as hereinafter provided in paragraph 40.

(c) If the position is to be filled by appointment, the Secretary of the Municipal Civil Service Commission, shall, as soon as practicable, certify to the appointing officer for appointments, from the eligible list most nearly appropriate to such position as it may then exist, the names of the three persons standing highest on that list, indicating such of them, if any, as are honorably discharged soldiers, sailors or marines of the army or navy of the United States in the Civil War. If the appointing officer shall notify the Commission of more than one vacancy at any time, the Secretary shall certify to the appointing officer the names of as many persons as there are vacancies to be filled, with the addition of two names. The certificate of the Secretary shall in all cases state the relative standing of each of the persons certified and their addresses.

30. The appointing officer shall thereupon fill such vacancy or vacancies by the appointment of one or more of the persons so certified. Until an appointment has been made from said certification or until such certification has been canceled in accordance with paragraphs 26 and 32 or of paragraph 33, no new certification shall be made to fill said vacant position or positions. In all cases the vacancies shall be so filled within fifteen days after the receipt by the appointing officer of the names certified by the Secretary, and the Secretary shall be notified within twenty-four hours by the appointing power of the appointments or promotions so made. No certification shall be in force for a longer period than fifteen days.

31. When a requisition is made to fill a position for which no eligible list exists, the Municipal Commission shall make certification, in accordance with paragraph 24, from the eligible list most nearly appropriate for the group in which the position to be filled is classified, and wherein the qualifications demanded have been determined by examination.

32. No person on an eligible list shall be certified more than three times to the same appointing officer, for the same bureau or institution, except at the request of said appointing officer, unless the person so certified is a veteran, in which case his name shall continue to be certified so long as it remains on

the eligible list under these rules. If the appointing officer shall certify that a person named in a certification has declined to accept a position offered, the Secretary shall certify the name of the person standing next highest upon the eligible list to those already certified. If a person who is not entitled to certificattion is certified and appointed, his appointment shall be immediately revoked by the appointing officer upon notification by the Municipal Commission.

33. No person whose name is upon an eligible list may waive his right to certification or appointment except for one of the following reasons, stated in writing to the appointing officer and to the Municipal Commission:

(a) Insufficiency of the salary attached to the position offered; or

(b) Temporary inability, physical or otherwise, to accept the position offered, the proof of which shall be accepted by the Municipal Commission.

The Commission shall enter upon its minutes the reasons for its action in each case, and the waiver shall not continue in effect for a period longer than thirty days from the date of certification. The name of any eligible who shall decline certification or appointment for any reason other than those above specified shall be stricken from the list. Whenever an eligible certified for appointment shall fail to accept an offer of appointment sent to him by mail at his post office address within four business days next succeeding the mailing of such offer of appointment, he shall be deemed to have declined such appointment. An eligible who has declined an appointment on the ground of the insufficiency of the salary offered shall not thereafter be certified for a position at the same or any less salary. Whenever one or more eligibles shall have declined any appointment offered, and an eligible whose relative standing is lower shall have been appointed to the position, the salary or compensation of such appointee shall not be increased within a period of one year after his appointment, beyond that offered to the persons so declining.

34. If the appointment shall be made of any person other than one of the three standing highest on the eligible list, the appointing officer shall forward to the Commission, with the notice of appointment, copies of all correspondence to and from the persons declining such appointment.

Suspension of Rules

35. In case of a vacancy in any position in the Competitive Class where peculiar and exceptional qualifications of a scientific, professional or educational character are required, and upon satisfactory evidence that for specified reasons competition in such special case is impracticable, and that the position can be best filled by the selection of some particular person of high and recognized attainment in such qualities, the Commission may, upon obtaining the approval of the State Civil Service Commission, suspend the provision of the rule requiring competition in such case, but no such suspension shall be general in its application to such place, and all such cases of suspension shall be reported to the State Civil Service Commission in the annual report made to them, with the reasons for the same.

Requirements in Exceptional Cases

36. In applications for examinations for positions requiring scientific, professional or technical qualifications, the Commission may require evidences of special education for or of practical experience for a satisfactory term in such profession, art or trade; and shall require the production of such certificates of competency and license as are provided by the statutes of this State as necessary to enable the practice of any profession, art or trade.

Candidates Unfit for Examination or Appointment

37. Blank forms for application will be furnished by the said Municipal Civil Service Commission without charge to all persons requesting the same. The Commission may require in connection with such application such certificates of citizens, physicians, public officers or others having knowledge of the applicant, as the good of the service may require. The Commission shall refuse to examine an applicant, or after examination to certify an eligible who is found to lack any of the established preliminary requirements for the examination or position for which he applies; or who is physically so disabled as to be rendered unfit for the performance of the duties of the position to which he seeks an appointment; or who is addicted to the habitual use of intoxicating beverages to excess; or who has been guilty of a crime, or of infamous or notoriously disgraceful conduct; or who has been dismissed from the public service for delinquency or misconduct; or who, has intentionally made a false statement of any material fact, or practiced, or attempted to practice, any deception or fraud in his application, in his examination, or insecuring his eligibility or appointment. Any of the foregoing disqualifications shall be good cause for the removal of an eligible from the service after his appointment. When the position to be filled involves fiduciary responsibility, the appointing officer, where otherwise permitted by law, may require the appointee to furnish a bond or other security and shall notify the Municipal Commission of the amount and necessary details therefor. No person who has entered upon any examination for any position shall be entitled to be admitted within nine months from the date thereof to a new examination for the same grade of position, except upon vote of Commission.

Temporary Appointments

38. Wherever there are urgent reasons for filling a vacancy in any position in the Competitive Class and there is no list of persons eligible for the appointment after competitive examination, the appointing officer may nominate a person to the Municipal Commission for non-competitive examination, and if such nominee shall be certified by such Commission as qualified after such non-competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination, but such provisional appointment shall not continue for a longer period than four months, nor shall successive temporary appointments be made to the same position under this rule, nor shall any appointments be made under this rule to any position for which an appropriate list is in existence.

Probationary Appointments

39. Except in the case of veterans of the Civil War, honorably discharged from the military or naval service of the United States, every original appointment to or employment in any position in the competitive class shall be for a probationary term of three months, and an appointing or nominating officer in notifying a person certified to him for appointment or employment shall specify the same as for a probationary period only; and if the conduct, capacity or fitness of the probationer are satisfactory to the appointing officer, his retention in the service, after the end of such term, shall be equivalent to his permanent employment, but if his conduct, capacity and fitness be not satisfactory he may be discharged at the end of such term. Whenever two or more persons appointed from the same eligible list are serving as probationers in the same department, and there is necessity for a reduction of the force of such department, affecting such persons, they shall be preferred for retention in the order of their original standing upon such list.

Promotions

40. (a) Vacancies in positions in the Competitive Class shall be filled, as far as practicable, by promotions of persons holding positions in a lower grade in the department or office in which the vacancy exists.

(b) Promotions shall be based upon merit and competition and the superior qualifications of the person promoted as shown by his previous service, due weight being given to seniority in office.

(c) When it becomes known to the head of a department that there is, or is to be, a vacancy in a position in the Competitive Class in such department or office, it shall be his duty to notify the Civil Service Commission thereof, and at the same time to certify to the Commission the names of all persons in such office or department who have held positions in the next lower grade for a term of six months, together with a record of each of such persons for efficiency, punctuality, attention and general good conduct. If, in the opinion of the Commission, the promotion examination should be open to other persons than those in the next lower grade, it may require the head of the department or office to certify the names of all persons who have for at least six months held positions in two or more successively lower grades in such department or office.

(d) The Civil Service Commission shall forthwith arrange to hold a promotion examination and shall notify the persons entitled to compete therein of the time and place thereof. In case the duties of the position in which there is a vacancy do not require, in the opinion of the Commission, qualifications essentially different from those required for the subordinate positions held by those who have the right to compete in the promotion examination, and in case it is unnecessary, in the opinion of the Commission, to determine the qualifications of persons to fill the vacancy by an examination involving essentially different tests than those required in the examination for original entrance to the position held by the person to be promoted, then in such case the Commission may determine that no promotion examination is neces-

sary and that the person, if any, who by the records kept by the appointing officer appears to have the highest rating for efficiency, punctuality, attention and general good conduct in the discharge of his duties in the subordinate positions shall be promoted to fill such vacancy.

(e) The test of actual service being the main factor in fitness for promotion, there shall be kept in every office continuous and comparative records of efficiency, punctuality, attention and general good conduct of all persons employed therein. Such records shall at all times be open to inspection by the Municipal Commission, and, if the same have been regularly and properly kept, they shall constitute one of the elements in such promotion examination with such relative weight as shall be assigned to them by the Commission. If such records have not been regularly and properly kept, the Commission shall prescribe such tests as may be best calculated to determine the relative merit and fitness of the persons entitled to enter the promotion examination.

(f) The conduct of such examination and the preparation of the eligible list shall be subject to the general provisions of paragraphs 16 to 26, inclusive, and of paragraphs 29-c, 30, 31, 32 and 33.

(g) As provided by the Civil Service Law, an increase in the salary or other compensation of any person holding an office or position within the scope of these rules beyond the limit fixed for the grade in which such office or position is classified, shall be deemed a promotion.

(h) No recommendation of any person for promotion, whether verbal or written, shall be entertained or received, unless made in the ordinary course of duty by his immediate official superiors, and the presentation of any recommendation other than that of such superiors shall be considered an unwarrantable interference with the public service, and the person so recommended may be required to show, before being certified for promotion that such recommendation was not made by his request or connivance.

NON-COMPETITIVE CLASS

41. The Non-Competitive Class shall include the following:

Police Department:

Chief of Police, provided that no person shall be nominated for non-Competitive examination for this position, who shall not be at the time of such nomination a member of the police department of the city of the grade of captain or sergeant.

Fire Department:

Chief Engineer, provided that no person shall be nominated for this position, who shall not be at the time of such nomination a member of the fire department of the city of the grade of assistant chief or foreman.

Court Office:

Provided that no person nominated for competitive examination for this position, who shall not be at the time of such nomination a constable, and further provided that the salary shall not exceed ($30.00) Thirty Dollars per month.

Care Taker:

Municipal Lodging House, provided that the salary paid for this position shall not exceed the prevailing rate paid to unskilled labor by the City of Schenectady.

Method of Examination — Non-Competitive Class

42. Positions in the Non-Competitive Class may be filled by the appointing officer in his discretion in respect to the method of examination. The discretion of the appointing officer in such case shall be limited as follows:

First.— He may select from an eligible list prepared as the result of an open competitive examination, or

Second.— He may name to the Municipal Civil Service Commission three or more persons for competitive examination, and appoint the one graded highest as the result of an examination for merit and fitness, or

Third.— He may provisionally appoint or employ any person named by him, who, upon passing a non-competitive examination set by the Municipal Civil Service Commission, shall be duly certified as qualified to discharge the duties of the position.

43. (a) Whenever a vacancy in the Non-Competitive Class in any department or office is to be filled, the officer having the authority to fill the same shall notify the Municipal Civil Service Commission which of the three methods, in his discretion, under paragraph 42 he selects.

(b) If the choice be by an open competition, the Commission will proceed as for an examination under the Competitive Class in accordance with paragraphs 13 to 23, inclusive, and paragraph 26, and the appointment shall be made in accordance with paragraphs 29 (c) and 30.

(c) If the choice be by limited competition, the officer aforesaid shall name in such notification the persons to be examined. The Commission shall thereupon notify the persons so named of the time and place of the examination, and the examination shall be held in accordance with paragraphs 13 to 23 inclusive, and with paragraph 26. The Secretary of the Commission shall thereupon certify to the appointing officer the name of the one passing the examination with the highest aggregate grade.

(d) If the choice be by appointment of a person to be duly certified by the Commission as qualified, the said Commission will give a certificate of qualification only when satisfied; first, that he is within the limits of age prescribed for the position or employment to which he has been named; second, that he is properly certified as free from any physical defect or disease which is likely to interfere with the proper discharge of his duties; third, that his character is such as to qualify him for such position or employment; and fourth, that he possess the requisite knowledge and ability to enter on the discharge of his official duties. An officer naming a person for examination will at the same time transmit his certificate, that after due inquiry he is satisfied that the character and habits of the person named fit him for the public service, and will append to the certificate such formal vouchers or credentials as to character as he may desire to have considered or to put on file. In the determination of the character or habits of the nominee, the certificate thereof by nominating officer will be considered as essential.

LABOR CLASS

44. The Labor Class shall include the following:

Laborers.
Teamsters.
Carpenters.
Masons.
Barnmen.
Painters.
Blacksmiths.
Tappers.
Caulkers.
Helpers.
Scrubwomen.

Registration and Appointment — Labor Class

45. (a) Applicants for positions under the Labor Class, who produce satisfactory evidence of their capacity for labor and their habits as to industry and sobriety shall be registered in the order of their application. The register shall state (1), the name; (2), the age; (3), residence; (4), citizenship; (5), number and relationship of persons depending for support on the applicant; (6), service in the army or navy in time of war; (7), previous occupation; (8), reference; and such other information as may be required.

(b) When the services of employees in the Labor Class are required, the officer or person having the appointment shall notify the said Commission, stating the number of men wanted, kind of labor for which they are wanted, and the time and place of employment; and the Commission shall thereupon send to the officers or the person making the requisition the names and residences of the number of men called for (if the register contains so many), as provided in Chapter 370 of the Laws of 1899; giving the preference to those who have served in the army or navy of the United States during the late Civil War and have been honorably discharged therefrom.

(c) There shall be separate applications for the different kinds of labor and employment and the Commission may establish separate labor lists for the various institutions and departments. Said Commission shall have power to limit the number of lists upon which an applicant's name shall be registered at the same time. The Commission shall require an applicant for registration for the Labor Service to furnish such evidence as to his fitness, etc., or pass such examination as may be deemed proper by them, not inconsistent with the law.

(d) In the case of the Department of Public Works, the above procedure of (b) shall be modified as follows: A record of new applicants for employment in the Labor Class together with the registration number and address of each applicant and the kind of labor for which application is made shall be sent by the Secretary weekly to the Commissioner of Public Works, stating who, if any, have served in the army or navy of the United States during the Civil War and have been honorably discharged therefrom.

(e) When an appointment is made in the Labor Class the appointing officer shall forthwith return to the Municipal Civil Service Commission the names of those employed, the nature of the employment, and the date of employment. Such appointment must be made from those standing highest on the list for the kind of labor for which the appointment is made.

(f) In case the Commission is unable to fill a requisition for laborers, or in case of any emergency requiring immediate attention, the appointing officer shall have the right to temporarily employ the required number of laborers without reference to registration lists of the Labor Class, provided, however, that those employed shall be citizens, residents of the City of Schenectady; and further provided that the term of such temporary employment shall not exceed two weeks.

(g) In making appointments in the Labor Class the appointing officer shall not require the disclosure of the political or religious preference of the applicants, nor shall he use any method to determine the same.

(h) The Commission may make such rules as may be necessary to identify the registered applicants, and to preserve a record of their conduct.

GENERAL RULES OF THE CLASSIFIED SERVICE

Qualifications as to Residence and Citizenship

46. Every applicant for examination for appointment to any of the positions enumerated in the Competitive or Non-Competitive Class, or for registration for employment in any of the positions enumerated, in the Labor Class, must be a citizen of the United States and an actual resident of the City of Schenectady at the time of his application; excepting applications for examination for appointment as Patrolman, Police Department, and Firemen, Fire Department, who must be citizens of the United States and actual residents of the City of Schenectady for at least one year prior to the date of the examination in which they may participate; provided that such requirements as to citizenship and residence may be specially suspended by the Commission as to any position requiring high professional, scientific or technical qualifications, but all such cases, with the reasons therefor, shall be entered on the records of the Commission opposite the name of the candidate.

Transfers

47. Transfers of clerks and others included in the Competitive and Non-Competitive Classes may be made from one office or department to a similar position in another, by the mutual consent of the heads of such offices and departments; every such transfer must be reported to the Commission for record, within five days from the date thereof. No such transfer shall be permitted from a position enumerated in the Competitive Class to a position in the Non-Competitive Class, unless the person so transferred passes the Non-Competitive examination for such position, or from a position enumerated in the Non-Competitive Class to a position in the Competitive Class, unless the person so transferred has such standing upon a proper eligible list as would

entitle him to original appointment to such position. Upon the written request of an appointing officer stating the essential facts in regard to any proposed transfer the Commission will, if such transfer be in accordance with the law and provisions of these rules, issue its certificate of that fact to such officer, but no transfer herein authorized shall be valid unless such certificate is issued. No transfers shall be allowed when there is an appropriate eligible list for promotion to the position to which transfer is desired or when there are persons eligible to compete for promotion.

Reductions

48. No person filling a position in the Competitive or Non-Competitive Classes of the Classified Service shall be reduced in rank without a public hearing at some definite time and place before the officer having the power of appointment for that position, except when such reduction is necessitated by the abolishment of that position. But any reduction in rank because of the abolishment of the position shall not operate to the prejudice of paragraph 49. Upon the written request of an appointing officer stating the essential facts in regard to any proposed reduction the Commission will, if such reduction be in accordance with the law and provisions of these rules, issue its certificate of that fact to such officer, but no reduction herein authorized shall be valid unless such certificate is issued.

Reinstatement

49. (a) Any person who has held a position by appointment under the Civil Service rules, as the result of examination, and who has been separated from the service through no delinquency or misconduct, on his part, by removal, resignation, suspension, or leave of absence without pay, may be reinstated without re-examination in a vacant position in the same office, department or institution, and in the same group, subdivision and grade, within one year from the date of such separation; or may be appointed within one year from the date of separation from the service, to a position to which he was eligible for transfer; provided that for original entrance to the position proposed to be filled by reinstatement, or appointment, there is not required by these rules, in the opinion of the Commission, an examination involving essential tests or qualifications different from or higher than those involved in the examination for original entrance to the position formerly held by the person proposed to be reinstated or appointed. Absence on leave for more than one year shall be deemed the equivalent of a resignation from the service upon the date of commencement of such absence. A person who is or has been on leave of absence will not be eligible to compete for or to receive promotion, unless otherwise ordered by the Commission until he has resumed the performance of his duties for a period equivalent to the aggregate time of his absence on leave during the twelve months prior to such competition or promotion. In computing period of time under this subdivision, time of active service in the military or naval forces of the United States or of the State of New York, and time of employment in the construction or manufacture of equipment or supplies for such forces, shall not be considered.

(b) If, in any department or institution, an office or position in the Competitive or Non-Competitive Classes of the Classified Service is abolished, *or the number of such positions of a certain character is reduced, and if such office or position be thereafter within one year re-established under the same or any other designation, then the person or persons legally holding the office or filling the position at the time of its abolishment shall be entitled to reappointment to, or reinstatement in, the said office or position without further examination, and such position or office shall not be offered to any other person before being offered to the former incumbent in writing. The appointing officer shall forward to the Municipal Civil Service Commission, copies of all correspondence to and from such former incumbents relative to the reinstatement or reappointment.

(c) Upon the written request of an appointing officer stating the essential facts in regard to any proposed reinstatement the Commission will, if such reinstatement be in accordance with the law and provisions of these rules, issue its certificate of that fact to such officer, but no reinstatement herein authorized shall be valid unless such certificate is issued.

Power of Appointment

50. Subject only to the qualifications required to be ascertained in accordance with these rules, the power of appointment and the responsibility of selection are in all cases in the appointing officer.

Power of Removal

51. The power to remove existing by law on the part of any officer is not impaired by anything contained in these rules, but no person employed in the Competitive or Non-Competitive Classes of the classified service shall be discharged without a public hearing at some definite time and place before the officer in whom is vested the power of appointment, and a complete record of such hearing shall be forwarded to the Municipal Civil Service Commission and shall be kept on file by said Commission.

The removal of veterans of the Civil War, the late Spanish American War and of the insurrection in the Philippines prior to July 4, 1902, and of volunteer firemen who have served the term required by law shall be governed by paragraph 22 of the State Civil Service Law, chapter 15, Laws of 1909, as amended by chapter 264, Laws of 1910, to May 20, 1916.

Political Services or Contributions Not Required

52. No person in the public service is, for that reason, under any obligation to contribute to any political fund or purpose, or to render any political service, and no person shall be removed or otherwise prejudiced for refusing so to do.

---

* By the terms of the City Charter, positions may be established or abolished only by resolution of the Board of Estimate and Apportionment, a copy of which must be deposited with the Municipal Civil Service Commission.

Political Action Unaffected

53. No person in the public service has a right to use his official authority or influence to coerce the political action of any person or body.

Preference for Veterans

54. Honorably discharged soldiers, sailors, and marines from the army or navy of the United States in the late Civil War, who are residents of the City of Schenectady, shall be entitled to preference in appointment and promotion without regard to their standing on any list from which such appointment or promotion shall be made; provided their qualifications and fitness shall have been ascertained as provided in these rules; and the person thus preferred shall not be disqualified from holding any position in the Civil Service on account of his age, nor by reason of physical disability, provided such age or disability does not render him incompetent to perform the duties of the position applied for.

Report of Term of Employment

55. (a) It shall be the duty of each city officer, or board of city officers, appointing or employing an officer, clerk or other persons in the service of the city, forthwith on such appointment or employment to report to the Municipal Civil Service Commission the name of such appointee or employee, the title or character of his office or employment, and the date of the commencement of service by virtue thereof, and forthwith on the termination of such service, to report to said Commission the fact and date and cause of such termination.

(b) The Commission shall keep in its office an official roster of the Classified City Service and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service upon such evidence as it may require or deem satisfactory that such person was appointed to, or employed, promoted or reinstated in the service in conformity with the provisions of law and of these rules. The official roster shall show opposite, or in connection with each name, the date of appointment, employment, promotion or reinstatement, and the title and compensation of the position, date of commencement of service, and the date of transfer in or separation from the service by dismissal, resignation, cancellation of appointment or death.

56. All persons elected or appointed to positions in the service of the City of Schenectady, except laborers, shall take and file Constitutional oath in accordance with the provisions of chapter 574, Laws of 1917.

Certification of Pay Rolls

57. For the purpose of certification of pay rolls, estimates and accounts as required by Rule XXII of the State Civil Service Law, appointing officers and heads of departments of the City of Schenectady, shall furnish the Commission with pay rolls, estimates, accounts and certificates in form and manner as follows:

(a) Heads of departments, boards and offices, whose employees are paid individually direct from the treasury of the city, shall furnish the Commission, at least five days before payment is to be made, a pay roll in duplicate showing the name of each person to be paid, the title of the position held or kind of service performed by each person, the rate and amount of compensation to which he is entitled, and the period for which he is to be paid, and shall certify that the persons named therein are employed solely in the proper duties of the position and employments indicated, and that persons described in and proposed to be paid as laborers are employed at ordinary, unskilled labor only. After examination, correction, if necessary, and certification by the Commission as hereinafter prescribed, such pay rolls shall be transmitted by it to the persons, boards or officers from whom the same were received for payment as required by law, and one of the said duplicates shall accompany the warrant on the Treasurer or other disbursing officer.

(b) For payment for irregular or occasional services, and for advances for salary to regular employees, the head of such a department, board or office, shall transmit to the Commission the original account or a specified pay roll or a request for advance payment in duplicate, bearing his written approval, which approval shall be deemed to be a certificate of the facts required by the preceding section to be certified on the regular pay rolls. Upon examination and certification by the Commission, such account, pay roll or request shall be forwarded to the person, board or office from whom the same was received, and one of said duplicates shall accompany his warrant on the Treasury, or other disbursing officer.

(c) Heads of departments, boards or offices whose employees are paid directly by the departments from funds drawn from the Treasury for that purpose, shall at least five days before making such draft upon the Treasury, furnish the Commission with a pay roll in duplicate, certifying the facts required by section (a) of this rule. After examination, correction, if necessary, and certification by the Commission as hereinafter prescribed such pay roll shall be transmitted by it to the person, boards or officers from whom the same was received, and one of said duplicates, so certified, shall accompany the order or warrant upon the Treasurer.

(d) The Secretary of the Commission shall compare such pay roll, estimate or account for services with the official roster, and if directed by the Commission shall attach thereto, or place thereon, a certificate in form substantially as follows:

I hereby certify that the person (or persons) named in this (pay roll, estimate or account) as employees of the City of Schenectady, containing ..... have been appointed or promoted to or employed in the positions or places indicated, in pursuance of the Civil Service Law and the rules made in pursuance thereof, as shown by the official roster of the Municipal Service, except (here insert names in regard to which the pay roll, estimate or account disagrees with the official roster). The Commission may designate a member or employee who may make certifications in the absence of the Secretary.

(e) Upon satisfactory evidence that, with intent to evade the provisions of law and of these rules, any person appointed to or employed in any position in the Classified Service has been assigned to perform duties other than those for which he was examined and certified, or under any title not appropriate to the duties to be performed, and the Commission may refuse certification of such person for payment, or compensation, and remove his name from the official roster.

RULES AND REGULATIONS FOR THE CIVIL SERVICE OF THE CITY OF TROY

Pursuant to the statutes of the State of New York, the Municipal Civil Service Commission of the City of Troy, N. Y., hereby prescribes the following rules for the regulation of the classified service of the City of Troy, to take effect from the date of their approval by the Mayor of the City of Troy and the Civil Service Commission of the State of New York, revoking all other rules to that end.

Application of Rules

These rules shall apply to all positions in the public service of the City of Troy, except those hereinafter enumerated in the unclassified service.

Rule I. Definition of Terms

The several terms hereinafter mentioned, whenever used in these rules or in any regulations thereunder, shall be construed as follows:

1. Chapter 15 of the Laws of 1909 shall be known as the "Civil Service Law."

The term "State Commission" means the State Civil Service Commission.

3. The term "Commission" means the Municipal Civil Service Commission of the City of Troy, N. Y.

4. The "city service" shall include all offices and positions in the service of the City of Troy, N. Y.

5. The term "appointing officer" signifies the officer, commission, board or body having the power of appointment to subordinate positions in any office, court, department, commission, or board.

6. The term "class" refers to the divisions of the classified civil service based upon the distinctive methods of appointment to the positions comprehended therein.

7. The term "group" refers to the divisions in a class based upon the character of the duties of the positions, without regard to the salaries received.

8. The term "subdivision" refers to the divisions of positions in a group more specially arranged according to details for the purpose of examinations, identical in whole or in part.

9. The term "grade" refers to the divisions of any group or subdivision upon the basis of salary or compensation received.

10. The word "compensation" shall be construed as the annual salary of the position or its equivalent when stated by the day, week or month, and shall include proper commutation for lodging or board when either is furnished at the expense of the city.

11. The term "veterans" refers to honorably discharged soldiers and sailors from the army and navy of the United States, in the late Civil War, who are citizens of this city.

12. The masculine pronoun "he" and its derivatives shall include the feminine pronoun "she" and its derivatives.

13. The term "Laborer" means any mechanic, skilled or unskilled laborer or day workman, employed or seeking employment in a position in the Labor Class.

Rule II. General Provisions

1. The violation of any of the provisions of the Civil Service Law or of these rules by any person in the Civil Service of the city shall be considered a good cause for the dismissal of such person from the service.

2. No person in the Civil Service of the city shall use his official authority or influence to coerce the political action of any person or body; or shall dismiss or cause to be dismissed, or make any attempt to procure the dismissal of, or in any manner change the official rank or compensation of, any person in such service, because of his political opinions or affiliations.

3. No question in any examination, or form of application or other proceedings by or under the Commission or their examiners shall be so framed as to elicit information concerning, nor any other attempt be made to ascertain the political opinions or affiliations of any applicant, competitor or eligible, and all disclosures thereof shall be discountenanced by the Commission and its examiners, and no discrimination shall be exercised, threatened or promised against or in favor of any applicant, competitor or eligible, because of his political opinions or affiliations.

4. No recommendation of an applicant, competitor or eligible involving any disclosure of his political opinions or affiliations shall be received, filed or considered by the Commission, by an examining board, or by any nominating or appointing officer.

5. No appointment or selection to or removal from an office or employment within the scope of any rules established under the Civil Service Law shall be in any manner affected or influenced by any political opinions or affiliations.

6. No person in the Civil Service of the city shall be obliged to contribute to any political fund or to render any political service; nor shall any such person, directly or indirectly, use his authority or official influence to compel or induce any other person in such service to pay or promise to pay any political assessment, subscription or contribution.

7. In making removals or reductions, or in imposing penalties for delinquency or misconduct, in the city service penalties like in character shall be imposed for like offenses and action thereon shall be taken irrespective of the political opinions or affiliations of the offenders.

Rule III. Appointment of Commissioners

There shall be a Municipal Civil Service Commission, which shall be composed of three citizens of the City of Troy, designated and appointed by the Mayor, each of whom shall be known as a Municipal Civil Service Commissioner of the City of Troy, and not more than two of whom shall belong to the same political party.

The Commission shall designate one of its own number as President, and shall appoint a Chief Examiner, who shall act as Secretary. The Chief Examiner may be one of the Commissioners, but otherwise shall be selected after open competitive examination. Such appointee shall keep the minutes of the proceedings of the Commission, all necessary records of applicants, their examination and standing, and a complete record of all persons employed in the several departments and offices to which these rules apply, and shall record all appointments, promotions, transfers, dismissals, resignations and changes of any sort therein, and perform such other duties as the Commission shall assign him. He shall also see that the rules and regulations are complied with and bring any case of their infraction to the attention of the Commission.

Subject to the direction of the Commission the Chief Examiner shall have charge of all matters pertaining to examinations. All questions and tests to be used in any examination shall be first approved by the Commission, and all examination papers shall be marked under the regulations of the Commission. The Commission shall have power, with the consent of the Board of Estimate and Apportionment, to employ such examiners as may be deemed necessary, and such assistants shall act under the direction of the Chief Examiner.

Rule IV. Classification of Positions

The Civil Service of the City of Troy is divided into the unclassified service and the classified service.

1. The unclassified service includes:

First.—All officers elected by the people.

Second.—All election officers.

Third.—The head or heads of any department or office of the city government.

Fourth.—Persons employed in or who seek to enter the public service as superintendents, principals or teachers in the Education Department of the city.

Fifth.—Officers and employes of the Common Council.

POSITIONS IN THE UNCLASSIFIED SERVICE

First.—Officers elected by the people, viz:

Mayor.
Comptroller.
Treasurer.
President of the Common Council.
Aldermen.
Assessors.
Justices of the City Court.

Fourth.— Persons employed in or who seek to enter the public service as superintendents, principals or teachers under the Educational Department of the city, viz:

The superintendent, principals and teachers employed by the Board of Education.

Fifth.— Officers and employees of the Common Council, viz:

The Clerk of the Common Council.
The Messengers of the Common Council.

2. The classified service includes all positions not in the unclassified service. The positions in the classified service are hereby classified into four classes, to be known as the Exempt Class, the Competitive Class, the Non-Competitive Class and the Labor Class.

Rule V. The Exempt Class

The Exempt Class shall include:

First.— The deputies of principal executive officers duly authorized by law to act generally for and in place of their principals.

Second.— One secretary of each officer, board or commission authorized by law to appoint a secretary.

Third.— One clerk, and one deputy clerk if authorized by law, of each court.

Fourth.—Other subordinate offices for the filling of which competitive or non-competitive examinations may be found to be not practicable, but no office or position shall be deemed to be in the Exempt Class unless it is specifically named in such class. Not more than one appointment shall be made to or under the title of any such office or position, unless a different number is specifically mentioned in such schedule.

Fifth.— There shall also be included in the Exempt Class in the event of an epidemic or other similar emergency in which the public health is seriously endangered such experts and special inspectors as the Commissioner of Public Safety may, with the written approval of the Commission, appoint. Such appointments shall, however, continue only during the existence of such epidemic or similar emergency.

The appointments to positions comprised in the Exempt Class may be made without examination under these rules. Appointing officers must notify the Commission in writing of all appointments to such positions within twenty-four hours after the same are made, setting forth the full name of such appointee, the date and place of birth, length of residence in the City of Troy, nature of previous employment, whether he has ever been in official service before, and if so, when and where; date of beginning of service and term for which appointed, salary, and the name of the person in whose place appointed; all of which shall be duly certified by the appointing officer.

Rule VI. The Competitive Class

The Competitive Class shall include all positions for which it is practicable to determine the merit and fitness of applicants by competitive examination, and all such positions now existing, or hereafter created, of whatever functions, designations, or compensation, in each and every branch of the classified service, except such positions as are specifically enumerated in these rules as being in the Exempt Class, the Non-Competitive Class or the Labor Class.

1. The classifications of all positions shall be governed solely by the respective duties and functions of such positions, and in requesting from the

Commission certificates from eligible lists for selection for appointment, the heads of offices shall give in detail the duties attached to such positions, so that certification can be made from the proper eligible list.

2. For the purpose of orderly arrangement and of regulated promotion, the positions in each subdivision of each group shall be divided into grades and based upon the rates of annual compensation, as follows:

Grade 1. All positions, the compensation of which is at the rate of not more than $360 per annum.

Grade 2. All positions, the compensation of which is at the rate of more than $360, but not more than $480 per annum.

Grade 3. All positions, the compensation of which is at the rate of more than $480, but not more than $600 per annum.

Grade 4. All positions, the compensation of which is at the rate of more than $600, but not more than $720 per annum.

Grade 5. All positions, the compensation of which is at the rate of more than $720, but not more than $900 per annum.

Grade 6. All positions, the compensation of which is at the rate of more than $900, but not more than $1,200 per annum.

Grade 7. All positions, the compensation of which is at the rate of more than $1,200, but not more than $1,500 per annum.

Grade 8. All positions, the compensation of which is at the rate of more than $1,500, but not more than $1,800 per annum.

Grade 9. All positions, the compensation of which is at the rate of more than $1,800, but not more than $2,100 per annum.

Grade 10. All positions, the compensation of which is at the rate of more than $2,100, but not more than $2,400 per annum.

Grade 11. All positions, the compensation of which is at the rate of more than $2,400, but not more than $3,000 per annum.

Grade 12. All positions, the compensation of which is at the rate of more than $3,000 per annum.

Rule VII. Application for Examination

1. Applications of competitors for positions included in the Competitive Class must be addressed to the Secretary of the Municipal Civil Service Commission of the City of Troy, at the office of the Commission, in the City Hall in said city. The application must be verified and in the handwriting of the applicant. It must state:

a. His full name and residence, giving street and number.

b. His term of residence in the City of Troy.

c. His citizenship.

d. His age, giving date of birth.

e. His place of birth.

f. His previous employment in the public service, if any, and whether he has ever been discharged therefrom, and if so, the reason therefor.

g. His business or employment and residence for the last preceding five years.

h. The extent, place and nature of his education.

i. If in the military or naval service of the United States in the Civil War, the name of organization, or vessel to which attached, date of enlistment or commission, position or rank, date and cause of discharge from the service, and any physical disability incurred in such service.

j. Such other information must be furnished as the Commission may reasonably require touching the applicant's merit and fitness for the public service. The application must be accompanied by a certificate of a practicing physician of good repute that he has examined the applicant and found him free from any physical defect or disease specified in section 7 of this rule or that would be likely to interfere with the proper discharge of his duties in the position applied for, and by the certificate of not less than three nor more than five reputable citizens of the city that have been personally acquainted with the applicant for at least one year, and believe him to be of good moral character, of temperate and industrious habits, and in all respects fit for the service which he wishes to enter, and that they are willing that such certificate shall be published for public information, and will, upon application, give such further testimonials in regard to such applicant as may be required. The applicant must also state in his application the position he seeks. When the applicant is a non-resident, but eligible for appointment under the provisions of section 2 of this rule, two of the citizens making the certificates herein above referred to may be residents of the applicant's place of residence.

2. Every applicant for examination, or for registration for employment in any of the positions enumerated in the Labor Class, must be a citizen and resident of the City of Troy at the time of his application; provided that such requirements as to citizenship and residence may be specially suspended by the Commission as to any position requiring high professional, scientific or technical qualifications, or as to laborers in the bureau of water works employed without the city limits, but all such cases, with the reasons therefor, shall be entered on the records of the Commission opposite the name of the candidate.

3. In applications for examinations for positions requiring scientific, professional or technical qualifications, the Commission may require evidences of special education for or of practical experience for a satisfactory term in such profession, art or trade; and shall require the production of such certificates of competency and license as are provided by the statutes of this state as necessary to enable the practice of any profession, art or trade.

4. Blank forms for applications will be furnished by the Commission, without charge, to all persons requesting the same. The Commission may require in connection with such application such certificates of citizens, physicians, public officers or others having knowledge of the applicant, as the good of the service may require. The Commission may refuse to examine an applicant, or after examination to certify an eligible, who is found to lack any of the established preliminary requirements for the examination or position for which he applies; or who is physically so disabled as to be rendered unfit for the performance of the duties of the position to which he seeks appointment, or who is addicted to the habitual use of intoxicating beverages to excess; or who has any of the defects or diseases specified in Section 7 of this rule; or who has been guilty of a crime, or of infamous or notoriously dis-

graceful conduct; or who has been dismissed from the public service for delinquency or misconduct; or who has intentionally made a false statement of any material fact, or practiced, or attempted to practice, any deception or fraud in his application, in his examination, or in securing his eligibility or appointment. Any of the foregoing disqualifications shall be good cause for the removal of an eligible from the service after his appointment. When the position to be filled involves fiduciary responsibility, the appointing officer, where otherwise permitted by law, may require the appointee to furnish a bond or other security, and shall notify the Commission of the amount and necessary details thereof. No person who has entered upon any examination for any position shall be entitled to be admitted within one year from the date thereof to a new examination for the same position.

5. Defective applications may be suspended by the Commission and applicants notified to amend the same, but the Commission shall not be compelled to give such notice or grant such opportunity a second time.

6. No application for an examination will be received unless presented at least three days previous to the time noticed for holding the examination. Applications filed within less than five days of an examination will be filed as for the next examination for the same position.

7. No person shall be examined who has any of the following defects: Insanity, tuberculosis, paralysis, epilepsy, blindness, total deafness, loss of speech, loss of both arms or both legs, loss of arm and leg, badly crippled or deformed arms, feet or legs, heart disease, locomotor ataxia, cancer, Bright's disease, syphilis, diabetes.

8. The minimum age of applicants for the position of stenographer or messenger shall be eighteen years. Otherwise, except as herein provided for positions in the Police and Fire Departments, the minimum age of applicants shall be twenty-one years, with no maximum limit.

Rule VIII. Special Requirements — Police and Fire Service

1. All applicants for positions in the Police and Fire Departments shall, in addition to the qualifications elsewhere prescribed in these rules, be subject to the following:

a. Each eye must be free from color-blindness, must have normal sight and be free from defect.

b. Each ear must have normal hearing.

c. Respiration and circulation must be normal.

d. Must have a chest measurement, quiescent, of not less than 34 inches, and a chest expansion of not less than two inches.

e. Arms, legs, hands and feet must be free from stiffness or other condition which would interfere with the proper and easy performance of duty.

f. Must be free from rupture, hernia, vericocele, hydrocele, any venereal disease, fistula, piles, varicose veins evidence of serious organic disease or disorder, and evidence of excessive use of stimulants or narcotics.

g. The weight, muscular development, chest measurement and general physical condition of the applicant must be approximately normal in comparison with his age and height as recognized by general medical standards.

2. Applicants for positions enumerated in the following table must be within the limits of age, height and weight therein prescribed, at time of examination:

3. a. The limitations as to height and weight in the above table with respect to Battalion Chief, Captain or Assistant Captain (Fire), and Engineer, shall not apply to persons in the paid fire service of this city at the time of examination for such positions and who were in such paid service prior to January first, 1906.

b. The limitations as to height and weight in the above table with respect to Police Captains, Detective and Sergeant shall not apply to persons in the police service of this city at the time of examination for such positions and who were in such service prior to January first, 1906.

4. a. Applicants for Chief of Police or Chief Detective must have served for at least three years next preceding the date of examination on the police force of this city.

b. Applicant for Chief Engineer of Fire Department must be an exempt member of the Troy Fire Department, or an active member at the time of examination and for the three years next preceding such examination.

5. The Commission may, by regulation, arrange for promotions and limited competition in the police and fire service.

6. The term "exempt fireman" shall include only such persons who have served the time required by law in the Volunteer Fire Department of the City of Troy, or of any city or village heretofore or hereafter annexed to said city.

7. The physical examination prescribed herein shall be made by such physician as the Commission may designate, and shall be competitive, the rating to be made by the medical examiner. The result of any such examination, entered on a form provided by the Commission, shall be certified by such surgeon or physician, and forthwith filed with the Secretary of this Commission. Such certificate, if approved, shall be filed with the application of the applicant. If the result of such physical examination is approved, the applicant shall be allowed to take the other examinations required, and not otherwise. The certificate of physical examination must be filed at least twenty-four hours before the time appointed for the general examination. Otherwise it will be rejected.

Rule IX. Examinations

1. All examinations shall be public and practical in their character, and shall relate to those matters which shall fairly test the intelligence, competency, suitability and character of the applicants to discharge the duties of the service for which they seek to be appointed. The Commission, with the approval of the State Commission, shall determine when examinations are not practicable in cases relating to the civil service of the City of Troy.

2. In all examinations for appointment and promotion in the civil service of the City of Troy, merit and fitness shall be determined by and upon competitive examinations for all positions in the competitive class, as herein provided, to be conducted by the Commission or its Chief Examiner. Upon all such examinations no rating higher than one hundred per centum shall be given to any person. The minimum rating shall be seventy-five per centum.

3. Whenever physical qualifications are of prime importance to the proper discharge of the duties of any position, applicants must pass an additional examination as to their physical condition and capacity, and be certified as qualified in such respects before their application shall be accepted for mental examination.

4. The Commission shall prepare lists of preliminary requirements and subjects of examination for the several positions and groups of positions in the competitive class, and under its direction and subject to its approval the Chief Examiner shall, from time to time, prepare such examination for the positions and groups of positions aforesaid as shall be pertinent to them, under the provisions of this rule.

5. The Commission may further direct oral examinations or special practical tests of fitness for any particular positions requiring any scientific, professional or technical knowledge or manual skill.

6. The actual conduct of every examination for merit and fitness shall be under the direction of the Commission, free from the interference or participation or influence of the appointing officer or of any person other than the examiners or experts directly employed by the Commission. No person employed in a department for whose benefit an eligible list is to be prepared shall be employed as an expert upon the examination for such eligible list. The Commission shall in the examinations give such relative importance to

the different subjects or matters of examination, whether mental or physical, or to experience, occupation or training as to it may seem fit. At or before the commencement of every examination the weight to be given to every subject included in the examination, and the general or average minimum and the minimum, of any allowable, upon each subject, shall be announced to the applicants.

7. In case of a vacancy in a position in the competitive class where peculiar and exceptional qualifications of a scientific, professional or educational character are required, and upon satisfactory evidence that for specified reasons competition in such special case is impracticable, and that the position can be best filled by the selection of some designated person of high and recognized attainments in such qualities, the Commission may, upon obtaining the approval of the State Commission, suspend the provisions of the rule requiring competition in such case; but no such suspension shall be general in the application to such place, and all such cases of suspension shall be reported to the State Commission in the annual report made to them, with the reasons for the same.

8. Whenever the demands of the service may require, the Commission will notify all applicants whose applications have been filed and are on record, or such number thereof in the order in which their applications were filed as can be examined conveniently at one time, to appear for examination, giving at least three days' written notice of the place, date and hour of such examination. The place, date and hour of examination, and any other material information in regard thereto will be posted on the bulletin of the Commission in the lobby of the City Hall at least fifteen days prior to the date of examination, and the like information furnished to the newspapers of the City of Troy.

Rule X. Eligible List

1. Every candidate who receives a general average marking of not less than 75 per cent., and who has received not less than 60 per cent. in any required subject, shall be eligible for certification and appointment in the manner, and under the conditions, hereinafter prescribed.

The Secretary, as early as practicable after the completion of an examination, shall notify each candidate therein of the rating he has received, and, if such rating be above the required minimum, of his comparative standing. He shall likewise notify any candidate who, though admitted to the examination, has been rejected for reasons other than failure to receive the required minimum, stating such reasons specifically. Any candidate receiving any such notice may personally inspect his examination papers, at any time, during the office hours of the Commission, and in the presence of the Secretary.

2. As soon as practicable after each examination, the Secretary shall enter the names of the persons passing, in the order of their average rating, on the proper list of eligibles; provided that the names of veterans so passing shall be entered, in the order of average rating, at the head of such list. The date of the establishment of a list shall be the date of such entry.

3. When two or more eligibles on a register have the same average percentage, preference in certification shall be determined by the order in which their applications were filed, but neither priority in the date of application nor of examination shall give any other advantage in the position of the eligibles.

4. The Commission may prescribe the character of the distinct eligible lists, designating the positions that may be filled by certification from each of such lists.

5. The term of an eligible list shall be two years from the date of its establishment, except that an eligible list for promotion shall be valid for but one year from such date.

6. Persons whose names appear upon an eligible list shall be notified by mail when a new examination is to be held for the same position and informed that their eligibility will cease upon the establishment of the new eligible list, provided their names have been on the list for one year.

7. Where an examination for any grade is had before the eligible list for that grade is exhausted, a new list shall be prepared after such examination. The persons upon the former eligible list who have not been examined for the new eligible list shall be respectively placed upon the new eligible list in the position to which the percentage of their aggregate marking upon their former examinations would entitle them if such marking had instead been given them upon the new examination, and shall continue thereon until the end of their term of eligibility.

The Commission shall have power, in its discretion and whenever in its judgment the interest of the public service requires, to order a re-examination of applicants for any position, and shall have power to correct any error and amend or revoke any schedule, list or other paper or record where it appears that any error or injustice has been done; or, where any person whose name appears on any eligible list has for any reason become incapacitated for appointment in the public service, to strike such name from said list; provided, however, that after an eligible list is prepared and certified it shall not be altered or revoked except upon notice by mail or otherwise, as the Commission may direct, to all persons whose standing may be unfavorably affected by the alteration. The reasons for every such action shall be recorded in full in the minutes of the Commission.

Rule XI. Appointment to Positions in the Competitive Class

1. Appointments shall be made to or employment shall be given in all positions in the competitive class that are not filled by promotion, reinstatement, transfer or reduction under these rules by selection from the persons graded highest on the most nearly appropriate eligible list resulting from open competitive examination held by the commission, except as herein otherwise provided.

2. Whenever an appointing officer shall request a certification from the Commission for appointment to or employment in any position in the competitive class he shall specify the title, duties and compensation of such position, so that certification may be made from the proper eligible list, or that when necessary a proper eligible list may be prepared as the result of an open competitive examination held for that purpose. The Secretary shall thereupon as soon as practicable certify to the appointing officer for appointment, from the eligible list most nearly appropriate to such position, as it may then exist, the names of the three persons, if there be so many, standing highest on such eligible list, indicating such of them if any, as are honorably dis-

charged soldiers, sailors or marines from the army or navy of the United States in the late civil war, citizens and residents of this state, together with the average percentages and postoffice addresses of such persons. If the appointing officer shall notify the Commission of more than one vacancy at any time, the Secretary shall certify to the appointing officer the names of as many persons as there are vacancies to be filled, with the addition of two names. No person shall be certified from an eligible list more than three times to the same appointing officer for the same or a similar position, except at the request of said officer, unless the person so certified is a veteran, in which case his name shall continue to be certified so long as it remains on the eligible list under these rules. Whenever the sex of those whose names are to be certified is fixed by any law, rule or regulation, or is specified in the request for certification, the names of those of the sex so fixed or specified shall be certified, but in other cases certification shall be made without regard to sex. When an eligible certified for appointment shall fail to accept an offer or appointment, by mail within the four business days next succeeding the mailing of notice of appointment, he shall be deemed to have declined the appointment, and upon proper notice of such fact from the appointing officer the Secretary shall certify from the list an additional name or names to replace the names of persons so declining. An eligible who has declined an appointment on the ground of insufficiency of the salary offered shall not thereafter be certified for a position at the same or any less salary. Whenever one or more eligibles shall have declined any appointment offered and an eligible whose relative standing is lower shall have been appointed to the position, the salary or compensation of such appointee shall not be increased within a period of six months after his appointment beyond that offered to the persons so declining.

3. From the persons whose names are so certified the officer shall make selection to fill the vacancy or vacancies, subject, however, to the provisions of the constitution giving preference in appointment to veterans. Whenever the appointing officer who shall have made a requisition to fill a certain number of vacancies shall appoint a number smaller than that of the vacancies named by him, he shall not make selections from the whole number certified to him but only that number of names standing highest upon the list that would have been certified to him had the requisition stated the number of vacancies which he actually filled. Whenever the eligible list certified contains less than three names, the appointing officer in his discretion may make a selection for appointment from such list or proceed as provided in section four or section five of this rule, subject, however, to the provisions of the constitution giving preference in appointment to veterans.

4. Whenever there are urgent reasons for filling a vacancy in any position in the competitive class, and there is no list of persons eligible for appointment after competitive examination, or the existing list contains less than three names, the appointing officer may nominate a person to the Commission for non-competitive examination, and if such nominee shall be certified by such Commission as qualified after such competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination, but such provisional appointment shall not continue more than ten days after notice to the appointing

officer that an eligible list has been prepared for such position, nor in any case for a longer period than four months.

5. Whenever a vacancy exists in a position in the competitive class, and an open competitive examination duly advertised does not result in an eligible list of at least three names for such position, the head of the office may nominate a person to the Commission for non-competitive examination, and if such nominee shall be certified by the Commissionn as qualified, he may be appointed to fill such vacancy. In case there is a person serving in such a position under provisional examination, and no one applies to compete with him in an open competitive examination duly advertised, the provisional appointment of such person may be made permanent.

6. A person legally holding a position by appointment for a fixed term, may be retained without examination at the expiration of such term upon receiving a reappointment, but otherwise the position shall be deemed vacant for the purpose of choosing his successor.

7. No certification shall remain in force for a longer period than fifteen days. Until such certification has been used by one or more appointments, or terminated, no new certification shall be made for the same position, but the names of the persons certified may be certified for any similar position.

8. If a person who is not entitled to certification is certified and appointed, his appointment, upon due notification from the Commission to the appointing officer, shall be revoked.

9. No person whose name is upon an eligible list may waive his right to certification or appointment except for any one of the following reasons, stating in writing to the appointing officer and the Commission:—

(a) Insufficiency of the salary attached to the position offered; or

(b) Temporary inability, physical or otherwise, to accept the position offered, the proof of which shall be accepted by the Commission. The Commission shall enter upon its minutes the reasons for its action in each such case, and the waiver shall not continue in effect for a longer period than thirty days from the date of certification.

The name of any eligible who shall decline certification or appointment for any reason other than those specified above shall be stricken from the list.

10. When an emergency requires that a position subject to non-competitive examination shall be filled immediately, the appointing officer may select any person available to fill the vacancy and if he forthwith notifies the Commission of such action and within five days nominates a person for non-competitive examination for the vacancy, the account for salary will be certified up to the date when such examination has been held and the appointing officer is advised of the result.

11. When an emergency requires that a position in the competitive class be filled before an appointment can be made from the eligible list the appointing officer shall first request a certification, after which he may fill the vacancy without examination, reporting the name of the appointee forthwith to the Commission, and the salary account will be certified until such time as an appointment is made from the eligible list, such temporary appointment not to continue longer than ten days without approval by the Commission in writing.

12. Except in the case of the veterans of the civil war honorably discharged from the military or naval service of the United States, every

original appointment to or employment in any position in the competitive class shall be for a probationary term of three months, and an appointing or nominating officer in notifying a person certified to him for appointment, or employment, shall specify the same as for a probationary term only; and if the conduct, capacity and fitness of the probationer are satisfactory to the appointing officer, his retention in the service, after the end of such term shall be equivalent to his permanent appointment; but if his conduct, capacity and fitness be not satisfactory he may be discharged at any time.

13. Whenever two or more persons appointed from the same eligible list are serving as probationers in the same department and there is a necessity for a reduction of the force of such department affecting such persons, they shall be preferred for a retention in order of their original standing upon such list.

Rule XII. Promotions

1. Whenever a vacancy occurs in any position in the competitive class above the lowest grade in any group, the Commission shall forthwith arrange to hold a promotion examination limited to those persons who have, for six months or more immediately preceding, served with fidelity in the next lower grade in such group in the same office, department or institution, provided, that if there are no persons who have served with fidelity for six months in the next lower grade, or provided all persons in the next lower grade fail in any promotion examination, then all persons in the second lower grade who have served with fidelity for six months in the same office, department or institution, shall have the right to compete in said promotion examination. On the request of the appointing officer, the Commission may permit persons occupying two or more of the next lower grades to compete for the promotion, reasons for such course being set forth in detail.

2. As provided in the Civil Service Law, an increase in the salary or other compensation of any person holding an office or position within the scope of these rules beyond the limit fixed for the grade in which such office or position is classified, shall be deemed a promotion.

3. No promotion can be made from a position in one class to a position in another class, unless the same be specially authorized by the Commission, but a person employed in any position shall not, because of such appointment, be barred from the open, competitive examination provided for original entrance to any other position.

4. The test of actual service being the main factor in fitness for promotion, there shall be kept in every office continuous and comparative records of the efficiency, punctuality, attention and general good conduct of all persons employed therein. Such records shall, at all times be open to inspection by the Commission, and if the same have been regularly and properly kept, they shall constitute one of the elements in such promotion examination, with such relative weight as shall be assigned to them by the Commission. If such records have not been regularly and properly kept, the Commission shall prescribe such tests as may seem best calculated to determine the relative merit and fitness of the persons entitled to enter the promotion examination.

5. In all promotion examinations for places in the Police and Fire depart-

ments the Commission shall ascertain before each examination the records of each applicant as to good conduct and efficiency, and each such record shall be made a part of the examination and assigned a weight in making up the general average.

6. The appointing officer shall notify the Commission of any vacancy in a position in his office to be filled by promotion, and thereupon after consultation with the appointing officer, the Commission shall direct a competitive examination of those entitled to enter the same under the provisions of this rule, and shall publish the same by notice, giving date and place, posted conspicuously in the office where such vacancy exists, and sent by mail to those eligible to such examination.

7. After consultation with the appointing officer under whom the vacancy exists, the Commission may appoint an examiner. The written part of the examination shall be confined to the duties of the office in which the vacancy occurs, and particularly to the duties of the position to be filled. Due weight will be given to the candidate's seniority and past record in the office, and to any special fitness for the duties of the higher position.

8. No eligible list for promotion shall be valid beyond one year. The Commission shall certify from the eligible list for promotion in the same manner as for certification for original appointment.

9. No recommendation of any person for promotion, whether verbal or written, shall be entertained or received, unless made in the ordinary course of his duty by his immediate official superiors, and the presentation of any recommendation other than that of such superiors shall be considered as unwarrantable interference with the public service, and the person so recommended may be required to show, before being certified for promotion, that such recommendation was not made by his request or connivance.

10. Whenever there are not more than three persons eligible to any promotion the appointing officer may nominate one of such eligible persons who may be promoted upon passing the required examination; but no examination shall be required for promotion to the next higher grade in such a case (1) when the person promoted has qualified in an open competitive examination and his name is upon the appropriate eligible list for the position to be filled in force at the time of the promotion; (2) when the promotion is a mere increase in salary without any change whatever in the duties of the person promoted; (3) When such person entered the service through open competitive examination if there is not required for original entrance to the position to which promotion is sought an examination involving essential tests or qualifications different from or higher than those required for original entrance to the position held by such person.

11. In cases where distinct open competition examinations are customarily held and eligible lists maintained for several grades in the same group, persons who successfully compete in such examinations for grades to which they are eligible to promotion under this rule shall be preferred to certification from the resulting eligible lists over persons not eligible to promotion.

12. Whenever there are more than three persons eligible to any promotion the Commission shall hold a competitive examination of those eligible to said promotion and shall cause notices of the same to be posted conspicuously in the office wherein the promotion is to be made and to be mailed to those eligible to the promotion.

Rule XIII. Transfers

Transfers of clerks and others included in the competitive and non-competitive classes may be made from one office or department to a similar position in another, by the mutual consent of the heads of such offices or departments; every such transfer must be reported to the Commission for record, within five days from the date thereof. No such transfer will be permitted from a position enumerated in the competitive class to a position in the non-competitive class, unless the person so transferred passes the non-competitive examination for such position, or from a position enumerated in the non-competitive class to a position in the competitive class, unless the person so transferred has such a standing upon a proper eligible list as would entitle him to original appointment to such a position.

Rule XIV. Removals

1. Subject only to the qualifications required to be ascertained in accordance with these rules, the power of appointment and the responsibility of selection are in all cases in the appointing officer. The power to remove existing by law on the part of any officer is not impaired by anything contained in these rules.

2. No one removed from the service for misconduct shall be adimtted to examination for appointment in any capacity in any department of the municipal service within two years from the date of such removal.

Rule XV. Reinstatement in Service

Any person who has held a position by appointment under the Civil Service Rules, and who has been separated from the service through no delinquency or misconduct on his part, may be reinstated without re-examination in the same or similar position in the same office and grade, within one year from the date of such separation, provided that for original entrance to the position proposed to be filled by reinstatement there is not required by these rules, in the opinion of the Commission, an examination involving essential tests or qualifications different from or higher than those involved in the examination for original entrance to the position formerly held by the person proposed to be reinstated.

Whenever in any department an office or position is abolished, or whenever the number of positions of a certain character is reduced, or whenever by reason of a lack of appropriation or otherwise it becomes necessary to discharge or suspend one or more of several persons holding the same position, veterans of the Civil War shall be entitled to preference in retention in such positions over other persons.

Persons legally holding such positions at the time of such reduction or discharge shall be entitled to reappointment or reinstatement in the same position or positions if they are thereafter, within one year, re-established under the same or any other designation. The names of such persons shall be entered upon lists of suspended employees and shall remain thereon for a period of one year and upon notice of a vacancy in the same or a similar position in any department, names from such lists of suspended employees shall be certified to the appointing officer in preference to names from the

eligible lists. Preference in certification from such lists of suspended employees shall be given in the following order:

First — Veterans of the Civil War in the order of their separation from the service;

Second — Other persons in the order of their separation from the service.

Persons specified in the first class above mentioned shall be entitled to certification for positions to which they are eligible, in any department, but persons specified in the second class shall be entitled to certification only to the department from which they were discharged.

Rule XVI. Non-Competitive Class

1. The non-competitive class shall include such positions as are not in the exempt class or labor class and which it is impracticable to include in the competitive class.

2. Positions in the non-competitive class may be filled by the appointing officer in his discretion in respect to the method of examination, as follows:

First — He may select from the eligible list prepared as the result of an open competitive examination; or,

Second — He may name to the Commission three or more persons for competitive examination, and appoint the one graded highest as the result of an examination for merit and fitness; or,

Third — He may appoint or employ any person named by him who, upon a non-competitive examination by the said Commission, shall be duly certified as qualified to discharge the duties of the position.

3. Whenever a vacancy in this class in any department, or office is to be filled, the officer having the authority to fill the same shall notify the said Commission which of the three methods, under this rule, he selects; and if the choice be by open competition, the Commission will proceed as for an examination under the competitive class, but if the choice be by a limited competition, or by the appointment of a person to be duly certified by the Commission as qualified, the officer aforesaid shall name in such notification the person or persons to be examined, and thereupon the Commission shall notify the person or persons so named of the time, place and special rules for the examination.

4. Upon the non-competitive examination into the qualifications of a person named for a position in this schedule the said Commission will give a certificate to such person only when satisfied (1st) that he is within the limits of age prescribed for the position or employment to which he has been named; (2nd) that he is properly certified as free from any physical defect or disease which is likely to interfere with the proper discharge of his duties; (3rd) that his character is such as to qualify him for such position or employment; and (4th) that he possesses the requisite knowledge and ability to enter on the discharge of his official duties. An officer naming a person for examination will, at the same time, transmit his certificate, that after due inquiry he is satisfied that the character and habits of the person named fit him for the public service, and will append to the certificate such formal vouchers or credentials as to character as he may desire to have considered or to put on file. In the determination of the character or habits of the nominee, the certificate thereof by nominating officer will be considered as essential.

POSITIONS IN THE NON-COMPETITIVE CLASS

Department of Public Safety:
One chief of police.
One chief detective.
One chief engineer of Fire Department.
One health officer.

Rule XVII. Roster

1. It shall be the duty of each city officer, or board of city officers, appointing or employing an officer, clerk or other person in the service of the city, forthwith on such appointment or employment to report to the Commission the name of such employee, the title or character of his office or employment, and the date of the commencement of his service by virtue thereof; and forthwith, on the termination of such service, to report to said Commission the fact and date and cause of such termination.

2. The Commission shall keep in its office an official roster of the classified city service, and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service upon such evidence as it may require or deem satisfactory that such person was appointed to, or employed, promoted or reinstated in the service in conformity with the provisions of the law and of these rules. The official roster shall show opposite, or in connection with each name the date of appointment, employment, promotion or reinstatement and the office in which he is employed, the compensation of the position, date of commencement of service, and the date of transfer in or separation from the service by dismissal, resignation, cancellation of appointment, or death.

Rule XVIII. Labor Class

REGISTRATION AND APPOINTMENT

1. Applicants for positions under the labor class, who produce satisfactory evidence of their capacity for labor, their physical condition, and their habits as to industry and sobriety, shall be registered in the order of their application. The register shall state (1) the name, (2) age, (3) residence, (4) citizenship, (5) service in the army or navy in time of war, (6) previous occupation, (7) reference; and such other information as may be required.

2. When the service of the employees in the labor class are required, the officer having the appointment shall notify the Commission, stating the number of men wanted, kind of labor for which they are wanted, and the time and place of employment, and the Secretary shall thereupon certify names in accordance with the provisions of Rule XI, subdivision 2.

3. The appointing officer shall forthwith notify the Commission of the persons appointed, with the dates of appointment and the rates of compensation.

4. All registration lists shall expire on the last day of December of each year and a new list shall be established.

5. Vacancies in permanent or season labor positions shall be filled by appointment from list of applicants registered by the Commission. Prefer-

ence in employment from such lists shall be given according to the date of application. The Commission shall require an applicant for registration for the labor service to furnish such evidence or pass such examinations as it may deem proper with respect to his age, residence, physical condition, ability to labor, skill, capacity and experience in the trade or employment for which he applies. Such examination shall be an oral examination, and upon it may be based separate lists of applicants for different kinds of labor or employment. An applicant may be registered on one or more lists.

When the public interests require the employment of one or more persons at common labor for temporary or emergency service, the head of the department may appoint, subject to the previous approval of the Commission, the persons most available and best fitted for such work, without reference to the registration lists, but provided that registered applicants seeking temporary employment, who have notified the Commission of their readiness to serve, shall be preferred. Notice of said appointment, giving the name of the appointee, rate of wages, and the occasion and probable duration of employment, shall be immediately filed in the office of the Commission and the pay-rolls therefor shall be presented to that Commission for certification as in other cases. Such employment shall not be continued for longer than fifteen days without express authorization of such extension by the Commission, and then only for a period or periods of fifteen days. Record of such authorization, with the reasons therefor, shall be made a part of the minutes of said Commission and noted in its annual report to the State Commission.

6. In case the Commission is unable to fill a requisition for laborers, the fact shall be certified to the officer making the requisition, who shall then make the selection under such regulations as the Commission may, from time to time, prescribe.

7. The Commission may make such regulations as may be necessary to identify the registered applicants, and to preserve a record of their conduct.

POSITIONS IN THE LABOR CLASS

1. General laborers.
   Day workmen.
   Teamsters or drivers.
   Gardeners.
   Masons.
   Plumbers
   Carpenters.
   Machinists.
   Painters.
   Cartmen.
   Watchmen.
   Caretakers of parks (gardeners).
   Cleaners of offices or buildings.
   Foremen or time-keepers of gangs of laborers.

2. No position or employment not included in the above list shall be considered as being in the Labor Class, unless it shall be shown satisfactorily to the Commission that such position or employment is clearly that of laborer or day-workman.

Rule XIX. Certification of Pay-Rolls

For the purpose of certification of pay-rolls and drafts and accounts, as required by the Civil Service Law, appointing officers and heads of departments shall furnish the Commission with pay-rolls, accounts and certificates in form and manner, as follows:

1. Heads of departments of offices in the city service whose employees are paid individually direct from the treasury of the city, shall furnish the Commission, at least forty-eight hours before payment is to be made, a pay-roll in triplicate, showing the names of the persons to be paid, the title of the position held or kind of service performed by each such person, the rate and amount of compensation to which he is entitled, and the period for which he is to be paid; and shall certify that the persons named therein are employed solely in the proper duties of the positions and employments indicated, and that persons described as or proposed to be paid as "laborers" are employed at ordinary labor only. After examination and certification by the Commission as hereinafter prescribed, one of such triplicates shall be retained and filed by the Commission, and two of such triplicates shall be transmitted by it to the Comptroller and City Treasurer for further examination and payment, as required by law, and one of said triplicates shall accompany the warrant on the City Treasurer. The Commission may refuse to certify any pay-roll not complying with the provisions of this subdivision.

2. For payments for irregular or occasional services, the head of such a department or office shall transmit to the Commission the original account or a special pay-roll bearing his written approval, which approval shall be deemed to be a certificate of the facts required by the preceding section to be certified on the regular pay-rolls. Upon examination and certification by the Commission such accounts shall be forwarded to the Comptroller and City Treasurer.

3. The Commission, or its duly authorized representative shall compare such pay-roll, draft or account for services with the official roster and shall attach thereto or place thereon a certificate in form substantially as follows:

"It is hereby certified that the persons named in the within pay-roll, draft or account, have been appointed or employed in accordance with the Civil Service Law and the rules made in pursuance thereof.

"Municipal Civil Service Commission."

4. Upon satisfactory evidence that, with intent to evade the provisions of law and of these rules, any person appointed to or employed in any position in the classified service has been assigned to perform duties other than those for which he was examined and certified, or under any title not appropriate to the duties to be performed, the Commission will refuse certification of such person for payment of compensation and remove his name from the official roster.

Rule XX. Regulations

The Commission shall have authority to prescribe and enforce suitable regulations for carrying into effect the provisions of these rules and those of the Civil Service Law and of Section 9, Article V, of the Constitution, not inconsistent therewith; and shall prescribe blank forms for all applications, certificates, reports, records and returns required under these rules and the regulations made in pursuance thereof.

REGULATIONS

I. Applications

1. Blanks may be procured from the Secretary of the Municipal Civil Service Commission, City Hall, Troy, N. Y.

2. Applications for examinations may be filed at any time, but unless received by the Secretary at least three days prior to the time for holding the examination, they will not be accepted for that examination, but will be filed as for the next examination of the kind to be held.

3. An application shall be good only for one examination, and no application shall be kept on file for longer than one year from the date of its receipt.

4. No person will be admitted to an examination who has not previously filed the proper application for the particular examination which he seeks, on the form furnished by the Commission.

5. No application will be received if the certificates as to character and standing are signed by any person who is an office-holder or employee of the City of Troy.

II. Examinations

1. All examinations shall be written in ink, except whenever an oral examination shall be prescribed by the Commission, a stenographic record of the oral questions and answers shall be made and the transcript thereof shall be preserved with the examination papers or report.

2. The time within which an examination must be completed will be announced prior to the commencement of the examination.

3. If a candidate leave the examination room before completing his answers, he shall not be allowed to return and complete the same.

4. All conversation or communication between competitors, and the copying of any answer from the paper of another competitor, is strictly prohibited. A violation of this rule will be sufficient cause for cancelling the papers of the persons guilty of the offense.

5. In order to properly identify competitors, each person presenting himself for examination shall fill out an "Identification Sheet" on which he shall state the essential facts contained in his application paper. Each such sheet shall bear a different number which shall be used to designate the examination papers of the competitor. The name of the competitor shall not appear on his examination papers except on the declaration sheet.

The candidate shall place his examination number at the head of each sheet of answers, and in signing any letter or other paper required in the examination, shall use his number and not his name. Any paper bearing the name of a candidate shall be rejected.

III. Marking and Grading of Examination Papers

1. So soon as practicable after an examination the papers of the competitors shall be marked and the general average of each ascertained. Such marking and ascertaining shall be under the direction of the Chief Examiner, and, so far as practicable, shall be made at the office of the Commission.

2. The marking of each competitor's papers shall be made on the scale of 100, which maximum shall represent the highest attainable accuracy, and 0 shall represent entire ignorance. The average of the marking of the several answers upon any one subject shall be the standing on that subject.

3. The absolute or general average standing of each competitor will then be made up in form substantially as follows, in accordance with the respective weights accorded to the subjects:

Examination of .....

SUBJECTS	Relative weights	Standing on subjects	Products
Spelling	1	80	80
Arithmetic	1	100	100
Knowledge of duties	6	90	540
Experience	2	80	160
Total weight and product	10	.....	880
General average standing	.....	.....	88.

It will be observed that the standing on each subject is multiplied by the weight given that subject and the product placed in the third column, and the sum of these products, divided by the sum of the weights, gives the general average standing.

4. Within five days after the filing of the report of any competitive examination, each competitor will be advised by mail by the Secretary of the Commission as to the result of his examination and his relative position on the eligible list.

5. A competitor receiving such notice may, in person or by duly authorized agent, in the presence of any officer of the Commission, inspect his examination papers, and if, in his opinion, injustice has been done him, he may, within fifteen days after the receipt of notice, appeal specifying particularly the cause of complaint. Such appeal will be considered and, if sustained by the Commission, a revision of the rating of the appellant's papers will be made.

7. The table of subjects and weights for any position shall be agreed upon at the time of the calling of the examination by the Commission and shall be included in the notice of examination for such position.

IV. Limited Competition

1. The following positions in the Police and Fire Departments shall be deemed promotion positions, under the provisions of Rule XII, and competition therefor shall be limited as herein set forth:

Police Department —
Captain, limited to Sergeants and Detectives.
Detective, limited to Sergeants and Patrolmen.
Sergeants, limited to Patrolmen.

Fire Department —
Engineer of Steamer, Captain or Assistant Captain, Battalion Chief } Limited to active or exempt members of Troy Fire Department.

2. Unless otherwise provided in the rules, all other positions in the Police and Fire Departments shall not be deemed promotion positions, and competition therefore shall not be limited to any class of persons, except as the qualifications for some such position may require particular skill or education.

3. The positions of tillerman, ladderman and hoseman, being in the same grade and group, shall be interchangeable, and but one eligible list shall be maintained for all three of them.

The foregoing rules adopted May 1, 1917.

JOHN J. HEALY,
GEORGE J. ANDERSON,
JAMES N. BUSSEY,
Municipal Civil Service Commission, Troy, N. Y.

Attest:
FRANK M. COLLINS,
Secretary.

The following resolution was adopted by the Municipal Civil Service Commission February 1, 1917, and approved by the Mayor February 16, 1917:

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, paragraph 3 of Rule XIII, of the Rules of the Municipal Civil Service Commission, be and the same hereby is amended to read as follows: "3. A person who has been removed or otherwise separated from a permanent competitive position for any cause other than fault or delinquency on his part shall be eligible for reinstatement without examination, at any time within one year from the date of such separation, in a vacant position in the same class and grade, provided that for original entrance to such position there is not required by these rules, in the judgment of the Com-

mission, an examination involving tests or qualifications different from or higher than those involved in the examination for appointment to the position formerly held by such person. A person who has resigned from a permanent competitive position may be similarly reinstated, provided the head of the department, office or institution from which he resigned shall certify that at the time of resignation his services, conduct and character were satisfactory. But no person shall be so reinstated who at any time within a year prior to the date of his separation from the service had been eligible for reinstatement as a suspended employee.

The Commission may in its discretion extend the period during which reinstatement may be made under this clause where the person seeking reinstatement resigned his position in order to serve in the Army or Navy of the United States in time of war, and has received an honorable discharge therefrom.

(Approved February 21, 1917.)

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commision, Rule XV (promotion) of the Rules of the Municipal Civil Service Commission, be and the same hereby is amended by changing clause 12 to read as follows: "12. Part IX — The Prison Service — Persons who shall have served with fidelity for not less than five years in grade 1 shall be eligible for examination for promotion to grade 2. Persons who shall have served at least two years in grade 2 shall be eligible for promotion to the next higher grade."

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, Rule XV (promotion) of the Rules of the Municipal Civil Service Commission be and the same hereby is amended by the changing clauses 21 and 22 to read as follows: "21. To provide a basis for rating previous service each department shall submit to the Commission every

four months, on such dates as the Commission shall direct, a report regarding the comparative efficiency and conduct of every person reguarly and permanently employed in such department, in a position in the competitive class (except persons employed in the uniformed forces of the police and fire departments). Such reports shall be known as 'service records' and shall be made on forms prescribed by the Commission, and the entries thereon shall be made with reference to such factors and in such terms as the Commission may, by resolution duly recorded in its minutes, direct." "22. Service records shall be based upon reports submitted by the superior officer most closely in touch with the work of the employee rated, and shall be prepared in each department by such superior officers or employees of the department and such committees or boards therein as may be designated by the appointing officer of such department for that purpose, subject to confirmation by the Commission, and pursuant to such general plan as the Commission may prescribe. A duly authorized representative of the Commission shall be a member without vote of every committee or board which may be established in any department for the purpose of preparing or reviewing service records. Upon submission of the service records of a department to the Commission, the Commission shall cause an examination to be made thereof and in the course of such examination, shall have power to examine the original records of the department. The Commission shall have power to change or amend any service record submitted to it where it shall find that the statements of recommendations made therein are not warranted, or that the records do not contain a true and fair account of the comparative efficiency of the several employees whose names appear therein; but no record shall be changed or amended by the Commission unless due notice has been given to the department that such change is proposed and an opportunity afforded the department to appear before the Commission in regard thereto. Where a change is made the reason therefor shall be given in writing to the department concerned. No service record shall be used as a basis for rating previous service in a promotion examination until approved by the Commission. Every officer or employee shall have the right, pursuant to such regulations as may be adopted by the Commission, to inspect his own service record prior to its submission to the Commission, and to apply to the department for a revision thereof, and to inspect his own service record after its submission to the Commission and to apply to the Commission for a revision thereof. The Commission shall have power to provide for the right of inspection by each employee of the service records of other employees in his department, holding the same title or performing similar work. For periods of service prior to the establishment of service records, or in the absence of such records, rating for previous service shall be based upon such certification as the Commission may require.

Whereas, the City of Rochester has taken over for its own operation the Garbage Reduction Plant heretofore conducted by private enterprise, and and whereas the office of superintendent of the garbage plant is a position where peculiar and exceptional qualifications of a scientific and professional character are required and that the present incumbent, James Harrison, by his years of experience in charge of said plant and his intimate knowledge of the machinery and apparatus required in the operation thereof is most desirable for this position by reason of his high and recognized attainment in such qualities and that for such reasons competition is impracticable and it is for the best interest of the City of Rochester that competition is impracticable in this special case and that the position can be best filled by the selection of James Harrison as Superintendent of the garbage reduction plant, therefore, be it

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, the provisions of the rule requiring examination and com-

petition be suspended in accordance with the provisions of Rule XVII of the Civil Service Rules of the City of Rochester and in accordance with provision of section 15, subdivision 2, of the Civil Service Law of the State of New York, and that the said position be filled as set forth herein.

(Approved February 21, 1917.)

The following resolution was adopted by the Municipal Civil Service Commission February 26, 1917, and approved by the Mayor March 6, 1917:

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, Rule XXXIX, of the Civil Service Rules of the City of Rochester, be and hereby is amended by adding to the list of positions in the Competitive Class in the Department of Public Works, under street and sewer, the following: "Engineer and assistant superintendent, garbage reduction plant; foreman at garbage reduction plant; engineer at sewage disposal plant; complaint adjusted."

(Approved March 15, 1917.)

Rome

The following resolution was adopted by the Municipal Civil Service Commission and approved by the mayor December 4, 1917:

Resolved, That Rule VII of the rules and regulations for the Civil Service of the City of Rome be amended to read as follows:

Whenever the demands of the service may require, the Municipal Civil Service Commission will notify the different applicants, or such number

thereof as can be examined conveniently at one time, to appear for examination, giving at least five days previous notice of the place, date and hour of said examination. The place, date and hour of said examination shall be conspicuously posted on the Bulletin Board at the City Hall at least five days previous to the date when the said examination is to be held, and when deemed expedient advertisement of examination shall be made in the official newspapers of the City of Rome, for such length of time as the Municipal Commission deems advisable; but the notice posted on the Bulletin Board at the City Hall shall be the only public notice of such examination required.

(Approved December 14, 1917.)

Schenectady

The following resolution was adopted by the Municipal Civil Service Commission April 24, 1917, and approved by the mayor May 1, 1917:

Whereas, it is necessary for the City Judge of the City of Schenectady to appoint a court officer, and whereas it is desired that this appointment shall be made from one of the constables, and whereas, the position has been created by the Board of Estimate and Apportionate at a salary of $240 per annum, and it would be impracticable to hold an examination for a position paying such low salary; therefore be it

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, this position be included in the Non-Competitive Class as long as the salary does not exceed $30 per month and as long as the appointments are limited to constables.

(Approved May 16, 1917.)

Yonkers

The following resolutions were adopted by the Municipal Civil Service Commission January 25, 1917, and approved by the mayor:

Resolved, That Rule II of the Municipal Civil Service Rules be amended so as to read as follows: "For the purpose of ascertaining the merit and fitness of persons seeking or named for positions in the departments and offices of the municipal government to which these rules apply, there shall be a Municipal Civil Service Commission which shall be composed of three residents of the City of Yonkers, designated and appointed by the mayor, each of whom shall be known as a Municipal Civil Service Commissioner of the City of Yonkers, and not more than two of whom shall belong to the same political party. The mayor may at any time, by filing with the city clerk a written notification of the change, appoint another citizen in the place of any one so designated, and each member of such Commission shall be paid such a salary as may be fixed by the Board of Estimate and Apportionment.

The Municipal Civil Service Commission shall designate one of its own number as president and shall appoint a chief examiner, who shall also act as secretary and be paid such salary as shall be fixed by the Board of Estimate and Apportionment. The chief examiner may be one of the commissioners, but otherwise shall be selected after open competitive examination. Such appointee shall keep the minutes of the proceedings of the Commission, all necessary records of applicants, their examination and standing, and a complete record of all persons employed in the several departments and offices to which these rules apply, and shall record all appointments, promotions, transfers, dismissals, resignations and changes of any sort therein, and perform such other duties as the Commission shall assign him. He shall also see that the rules and regulations are complied with and bring any case of their infraction to the attention of the Commission.

Subject to the directions of the Commission the chief examiner shall have charge of all matters pertaining to examinations. All questions and tests to be used in any examination shall be first approved by the Commission and all examination papers shall be marked under the regulations of the Commission. The Municipal Civil Service Commission shall have power, with the consent of the Board of Estimate and Apportionment, to employ such assistant examiners as may be deemed necessary, and such assistants shall act under the direction of the chief examiner.

And it is further Resolved, That the State Civil Service Commission be requested to conduct an open competitive examination for the position of

secretary and chief examiner of the Municipal Civil Service Commission of the City of Yonkers.

(Approved February 21, 1917.)

Hoseman, bureau of fire	April 6, 1917
Dental inspector, bureau of education	December 3, 1917
Janitor, bureau of education	December 12, 1917

During the year laborers were appointed as follows:

Position	Number registered	Number appointed
Park laborers	65	19
Street laborers	133	38
Water laborers	83	31
Miscellaneous laborers	89	18

The Commission report 5 appointments to Exempt positions; 78 to Competitive positions; 3 Competitive removals; 4 Exempt resignations and 14 Competitive resignations.

The following promotions were made as the result of examination:

Position	Number promoted	Salary
Sergeant, bureau of police	1	$1,250
Permanent hoseman, bureau of fire	0	900
Engineer of steamers, bureau of fire	3	1,250
Fireman of steamers, bureau of fire	3	1,100
Chief sanitary inspector, bureau of health	1	1,250

The provision of the law giving preference to veterans has been strictly complied with by appointing officers.

The Commission by its secretary and clerk, has examined and, where found correct, has certified to payrolls and accounts for services which come under its jurisdiction. Such payrolls and accounts are submitted to the Commission which after examination and certification transmits the same to the comptroller of the City of Albany.

All disbursing officers of the city require the certification of the Commission upon all payrolls and accounts for services which come under the jurisdiction of this Commission.

The Commission has a complete roster of all city employees showing name, title of position, date of appointment and salary.

HOWARD N. FULLER,
JOHN J. McCALL, *Secretary.*
Municipal Civil Service Commission.

Amsterdam

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Law of 1909), the Municipal Civil Service Commission of the City of Amsterdam respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation per annum
John P. Newkirk	Credit-man	Jan. 1, 1916	$125
Edwin H. Vosburgh		Jan. 1, 1917	125
Louis Gregar	Collector	Jan. 1, 1916	125

Albert J. Themm appointed January 1, 1916, acts as secretary to the Commission, receiving salary of $300 per annum.

Nineteen meetings were held during the year.

There are 24 persons in the Unclassified service and the Classified service is sub-divided as follows; Exempt 5; Competitive 79; Non-Compjetitive 5.

Seventy-two laborers were employed during the year.

Four open Competitive examinations were held as follows:

Position	Passed	Failed
Steam roller operator	1	0
Janitor, public schools	2	0
Fireman, public safety department	5	1
Chauffeur, fire department	1	0

The small number of candidates is due to the abnormal demand for labor occasioned by the war and the fact that higher salaries are paid by private concerns.

Notice of time and place of receiving applications and holding competitive examinations is given by advertisement in local newspapers; also by publication on bulletin board in city building, one week prior to examination.

Examination papers are prepared and rated by the Commission; applications, examination papers, ratings and eligible lists are on file and open for inspection of appointing officers.

There were no non-competitive nor provisional examinations held during the year.

One hundred and sixty-one laborers were registered in accordance with provision of the law and 72 were appointed.

The Commission reports 5 appointments to Competitive positions and 3 Competitive resignations. There were no appeals from ratings nor exceptions from examinations.

The provision of the law giving preference to veterans has been strictly complied with by appointing officers.

All payrolls and accounts for services are reviewed and certified by the secretary of the Commission after comparison with official roster.

The Commission has a complete roster of all city employees showing name, title of position, date of appointment and salary.

JOHN P. NEWKIRK,
LOUIS GREGOR,
EDWIN H. VOSBURGH,
Municipal Civil Service Commission.

ALBERT J. THEMM,
Secretary.

Auburn

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (Chapter 15, Laws of 1909), the Municipal Civil Service Commission of the City of Auburn respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation per annum
George M. Lounsbury	Bookkeeper	Jan. 3, 1916	$100
Michael J. Mulvey	Foreman	Jan. 3, 1916	100
Joseph F. Blumerick	Piano maker	Jan. 1, 1916	100

Frank B. Pramer appointed January 3, 1916, acts as secretary to the Commission, receiving salary of $200 per annum.

The Commission held 45 meetings during the year.

There are 54 persons in the Unclassified Service and the Classified service is subdivided as follows: Exempt 18; Competitive 146; Non-Competitive 10.

Fifty-five laborers were employed during the year.

Open Competitive examinations were held for the following positions:

Position	Passed	Failed
Sanitary inspector of the water shed of Owasco lake (2)	15	24
Fireman, water department	3	0
Policeman	8	7
Captain, fire department	14	0
Fireman, fire department	8	0
Janitor, board of education	5	0
Callman, fire department	5	0
Superintendent of buildings, board of education	1	0
Assistant chief, fire department	2	0
Leak and waste inspector, water department	2	0

Lack of competition for the last three examinations was due to the high requirements necessary.

Notice of time and place of receiving applications and holding competitive examinations is given by advertisement in the two daily papers; also by posting on bulletin board at the city hall.

Notice is sent applicants by mail notifying them of the time and place of examinations.

Examination papers are prepared and rated by the Commissioners, assisted by the secretary.

All applications, examination papers, ratings and eligible lists are preserved in accessible files and open for inspection of appointing officers.

There were no non-competitive examinations held during the year.

During the year provisional examinations were held for the positions of superintendent of buildings, board of education; sanitary inspector of the water shed of Owasco Lake and fireman of the water board and open competitive examinations were subsequently held in each case.

There were 146 laborers registered during the year all of whom were appointed.

Commission reports one exempt appointment; 18 Competitive appointments; one exempt resignation and 12 Competitive resignations.

Promotions were approved during the year after promotional examinations as follows: captain to assistant chief, fire department, salary $1.100 to $1,200 per annum; fireman to captain, fire department, salary $1,000 to $1,100 per annum; callman to fireman, fire department, salary $200 to $1,000 per annum.

There was one appeal from ratings given in examination for sanitary inspector of the water shed of Owasco Lake, and a new examination was held.

The provision of the law giving preference to veterans has been strictly complied with.

Provision of the law regarding certification of payrolls and accounts for services has been complied with, all payrolls being checked with the roster, by the secretary of the commission. The only persons excepted from this rule are school teachers, clerks and other office employees of the board of education.

The provision of the law regarding registration of laborers has been complied with.

The Commission has a complete roster of all city employes showing name, title of position, date of appointment and salary.

GEORGE N. LOUNSBURY,
JOSEPH F. BLUMERICK,
MICHAEL J. MULVEY,
Municipal Civil Service Commission.

FRANK B. PRAMER,
Secretary.

Batavia

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the City of Batavia respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation per annum
L. C. Case	Produce man	Jan. 1, 1917	$50
C. F. Prescott	Jeweler	Jan. 1, 1916	50
W. A. Hale	Clerk	May 1, 1917	200

The only employee is Dr. V. M. Rice, examining physician, appointed April 1, 1915. He is compensated at the rate of $2.00 for each person examined.

The Commission held 12 meetings during the year. There are 35 persons in the Unclassified Service and the Classified Service is sub-divided as follows: Exempt, 6; Competitive, 50.

Five competitive examinations were held during the year as follows:

Position	Passed	Failed
Paid fireman	3	0
Patrolman	4	1
Engineer	6	1
Fireman	3	0
Janitor	4	0

Lack of competition in case of fireman and paid fireman is due to low compensation.

Notice of time and place of receiving applications and holding competitive examinations is given by publication in one issue of city newspaper; also by posting 10 days in advance of examination on bulletin board in city clerk's office; examination papers are prepared and rated by the Commisssion and all applications, examination papers, ratings and eligible lists are preserved in accessible files and open to public inspection.

There were no non-competitive nor provisional examinations held during the year.

The provision of the law regarding registration of laborers has not been complied with as laborers are hired by the superintendent of public works from time to time as the occasion demands.

The Commission reports 2 exempt appointments; 11 competitive appointments and 5 competitive resignations.

The provision of the law giving preference to veterans has been complied with.

The provision of the law has been complied with regarding certification of payrolls which are reviewed and certified by the secretary of the Commission after comparison with the official roster.

Accounts for services of all persons are paid after certification by the Commission with the exception of those engaged in contract work.

The Commission has a complete roster of city employees showing name, title of position, date of appointment and salary.

L. C. CASE,
C. F. PRESCOTT,
WILLIAM A. HALE, *Secretary,*
Municipal Civil Service Commission.

Beacon

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the City of Beacon respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation per annum
L. H. Whittemore (Pres.)	Real estate dealer	Aug. 8, 1913	None
Frank Knapp	Clothier	June 19, 1916	None
Robert A. Nerrie (Sec.)	Clerk	Aug. 8, 1913	$100

The Commission held three meetings during the year.

There are six persons in the Unclassified Service and the Classified Service is sub-divided as follows: Exempt, 5; Competitive, 30; Non-Competitive, 1.

The provision of the law regarding registration of laborers has been complied with, 51 laborers being employed during the year.

There were 5 competitive examinations held as follows:

Position	Passed	Failed
City nurse	2	1
School nurse	1	0
Chauffeur, city truck	3	0
Chauffeur, fire auto hose wagon	1	0
Police, patrolman	5	2

In the case of school nurse lack of competition was due to low salary; one competitor in the examination for chauffer, city truck was rejected because he was below age limit; there was only one competitor in examination for chauffer fire auto hose wagon, probably because general opinion in the city was that this man, if competent, was entitled to the position because of long service as driver of horse drawn wagon.

Ten days' notice of time and place of receiving applications and holding Competitive examinations is given.

Papers are generally prepared and rated by the Municipal Commission but in special cases, papers are sent to the State Civil Service Commission for rating.

All applications, examination papers, ratings and eligible lists are kept in accessible files and are open for inspection of appointing officers.

Provisional examination for the position of school nurse was held during the year and open competitive examination subsequently held.

Commission reports five appointments to competitive positions.

There was one exception from examination for position of stenographer to superintendent of schools.

The provision of the law regarding certification of payrolls and accounts for services has been complied with, all payrolls being reviewed and certified by the secretary.

The Commission has a complete roster of all city employees showing name, title of position, date of appointment and salary.

LOUIS H. WHITTEMORE, *President,*
FRANK R. KNAPP,
ROBERT A. NERRIE, *Secretary,*
Municipal Civil Service Commission.

Binghamton

During the year there were no exceptions from competitive examinations under the provisions of section 15, paragraph 2 of the Civil Service Law.

The provisions of law giving preference to veterans has been complied with.

The provisions of the law regarding certification of payrolls and accounts for services have been strictly complied with. All payrolls and accounts for services are reviewed and certified by the pay roll clerk before being certified to by the Commission.

A card system is used in reviewing the pay rolls, the cards being arranged in the same order as the names appearing on the payrolls. Each card contains the name, title of position, department, salary, date of appointment and such other information as may be necessary to have a complete record of every person whose name appears upon a pay roll.

Superintendents, principals and teachers in the public schools, and election officers are the only employees exempt from certification by the Commission.

The provisions of law regarding registration of laborers have been complied with.

The Commission has a complete roster of all the city employes showing name, title of position, date of appointment and salaries, which in conjunction with other records of the Commission, are sufficiently complete so as to make it possible to establish the legality of all persons now in the classified service.

Municipal Civil Service Commission.

ALBERT O. ALLGEYER, *Secretary.*

Canandaigua

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the City of Canandaigua respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation
F. A. DeGraff (chairman)	Merchant	Jan. 1, 1914	None
F. A. Christian	Attorney	Jan. 1, 1914	None
M. D. Dugan	Merchant	Jan. 1, 1914	None

Mr. William N. Brooks is secretary of the Commission.

In answer to question as to number of meetings held during the year the Commission states "when necessary."

There are three persons in the Unclassified Service. The Classified Service is sub-divided as follows: Exempt, 5; Competitive, 15; Non-Competitive, 5.

One open competitive examination was held during the year for the position of patrolman, police department and chauffeur, fire department. There were two applicants for each examination both of whom passed. Lack of competition was due to low salary.

Notice of time and place of receiving applications and holding examinations was given by publishing in the official papers and by posting in conspicuous places.

Examination papers are prepared and rated by Civil Service Commissioners. All applications, examination papers, ratings and eligible lists are on file and open to the inspection of the public at all times.

The Commission reports two competitive appointments and two competitive resignations.

The following promotions were approved during the year: janitor, city hall, from $50 to $60 per month; patrolman, from $60 to $70 per month; patrolman, from $60 to $65 per month; and driver, fire department, from $58.33 to $65 per month.

The provision of the law giving preference to veterans has been strictly complied with.

All payrolls and accounts for services are certified by the secretary and reviewed by the Civil Service Commission before approval.

The provision of the law regarding registration of laborers has not been complied with, laborers being hired as emergency requires.

The Commission has a complete roster of the classified and unclassified service.

FRANK A. DEGRAFF,
FRANK A. CHRISTIAN,
MICHAEL D. DUGAN,
Municipal Civil Service Commission.

WILLIAM N. BROOKS, *Secretary.*

Cohoes

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the City of Cohoes respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation
Arthur J. Nelson (Pres.)	Bookkeeper	Jan. 6, 1914	None
Arthur Symper	Bookkeeper	Jan. 6, 1914	None
Daniel O'Neill	Merchant	Jan. 6, 1914	None

George W. Andrew, appointed December 7, 1909, is secretary to the Commission, receiving a compensation of $300 per annum.

During the year 14 meetings were held.

There are 307 persons in the Unclassified Service and the Classified Service is subdivided as follows: Exempt 1; Competitive 76; Noncompetitive 8.

Open Competitive examinations were held during the year for the position of health officer, department of health, and medical inspector, department of education.

The Commission held two examinations for the position of health officer, there being but one applicant each time. There was but one applicant for the position of medical inspector and in both of these cases, the Commission states that reasons for lack of competition was unknown.

Notice of each and every competitive examination is given on the form of poster furnished by the State Civil Service Commission, and the wording of the poster, eliminating subjects and weights, is also used as a paid advertisement and published in the city daily newspapers; at the same time a news item is run calling attention to the examination, all of the foregoing being done at least ten days prior to the date fixed for holding each examination.

A typewritten circular is prepared for each examination and a copy thereof issued with each application blank. Said posters and circular contain all the facts and information recommended by the State Civil Service Commission, and distribution is made by posting in a conspicuous place in the Civil Service room, in the departments interested, in the post office and on the bulletin board in the city hall building.

Examination papers are prepared by or under the direction of the Municipal Commission, and all examination papers are marked and rated by the Commissioners. The secretary of the State Civil Service Commission also renders material aid in this respect as often as called upon by the local Commissioners and secretary.

All applications, examination papers, and eligible lists are preserved in accessible files and open to inspection of the appointing officers.

There were two non-competitive examinations for the positions of district physician. In each case there was one candidate, who passed.

Provisional examinations were held for the following positions:

Clerk, department of finance.

Paving inspector (3) department of public works.

Health officer (2) department of health.

Medical inspector department of education.

Competitive examinations for the position of health officer and medical inspector were subsequently held. The Commission did not hold competitive examinations for the position of clerk and paving inspector as these positions were of a temporary character.

There were 24 laborers registered during the year; 23 of these being employed.

The departments of health and public works, pursuant to Rule XXVI, employed men at common labor, for temporary service, occasioned by the need of men to perform unskilled labor for periods not exceeding fifteen days. There were no registered labor applicants for said departments seeking temporary employment who had notified the Commission of their readiness to serve.

The Commission reports 3 competitive appointments; 2 non-competitive appointments; 2 competitive removals and one competitive resignation.

The provision of the law giving preference to veterans have been complied with.

All payrolls and accounts for services are reviewed and certified by the clerk acting as secretary of the Commission after comparison with official roster, with the exception of those in the Unclassified Service.

The Commission has a complete roster of all city employees showing name, title of position, date of appointment and salary.

New York

To the State Civil Service Commission, Albany, N. Y.:

Gentlemen.— We have the honor to submit herewith the report of the Municipal Civil Service Commission of the City of New York for the year 1917:

The present Commission as organized on January 1, 1914, continued without change in its personnel until October 15, 1917, when Dr. Moskowitz resigned the presidency of the Commission to take up the important duties of Commissioner of Public Markets and was succeeded by Honorable Benjamin Patterson. There has, therefore, been a continuing Commission for practically the entire term of the present administration. This has made possible the introduction and development of definite lines of effort toward reorganization and improvement of civil service procedure in this city. Not all of the plans that the Commission contemplated have been carried out but it is believed that certain definite realizations have been accomplished which are and will continue to be of value to the Civil Service of the city.

Summary of the Work of the Years 1914-1917

The jurisdiction of the Commission extends over more than 50,000 employees performing all classes and grades of work. All but a few hundred are subject either to competitive or qualifying examinations held by the Commission. The number of employees under the jurisdiction of the Commission has slightly decreased since January 1, 1914, in spite of the common belief that there has been a considerable increase in the public service. The civil service problem of the city, however, is not measured by the size of the service alone but rather by the variety of the class of work for which properly qualified men and women must be found, by the countless questions affecting changes of status of employees and by the performance of other important duties, notably decisions as to questions of classification and the development of proper service records.

A review of the work of the first three years, since January 1, 1914, shows the following definite accomplishments which have gone to round out the Commission's program:

1. A reorganization of the office and business methods of the Commission, including the abolition of the old, distinct labor bureau and a distribution of the functions of that bureau among the other divisions of the office where they properly belong; the adoption of truly effective and economical methods of advertising examinations in contrast with the wasteful and inefficient plan of placing advertisements in obscure columns of a group of selected newspapers without reference to the readers whom these advertisements might reach; the preparation and use of new forms of applications, notice of examinations and roster cards resulting in saving of time and of money, and finally the installation of an entirely new and modern office equipment which was sorely needed.

2. The adoption of the policy of holding physical and medical examinations of every candidate for positions in the Competitive and labor class and the publication of definite physical standards.

3. The installation and development of a new system of service records to serve as a basis for increase in salary and as part of all promotion examinations in the Competitive class from grade to grade.

4. The development of examination methods including notably the use of the non-assembled type of examination for the first time in the New York City service and the extension of the Competitive principle to high administrative offices.

5. The correction of numerous inappropriate and therefore illegal assignments, such as the assignment of hospital helpers of low grade to perform clerical work and often more important work in institutional departments of the city government and the employment of janitors as janitor engineers in public schools.

6. Improvements in the machinery of conducting examinations which, together with an amendment to the Civil Service Law, has eliminated illegal Non-Competitive provisional employment pending the establishment of eligible lists which had been a continuing condition for many years.

7. A revision of examination methods for positions in the Non-Competitive class together with a complete revision of the Non-Competitive class itself, resulting in the extension of the control of the Commission over exam-labor and Non-Competitive Class.

8. The adoption of the policy of requiring heads of departments to submit evidence of the peculiar or exceptional qualifications of persons whom they sought to appoint without examination under special provisions of the civil service rules accompanied by a material reduction in the number of such appointments.

9. The extension of investigation of record and moral fitness of candidates for all positions in the Competitive Class and many positions in the labor and Non-Competitive class.

The summary given above covers the outstanding facts in the record of the first three years of this administration. The questions of policy involved in the adoption of the changes mentioned were settled and the policies fixed during that period. These results were accomplished in spite of the fact that in September of 1914 the then State Commission began and for several months thereafter carried on a so-called investigation of the local commission which animated as it was by malignant political motives seriously hampered the efforts of this Board. This investigation was allowed to ramble at the will of its members or its counsel into every sort of municipal activity from alleged illegal appointments to wood block paving and was finally brought to a close by the resignations of the State Commissioners. The report purported to be a public spirited arraignment of the methods and acts not only of this Commission but of as many other city officials as could be dragged in. Fortunately its findings were reviewed by the impartial and able Commission which succeeded it whose report, while criticising this Commission for one or two acts which it believed to have been contrary to the soundest practice, pointedly rebuked the former State Commission for the wasteful, rambling nature of its investigation and found the work of the Municipal Commission as a whole deserving of praise instead of condemnation.

Service Records

During the past year, the work of the Commission has been carried on consistently with the principles which governed it in adopting the changes of the three years preceding. The new system of service or efficiency records is now in operation in all city departments and was largely used as a basis for salary increases in the adoption of the budget for the year 1918. Its operation for the last two years has convinced that Commission that its fundamental principles are sound; that in the detail of its operation it is a marked improvement over the previous system and that if given a fair chance it will meet the imperative need of providing the service with service records which will work fairly and effectively as a basis for promotions and salary increases, and as an encouragement to more efficient performance of duty on the part of civil employees. The experience of the Commission with this system and with the former system leads it to believe that the successful operation of any plan of efficiency or service records requires continuing cooperation between the Commission and heads of departments. The Commission has developed specialization among its examiners along departmental lines and has assigned such departmental specialists for the double purpose of preparing examinations to meet peculiar departmental needs and of assisting and advising in the service ratings of employees. The system cannot be expected to prove satisfactory unless this policy of specialization and cooperation is continued, because without it rating committees and personnel boards in departments must work in the dark and uniformity in rating methods and standards is out of the question. The protection of employees against unjust discrimination also requires that there shall be some impartial body to which an aggrieved employee may appeal and that the present Board of Review, consisting of a representative of the department concerned, a member of the Civil Service Commission and the examiner assigned to the department, should be continued. The number of appeals to this Board of Review have not, it is true, been numerous. It has been found, however, that grievances may be threshed out amicably and without danger to the discipline of the office even if the Board of Review agrees with the appellant that his rating should be modified. It is the opinion of this Commission in short, that a proper and sound system of service records is absolutely essential to efficient public business and that its development should be an important part of any civil service program, if promotions and salary increases are to be granted on the basis of real merit.

Examinations

The present Commission has always regarded the examining function as the corner stone of its work. The primary duty of the Commission is to provide the best qualified material possible through the competitive system. During the past four years in recognition of this fact, particular attention has been devoted to the introduction and development of improved modern examining methods. The refusal of the Commission, in spite of the unanimous opinion of the Board of Estimate and Apportionment to the contrary, to exempt the secretaries of six important committees of that Board may be said to have set the standard of the examination work of the Commission. The Competitive classification of those important positions was not

determined upon until the Commission had satisfied itself by a careful study of examining methods throughout the United States and even in foreign countries that competitive examinations could be devised which would provide thoroughly trained and highly competent men or women for administrative positions of the first importance. Previous Civil Service Commissions of New York City have refused to adopt the modern plan of the so-called non-assembled examinations in which candidates are not required to gather in one place and answer definite questions in a certain time on a certain day, but are allowed full opportunity to demonstrate their grasp of the problems they will have to meet by the preparation of a written paper wherever they choose within a reasonable and definitely prescribed length of time. The problem of recruiting fit candidates for such examinations was met by the adoption of improved advertising methods through carefully selected advertising mediums. The invaluable assistance and cooperation of many authorities, frequently without cost to the city, has been secured and examining boards have been constituted which were above reproach. The list of positions filled through Competitive examinations either of the non-assembled or the assembled type includes executive places of high rank and technical positions which this Commission was frequently told could not be filled by examination because the best men would not sacrifice their self respect by submitting to any Civil Service test. The fallacy of such an argument has been amply demonstrated in the success of such examinations as that for Director of Public Health Education, as a result of which Dr. Ira S. Wile headed the list; Director of the Bureau of Foods in the Department of Health, which resulted in the appointment of Lucius P. Brown, one of the leading food specialists of the United States; and Director of the Bureau of Social Investigations of the Department of Charities, from which Mr. Alexander M. Wilson, then Assistant Director of the Bureau of Public Charities and Correction of the City of Philadelphia, was secured. During the last year, the Commission has conducted or has devised examinations for such important positions as Medical Consultant to the Law Department at $6,000 per annum; Medical Superintendent of Sea View Hospital at $2,100 per annum; Chief Physician (Psychiatrist) at $2,100 per annum; Consultant on City Planning at $4,140 per annum; and Chief Medical Examiner of the City of New York. The latter position is a statutory position established to take the place of the boards of coroners which go out of existence on January 1, 1918. Candidates were required to be skilled pathologists, learned in the field of Legal Medica both with regard to the literature and the present state of that science. They were required to present satisfactory evidence of having done in an official connection at least ten years' work in the pathological laboratory of a recognized medical school, hospital, asylum or public morgue or in other corresponding official capacity, and of having performed at least 500 autopsies. They were required to possess a theoretical or critical knowledge of bacteriology and toxicology sufficient to enable them to appraise intelligently the work of expert deputies. Special consideration was given to candidates who had had administrative duties, to those experienced in preparing and presenting evidence in court and to those who had made definite published contributions to the science of legal medicine. The examination consisted of two parts: first, the performance of an autopsy and a report of findings in writing and, second,

an oral examination to test personal qualifications and fitness, this test including a thorough cross examination.

The position of Medical Consultant in the Law Department involves the duties of physical examination of claimants, the preparation of medical reports in accident cases, testimony as an expert for the City in the trial of actions and consultations with the Corporation Counsel and with the Assistant Corporation Counsel in charge of such actions. The examination required at least ten years' general practice of medicine or five years' general practice of medicine and five years' hospital operating work. Candidates had to present evidence of experience in physical examinations of a nature tending to qualify them for the duties of the position, special consideration being given to experience in court proceedings of the character above outlined. The examination itself consisted of two parts: first, the practical test in which candidates were required to make a medical examination of selected cases and to report on their finding in writing. This was followed by an oral test, in advance of which candidates were supplied with an account of a case and were then required to appear before an examining board for an oral test on their conclusions and recommendations. A thorough cross examination was included in this part of the examination. This examination is believed to be unique in this country if not in fact in any country where civil service examinations are held.

The Promotion Examination for Sergeant of Police

The Commission regrets to have to record in this report the fact that in one of its most important examinations it was betrayed by the disloyalty of one of its examiners. A promotion examination for sergeant in the police department held on January 20, 1917, had to be cancelled because it was discovered that information as to questions which one of the examiners had prepared for this examination had been given to some of the candidates. Rumors that this thing had happened in previous examinations had frequently been heard. Immediately after the close of the examination held on January 20th, such rumors appeared in the press. On previous occasions little attention had been paid to similar allegations, generally on the ground that such statements were bound to be made by disgruntled candidates, that the precautions for secrecy thrown about the examination rendered leaks impossible and that, therefore, charges of such a nature were not to be credited. The present Commission, however, immediately began of its own accord an investigation into the facts. This preliminary investigation led the Commission to believe that further steps should be taken. It accordingly requested the Mayor to direct the Commissioner of Accounts to proceed forthwith with a thorough investigation of the whole matter. The result of the investigation was to disclose conclusive proof that one of the examiners either through carelessness or by intention had permitted certain of the candidates in this examination to have knowledge of the questions which he himself had proposed. Under the system of selecting questions for such examinations, all regular examiners of the Commission had been requested to submit to the Commission suggested questions and topics. These suggestions were presented to the Commission in sealed envelopes and on the night before the examination the Commission itself, as was customary, decided upon the

questions to be used, selecting some of the questions submitted by the examiners with such changes in phraseology as seemed best and selecting other questions on its own initiative. The precautions taken to prevent advance information seemed to be entirely adequate. No one except members of the Commission knew the questions which would actually be submitted to the candidates until the questions were typed on the morning of the examination but a few minutes before the hour for the distribution of the question papers. The Commission was, however, at the mercy of any disloyal examiner who might give to a candidate information as to the questions suggested by him to the Commission, any one or even all of which might of course be selected for actual use. The disclosures in the investigation showed that this had happened and consequently the examination was forthwith cancelled, a new examination ordered and the guilty examiner dismissed from the service. In the new examination, the custom which had been followed for years was abandoned and instead certain selected examiners, without any advance knowledge that they would be called upon to do so, were summoned to the examination room on the morning of the examination, were allowed to make their suggestions, the questions were chosen then and there, the examiners being kept from all contact with outsiders and every humanly possible step taken to prevent a repetition of the previous unfortunate experience. Deeply as the Commission regrets the circumstances of the first examination, it nevertheless takes this opportunity of saying that it believes its examining force to be loyal and trustworthy and that the absolutely essential secrecy which must surround all examinations is so uniformly observed as to prevent all but the very slightest possibility of favoritism in its examinations. The circumstances surrounding the examination for sergeant are so rare as to be practically unique and to emphasize the fairness and irreproachability of the examination system.

The Revision of the Exempt Class

Perhaps the most important work of the Commission during the last year has been the revision of the Exempt Class. In January and February, 1916, a series of public hearings were held which resulted finally in the adoption on February 14th of a resolution striking from the Exempt Class 152 positions, thus automatically placing these positions under the competitive system. Nearly every department of the city government was affected by this change which made competitive positions varying in importance from a bell ringer in the College of the City of New York to high accounting positions in the Finance Department, and professional positions elsewhere. In adopting this revision of the Exempt Class, the Commission was of course limited by certain restrictions of law. All secretaries to heads of departments, commissions or boards must be exempt irrespective of the duties performed and in spite of the fact that in the opinion not only of the Commission but of many others the best interests of the service would be subserved by the Competitive Classification of many of these executive positions. Many court clerks whose duties are far less important than those of scores of competitive employees must also remain exempt. Eliminating these positions, the Commission kept in mind certain definite considerations. It was first of all guided by its own experience as just outlined in filling successfully many important

positions through competition. It also recognized the fact that there are certain employees who have such personal relations with heads of departments that, however successful a competitive examination might be, the Competitive Classification of such positions would be regarded as unfair and would perhaps be unwise.

These changes in the classification have been criticised in some quarters on the grounds that the incumbents who were appointed without examination were by process of Competitive Classification given the same status as competitive employees who had secured their positions through competition. The Commission is frank to say that it sympathizes with those who believe that if a position is transferred from the Exempt to the Competitive Class the incumbent thereby obtains the protection of Competitive Classification by a method which seems unfair to those who have entered the service on merit alone. In fact, the Commission has supported a proposition to amend the Civil Service Law so as to provide that if a position is transferred from another part of the classification to the Competitive Class, the position shall be declared vacant and filled at once through a competitive examination unless the incumbent has held the position for at least three years. Such an amendment to the law has been introduced in the legislature but in spite of the criticisms sometimes made by legislators themselves that the covering in of exempt employees is grossly unjust, this amendment has never succeeded in passing. The revision of the Exempt Class adopted by the Commission on February 14th, however, substantially met the principle of this amendment to the law. Comparatively few of the incumbents so classified had held positions for less than three years and many in fact had been in the service a long time, some indeed for many succeeding administrations. The records of the vast majority of the persons who have been placed in the Competitive Class is in itself sufficient refutation, if refutation were needed, of any charge that this revision of the classification was in the interest of any individual. The changes were in fact directly in line with the experience of the Commission during its first three years. They eliminate ancient anachronisms and inconsistencies in the classification and have brought about a condition where municipal employees and young men and women seeking a career in the public service can see ahead of them opportunities for advancement which they have never had before. If the law permitted, the Commission would have welcomed the opportunity to extend the competitive principle still higher and now takes this opportunity to urge amendments to the law which will enable a further extension of the competitive system, particularly to the secretaries of many departments.

The Municipal Court Clerks

Besides this general revision of the Exempt Class, the Commission from time to time adopted other resolutions affecting a considerable number of positions. The most important single action was the passage of a resolution by the Municipal Commission on September 29, 1915, striking from the Exempt Class the following positions in the Municipal Court: clerk to each district; deputy clerk to each district and 44 assistant clerks, a total of 70 positions. This resolution was approved by the Mayor on November 13, 1917, and submitted to the State Commission on November 22. Almost

immediately the State Commission was asked by Mayor-elect Hylan to disapprove the resolution as a political manoeuvre intending to hamper the incoming administration. The resolution was nevertheless approved on December 22. In view of the allegations as to the effects of the change, however, it seems proper at this time to set forth all the facts in regard to this matter.

The clerks to each district and the deputy clerks to each district were apparently placed in the Exempt Class and continued there on the theory that these positions were exempt under the provisions of subdivision 1 of section 12 of the Civil Service Law which provides that "one clerk and one deputy clerk if authorized by law, of each court, and one clerk of each elective judicial officer" shall be exempt. The forty-four assistant clerks had been exempt for many years on the old shop-worn plea that they were confidential employees. It was also argued in favor of the continued exemption of these positions that these employees of the Municipal Court must have intimate knowledge of the affairs of the court and peculiar qualifications which would fit them to assist and guide the thousands of poor and ignorant people whose small business affairs came before the court daily. It was, however, a notorious fact that in a great number of cases, at least, appointments to these positions were not dictated by reason of the professional training and qualifications of the appointee but by other considerations largely political and entirely foreign to the requirements which the supporters of exemption maintained were so essential. These clerkships in fact represented an important strategic point in the remnants of the spoil system still to be found in the city service.

Aside from the consideration that these positions were filled largely on political grounds, it was also found that in the Municipal Court more than in almost any other part of the city service the road to advancement on merit was completely blocked. The court attendants, among whom excellent material for at least the assistant court clerkships and probably the higher positions might be found, could not advance through promotion examination above the rank and pay of court attendants unless they were fortunate enough to have sufficient influence to obtain promotion. The court attendants themselves complained and properly complained of this situation.

Here then was a condition which was far from conductive to efficiency in the conduct of the business of the Municipal Court and which this Commission was firmly convinced should be remedied if possible by the Competitive Classification of all of the seventy positions. A careful examination of the charter provisions constituting and governing the Municipal Court convinced the Commission that the exemption of this position was not mandatory. In fact, the corporation counsel of the City of New York, himself, so officially advised. It was found that the charter provided for but one Municipal Court which sat through its various justices in the districts into which the city had been divided. The sittings of these justices no more constitute a separate court than the sitting of a justice of the Supreme Court of the State of New York constitutes a separate Supreme Court. In view of the fact that clerks in the different parts of the Supreme Court of the State are in the Competitive Class, it was clear that the local Commission had full legal power to make these seventy positions competitive if it thought it wise.

The duty of the Commission in the premises seemed plain. The legality of its action had been established and the practicability and desirability of competition were, in its opinion, unquestionable. One other consideration added force to all the other reasons which led to this action and is in itself complete refutation of any charge that the Competitive Classification of these positions has any political import or hampers any administration. This consideration is the fact that the Competitive Classification of these positions would confer upon none of the incumbents any rights whatsoever which they did not previously enjoy. In other words, contrary to the usual result of Competitive Classification, none of the incumbents is covered in or given any additional protection whatsoever from removal except that which arises out of the fact that if removed or forced to resign the vacancy so created must be filled by selection from a competitive eligible list. The charter specifically provides: first, that these clerks, deputy clerks and assistant clerks shall be appointed for terms of six years each and, second, that none of them may be removed except after charges and a hearing before the Appellate Division of the Supreme Court. Placing the positions in the Competitive Class does not affect the term for which these employees are appointed; does not prevent the dropping of any of them at the end of their term; and does not in the slightest degree affect the manner in which they may be removed. If the Municipal Court justices desire to reappoint any clerk, deputy clerk or assistant clerk at the expiration of his term, they may do so. If they desire to drop any of these employees at the expiration of their terms, they may do so. If they desire to remove any of these employees, they may remove them only in the manner provided by law and only in the manner in which such removals could have been made when the positions were exempt. In short, the only effect of this reclassification is to establish the Competitive method of appointment to these positions and to say that if a vacancy occurs either by expiration of term, death, resignation or removal, that vacancy may be filled only by selection from a competitive eligible list. The only degree of protection given by this resolution is the indirect protection to which no one can object that follows from the fact that the removal or resignation whether voluntary or forced of any of these employees will not create a vacancy which may be used for the payment of political debts. The approval of the resolution therefore means that for the first time in many years, appointments to these positions will be made on merit and the opportunity for advancement on merit held out to the men in the lower ranks of the service in the Municipal Court.

Other Changes before the State Commission

A similar resolution was adopted by the present Commission on November 7 making competitive clerks and deputy clerks of the Children's Court in the different borroughs of the City. Eight positions were affected by this resolution. Other miscellaneous positions which the Commission recommended for Competitive Classification to the mayor and the State Civil Service Commission were three Superintendents of the Tenement House Department and an Assistant Supertendent of the Tenement House Department for the Borough of the Bronx; a Deputy Chief for the Bureau of Fire Prevention; a Chief Inspector of the Bureau of Fire Prevention and an

Inspector of Combustibles of the Bureau of Fire Prevention. In all of these cases, the Commission's action was based upon its own experience as to the practicability of competition. In the case of the Bureau of Fire Prevention for example, the Commission had specifically determined that competition was practicable by the establishment of a satisfactory competitive eligible list for one position of Deputy Chief. The three superintendents and the assistant superintendent in the Tenement House Department are administrative positions pure and simple and, in fact, the duties of the incumbents are not much superior to those of chief clerks in the larger departments, all of whom are Competitive. Classification of the clerks and the deputy clerks of the Children's Court was recommended by the justices themselves and is on all fours with the classification of the positions in the Municipal Court. The Commission's action with regard to the three positions in the Fire Department was approved by the State Commission. To our great regret, however, the State Commission declined to approve the other resolutions or at least deferred action thereon. The only reason given for this attitude of the State Commission was that such Competitive Classification at the time the resolutions were submitted to it was inopportune. With all due respect, this Commission can not agree with this line of argument. The classification of the clerkships and deputy clerkships in the Children's Court was proposed long before even the primary campaign in New York City had begun. No changes were made in these clerkships after it was first proposed that they should be made Competitive and the action of the justices as well as the action of the local Commission was taken solely in the interest of the service and of good Civil Service administration. The resolution affecting the positions in the Tenement House Department was adopted by the local Commission on May 23, 1917. It was submitted to the State Commission on November 17. Absolutely no change of incumbents of these positions had been made and the merits of the matter were exactly the same therefore as when the resolution was originally adopted. The administrative character of these positions and the fact that their importance was really misrepresented by their titles constitute urgent reasons for the approval of this change. It is hoped that the attitude of the State Commission does not necessarily mean that these changes in the classification will be disapproved but that, after more careful consideration, the State Commission will approve the resolutions. Whatever action the State Commission may take however, the result so far has been an actual reduction of the Exempt Class from 791 positions on January 1, 1914, to 590 today. If resolutions pending before the State Commission be approved, 38 more positions will be made Competitive, bringing the number of Exempt places to 552.

The Need for General Reclassification and Standardization

The Municipal Commission regrets to have to report that one of the most important features of its program has failed of accomplishment, namely a complete reclassification and regrading of the service based on the specifications proposed by the Bureau of Personal Service of the Board of Estimate and Apportionment. The need for a new classification which will clearly

indicate classes of work and lines of promotion is of primary importance. The present classification, as frequently pointed out by this Commission, contains a multiplicity of titles, some of which are not all descriptive of duties performed, while still others are in effect duplications which lead to confusion in the administration of the law and rules. The specifications prepared by the Bureau of Personal Service are the result of a thorough intensive and scientific study of the personal service problem of the City of New York. The entire service was by these specifications divided into several main divisions representing the major groupings of the work of the City. These divisions were further separated into groups representing subfunctions of the larger groups and these smaller groups further divided into groups representing varying responsibilities. The specifications in short provided a sound basis for a proper classification of the City service for all purposes, not only of Civil Service administration but of fixation of salaries and advancement within grade and from grade to grade. The adoption of such a classificaton by the Civil Service Commission had to be predicated, however, upon the use of the proposed titles and grades by heads of departments and by the Board of Estimates and Apportionment. In spite of the great amount of valuable time and intensive study put on this problem, the adoption of these titles and specifications for budgetary purposes was fustrated. Opposition came from various sources and was based largely on a misconception of the purpose and effect of the specifications. As a result, therefore, it has been impossible for the Commission to revise the classification as it should have been revised. It is, however, hoped that at the earliest possible opportunity these specifications will be put into effect and the Civil Service classification revised accordingly. The specifications are of the greatest value not only as a basis for salary grading but as a basis for examination standards and for definition and determination of proper duties of civil employees. If followed, civil service procedure will be considerably simplified and such problems as the correction of improper and illegal assignments more easily solved.

In conclusion, this Commission desires to express its great appreciation of the loyal and efficient support which is has had from the beginning from its employees. It has found the force of the Civil Service Commission to be composed of men and women of ability who are willing at all times to give their best toward the accomplishment of the results at which the Commission aimed. Particular credit is due the force in the Examining Division for its hearty efficient cooperation in the development of the most important work of the Commission, namely, the conduct of examinations.

Respectfully submitted,

City clerk	2	1
Fireman	3	0
Policeman (2)	2	1
	0	0
Inspector	1	0
Fireman	1	0
Clerk	2	1

Lack of competition was thought to be due to the higher pay obtained for other work and also owing to the fact that during the year training camps offered large wages to men.

Notice of time and place of receiving applications and holding competitive examinations is given by advertisement in official papers. Examination papers are prepared by one of the Commissioners and clerk.

Non-Competitive examinations were held for the position of call fireman and chief of police. In the first examination four passed, and in the second, one passed.

Every candidate is given at least five days' notice of all written tests. Examination papers are prepared and rated by the Commissioners, chief examiner, and when necessary by expert assistants. All applications, examination papers, ratings and eligible lists are on file and open to the public inspection.

Three Non-Competitive examinations were held for the position of medical inspector. There were three candidates, all of whom passed.

Provisional examinations were held for the positions of draughtsman, foreman, meter reader, clerk and chemist.

No laborers were registered during the year, and the Commission believes that the provision of the law regarding registration of laborers cannot be practically enforced.

The Commission reports 7 Exempt appointments; 90 Competitive appointments; 3 Non-Competitive appointments; 5 Competitive removals; 3 Exempt resignations; 62 Competitive resignations and 1 Non-Competitive resignation.

Transfers reported during the year were as follows: leveler $1200, sewer board to engineering bureau; clerk $1400, bureau of parks to park department; forester $1000 bureau of parks to park department; clerk $1200, treasurer to clerk $1800, department of public works.

Tonawanda

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Commission (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the city of Tonawanda respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation
M. C. Betts (secretary)	Pharmacist	Jan., 1915	$5 per meeting.
H. E. Rose	Theater manager	Jan., 1916	5 per meeting.
C. J. Diedrich	Merchant	Jan., 1917	5 per meeting.

Commissioner Betts, for his services as secretary, receives salary of $200 per annum. There are no employees.

During the year 20 meetings were held.

There are 12 persons in the Unclassified Service and the Classified Service is subdivided as follows: Competitive class 40; Non-competitive 2. The labor class numbers 39.

Competitive examinations were held as follows:

Title of position	Passed	Failed
Stenographer	2	0
Assessor's clerk	3	1
City treasurer's clerk	5	0
Driver and janitor	2	0
Positions in engineering department	5	0
Driver and janitor	1	0

Notice of time and place of holding competitive examinations is given by posting on bulletin board in city hall and in the office of the Civil Service Commission. Also by publication in the Tonawanda daily news.

Applications, examination papers, ratings and eligibile lists are on file and open for inspection.

The Commission reports 14 competitive appointments and 1 competitive resignation.

The provisions of the law regarding certification of payrolls and accounts for services has been complied with, all payrolls being reviewed and certified by the secretary after comparison with official roster. The employees whose accounts for services are paid without certification by the Commission are city clerk; city treasurer; assessor; city attorney and city judge.

The Commission has a complete roster of all city employees showing name, title of position, date of appointment and salary.

M. C. BETTS, *Secretary,*
H. E. ROSE,
C. J. DIEDRICH,
Municipal Civil Service Commission.

Troy

To the State Civil Service Commission, Albany, N. Y.:

Gentlemen.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the city of Troy respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation
John J. Healy	Retail druggist	Jan. 1, 1912	$500
George J. Anderson	Advertising manager	July 1, 1915	500
James M. Bussey	Auto agent	Jan. 1, 1912	500

Frank M. Collins, appointed January 1, 1912, is chief examiner and secretary, receiving compensation of $1,200 per annum.

During the year 25 meetings were held.

The Unclassified Service numbers 632, and the Classified Service is subdivided as follows: Exempt, 29; Competitive, 346; Non-Competitive, 7.

Competitive examinations were held as follows:

Title of position	Passed	Failed
Chauffeur (2)	2	0
Stationary engineer	1	1
Janitor	4	4
Fireman (2)	5	1
Engineer	5	2
Battalion chief	3	0
Driver	3	0
Driver, motor apparatus	1	2
District physician	1	0
Draftsman	1	0
Assistant engineer, H. and D. commission	1	0
Instrumentman	1	0
Rodman	1	0
District agent, department of charities	1	0
Secretary, high school	1	0
Stenographer	2	0
Inspector, excavation	2	0

Lack of competition for the positions in the fire department was due to long hours and low salary compared to shorter hours and higher salaries in private positions.

Notice of examinations is given by publication in the papers and posting on bulletin board in the city hall at least 15 days prior to examination. Examination papers are prepared and rated by the chief examiner under the direction and supervision of the Commission except where the test is technical in nature, then outside aid is secured.

The Commission has a complete set of records pertaining to examinations and any information in regard to same can be quickly secured. All applications are entered on a book for that purpose as soon as received and consecutively numbered. They are filed with the examination papers after the examination is held. All records of the Commission, including examination papers, are filed away in a separate box for each year. There is an eligible list book kept, which is open for the inspection of all interested persons.

There were 11 Provisional examinations during the year, and Competitive examinations were subsequently held and eligible lists established.

The provision of the law regarding registration of laborers has been strictly complied with, there being 177 laborers registered during the year, all of whom were appointed.

The Commission reports 20 Competitive appointments, 10 Competitive resignations.

One fireman, salary $720 per annum, was promoted to engineer, $1,020 per annum.

All payrolls and accounts for services are reviewed and certified by the secretary after comparison with the official roster. The only employees whose accounts for services are paid without certification by the Commission are those in the Unclassified Service and those whose services are rendered under contract with the city.

JOHN J. HEALY, *President*,
GEORGE J. ANDERSON,
JAMES N. BUSSEY,
Municipal Civil Service Commission.

FRANK M. COLLINS,
Secretary.

Utica

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the city of Utica respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation per annum
Edward H. Ennis	Mfg. of carbonated beverages	Jan. 1, 1914	$300
George W. Gammel	Distributor	Jan. 1, 1914	300
Robert J. Griffiths	Pressman	Feb. 1, 1916	300

Curtis F. Alliaume, appointed February 17, 1910, is chief examiner and secretary, receiving salary of $600 per annum.

There were 25 meetings held during the year.

There are 50 persons in the Unclassified Service, and the Classified Service is subdivided as follows: Exempt, 38; Competitive, 304; Non-Competitive, 20

Competitive examinations were held as follows:

Title of position	Passed	Failed
Inspector of public works	4	0
Axeman	1	0
City veterinary	1	0
Deputy registrar of vital statistics	1	0
Office clerk, female	3	0
School nurse	8	0

Lack of competition was thought due to low salary.

Notice of time and place of holding Competitive examinations is published in three daily papers and posted on bulletin board in city hall.

Examination papers are prepared and rated by the chief examiner and, togther with applications, answer papers, ratings and eligible lists are on file and open to inspection of appointing officers.

One Non-Competitive examination was held during the year. There was one candidate, who passed.

Provisional examinations were held for the following positions: City veterinary, axeman, deputy registrar of vital statistics, office clerk, transitman, assistant city engineer, bookkeeper.

The Commission reports 11 Exempt appointments, 12 Competitive appointments, 2 Non-Competitive appointments, 7 Exempt resignations, 8 Competitive resignations, and 8 Non-Competitive resignations.

Promotions were approved during the year as follows: Fireman to lieutenant, fire department; engineer to lieutenant, and lieutenant to captain. All as the result of examination.

All payrolls and accounts for services are reviewed by the Commissioners and certified by the chief examiner and secretary. The only employees whose accounts for services are paid without certification by the Commission are library employees.

Provision of the law regarding registration of laborers has been complied with. When a laborer is to be employed, he or she is sent to the chief examiner, who inquires into his or her qualifications, has a statement signed as to residence, citizenship, age, former employment, etc., and if satisfactory a certificate is issued addressed to the appointing officer.

The Commission has a complete roster of all city employees, showing name, title of position, date of appointment and salary.

EDWARD H. ENNIS,
GEORGE W. GAMMEL,
ROBERT J. GRIFFITHS,
Municipal Civil Service Commission.

CURTIS F. ALLIAUME,
Secretary.

Watertown

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the city of Watertown respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation
James M. Dorsey (president)	Clothier	1899	None
Harrison J. Angley	Photographer	1911	None
Frank L. Massey	Manufacturer	1907	None

David F. Lane, appointed January 20, 1914, is secretary to the Commission, receiving $300 per annum for his services.

The Commission held six meetings during the year.

There are 350 persons in the Unclassified Service and the Classified Service is subdivided as follows: Exempt, 6; Competitive, 119; Non-Competitive, 1.

Competitive examinations were held as follows:

Title of position	Passed	Failed
Health inspector	1	0
Master mechanic, fire department	1	0
Captain, fire department	12	0
Janitor	5	0
Fireman (2)	11	0
Stenographer	1	0
Health officer	1	0

Notice of time and place of holding competitive examinations is given by posting on bulletin board in city hall ten days prior to the examination and also by publication in the newspapers, and written notice is sent to each applicant.

Provision of the law regarding registration of laborers has been complied with as nearly as possible, due to the existing labor famine brought on by the war. During the year there were 178 laborers employed, 140 of whom registered.

The draft will be more seriously felt during the coming year in securing men for all classes of the Civil Service. Already hundreds of young men have been taken out of Watertown and Jefferson County, with the result that laborers and skilled workmen on the farms and in the shops are at a premium, and such attractive wages have been and are being paid that the city service cannot compete. Several examinations have been held at which but one candidate appeared.

The Commission reports 1 Exempt appointment, 18 Competitive appointments, 1 Competitive removal, and 12 Competitive resignations.

There were two promotions during the year, one to master mechanic, fire department, salary $1,260, and one to fire captain, salary $1,140. Both of these were made as the result of examination.

Provision of the law regarding certification of payrolls has been complied with, all payrolls being reviewed and certified by the secretary.

The Commission has a complete roster of all city employees.

JAMES M. DORSEY,
FRANK L. MASSEY,
HARRISON J. ANGLEY,
Municipal Civil Service Commission.

DAVID F. LANE,
Secretary.

Watervliet

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the city of Watervliet respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation
John J. Neville (president)	Shipper	Jan. 1, 1916	None
Edward F. Rogers	Car worker	Jan. 1, 1916	None
Charles McCarthy	Plumber's helper	Jan. 1, 1916	None

The secretary of the Commission is Charles J. Ruether, appointed January 1, 1916, at a salary of $150 per annum.

Commission held 16 meetings during the year.

There are 14 persons in the Unclassified Service and the Classified Service is subdivided as follows: Exempt, 5; Competitive, 40; Non-Competitive, 13.

Competitive examinations were held during the year as follows

Position	Passed	Failed
Patrolman	5	0
Paving inspector	10	0
Sanitary inspector	1	0
Driver, fire department	1	0

Lack of competition was thought due to low salary paid for these positions.

Commission reports 5 Exempt appointments, 11 Competitive appointments, and 5 Non-Competitive appointments.

One promotion from patrolman to sergeant was made as the result of examination.

Payrolls and accounts for services are reviewed by the Commission and certified by the secretary.

The Commission has a complete roster of all city employees.

JOHN J. NEVILLE, *President,*
EDWARD F. ROGERS,
CHARLES McCARTHY,
Municipal Civil Service Commission.

CHARLES J. RUETHER,
Secretary.

White Plains

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the city of White Plains respectfully submits the following report for the year 1917:

The Commission is composed as follows:

Name	Occupation	Date of appointment	Compensation
Robert C. Bromm	Accountant	Jan. 3, 1916	None
Frederick B. Van Kleeck, Jr	Attorney-at-law	Jan. 3, 1916	None
Dr. Edward N. Jones	Retired	Jan. 1, 1917	None

The employees of the Commission are as follows: Charles A. Butler, appointed February 7, 1916, salary $300 per annum; Dr. Edward B. Webber, medical examiner, appointed March 1, 1916, salary $100 per annum.

The Commission held 22 meetings during the year. There are 155 persons in the Unclassified Service, and the Classified Service is subdivided as follows: Exempt, 11; Competitive, 101; Non-Competitive, 4.

Competitive examinations were held as follows:

Title of position	Passed	Failed
Stenographer	1	0
Bookkeeper	2	0
Deputy city clerk	1	0
Court stenographer	1	0
Assistant library clerk	1	0
School nurse	1	0
Chauffeur	6	1
Meter reader and messenger	3	0
Janitor	4	1
Hoseman	10	6
Patrolman	11	4
Chauffeur	2	1

Lack of competition was thought to be caused by the amount of salary being insufficient to make persons give up the positions they held to go into the city service.

Notice of time and place of receiving applications and holding Competitive examinations is given by publication in the official daily papers and by posting on bulletin board in the Commission's office.

Examination papers are prepared and rated by the clerk, under the supervision of the Commission.

All applications, examination papers, ratings and eligible lists are on file and open for inspection.

Non-Competitive examinations were held for the position of school nurse, stenographer, assistant library clerk, inspector of construction and chauffeur. Competitive examinations were subsequently held and eligible lists established in each case except inspector of construction, which position is filled only for two or three weeks.

Provision of the law regarding registration of laborers has been complied with, there being 68 laborers registered during the year, all of whom were appointed.

The Commission reports 1 Exempt appointment, 10 Competitive appointments, 11 Non-Competitive appointments, and 2 Exempt resignations.

The following promotions were approved during the year: Axeman to draughtsman, department of public works, $960 per annum; clerk acting as messenger and meter reader to axeman, $720 per annum, department of public works.

The provision of the law regarding certification of payrolls and accounts for services has been complied with, all payrolls being reviewed and certified by the secretary and one other Commissioner.

The Commission has a complete roster of all city employees.

ROBERT C. BROMM,
FREDERICK B. VAN KLEECK, JR.,
DR. EDWARD N. JONES, *Secretary*,
Municipal Civil Service Commission.

Yonkers

To the State Civil Service Commission, Albany, N. Y.:

GENTLEMEN.— Pursuant to the provisions of section 11 of the Civil Service Law (chapter 15, Laws of 1909), the Municipal Civil Service Commission of the city of Yonkers respectfully submits the following report for the year 1917:

DIGEST OF COURT DECISIONS RELATING TO CIVIL SERVICE LAW
OPINIONS OF ATTORNEY-GENERAL

DIGEST OF COURT DECISIONS

BUFFALO

RULES OF CIVIL SERVICE COMMISSION — ELIGIBILITY FOR EXAMINATION FOR PROMOTION IN POLICE DEPARTMENT.

The municipal Civil Service Commissioners of the city of Buffalo had power to adopt a rule that as a condition of elegibility to enter a promotional examination in the police department, the person desiring promotion must have been continuously employed for the specified period of twelve months immediately preceding such examination in a next lower position, the duties of which are such as would naturally and properly tend to fit him for the duties of the position to which he seeks promotion. Such rule is not contrary to a rule adopted by the common council providing that vacancies in the positions of captains and lieutenants shall be filled by appointment of a member of the force, for such rule does not mean that all members of the force are entitled to take the examination but only such as are permitted to do so under reasonable rules promulgated by the Civil Service Commission. Moreover, the Civil Service Commission is not required to adopt the classification made by the common council, although the government and discipline of the police department is to be prescribed by said council. (People ex rel. Kennedy *v.* Feldman, 179 App. Div. 295. See also People ex rel. Riordan *v.* Feldman et al, 221 N. Y., affirming an order which reversed an order of the Special Term granting a motion for a peremptory writ of mandamus to compel defendants to accept relator's application to take part in a certain examination for the position of captain in the police deartment of the city of Buffalo.)

Application of Detective Sergeant for Position of Captain Denied

The application of a detective sergeant to enter the examination for the position of captain, without having been a lieutenant should be denied. (People ex rel. Kennedy *v.* Feldman, 179 App. Div. 295.)

Right of Patrolman Detailed as Desk Sergeant to Take Examination for Promotion

But a patrolman who has been detailed as a desk sergeant and who has not been doing patrol duty immediately preceding the examination, should not be deprived of his right to take the examination for the promotion to which he would have been entitled if he were doing patrol work, and a rule excluding desk sergeants is invalid. (People ex rel. Kennedy *v.* Feldman, 179 App. Div. 295.)

Section 47. Establishment of departmental personnel boards. Added by Chap. 653 of the Laws of 1917 in effect May 25, 1917.

Section 13 (1) *as Amended by Chapter* 352 *of the Laws of* 1913 — *Deputy County Clerk not in Exempt Class*

1. Under section 169 of the County Law, as amended by chapter 345 of the Laws of 1915, a deputy County Clerk possesses the same power and authority as the clerk at any sitting or term of the court which he attends with respect to the business thereat, but when he is assigned to act as a court clerk he does not act as a County Clerk generally and is not included within the Exempt class of the Civil Service Law, section 13 (1), as amended by chapter 352 of the Laws of 1913, which provides that the Exempt class shall include the deputies of principal executive officers authorized by law to act generally for and in place of their principals. (Matter of Meahl *v.* Ordway, 98 Misc. Rep. 394.)

Section 13 (3) *Exemption under — Who not Included*

2. The fact that the Supreme Court when sitting in a county is held in several parts to each of which a special deputy clerk is assigned does not make them exempt under section 13 (3) of the Civil Service Law which includes in the Exempt class one deputy clerk for each court. (Matter of Meahl *v.* Ordway, 98 Misc. Rep. 394.)

Section 22 *Construction of "Held" in — Abolition of position — Transfer to another position*

3. The word "held" in the provision of section 22 of the Civil Service Law that "If the position so held by any such honorably discharged * * * volunteer fireman shall become unnecessary or abolished * * * the said honorably discharged volunteer fireman holding the same shall not be discharged from the Public Service, but shall be transferred to any branch of the said service for duty in such position as he may be fitted to fill," etc., includes a probationary as well as a permanent occupancy of the position. (People ex rel. Zieger *v.* Whitehead, 99 Misc. Rep. 578.)

Appointment of Probationer to Position Afterwards Abolished — Mandamus to Compel Transfer to New Position

4. Where before the expiration of the probationary period for which relator, an honorably discharged volunteer fireman, was appointed to the position of foreman in the street department of the City of Niagara Falls, the position was abolished, resulting in his discharge from the city employment, he is entitled under section 22 of the Civil Service Law to a peremptory writ of mandamus providing for his transfer to some new position for which he is fitted. (People ex rel. Zieger *v.* Whitehead, 99 Misc. Rep. 579.)

Right to Complete Probationary Period — May Then be Discharged

5. Upon again entering upon his duties in said municipal service relator will still be a probational employee entitled as of right to complete the unexpired portion of the probationary period, at the end of which he may be peremptorily discharged. (People ex rel. Zieger *v.* Whitehead, 99 Misc. Rep. 579.)

Reinstatement — Removal Without Opportunity of Making Explanation — Appeal When Question of Law Involved

6. In a proceeding to reinstate a Civil Service employee in a position from which he had been removed without an opportunity of making an explanation where the material allegations of a petition for a writ are admitted, or not denied, and different inferences cannot be drawn therefrom, only a question of law is presented and the decision is upon the merits and appealable to this court. (People ex rel. Van Tine *v.* Purdy, 221 N. Y., 396, reversing 177 App. Div. 887.)

Removal of Deputy Tax Commissioner of New York City in Violation of Section 1543 of the City Charter

7. The removal of one from the position of deputy tax commissioner of the City of New York, to which position he had been regularly appointed from the Competitive Civil Service list,, without giving him an opportunity of making an explanation, or entering the grounds of his removal upon the records of the department, is a violation of section 1543 of the city charter. (People ex rel. Van Tine *v.* Purdy, 221 N. Y. 396, reversing 177 App. Div. 887.)

Reinstatement — Removal of Employee of State Prison not Justified — Certiorari

8. In People ex rel. Kelley *v.* Kirchwey, 177 App. Div. 706, the relator, a Spanish War Veteran, was dismissed from his position as storekeeper in Sing Sing Prison on charges that he had made an unauthorized offer to trade a calf belonging to the prison; with speaking disrespectfully of the warden and buying food for the warden's table at high prices. Evidence considered, and held, that the charges were trivial, insufficient to justify the removal, and that the relator should be reinstated.

NEW YORK CITY

Resolution recommending increase in salary of assistant engineer practical construction indicated that resolution related to only one position under that name

The board of estimate and apportionment of the city of New York adopted a resolution recommending that the salary of the position of assistant engineer in the department of docks and ferries be fixed at $4,000 per

annum, which was concurred in by the board of aldermen. The title of assistant engineer is given to a number of positions in that department, hence an ambiguity exists which opens the door to proof of extraneous circumstances which may throw light on the meaning of the resolution. As bearing on the question of practical construction, *held*, that the circumstances which led to and which followed the adoption by the board of estimate and apportionment of the resolution sustain the construction placed thereon by the city, that it related only to the salary of one assistant engineer in the department, and justify the denial of the plaintiff's claim. OPINIONS OF ATTORNEY-GENERAL

Civil Service Law — Applicability of to Persons Taking Census of Military Resources of State — Laws of 1917, Chapter 103

Clerks employed in the military department of the State pursuant to an order of the Governor, assigning the Adjutant-General to special duty pursuant to Military Law, section 210, for the purpose of taking a census and inventory of the military resources of the State as authorized by chapter 103 of the Laws of 1917, are not within the purview of the Civil Service Laws and therefore they are not within the jurisdiction of the Civil Service Commission or subject to the laws and rules governing admission into the civil service of the State.

INQUIRY

Must employees engaged in the taking of a census and inventory of the military resources of the State under the authority of chapter 103 of the Laws of 1917 be selected from the civil service lists of the State?

OPINION

On March 26, 1917, the Governor signed chapter 103 of the Laws of 1917, entitled "An act to provide for taking a census and inventory of the military resources of the state, and making an appropriation therefor." The act provides as follows:

"Section 1. The Governor is hereby authorized to cause a census and inventory of resources of the state, available for use in the event of war, to be taken forthwith; and the information thereby secured shall be placed at the service of both the state and the federal governments."

In section 2 it was made the duty of every public official to assist the Governor in the making of this inventory. In section 3 an appropriation was made of $150,000 out of the State treasury for the purposes of this act and then it was provided:

"And the Governor is hereby authorized to receive donations of money for such purposes, in addition to the amount hereby appropriated, and to expend the same accordingly."

On April 5, 1917, Congress declared that a state of war existed between the United States and Germany.

Pursuant to chapter 103 of the Laws of 1917, Governor Whitman signed the following executive order:

"Brigadier-General Louis W. Stotesbury is hereby ordered for duty by the Governor within the meaning of M. L. 210, for the purpose of

taking a census and inventory of the military resources of the state and to provide for the organization of the reserve militia in addition to the duties pertaining to the office of Adjutant-General of the state. He will report in person, forthwith, to the Governor, for instructions relative to such additional duties.

"(Signed) CHARLES S. WHITMAN."

By order of the Governor, General Stotesbury proceeded to the taking of such military census and engaged clerks and other employees for that purpose. The question has arisen as to whether such clerks and employees should be chosen so far as practicable from the civil lists of the State.

Section 2, subdivision 3, of the Civil Service Law provided as follows:

"The Civil Service of the State of New York or any of its civil divisions or cities includes of offices or positions of trust or employment in the service of the state or of such civil division or city, except such offices and positions in the militia and the military departments as are or may be created under the provisions of Article XI of the Constitution."

It is seen that by title and express provision of the Civil Service Law, it has no reference to positions and offices in the militia and military departments of the State. Bryant v. Palmer, 152 N. Y. 412, affirming 15 App. Div. 86; Peo. v. Martin, 53 App. Div. 19; Opinions of Attorney-General, 1906, p. 365.

In Bryant v. Palmer, supra, armorers and janitors of armories of the National Guard were held to be in the military service and not in the civil service of the State.

In 1895, Attorney-General Hancock rendered an opinion that chief clerks as well as other clerks in the staff department of the National Guard are in the military and not the civil service of the State. Opinions of Attorney-General, 1895, p. 111.

In 1910, Attorney-General O'Malley held that employees of the Bureau of Records of the War of the Rebellion are members of a military bureau and are not in the civil service. Opinions of the Attorney-General, 1910, p. 692.

"Civil service" is defined by Black in his Law Dictionary as follows:

"This term properly includes all functions under the government except military functions."

It is clear to me that the application of the Civil Service Law must be confined to the civil service as distinguished from the military service. The duty which is to be performed establishes the status of the appointee. This has been the basis of the distinction as conceived by the authorities to which I have referred.

The bureau which is carrying on the taking of this census is essentially and necessarily military in its character. The act serves no civil purpose whatsoever. Its military character is emphasized by the fact that it is a census of the military resources of the State, that it is a war measure and is being carried on for that sole purpose. The fact that war has been declared robs it of any possible civil character. The information secured is to be placed at the service of the Federal government and is authorized to be taken "forthwith." The Governor is authorized to receive donations of money for the purpose. The fact that this is a service for the benefit of the government, that it is to be done forthwith and that the expense thereof is to be met by private funds in part at least, convinces me that formality and technicality should yield to the exigency even if there were any doubt as to the military character of this service.

Chapter 103 of the Laws of 1917 does not interfere in any way with the national and State enactments providing for the taking of the prescribed periodical census and enumeration. It is obviously intended to be a part of the military labors and to be undertaken under the supervision if not directed entirely by the military departments of the State both staff and field. The Governor is the commander-in-chief of the military and naval forces of the State. N. Y. Const., Art. IV, § 4. As such commander-in-chief, the Governor has full and exclusive power and authority to make and promulgate military regulations governing the military and naval forces. Opinions of Attorney-General, 1912, p. 249. In that opinion Attorney-General Carmody said:

> "He must necessarily be held to have the powers incident and inherent in such military office with power to make such orders as will insure the best efficiency and discipline of the military forces under his command."

It is apparent that the authority of chapter 103, Laws of 1917, vests in the Governor as commander-in-chief of the military forces a new express power and the Governor alone without further legis-

lative enactment may consummate the work through the agency of the military department. In exercising his authority under his military power, the Governor has rendered complete confirmation of the military character of the work. Moreover, if the Legislature had intended the work to be effected as a civil process, it would have prescribed some *modus operandi*. It is evident that the omission of any prescribed method of undertaking the work was due to the fact that under the Military Law, section 255, the Governor has been given full authority to make such rules and regulations as he may deem expedient, which, when promulgated, have the same force and effect as the Military Law. The Governor is thus enabled by virtue of his military power to accomplish that which, as a civil power, might be hedged in by many obstacles.

It is also well known that one of the elementary tests as to whether a given work comes within the province of the Civil Service Commission is the fact whether the persons employed are to be compensated from the public funds. In the act in question, it was contemplated that only a part of the expense should be borne by the public treasury, the balance being received and expended exclusively by the Governor, the receipts coming into his hands purely as donations.

In view of the foregoing, it is my opinion that the persons engaged in the work authorized by chapter 103 of the Laws of 1917 do not come within the provisions of the Civil Service Law and are exempt therefrom.

Extra Compensation of State Employees — Civil Service Law, Section 43.

A civil service employee in one of the distinct bureaus of the office of the Secretary of State is entitled to compensation for work performed in another district bureau where such work is not within the scope of his original employment and is performed during such periods of time as he has not contracted to devote to the work of the bureau in which he is regularly employed.

INQUIRY

Employees in the office of the Secretary of State are divided into distinct bureaus for which separate appropriations are made in the appropriation bill. Under the sections of the Election Law requiring the Secretary of State to make a register of absent voters, to prepare war ballots, etc., it becomes necessary that a large amount of extraordinary work be done in the election bureau in a short time. The Secretary of State inquires whether he may employ upon this extra work, in addition to the regular employees of the election bureau, employees of the corporation bureau and the automobile bureau, they to perform the extra work out of the regular office hours, and to be paid specially for this work in addition to their regular salaries in their respective bureaus.

OPINION

Section 43 of the Civil Service Law provides:

> "No person holding a position or employed in any department bureau, commission or office to which this article applies and for which a definite salary or compensation has been appropriated or designated, shall receive any extra salary or compensation in addition to that so fixed."

The persons whom the Secretary of State proposes to employ in addition to the regular clerical force of his election bureau, hold positions subject to the article containing section 43, but not in that bureau. And he does not propose to employ them on the special election work in hand during the time for which they are paid regular salaries under the appropriation bill. The appropriation bill recognizes the different bureaus in the Secretary of State's office by making the appropriations therefore under distinct subheads, each bearing the name of the bureau to which it applies.

The purposes of section 43, as has been pointed out by my predecessors in office, are to prevent employees neglecting their regular work in office hours and getting paid extra for overtime in doing that very work out of office hours.

Attorney-General Davies, in 1901, in an opinion to the comptroller said:

> "The framers of the statute evidently intended to prohibit any person from receiving additional compensation for services which he may be

said to have contracted to give to the state at a fixed compensation or salary. When a person enters the employ of the state, by way of accepting a position in any department, bureau, commission or office, the time of employment being regulated by law or custom, such person, in my judgment, cannot be paid additional compensation for services incident to his employment, nor can he receive additional compensation from any other department for services performed during the time which he was under contract to give to the particular department, bureau, commission or office, at a fixed compensation or salary. The state being the common paymaster there cannot be two salaries running to that class of persons described in the statute at one and the same time.

If a person employed in one department performs services in some other department, and at such time as he has not contracted to give his services to the department in which he is regularly employed or appointed, upon the presentation of his account, duly approved by the official who gave him the extra employment, with his own affidavit attached thereto, setting forth the nature of the services rendered, the particular hours when performed, in order that it may be determined by a perusal of said affidavit that the claim made is not in conflict with the statute, I am of the opinion that you would be justified in paying the same, provided there was an appropriation available for the payment thereof." (Rept. Atty.-Gen., 1901, p. 313.)

This ruling has been accepted as the proper interpretation of the statute ever since 1901 and has been followed in several opinions of attorneys-general and innumerable departmental rulings. The Legislature has not seen fit to change the statute, in order to overrule this construction, although it has amended the Civil Service Law practically every year since 1901. In 1909, Attorney-General O'Malley, in an opinion to the Civil Service Commission, said:

"While the language of this statute is not as clear as might be desired, it is my opinion, that construing it in the light of the practice previously existing, as shown by the opinion of the former Attorney-General above referred to, there is nothing which prohibits your Commission from paying compensation to an employee of another department engaged by you to perform the work of an examiner in addition to the work pertaining to his regular employment in his own department and outside of his regular office hours." (Report of Atty.-Genl. 1909, p. 590).

In 1912, Attorney-General Carmody, in an opinion to the secretary of the State College of Forestry, said:

"After considering all of these opinions and after a careful consideration of the provisions of article 3 of the Civil Service Law I think it may be stated as a general proposition that a person who is not of the class described in section 40 of article 3 of the Civil Service Law, employed in one department of the State is entitled to compensation

for work performed for another department, where such work is not within the scope of his original employment and is performed by him during such periods of time as he is not required by law to devote to the department in which he is regularly employed."

The principle underlying these rulings is that the statute is not considered to prevent a person employed in one department at a regular salary from being paid for extra work elsewhere, provided the work so performed is not within the scope of the work he has contracted to perform at a regular salary, and further, provided that the extra work is not performed in the time he has contracted to devote to earning his regular salary. This being the case I see no reason why the principle should not be applied to permit the Secretary of State, in the case under consideration, to employ clerks who are regularly employed in the automobile bureau or the corporation bureau at the extra work of the election bureau, outside of the regular office hours established by law or custom for which they have contracted to give their services to the corporation bureau, or the automobile bureau. The work they will perform in the election bureau is certainly not within the scope of their regular employment in the corporation bureau or the automobile bureau and if the work they perform in the election bureau is not performed during the time they can fairly be said to have contracted to devote the work of the corporation bureau or the automobile bureau, it is my opinion that to pay for such extra work would not constitute a violation of section 43 of the Civil Service Law.

In the past, rulings holding such compensation permissible have been where the extra work was done for a department other than the one in which the person so paid was regularly employed. But since the appropriation bill recognizes the different bureaus in the Secretary of State's office as established branches, by making separate appropriations for them, and since section 43 of the Civil Service Law itself, by mentioning bureaus, recognizes them as entities, I think that what my predecessors have held with respect to departments may fairly be said to apply equally to the bureaus in the office of the Secretary of State.

Civil Service Law, Section 30 — Constitutional Oath by Employees of the State and Its Civil Divisions and Cities

All persons holding positions as laborers in the exempt class in the state, county, village and town service under section 13 of the Civil Service Law and also the labor class in cities as defined in section 18 of that law, are excepted from the provisions of chapter 574 of the Laws of 1917, which added section 30 to the Civil Service Law and required persons employed by the state or its civil divisions and cities to take and file the constitutional oath.

Statute construed as not covering everyone who enters into contractual relation with the state and who as an incidental part of his business might be called upon to do some work for the state etc., but as meaning the regular employees placed upon the payrolls of the state etc.

INQUIRY

I have been considering the request for an opinion orally communicated to me by Commissioner Rice with reference to chapter 574, Laws of 1917, which adds a new section to the Civil Service Law requiring persons employed by the State and its civil divisions and cities to make and file a constitutional oath.

OPINION

Two questions have been raised with reference to the application of this statute.

1. The statute is made applicable to "every person hereafter employed by the State or any of its civil divisions or cities *except in the labor class as defined in this chapter.*". The question occurs as to what is meant by "the labor class as defined in this chapter." Section 10 provides, *inter alia* that "No examination or registration shall be required of persons to be employed as laborers in the state service." Section 13 provides that "The following positions shall be included in the exempt class or the non-competitive class: * * * 4. In the State service, all unskilled laborers and such skilled laborers as are not included in the competitive class; * * *." Section 18 defines "The labor class in cities," providing for listing of candidates and appointment from lists. Thus we see that there is more restriction upon the appointment of laborers in the State than in the city service and it would not seem reasonable that the Legislature intended to make the new requirement apply to the State laborers while exempting the city laborers from it. I am therefore of opinion that in using the phrase "the labor class as defined in this chapter" the Legislature contemplated all laborers

referred to in sections 10 and 13 as well as in section 18. "The state service" as used in sections 10 and 13 has been held to mean the service which is subject to the jurisdiction of the State Civil Service Commission — that is all service except city service. So it is my opinion that the exception excludes from the requirement of filing oaths, all persons holding positions as laborers in the exempt class in the State, county, village and town service under section 13 of the Civil Service Law and also the labor class in cities as defined in section 18 of the Civil Service Law.

2. The further question arises as to the application of this statute to persons contractually employed such as veterinarian who may be called in to treat a sick horse used by the State in connection with one of its institutions. It seems to me that it was intended to include first only those who are placed upon the payroll of the State or any of its civil divisions or cities and not intended to include any employments where a disbursement is made directly to the person employed by the department or officer employing him and the voucher is presented as a disbursement voucher by such department or officer. I am also inclined to believe that the Legislature did not intend to include such emergency employment as would involve only a day's labor or a fraction of a day but only such employment as involved a more or less continuous service. Perhaps this is best indicated by the language of the last sentence which reads as follows:

> "The failure of such employee to take and file such oath shall terminate his employment until such an oath shall be taken and filed as herein provided."

No other penalty is provided and it seems to me that it was contemplated that there should be a more or less steady employment and certainly was not intended to mean everyone who entered into a contractual relation with the State and who as an incidental part of his business might be called upon to do some work for the State and be paid by it. In other words, I believe it was intended to mean the regular employees of the State, etc., who are placed upon the payrolls of the State, etc.

Constitutional Oath of Office — Civil Service Law, Section 30

One who is not a citizen of the United States and was born in Germany or Austria does not cease to be an "enemy alien" by taking the constitutional oaths and should not be permitted to take such oath.

INQUIRY

The State Civil Service Commission inquires if persons who are natives of Germany or Austria and who apply for employment in the State service before they are naturalized, cease to be "enemy aliens" if they take the constitutional oath required by statute.

OPINION

In reply to your letter of December 8th, I must advise you that I do not think that by taking the oath of allegiance or a constitutional oath an enemy alien ceases to be an enemy alien. A citizen of Germany or of Austria-Hungary is a citizen of a country at war with the United States and until admitted to citizenship, or at least to the status of one who has signified his intention of becoming a citizen but has not yet accorded full civic rights, he necessarily retains his native nationality. One cannot expatriate himself by merely taking an oath to support the constitution of a sovereign other than his own, especially at a time when that sovereign is at war with his sovereign. I do not think that an alien enemy can support the constitution of the United States and I do not think that he should be permitted to take an oath to the effect that he will.

Pension of State Employees — Civil Service Law, Section 21-A

One who is not employed in the service of the state, at the time of the enactment of section 21-a of the Civil Service Law, although prior thereto he had served for ten years continuously is not entitled to a pension. This section is not retroactive.

INQUIRY

The Superintendent of Prisons asks to be informed if a former officer of Auburn Prison and a Civil War veteran who was in the State service for over ten years continuously prior to the enactment of chapter 438 of the Laws of 1916, but retired from the service in 1911, can be placed upon the payroll at half pay as a retired officer.

OPINION

I have your letter relating to Henry J. Rhodes, a Civil War veteran, in which you request my opinion with respect to section 21-a of the Civil Service Law as added by chapter 438 of the Laws of 1916. It is perfectly clear to me, and I have heretofore ruled that this section only provides for the pensioning of employees in the service at the time of, or after its passage, and cannot be construed to permit the pensioning of one whose connection with the civil service was severed prior to April 27, 1916 no matter what his qualifications may be. In the statute the retirement from employment and the right to pension are so tied up together that it is impossible to conclude that the Legislature intended to provide for the pensioning of men who had retired from employment some time prior to the passage of the statute.

Military Law, Section 245 — Provisional State Employees in National Guard — Civil Service Rule VIII, Subdivision 4; Law, Section 15 — Section 245 of the Military Law Does Not Protect an Employee Who Although a National Guardsman Fails to Take an Examination for the Position He is Holding Provisionally

INQUIRY

Is a person holding a State position provisionally entitled to the benefits of section 245 of the Military Law after he is called

into the service of the national guard in which he has enlisted and after failing to take an examination for the position he held under a provisional appointment?

OPINION

I have your letter enclosing papers relating to the discharge of Private Louis H. Baxter, Co. A. N. Y. Infantry, from his position in the State civil service under the Public Service Commission for the First District. I have examined the records in the State Civil Service Commission and find that Baxter was appointed provisionally under subdivision 4 of Rule VIII of the Civil Service Rules, which reads as follows:

> "Whenever there are urgent reasons for filling a vacancy in any position in the competitive class, and there is no list of persons eligible for appointment after competitive examination, or the existing list contains less than three names the appointing officer may nominate a person to the commission for a non-competitive examination, and if such nominee shall be certified by such commission as qualified after such non-competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination, but such provisional appointment shall not continue more than ten days after notice to the appointing officer that an eligible list has been prepared for such position, nor in any case for a longer period than four months."

He was notified by the secretary of the Public Service Commission that his provisional appointment was terminable at or before the establishment of the eligible list resulting from an examination. A competitive examination was held on May 5, 1917, of which Baxter was duly notified. He failed to appear. On June 29th the eligible list resulting from the competitive examination so held was established. On that day the secretary of the Civil Service Commission advised the secretary of the Public Service Commission that Baxter had failed to appear for examination. This letter of advice contained the list of eligibles who had passed the examination, the list of those who had failed, and the list of those who had failed to appear, and advised the addressee that provisional appointments would expire July 9th.

I presume the last mentioned letter was not received by the Public Service Commission for the First District until July 3d, and that they allowed Baxter ten days thereafter before termi-

nating his appointment, this being the maximum under the subdivision quoted above.

Under the Civil Service Law, section 15, subdivision 1, and under Rule VIII, subdivision 4, Baxter's appointment could not be continued. The amendments to the Military Law protect civil service employees from removal because of absence on military duty, but they do not perpetuate them in positions their tenure of which is limited by the Civil Service Laws and Rules. I therefore advise you that Baxter is in no way entitled to restoration to the provisional position temporarily held by him in the civil service.

Military Law, Section 27 — Assignment of Officers for Instruction Under the So-called Compulsory Military Training Law — Physical Instructors

State Civil Service Commission has no jurisdiction over assignments of officers and enlisted men of the National Guard and Naval Militia or male teachers and physical trainers of boards of education for service under the Compulsory Military Training Law.

INQUIRY

Is the approval of the State Civil Service Commission required in connection with the detail of military training officers?

Must the State Civil Service Commission approve assignments of male teachers and physical instructors of boards of education, trustees of colleges, etc., under section 27, subdivision 2, of Military Law?

OPINION

Under subdivision 2 of section 27 of the Military Law, officers and enlisted men of the national guard and naval militia may be detailed for the purpose of supervising and conducting military training as provided by that section. You inquire whether the approval of the State Civil Service Commission is required in

connection with the detailing of such officers. I do not think that the Civil Service Commission has any jurisdiction in the premises. The officers and men are in the military service, not the civil service of the State and when acting under the Military Training Commission they are still in the military service merely being detailed to specified work, and their pay is military pay. The detailing of them to work in connection with military training is in no way an appointment or promotion in the civil service of the State or any of its subdivisions.

You inquire whether it is necessary in order that officers and men so detailed receive the compensation authorized by the Military Law, that their details be approved by the Civil Service Commission, I think not. As above stated their work is purely military, and they act as part of the military service, not part of the civil service, and the Civil Service Commission has no jurisdiction over their details or their payrolls.

You inquire whether the Civil Service Commission must approve the assignments of male teachers and physical instructors by the boards of education or trustees of schools or the governing bodies of colleges, under subdivision 2 of section 27 of the Military Law, to conduct military training under the supervision of the Military Training Commission. I think not. These teachers are employees of the schools or colleges assigning them and as such they may come under the Education Law, but certainly do not come under the Civil Service Law. Their assignment to this work is not appointment in the civil service of the State, and their duties under such assignment are military and not civil. So their appointment is in no way subject to the jurisdiction of the Civil Service Commission.

Military Law: Chapter 435, Laws of 1917, amending section 245 of chapter 41 of the Laws of nineteen hundred and nine, entitled "An act in relation to the militia, constituting chapter thirty-six of the Consolidated Laws."

Female officers or employees of the State of New York in the performance of their duties as Red Cross nurses in active or war service, shall not, during the period of their absence from the State employment because of such duties, be deprived of any privileges, as such officers or employees, with reference to promotion or continuance in office, or employment, or to reappointment to office or to re-employment during the present war, and shall be entitled to receive from the State the difference between the salary of Red Cross nurses and the salary of their positions in the service of the State, if the latter is in excess of the compensation paid to them for performing their duties in war service. (June 13, 1917.)

Military Law, Chapter 435, Laws of 1917, Amending Section 245 of the Military Law

Employees and officers of the state or of any municipal corporation or any other political subdivision of the state, who may enter a training camp for the purpose of studying, drilling and qualifying themselves for military or naval commissions, and who obligate themselves to enter the federal military, naval or marine service, are entitled to receive the same compensation from the state, municipality or other political subdivision thereof, while attending such camp, as they were receiving at the time of their entrance. (May 15, 1917.)

Chapter 435, Laws of 1917, Amending Section 245 of the Military Law

All officers and employees of the state who entered the military service prior to May 10, 1917, who were not connected with the National Guard and all such officers and employees of the State, who have entered the military service on and after the 10th day of May, 1917, whose salaries or compensation in the civil service exceeded or will exceed the compensation paid them in the discharge of their military duty, are entitled to receive from the state the amount of such excess if any, and if such excess is less than twenty-five dollars per month, such employees will

be entitled to receive the full sum of twenty-five dollars per month; but no officer or employee whose civil service wages or salary was or is less than his military compensation will be entitled to receive anything from the state. (June 14, 1917.)

Chapter 435, Laws of 1917, Amending Section 245 of the Military Law

Officers and employees of the State or of a municipal corporation who were members of the National Guard or Naval Militia and who entered such military service prior to May 10, 1917, are entitled only to such payments from the state or such municipal corporation as are provided for in subdivision 3 of section 245 of the Military Law as amended by chapter 435 of the Laws of 1917. (June 19, 1917.)

Section 245 of the Military Law as Amended by Chapter 435, Laws of 1917

An officer or employee of the state will not be entitled to receive from the state the excess of his salary or compensation provided by subdivision 3 of section 245 of the Military Law as amended by chapter 435 of the Laws of 1917, after the termination of his employment by the the state. (August 29, 1917.)

Military Law — Sections 187, 188, 189 and 245; Laws of 1917, Chapter 809 — Employees in Armories — Source of Payment While Absent on Military Duty

Employees in armories appointed under sections 187 and 188 of the Military Law, entitled to the benefits provided by section 245 of the Military Law, should be paid, in accordance with the provisions of the latter section, out of the appropriation made by chapter 809 of the Laws of 1917 for the payment of salaries of state employees while in the service of the United States. (December 4, 1917.)

Military Law, Section 245 — Civil Employees of State or Municipalities in Military Service — Temporary Employees

Under section 245 of the Military Law a civil employee does not become entitled to a permanent position upon the civil payroll because of being inducted into military service; but the length of time an employee entitled to the benefits of that section is to be continued upon the payroll depends upon the nature of and the term of his employment. 21. Preferences allowed honorably discharged soldiers, sailors and marines.
21a. Retiring veterans of the late civil war and granting them pensions.
22. Power of removal limited.
23. Compensation of veterans reinstated by order of the courts.
23a. Removal for treasonable or seditious acts or utterances.
24. Misdemeanor to obstruct right of examination; false representation; impersonation in examination.
25. Recommendations for appointment or promotion.
26. Political assessments prohibited.
27. Officers or candidates not to promise influence; "public officer" and "public employee" defined.
28. Taxpayer's action.
29. Publication of examination pamphlet and civil list.
30. Person employed by State or its civil divisions and cities to take and file constitutional oath.

§ 3. State civil service commission.— The governor is authorized to appoint, by and with the advice and consent of the senate, three persons, not more than two of whom shall be adherents of the same political party, as civil service commissioners, and said three commissioners shall constitute the state civil service commission. They shall hold no other political place under the state of New York. On or before the first day of May, in the year one thousand nine hundred and thirteen the governor shall designate one member of the present state civil service commission to serve as a member of the commission until the first day of February, one thousand nine hundred and fifteen; one until the first day of February, one thousand nine hundred and seventeen; and one until the first day of February, one thousand nine hundred and nineteen. Upon the expiration of each of said terms, the term

of office of each commissioner hereafter appointed shall be six years from the first day of February of the year in which he shall be appointed. Vacancies shall be filled by appointment of the governor for the unexpired term. Each of the three commissioners shall receive a salary of five thousand dollars a year, and each of said commissioners shall be paid his necessary expenses incurred in the discharge of his duties as a commissioner. (As amended by chap. 352, Laws of 1913.)

§ 4. **Officers and employees of the commission.**— The commission shall elect one of its members to be president, and may employ a chief examiner, a secretary, and such other officers, clerks and examiners as it may deem necessary or proper to carry out the purposes of this chapter, and such employees shall hold office during the pleasure of the commission. The chief examiner shall be entitled to receive a salary at the rate of three thousand six hundred dollars a year, and he shall be paid his necessary traveling expenses incurred in the discharge of his duty. The secretary, and other officers, clerks and examiners shall receive salaries to be fixed by the commission, and the secretary shall also be paid his necessary traveling expenses incurred in the discharge of his duty. The commission may select suitable persons in the official service of the state or any of its civil divisions, after consulting the head of the department or office in which such persons serve, to act as examiners under its direction. Persons so selected shall be entitled to compensation from the commission for their necessary expenses occasioned by the service actually rendered, in addition to the regular service required in the department or office where they are regularly employed. The compensation of examiners shall not exceed five dollars per day, except in case of special and expert examiners employed in the preparation of questions and rating of candidates; the commission shall not expend or authorize the expenditure of moneys for any purpose in excess of the sums appropriated therefor by law. (As amended by chap. 352, Laws of 1913.)

§ 5. **Rooms and accommodations.**— It shall be the duty of the trustees of public buildings to cause suitable and convenient rooms and accommodations to be assigned or provided, and to be furnished, heated and lighted, at the capitol in the city of Albany, for carrying on the work and examinations of said commission, and said commission may order the necessary stationery, postage stamps, and official seal and other articles to be supplied, and the necessary printing to be done for its official use. It shall be the duty of the officers of the state of New York or of any civil division thereof, at any place where examinations are directed by the commission or its rules to be held to allow the reasonable use of public buildings, and to heat and light the same for holding such examinations, and in all proper ways to facilitate the same.

§ 6. **The powers and duties of the commission.**— The state civil service commission shall

1. Prescribe, amend and enforce suitable rules and regulations for carrying into effect the provisions of this chapter and of section nine of article five of the constitution of the state of New York, as herein provided. The rules prescribed by the state and municipal commissions pursuant to the provisions of this chapter shall have the force and effect of law.

2. Keep minutes of its own proceedings and records of its examinations and other official action.

3. Make investigations concerning and report upon all matters touching the enforcement and effect of the provisions of the chapter and the rules and regulations prescribed thereunder, concerning the action of any examiner or subordinate of the commission and any person in the public service, in respect to the execution of this chapter, and in the course of such investigations each commissioner and the secretary and the chief examiner shall have power to administer oaths.

4. Have power to subpœna and require the attendance in this state of witnesses and the production thereby of books and papers pertinent to the investigation and inquiries hereby authorized and to examine them and such public records as it shall require in relation to any matter which it is required to investigate. And for the purposes of the examination hereby directed, the commission possesses all the powers conferred by the legislative law upon a committee of the legislature or by the code of civil procedure upon a board or committee, and may invoke the power of any court of record in the state to compel the attendance and testifying of witnesses and the production thereby of books and papers as aforesaid.

5. Make an annual report to the governor for transmission to the legislature, showing its own action, the rules and regulations and the exceptions thereto in force, and the practical effects thereof and any suggestions it may approve for the more effectual accomplishment of the purposes of this chapter.

6. Meet in Albany at least once in each calendar month, except the month of August, and hold such other meetings as the needs of the public service may require. A majority of the members of the commission shall constitute a quorum.

§ 7. Attendance of witnesses; fees.—Witnesses and officers to subpœna and secure the attendance of witnesses before said commission, shall be entitled to the same fees as are allowed witnesses in civil cases in courts of record. Such fees need not be prepaid, but the comptroller shall draw his warrant for the payment of the amount thereof, when the same shall have been certified to by the president of the commission, and duly proved by affidavit or otherwise to the satisfaction of the said comptroller; and all state, county, town, municipal and other officers and their deputies, clerks, subordinates and employees shall afford the said board all reasonable facilities in conducting the inquiries specified in this chapter, and give inspection to said board of all books, papers and documents belonging, or in any way appertaining to the respective offices, and shall also produce said books and papers, and shall attend and testify when required to do so by said commission.

§ 8. Duties of public officers.—It shall be the duty of all officers of the state of New York or of any civil division or city thereof to conform to and comply with and to aid in all proper ways in carrying into effect the provisions of this chapter, and the rules and regulations prescribed thereunder and any modification thereof. No officer or officers having the power of appointment or employment shall select or appoint any person for appointment, employment, promotion or reinstatement except in accordance with the provisions of this chapter and the rules and regulations prescribed thereunder. Any person employed or appointed contrary to the provisions of this chapter or of the rules and regulations established thereunder, shall be paid by the

officer or officers so employing or appointing, or attempting to employ or appoint him the compensation agreed upon for any services performed under such appointment or employment, or in case no compensation is agreed upon, the actual value of such services, and any expenses incurred in connection therewith, and shall have a cause of action against such officer or officers or any of them for such sum or sums and for the costs of the action. No public officer shall be reimbursed by the state or any of its civil divisions for any sums so paid or recovered in any such action.

§ 9. **Unclassified service; classified service.**— The civil service of the state and of each of its civil divisions and cities shall be divided into the unclassified service and the classified service. The unclassified service shall comprise all elective offices, all offices filled by election or appointment by the legislature on joint ballot; all persons appointed by name in any statute; all legislative officers and employees, all offices filled by appointment by the governor, either upon or without confirmation by the senate, except officers and employees in the executive offices; all election officers, the head or heads of any department of the government, and persons employed in or who seek to enter the public service as superintendents, principals or teachers in a public school or academy or in a state normal school or college. The classified service shall comprise all positions not included in the unclassified service. All appointments or employments in the classified service, except those of veterans of the civil war, honorably discharged from the military or naval service of the United States, shall be for a probationary term not exceeding the time fixed in the rules.

§ 10. **Rules for the classified state service.**— The commission shall from time to time make rules for the classification of the offices, places and employments in the classified service of the state, and from time to time rules for the classification of the offices, places and employments in such civil divisions thereof, except cities, as after due inquiry by the commission shall be found practicable, and for appointments and promotions therein and examinations therefor, not inconsistent with the constitution and the provisions of this chapter, and shall amend the same from time to time. No examination or registration shall be required of persons to be employed as laborers in the state service. Such rules and any modifications thereof, shall take effect when approved by the governor. Due notice of the contents of such rules, and of any modifications thereof, shall be given by mail to appointing officers and heads of departments affected thereby, and such rules shall be printed for public distribution. Subject to the provisions of this chapter and of the rules established thereunder, the commission shall make regulations for and have control of examinations for the service of the state and the civil divisions thereof, except cities, and shall supervise and preserve the records of the same, but such examinations shall be held at least once a year in each of the following places: Albany, Amsterdam, Auburn, Binghamton, Buffalo, Dunkirk, Elmira, Geneva, Hornell, Ithaca, Jamestown, Johnstown, Kingston, Lockport, Malone, Middletown, Newburgh, New York, Ogdensburg, Olean, Oneonta, Oswego, Plattsburg, Poughkeepsie, Rochester, Saratoga, Syracuse, Utica and Watertown; and shall cover in each place all offices and positions for which competitive examinations are required, except such examinations as require special tools, machinery, appliances or laboratory facilities.

§ 11. **The classified city service.**— The mayor of each city in this state shall appoint and employ suitable persons to prescribe, amend and enforce rules for the classification of the offices, places and employments in the classified service of such city, and for appointments and promotions therein and examinations therefor; and for the registration and selection of laborers for employment therein, not inconsistent with the constitution and the provisions of this chapter, and shall amend the same from time to time. Such persons shall be municipal civil service commissioners and shall constitute the municipal civil service commission of such city. All appointments or designations of municipal civil service commissioners shall be made in such manner that not more than two-thirds of such commissioners in any city shall at any time be adherents of the same political party. Such rules herein prescribed and established, and all regulations now existing for appointment and promotion in the civil service of said city, and any subsequent modification thereof, whether prescribed under the authority of a general law or of any special or local law, shall be valid and take or continue in effect only upon the approval of the mayor of the city and of the state civil service commission. The authority by this section conferred shall not be so exercised as to take from any policeman or fireman any right or benefit conferred by law, or existing under any lawful regulation of the department in which he serves. All examinations herein authorized shall be public, and all rules shall be published, and, with all the proceedings and papers connected with said examinations, shall be at all times subject to the inspection of said state commission and its agents; and said commission shall set forth in its report the character and practical effects of such examinations, together with its views as to the improvement and extension of the same, and also copies of all rules made under the authority hereby conferred. Subject to the provisions of this chapter and of said rules, the municipal commission of any city shall make regulations for and have control of examinations and registrations for the service of such city, and shall supervise and preserve the records of the same. In case for any reason, the mayor of any city within sixty days after he has the power to appoint, fails to appoint such municipal commissioners, the state commission shall appoint them to hold office until the expiration of the term of the mayor then in office and until their successors are appointed and qualify. It shall be the duty of such persons to prepare and to procure the approval of the rules herein provided for, and, if they fail to do so within sixty days after their appointment, the state commission shall forthwith make said rules. It shall be the duty of such persons to make reports from time to time to the state commission, whenever said commission may request, of the manner in which this law, and the rules and regulations thereunder, have been and are administered, and the results of their administration in such city, and of such other matters as said commission may require, and annually on or before the fifteenth day of January, to make such a report to said commission; and it shall be the duty of said state commission in its annual report to set out either these reports, or a sufficient abstract or summary thereof, to give full and clear information as to their contents. A copy of the roster of the classified civil service of such city shall be transmitted to the state commission with the annual report aforesaid, and shall be filed in the office of said commission as a public record. The municipal commission of each city, for the purpose of investigating the enforcement and

effect of the civil service law and the rules and regulations prescribed thereunder in the service of such city, shall have the same powers that are granted to the state commission by the third and fourth subdivisions of section six of this act. The mayor may at any time remove any municipal civil service commissioner appointed by him. Said state commission may also, by unanimous vote of the three commissioners, with the written approval of the governor, remove any municipal civil service commissioner appointed or employed under the authority of this section, for incompetency, inefficiency, neglect of duty or violation of the provisions of this chapter, or of the rules and regulations in force thereunder, or of any of them, specifying in writing the particulars of the incompetency, inefficiency, neglect of duty or violation charged, and filing the same as a public document in the office of the city clerk, or if there be no city clerk, in the office of the clerk of the board of aldermen, and a certified transcript thereof in the office of the state civil service commission, first giving such commissioner an opportunity to make a personal explanation in self-defense. Whenever a municipal civil service commissioner has been removed by the unanimous vote of the three state commissioners, with the written approval of the governor, or whenever any municipal commissioner shall resign or be removed by the mayor pending an investigation by the state commission of the administration of the civil service of the city in which such person is a municipal commissioner, or whenever any municipal commissioner shall resign or be removed by the mayor pending a hearing by the state commission of charges preferred against such municipal commissioner, the state commission and not the mayor of such city shall have power to appoint persons to fill such vacancies, and such persons so appointed by the state commission shall hold office as municipal civil service commissioners of such city until the expiration of the term of the mayor then in office and until their successors are appointed and qualify. Said state commission may at any time, by unanimous vote of the three commissioners, amend or rescind any rule, regulation or classification prescribed under the provisions of this section, provided that said state commission shall state the reasons for such action in writing, and file the same and a certified transcript thereof as a public document as hereinbefore provided, and give an opportunity to the municipal civil service commissioners concerned to make a personal explanation and to file papers in opposition to such action. The said state commission, however, shall not take such action upon any ground other than that the provisions or purposes of this chapter are not properly or sufficiently carried out by such rule, regulation or classification, nor without specifying in writing and detail in what particular such provisions or purposes are not carried out, nor shall said state commission exempt from competitive examination any position or place or employment in any city without the consent of the municipal commission of such city. (As amended by chap. 357, Laws of 1916.)

§ 12. **Classification.**— The offices and positions in the classified service of the state or of any civil division or city thereof for which civil service rules shall be established pursuant to this chapter, shall be arranged in four classes to be designated as the exempt class, the competitive class, the non-competitive class and, in cities, the labor class.

§ 13. **The exempt class.**— The following positions shall be included in the exempt class:

1. The deputies of principal executive officers authorized by law to act generally for and in place of their principals;

2. One secretary of each officer, board and commission, authorized by law to appoint a secretary;

3. One clerk, and one deputy clerk if authorized by law, of each court, and one clerk of each elective judicial officer;

4. In the state service, all unskilled laborers and such skilled laborers as are not included in the competitive class or the non-competitive class; and in addition thereto there may be included in the exempt class all other subordinate offices for the filling of which competitive or non-competitive examination may be found to be not practicable. But no office or position shall be deemed to be in the exempt class unless it is specifically named in such class in the rules, and the reasons for each such exemption shall be stated separately in the annual reports of the commission. Not more than one appointment shall be made to or under the title of any such office or position, unless a different number is specifically mentioned in such rules. Appointments to positions in the exempt class may be made without examination. (As amended by chap. 170, Laws of 1912; chap. 352, Laws of 1913.)

§ 14. **The competitive class.**— The competitive class shall include all positions for which it is practicable to determine the merit and fitness of applicants by competitive examination, and shall include all positions now existing, or hereafter created, of whatever functions, designations or compensation, in each and every branch of the classified service, except such positions as are in the exempt class, the non-competitive class or the labor class. Appointments shall be made to or employment shall be given in all positions in the competitive class that are not filled by promotion, reinstatement, transfer or reduction under the provisions of this chapter and the rules in pursuance thereof, by appointment from among those graded highest in open competitive examinations conducted by the state or municipal commission, except as herein otherwise provided. The term of eligibility shall be fixed for each eligible list at not less than one nor more than four years. Appointment shall be made from the eligible list most nearly appropriate for the group in which the position to be filled is classified, and a new list shall be created for a stated position or group of positions only when there is no appropriate list existing from which appointment may be made. No person shall be appointed or employed under any title not appropriate to the duties to be performed, and no person shall be transferred to, or assigned to perform the duties of, any position subject to competitive examination, unless he shall have previously passed an open competitive examination equivalent to that required for such position, or unless he shall have served with fidelity for at least three years in a similar position. Appointments to positions in the state service, the duties of which are confined to a locality outside of Albany county, shall, so far as practicable, be made from residents of the judicial district or districts including such locality. The examinations shall be public and shall be practical in their character and shall relate to those matters which will fairly test the relative capacity and fitness of the persons examined to discharge the duties of that service into which they seek to be appointed. Such commissions shall prepare lists of preliminary requirements and subjects

of examination for the several positions or groups of positions in the competitive class and shall publish their rules and such information, and advertise such examinations in such manner as the nature of the examinations may require. Each of such commissions shall require intending competitors to file in its office a reasonable length of time before the date of any examination, a formal application in which the applicant shall state under oath:

1. His full name, residence and post-office address.
2. His age and the place and date of his birth.
3. His health and physical capacity for the public service.
4. His right of preference by reason of military or naval service.
5. His business or employment, and residence for at least the previous five years.
6. Such other information as may reasonably be required touching the applicant's merit and fitness for the public service.

Blank forms for such application shall be furnished by said commissions without charge to all persons requesting the same. Such commissions may require in connection with such application such certificates of citizens, physicians, public officers or others having knowledge of the applicant, as the good of the service may require. Such commissions may refuse to examine an applicant, or after examination to certify an eligible, who is found to lack any of the established preliminary requirements for the examination or position for which he applies; or who is physically so disabled as to be rendered unfit for his performance of the duties of the position to which he seeks appointment; or who is addicted to the habitual use of intoxicating beverages to excess; or who has been guilty of a crime or of infamous or notoriously disgraceful conduct; or who has been dismissed from the public service for delinquency or misconduct; or who has intentionally made a false statement of any material fact, or practiced, or attempted to practice, any deception or fraud in his application, in his examination, or in securing his eligibility or appointment. When the position to be filled involves fiduciary responsibility, the appointing officer, where permitted by law, may require the appointee to furnish a bond or other security and shall notify the state or municipal commission of the amount and necessary details thereof. (As amended by chap. 547, Laws of 1911.)

§ 15. Exemptions from competitive examination.— Positions in the competitive class may be filled without examination as follows:

1. Whenever there are urgent reasons for filling a vacancy in the competitive class and there is no list of persons eligible for appointment after competitive examination, the appointing officer may nominate a person to the state or municipal commission for non-competitive examination, and if such nominee shall be certified by such commission as qualified after such non-competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination, but such provisional appointment shall not continue for a longer period than four months, nor shall successive provisional appointments be made to the same position under this subdivision. (As amended by chap. 361, Laws of 1915.)

2. In case of a vacancy in a position in the competitive class where peculiar and exceptional qualifications of a scientific, professional or educational character are required, and upon satisfactory evidence that for specified reasons

competition in such special case is impracticable and that the position can be best filled by the selection of some designated person of high and recognized attainments in such qualities, the state or municipal commission may suspend the provisions of the rule requiring competition in such case, but no such suspension shall be general in its application to such place, and all such cases of suspension shall be reported in the annual reports of such commissions with the reasons for the same.

3. When the services to be rendered by an appointee in the state service are for a temporary period not to exceed one month and the need of such service is important and urgent, the appointing officer may select for such temporary service any person on the proper list of those eligible for a permanent appointment without regard to his standing on such list.

§ 16. **Promotion; transfer; reinstatement; reduction.**—Vacancies in positions in the competitive class shall be filled, so far as practicable, by promotion from among persons holding positions in a lower grade in the department, office or institution in which the vacancy exists. Promotions shall be based upon merit and competition and upon the superior qualifications of the person promoted as shown by his previous service, due weight being given to seniority. For the purposes of this section an increase in the salary or other compensation of any person holding an office or position within the scope of the rules in force hereunder beyond the limit fixed for the grade in which such office or position is classified, shall be deemed a promotion. No promotion, transfer or reinstatement shall be made from a position in one class to a position in another class unless the same be specially authorized by the state or municipal commission, nor shall a person be promoted or transferred to a position for original entrance to which there is required by this chapter or the rules an examination involving essential tests or qualifications different from or higher than those required for original entrance to the position held by such person, unless he shall have passed the examination or attained a place upon the eligible list for such higher position.

§ 17. **The non-competitive class.**— The non-competitive class shall include such positions as are not in the exempt class or the labor class and which it is impracticable to include in the competitive class. Appointments to positions in the non-competitive class shall be made after such non-competitive examination as is prescribed by the rules.

§ 18. **The labor class in cities.**— The labor class in cities shall include unskilled laborers and such skilled laborers as are not included in the competitive class or the non-competitive class. Vacancies in the labor class in cities shall be filled by appointment from lists of applicants registered by the municipal commissions. Preference in employment from such lists shall be given according to date of application. There shall be separate lists of applicants for different kinds of labor or employment, and the commissions may establish separate labor lists for various institutions and departments. Where the labor service of any department or institution extends to separate localities, the commissions may provide separate registration lists for each district or locality. The commissions shall require an applicant for registration for the labor service to furnish such evidence or pass such examination

as they may deem proper with respect to his age, residence, physical condition, ability to labor, skill, capacity and experience in the trade or employment for which he applies.

§ 19. **Official roster; reports of appointing officers.**— No person shall be appointed to or employed in any position in the classified service of the state or of any civil division or city thereof for which rules have been prescribed pursuant to the provisions of this chapter, until he has passed an examination or is shown to be especially exempted from such examination in conformity with such rules and the provisions of this chapter. It shall be the duty of each appointing officer of the state or any such civil division thereof, except cities, to report to the state civil service commission forthwith upon such appointment or employment the name of such appointee or employee, the title and character of his office or employment, the date of the commencement of service by virtue thereof and the salary or compensation thereof, and to report from time to time and upon the date of official action in or knowledge of each case, any separation of a person from the service, or other change therein, and such other information as the commission may require, in order to keep the roster hereinafter mentioned. The commission shall keep in its office an official roster of the classified civil service of the state and of each of the civil divisions thereof for which rules have been prescribed pursuant to this chapter, except cities, and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service, upon such evidence as it may require or deem satisfactory that such person was appointed to, promoted or reinstated in the service in conformity with the provisions of law and the rules prescribed pursuant to this chapter. The official roster shall show opposite or in connection with each name the date of appointment, employment, promotion or reinstatement, the compensation of the position, the date of commencement of service, and date of transfer in or separation from service by dismissal, resignation, cancellation of appointment or death. In like manner the municipal commission of each city shall keep in its office an official roster of the classified civil service of such city, and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service, upon such evidence as it may require or deem satisfactory that such person was appointed to, or employed, promoted or reinstated in the service in conformity with the provisions of law and of the rules, and it shall be the duty of each appointing officer of such city to report to such municipal commission in like manner as is hereinbefore provided for reports from appointing officers to the state commission.

§ 20. **Disbursing officers.**— It shall be unlawful for the comptroller or other fiscal officer of the state or any civil division or city thereof for which civil service rules have been prescribed pursuant to this chapter, to draw, sign or issue, or authorize the drawing, signing or issuing of any warrant on the treasurer or other disbursing officer of the state or such civil division or city thereof, for the payment of, or for the treasurer or other disbursing officer of the state or of such civil division or city thereof, to pay any salary or compensation to any officer, clerk or other person in the classified service of the state or of such civil division or city thereof, unless an estimate, payroll or

account for such salary or compensation, containing the names of the persons to be paid, shall bear the certificate of the state civil service commission, or in case of the service of a city, the certificate of the municipal civil service commission of such city, that the persons named in such estimate, payroll or account have been appointed or employed or promoted in pursuance of law and of the rules made in pursuance of law. Any officer, clerk or other person entitled to be certified by said commission, or either of them, to the comptroller, treasurer or other fiscal or disbursing officer of the state or any city or civil division thereof, as having been appointed or employed in pursuance of law and of the rules made in pursuance of law, and refused such certificate, may maintain a proceeding by mandamus to compel such commission or commissions to issue such certificate. If the state civil service commission or any municipal civil service commission shall find that any person has been transferred, assigned to perform duties or reinstated in violation of any provision of the civil service law or of the rules adopted thereunder, it shall so notify the comptroller or other fiscal officer of the state or of the appropriate civil division or city thereof and thereafter such officer shall not draw, sign or issue or authorize the drawing, signing or issuing of any warrant on the treasurer or other disbursing officer for the payment of salary or compensation to any such person. Any such person may maintain a proceeding by mandamus to compel the payment of salary or compensation so withheld, if lawfully entitled thereto. Any sums paid contrary to the provisions of this section may be recovered from any officer or officers making such appointment in contravention of the provisions of law and of the rules made in pursuance of law, or any officer signing or countersigning, or authorizing the signing or countersigning of any warrant for the payment of the same, and from the sureties on his official bond, in an action in the supreme court of the state, maintained by a citizen resident therein, who is assessed for and is liable to pay, or within one year before the commencement of the action, has paid a tax therein. All moneys recovered in any action brought under the provisions of this section must, when collected, be paid into the treasury of the state or such civil division thereof, except that the plaintiff in any such action shall be entitled to receive for his own use the taxable costs of such action. (As amended by chap. 240, Laws of 1909; chap. 67, Laws of 1914.)

§ 21. **Preferences allowed honorably discharged soldiers, sailors and marines.**— In every public department and upon all public works of the state of New York and of the cities, counties, towns and villages thereof, honorably discharged soldiers, sailors and marines from the army and navy of the United States in the late civil war who are citizens and residents of this state, shall be entitled to preference in appointment and promotion without regard to their standing on any list from which such appointment or promotion may be made to all competitive and non-competitive positions provided their qualifications and fitness shall have been ascertained as provided in this chapter and the rules and regulations in pursuance thereof; and a person thus preferred shall not be disqualified from holding any position in the civil service on account of his age or by reason of any physical disability provided such age or disability does not render him incompetent to perform the duties

of the position applied for. Whenever any list of eligible persons, prepared under authority of this chapter, shall contain the names of honorably discharged soldiers, sailors and marines entitled to preference as aforesaid any reference in this chapter or in the rules and regulations in pursuance thereof to the persons standing highest on such list shall be deemed to indicate those standing highest of those entitled to preference by the provisions of this section and such persons shall be given preference on any list of registered applicants for employment in the labor service, in accordance with the dates of their several applications as though such applications had been filed prior to those of any persons on such lists not entitled to the preference provided by this section. A refusal to allow the preference provided for in this and the next succeeding section to any honorably discharged soldier, sailor or marine or a reduction of his compensation intended to bring about his resignation shall be deemed a misdemeanor, and such honorably discharged soldier, sailor or marine shall have a right of action therefor in any court of competent jurisdiction for damages, and also a remedy by mandamus for righting the wrong.

§ 21-a. **Retiring veterans of the late civil war and granting them pensions.**— Every soldier, sailor or marine of the army or navy of the United States in the late civil war, honorably discharged from service, who shall have been employed for a continuous period of ten years or more in the civil service of the state of New York, and the several cities and counties thereof, and who shall have reached the age of seventy years, upon his own request, or if employed in manual labor, upon being incapacitated for performing manual labor, shall be retired from his employment by the state of New York, and the several cities and counties thereof, and thereafter and during his life, the state department or institution and the several cities and counties which employed him at the time of his retirement, shall pay to him, in the same manner that the salary or wages of his former position were customarily paid to him, an annual sum equal in amount to one-half the salary or wages paid to him in the last year of his employment; provided, however, that the amount so to be paid to such retired veteran shall not exceed the sum of one thousand dollars per annum. (Added by chapter 438, Laws of 1916; amended by chapter 768, Laws of 1917.)

§ 22. **Power of removal limited.**— Every person whose rights may be in any way prejudiced contrary to any of the provisions of this section shall be entitled to a writ of mandamus to remedy the wrong. No person holding a position by appointment or employment in the state of New York or in the several cities, counties, towns or villages thereof who is an honorably discharged soldier, sailor or marine, having served as such in the Union army or navy during the war of the rebellion, or who is an honorably discharged soldier, sailor or marine, having served as such in the army or navy of the United States during the late war with Spain or the incidental insurrection in the Philippines prior to July fourth, nineteen hundred and two, or who shall have served the term required by law in the volunteer fire department of any city, town or village in the state, or who shall have been a member thereof at the time of the disbandment of such volunteer fire department shall be removed from such position except for incompetency or misconduct shown after a hearing upon due notice upon stated charges,

and with the right to such employee or appointee to a review by a writ of certiorari. If the position so held by any such honorably discharged soldier, sailor or marine or volunteer fireman shall become unnecessary or be abolished for reasons of economy or otherwise, the said honorably discharged soldier, sailor or marine or volunteer fireman holding the same shall not be discharged from the public service, but shall be transferred to any branch of the said service for duty in such position as he may be fitted to fill, receiving the same compensation therefor, and it is hereby made the duty of all persons clothed with power of appointment to make such transfer effective. The burden of proving incompetency or misconduct shall be upon the person alleging the same. In every county of the state wholly included within the limits of a city but not comprising the whole of such city, no regular clerk or head of a bureau or person holding a position in the classified state civil service, subject to competitive examination, shall be removed until he has been allowed an opportunity of making an explanation; and in every case of removal the true grounds thereof shall be forthwith entered upon the records of the department of the office in which he has been employed, and a copy filed with the state civil service commission. In case of a removal, a statement showing the reasons therefor shall be filed in the department or office where such clerk, head of a bureau or person had been employed. Whenever such offices, positions or employments in every county of the state hereinbefore specified are abolished or made unnecessary, it shall be the duty of the head of the department or office in which such persons had been employed, to furnish the names of the person or persons affected to the state civil service commission, with a statement in the case of each of the date of his original appointment in the service. It shall be the duty of the state civil service commission forthwith to place the names of said persons upon a list of suspended employees for the office or position or for the class of work in which they have been employed, or for any corresponding or similar office, position or class of work, and to certify the said persons for reinstatement or re-employment in the order of their original appointment before making certification from any other list. The failure of any person on any such list for reinstatement or re-employment to accept after reasonable notice, an office or position in the same county and at the same salary or wages as the position formerly held by him, shall be held to be a relinquishment of his right to reinstatement as herein stated. Nothing in this section shall be construed to apply to the position of private secretary, cashier or deputy of any official or department. (As amended by chap. 264, Laws of 1910.)

§ 23. Compensation of veterans reinstated by order of the courts.—Any honorably discharged soldier, sailor or marine, who having served as such in the Union army or navy during the war of the rebellion, shall have been, or may hereafter be removed from any position held by him by appointment or employment in the state of New York or in the several cities, counties, towns or villages thereof in contravention or violation of any provision of section twenty-two of this article and who shall have been restored to such position or employment either by a peremptory writ of mandamus of the supreme court or by final order on a writ of certiorari, as authorized by said section twenty-two, shall be entitled to receive and shall receive from said state or the city, county, town or village thereof under which said position or employment was

held by him, the same compensation therefor from the date of such unlawful removal to the date of his said restoration to said position or employment which he would have been entitled by law to have received in such position or employment but for such unlawful removal, and such veteran shall be entitled to a writ of mandamus to enforce the payment thereof, but such compensation or salary or wages, due in such position or employment, shall be subject to the provisions of sections four hundred seventy-four and four hundred seventy-five of the judiciary law for services rendered in either or both said special proceedings but otherwise shall be paid only directly to such veteran.

§ 23-a. **Removal for treasonable or seditious acts or utterances.**—A person in the civil service of the state or of any civil division thereof shall be removable therefrom for the utterance of any treasonable or seditious word or words or the doing of any treasonable or seditious act or acts while holding such position. (Added by Chapter 416, Laws of 1917.)

§ 24. **Misdemeanor to obstruct right of examination; false representation; impersonation in examination.**—Any commissioner, or examiner, or any other person who shall wilfully by himself or in co-operation with other persons, defeat, deceive or obstruct any person in respect of his or her right of examination, or registration, according to any rules or regulations prescribed pursuant to the provisions of this chapter, or who shall wilfully and falsely mark, grade, estimate or report upon the examination or proper standing of any person examined, registered or certified, pursuant to the provisions of this chapter, or aid in so doing, or who shall wilfully make any false representations concerning the same, or concerning the person examined, or who shall wilfully furnish to any person any special or secret information for the purpose of either improving or injuring the prospects or chances of any person so examined, registered or certified, or to be examined, registered or certified, or who shall personate any other person, or permit or aid in any manner any other person to personate him, in connection with any examination or registration, or application or request to be examined or registered, shall for each offense be deemed guilty of a misdemeanor.

§ 25. **Recommendations for appointment or promotion.**—No recommendation or question under the authority of this chapter shall relate to the political opinions or affiliations of any person whatever; and no appointment or selection to or removal from an office or employment within the scope of the rules established as aforesaid, shall be in any manner affected or influenced by such opinions or affiliations. No person in the civil service of the state or of any civil division or city thereof, is for that reason under any obligation to contribute to any political fund or to render any political service, and no person shall be removed or otherwise prejudiced for refusing so to do. No person in the said civil service shall discharge or promote or reduce, or in any manner change the official rank or compensation of any other person in said service, or promise or threaten so to do for giving or withholding or neglecting to make any contribution of money or service or any other valuable thing for any political purpose. No person in said service shall use his official authority or influence to coerce the political action of any person or body, or to interfere with any election.

§ 26. Political assessments prohibited.— No officer, agent, clerk or employee under the government of the state of New York or any civil division or city thereof shall, directly or indirectly, use his authority or official influence to compel or induce any other officer, clerk, agent or employee under said government, or any civil division or city thereof, to pay or promise to pay any political assessment, subscription or contribution. Every said officer, agent, clerk or employee who may have charge or control in any building, office or room occupied for any purpose of said government, or any said division or city thereof, is hereby authorized to prohibit the entry of any person, and he shall not knowingly permit any person to enter the same for the purpose of therein making, collecting, receiving or giving notice of any political assessment, subscription or contribution; and no person shall enter or remain in any said office, building or room, or send or direct any letter or other writing thereto, for the purpose of giving notice of, demanding or collecting a political assessment, nor shall any person therein give notice of, demand, collect or receive any such assessment, subscription or contribution; and no person shall prepare or make out, or take any part in preparing or making out, any political assessment, subscription or contribution with the intent that the same shall be sent or presented to or collected of any officer, agent or employee subject to the provisions of this chapter, under the government of the state of New York, or that of any civil division or city thereof, and no person shall knowingly send or present any political assessment, subscription or contribution to or request its payment of any said officer, agent or employee. Any person who shall be guilty of violating any provision of this section shall be deemed guilty of a misdemeanor.

§ 27. Officers or candidates not to promise influence; "public officer" and "public employee" defined.— Whoever, while holding any public office, or in nomination for, or while seeking a nomination or appointment for any public office, shall corruptly use or promise to use, whether directly or indirectly, any official authority or influence, whether then possessed or merely anticipated, in the way of conferring upon any person, or in order to secure or aid any person in securing any office or public employment, or any nomination, confirmation, promotion or increase of salary, upon the consideration or condition that the vote or political influence or action of the last-named person, or any other, shall be given or used in behalf of any candidate, officer or party, or upon any other corrupt condition or consideration, shall be deemed guilty of bribery or an attempt at bribery. And whoever, being a public officer, or having or claiming to have any authority or influence for or affecting the nomination, public employment, confirmation, promotion, removal or increase or decrease of salary of any public officer, shall corruptly use, or promise, or threaten to use any such authority or influence, directly or indirectly, in order to coerce or persuade the vote or political action of any citizen or the removal, discharge or promotion of any officer or public employee, or upon any other corrupt consideration, shall also be guilty of bribery or of an attempt at bribery. Every person found guilty of such bribery, or an attempt to commit the same, as aforesaid, shall, upon conviction thereof, be liable to be punished by a fine of not less than one hundred dollars nor more than three thousand dollars, or to be imprisoned not less than ten days nor more than two years, or to both said fine and said imprisonment, in the discretion of the court. The phrase "public officer" shall be held to

include all public officials in this state, whether paid directly or indirectly from the public treasury of the state, or from that of any civil division thereof, or by fees or otherwise; and the phrase "public employee" shall be held to include every person not an officer who is paid from any said treasury.

§ 28. Taxpayer's action.—Any taxpayer shall have the right to bring an action in the supreme court to restrain the payment of salary or other compensation to any person appointed to or holding any office, place or employment in violation of any of the provisions of this chapter, and such right shall not be limited or denied by reason of the fact that said office, place or employment shall have been classified as, or determined to be, not subject to competitive examination; provided, however, that any judgment or injunction granted or made in any such action shall be prospective only, and shall not affect payments already made or due to such persons by the proper disbursing officers, in accordance with the civil service rules in force at the time of such payments. (As amended by chap. 513, Laws of 1914.)

§ 29. Publication of examination pamphlet and civil list.—The state civil service commission may publish, and sell for a nominal sum, a pamphlet containing papers to illustrate to candidates the methods of examination, and containing such other information as in the opinion of the commission will be useful to candidates in making applications and preparing for competition. Such commission may also publish semi-annually, revised to the first day of January or the first day of July preceding, a civil list of the state and county service. Copies of such list shall be sent free to state officers, members of the legislature and such other public officers as the commission deems advisable, and copies shall also be placed on sale at a minimum price sufficient to cover the cost of publication and mailing. (Added by chap. 590, Laws of 1910.)

§ 30. Person employed by state or its civil divisions and cities to take and file constitutional oath.—Every person hereafter employed by the state or any of its civil divisions or cities, except in the labor class as defined in this chapter, before he shall be entitled to enter upon the discharge of any of his duties, shall take and file an oath or affirmation in the form and language prescribed by the constitution for executive, legislative and judicial officers, which may be administered by any officer authorized to take, within the state, the acknowledgment of the execution of a deed of real property, or by an officer in whose office the oath is required to be filed. The oath of every state employee shall be filed in the office of the secretary of state, of every employee of a municipal corporation with the clerk thereof and of every other officer, if no place be otherwise provided by law, in the office of the clerk of the county in which he shall reside. Every employee of the state and of each of its civil divisions and cities in such employ when this act shall take effect, except the labor class as defined in this chapter, shall take and file such oath within thirty days after this act shall take effect. The failure of such employee to take and file such oath shall terminate his employment until such oath shall be taken and filed as herein provided. (Added by Chapter 574, Laws of 1917.)

ARTICLE 3

Classification of State Employees

SECTION 40. Application.
41. Classification of employees in grades.
42. Salaries for each grade.
43. Extra salary or compensation prohibited.
44. Temporary service.
45. Appointments and promotions.
46. Establishment of a system of service records and ratings.

CONSTITUTIONAL PROVISION

From ARTICLE V, SECTION 9. * * * Appointments and promotions in the civil service of the state, and of all the civil divisions thereof, including cities and villages, shall be made according to merit and fitness to be ascertained, so far as practicable, by examinations, which, so far as practicable, shall be competitive.

RULES FOR THE CLASSIFIED CIVIL SERVICE

STATE OF NEW YORK — THE CIVIL SERVICE COMMISSION

ALBANY, *June* 30, 1917

The Civil Service Commission hereby certifies that, in compliance with the provisions of article V, section 9, of the Constitution and of chapter 15 of the Laws of 1909 of the State of New York, the following rules for the regulation of the classified civil service of the State of New York and the civil divisions thereof have been duly prescribed.

JOHN C. CLARK,
WILLARD D. McKINSTRY,
WILLIAM GORHAM RICE,
Commissioners.

Rule I. Definition of Terms

The several terms hereinafter mentioned, whenever used in these rules or in any regulations thereunder, shall be construed as follows:

1. Chapter 15 of the Laws of 1909 shall be known as the "Civil Service Law."

2. The term "commission" or "state commission" means the state civil service commission.

3. The term "municipal commission" means the municipal civil service commission of a city.

4. The "civil service" of the state of New York or any of its civil divisions or cities includes all offices and positions of trust or employment in the service of the state or of such civil division or city, except such offices and positions in the militia and the military departments as are or may be created under the provisions of article XI of the constitution.

5. The "state service" shall include all such offices and positions in the service of the state, or of any of its civil divisions, except a city.

6. The "city service" shall include such positions in the service of any city.

7. The term "appointing officer" signifies the officer, commission, board or body having the power of appointment to subordinate positions in any office, court, department, commission, board or institution.

8. The term "class" refers to the divisions of the classified civil service based upon the distinctive methods of appointment to the positions comprehended therein.

9. The term "group" refers to the divisions in a class based upon the character of the duties of the positions, without regard to the salaries received.

10. The term "subdivision" refers to the divisions of positions in a group more specially arranged according to details for the purpose of examinations, identical in whole or in part.

11. The term "grade" refers to the divisions of any group or subdivision upon the basis of salary or compensation received.

12. The word "compensation" shall be construed as the annual salary of the position or its equivalent when stated by the day, week or month, and shall include proper commutation for lodgings and board, or either, when the same are furnished free as a part of such compensation, and such rate of commutation shall be fixed by regulation of the commission.

13. The term "veterans" refers to honorably discharged soldiers and sailors from the army and navy of the United States, in the late civil war, who are citizens and residents of this state.

14. The terms "laborer" and "unskilled laborer" shall be construed as applying only to persons employed at ordinary manual labor, and shall not include mechanics, artisans, tradesmen and other skilled laborers, and no person shall be deemed a "laborer" who receives compensation greater than two and a half dollars for each day of actual service or seventy-five dollars per month, unless facts relating to the work done by such person are presented to the commission showing that such work is that of an ordinary unskilled laborer. Appointing officers shall notify the commission of all appointments made under this provision, upon the date of the official action in or knowledge of each case, and shall at the time of such notification furnish a detailed statement of the duties of the position to which the appointee has been assigned.

15. The masculine pronoun "he" and its derivatives shall include the feminine pronoun "she" and its derivatives.

16. Whenever in these rules there is a direction that the commission shall report any matter to the legislature it shall be construed as referring to the next ensuing annual report of the commission to the legislature, as required by law.

Rule II. General Provisions

1. The violation of any of the provisions of the civil service law or of these rules by any person in the civil service of the state or of any civil division or city thereof shall be considered a good cause for the dismissal of such person from the service.

2. No person in the civil service of the state or of any civil division or city thereof shall use his official authority or influence to coerce the political action of any person or body; or shall dismiss or cause to be dismissed, or make any attempt to procure the dismissal of, or in any manner change the official rank or compensation of, any person in such service, because of his political opinions or affiliations.

3. No question in any examination, or form of application or other proceeding by or under the state commission or any municipal commission or their examiners shall be so framed as to elicit information concerning, nor any other attempt be made to ascertain the political opinions or affiliations of any applicant, competitor or eligible, and all disclosures thereof shall be

discountenanced by the commission and its examiners, and no discrimination shall be exercised, threatened or promised against or in favor of any applicant, competitor or eligible, because of his political opinions or affiliations.

4. No recommendation of an applicant, competitor or eligible involving any disclosure of his political opinions or affiliations shall be received, filed or considered by the commission, by an examining board, or by any nominating or appointing officer.

5. No appointment or selection to or removal from an office or employment within the scope of any rules established under the civil service law shall be in any manner affected or influenced by any political opinions or affiliations.

6. No person in the civil service of the state or of any civil division or city thereof shall be obliged to contribute to any political fund or to render any political service; nor shall any such person, directly or indirectly, use his authority or official influence to compel or induce any other person in such service to pay or promise to pay any political assessment, subscription or contribution.

7. In making removals or reductions, or in imposing penalties for delinquency or misconduct, in the state service or city service penalties like in character shall be imposed for like offenses and action thereon shall be taken irrespective of the political opinions or affiliations of the offenders.

Rule III. Classification of the State Service

1. The civil service of the state and of each of its civil divisions shall be divided into the unclassified service and the classified service.

2. The unclassified service shall comprise all elective offices; all offices filled by election or appointment by the legislature on joint ballot; all persons appointed by name in any statute; all legislative officers and employees; all offices filled by appointment by the governor, either upon or without confirmation by the senate, except officers and employees in the executive offices; all election officers; the head or heads of any department of the government; and persons employed in or who seek to enter the public service as superintendents, principals or teachers in a public school or academy or in a state normal school or college.

3. The classified service shall comprise all positions not included in the unclassified service and shall be arranged in three classes: the exempt class, the competitive class, and the non-competitive class.

4. The classification by or under these rules in the competitive class of any position previously exempt from examination or subject to non-competitive examination shall not be deemed to confer upon the persons holding such position at the time of such change in classification any right or privilege of transfer or promotion to a position in the competitive class under these rules, except as permitted by sections 14 and 16 of the civil service law.

5. If at the time of promulgation of these rules there are in any office, department or institution more persons holding any position classified hereby in the exempt class than the number specified in such class by these rules, no further appointments shall be made under such exemption until the number of such persons in the service in said position shall have fallen below the number so specified.

Rule IV. Appointments to and Employment in the Classified Service

1. In pursuance of the provisions of section 9 of article V of the constitution and of the civil service law there shall be provided, to ascertain merit and fitness for admission to the classified service, examinations to be made under the general direction of the commission.

2. No person shall be appointed to or employed in any position in the classified service of the state or of any city or political division thereof for which rules have been prescribed pursuant to the provisions of the civil service law until he has passed an examination, or is shown to be especially exempted from such examination, in accordance with such rules and the provisions of the civil service law.

3. No person shall be appointed or employed under any title not appropriate to the duties to be performed, and no person shall be transferred to or assigned to perform the duties of any position subject to competitive examination, unless he shall have previously passed an open competitive examination equivalent to that required for such position, or unless he shall have served with fidelity in a similar position for at least three years.

4. Appointments to positions in the state service the duties of which are confined to a locality outside of Albany county, shall, so far as practicable, be made from residents of the judicial district or districts including such locality.

5. Appointments to positions in the service of any county or village to which the provisions of these rules apply shall be made from residents of such county or village, provided that such requirement as to residence may be specially suspended by the commission as to any position requiring high professional, scientific or technical qualifications, or in cases where through low compensation for services such requirement is disadvantageous to the public interests, but all such cases, whether of individuals or groups, with the reasons therefor, shall be reported to the legislature.

Rule V. The Exempt Class

The following positions shall be included in the exempt class:

1. The deputies of principal executive officers authorized by law to act generally for and in place of their principals.

2. One secretary of each officer, board and commission authorized by law to appoint a secretary.

3. One clerk, and one deputy clerk if authorized by law, of each court, and one clerk of each elective judicial officer.

4. All unskilled laborers and such skilled laborers as are not included in the competitive class or the non-competitive class.

5. All such other subordinate positions as the commission may deem it impracticable to fill by competitive or non-competitive examinations.

No office or position shall be deemed to be in the exempt class unless it is specifically named in this rule, nor shall more than one appointment be made to or under the title of any such office or position, unless a different number is specifically mentioned in this rule.

Promotion from Grade A to Grade B will be allowed upon competitive examination.

In the Commission of Highways and Department of the State Engineer and Surveyor, engineering positions shall be graded as follows:

Group A. Engineering Assistant

In this group are included:

Grade 1. Axeman, chainman, tracer; salary range: $720, $780, $840, $900, $960, $1,020, $1,080.

Group B. Junior Assistant Engineer

In this group are included:

Grade 1. Rodman, junior assistant engineer, tracer; salary range: ($1,110) $1,200, $1,320, $1,440.

Grade 2. Leveler, junior engineer, bridge draftsman, engineering draftsman, mechanical draftsman, bridge designer; salary range: $1,560, $1,680, $1,800.

Group C. Assistant Engineer

In this group are included:

Grade 1. Mechanical engineer and draftsman, assistant engineer; salary range: ($1,680) ($1,800), $1,980 ($2,004), $2,160.

Grade 2. Bridge designer, assistant engineer; salary range: ($2,208), $2,340, $2,580.

Group D. Senior Assistant Engineer

In this group are included:

Grade 1. Assistant engineer, bridge designer, resident engineer, assistant engineer of claims, civil engineer of grade crossings; salary range: ($2,592), $2,820, $3,060.

Grade 2. Bridge designer, resident engineer; salary range: $3,300, $3,540.

Group E. Inspector of Engineering Works

In this group are included:

Grade 1. Highway inspector, inspector of construction, inspector of masonry, inspector of public works, foreman of public works, foreman of borings; salary range: $960, ($1,104), $1,260, ($1,416), $1,560.

Promotions shall be made as follows, provided that a person must have been continuously employed in a position the duties of which are such as would naturally and properly fit him to perform the duties of the position to which he seeks promotion:

From Group A to the minimum salary of Group B upon written competitive examination open to those who have served in the group at least one year.

From Group B to the minimum salary of Group C upon written competitive examination open to those who have served in Group B at least three years, or one year and six months in grade 2 of Group B.

From Group C to the minimum salary of Group D upon written competitive examination open to those who have served at least three years in Group C or one year at the maximum salary of said group.

Promotions from the maximum salary of grade 1 to the minimum salary of grade 2, under Groups B, C and D, will be allowed from special promotion eligible lists based on efficiency ratings of those who have served in appropriate positions for at least six months.

When there is no promotion list and no one eligible for promotion in the respective groups or grades, original appointments shall be made from eligible lists established as the result of open competitive examination at the lowest salary of the grade in which the vacancy exists.

Rates of salary included in parentheses are temporary.

In all other cases positions shall be graded as follows:

Grade 1. All positions, the compensation of which is at the rate of not more than $360 per annum.

Grade 2. All positions, the compensation of which is at the rate of more than $360, but not more than $480 per annum.

Grade 3. All positions, the compensation of which is at the rate of more than $480, but not more than $600 per annum.

Grade 4. All positions, the compensation of which is at the rate of more than $600, but not more than $720 per annum.

Grade 5. All positions, the compensation of which is at the rate of more than $720, but not more than $900 per annum.

Grade 6. All positions, the compensation of which is at the rate of more than $900, but not more than $1,200 per annum.

Grade 7. All positions, the compensation of which is at the rate of more than $1,200, but not more than $1,500 per annum.

Grade 8. All positions, the compensation of which is at the rate of more than $1,500, but not more than $1,800 per annum.

Grade 9. All positions, the compensation of which is at the rate of more than $1,800, but not more than $2,100 per annum.

Grade 10. All positions, the compensation of which is at the rate of more than $2,100, but not more than $2,400 per annum.

Grade 11. All positions, the compensation of which is at the rate of more than $2,400, but not more than $3,000 per annum.

Grade 12. All positions, the compensation of which is at the rate of more than $3,000 per annum.

Rule VIII. Appointments to Positions in the Competitive Class

1. Appointments shall be made to or employment shall be given in all positions in the competitive class that are not filled by promotion, reinstatement, transfer or reduction under these rules by selection from the persons graded highest on the most nearly appropriate eligible list resulting from open

competitive examination held by the commission, except as herein otherwise provided.

2. Whenever an appointing officer shall request a certification from the commission for appointment to or employment in any position in the competitive class he shall specify the title, duties and compensation of such position, so that certification may be made from the proper eligible list, or that when necessary a proper eligible list may be prepared as the result of an open competitive examination held for that purpose. The secretary shall thereupon as soon as practicable certify to the appointing officer for appointment, from the eligible list most nearly appropriate to such position, as it may then exist, the names of the three persons, if there be so many, standing highest on such eligible list, indicating such of them, if any, as are honorably discharged soldiers, sailors or marines from the army or navy of the United States in the late civil war, citizens and residents of this state, together with the average percentages and postoffice addresses of such persons. If the appointing officer shall notify the commission of more than one vacancy at any time, the secretary shall certify to the appointing officer the names of as many persons as there are vacancies to be filled, with the addition of two names. No person shall be certified from an eligible list more than three times to the same appointing officer for the same or a similar position at the same rate of compensation, except at the request of said officer, unless the person so certified is a veteran, in which case his name shall continue to be certified so long as it remains on the eligible list under these rules. Whenever the sex of those whose names are to be certified is fixed by any law, rule or regulation, or is specified in the request for certification, the names of those of the sex so fixed or specified shall be certified, but in other cases certification shall be made without regard to sex. When an eligible certified for appointment shall fail to accept an offer of appointment, by mail within the four business days next succeeding the mailing of notice of appointment, or shall fail to accept an appointment within the same or next succeeding business day when notification is sent him by telegram, he shall be deemed to have declined the appointment, and upon proper notice of such fact from the appointing officer the secretary shall certify from the list an additional name or names to replace the names of persons so declining. The name of any person certified as eligible for a probationary appointment who shall decline such appointment shall be stricken from the list from which certification is made, unless such declination be for reasons acceptable to the commission. Whenever one or more eligibles shall have declined any appointment offered and an eligible whose relative standing is lower shall have been appointed to the position, the salary or compensation of such appointee shall not be increased within a period of six months after his appointment beyond that offered to the persons so declining.

3. From the persons whose names are so certified the officer shall make selection to fill the vacancy or vacancies, subject, however, to the provisions of the constitution giving preference in appointment to veterans. Whenever the appointing officer who shall have made a requisition to fill a certain number of vacancies shall appoint a number smaller than that of the vacancies named by him, he shall not make selection from the whole number certified to him but only that number of names standing highest upon the list that would have been certified to him had the requisition stated the number of

vacancies which he actually filled. Whenever the eligible list certified contains less than three names, the appointing officer in his discretion may make a selection for appointment from such list or proceed as provided in section four or section ten of this rule, subject, however, to the provisions of the constitution giving preference in appointment to veterans.

4. Whenever there are urgent reasons for filling a vacancy in any position in the competitive class, and there is no list of persons eligible for appointment after competitive examination, or the existing list contains less than three names, the appointing officer may nominate a person to the commission for non-competitive examination, and if such nominee shall be certified by such commission as qualified after such non-competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination, but such provisional appointment shall not continue more than ten days after notice to the appointing officer that an eligible list has been prepared for such position, nor in any case for a longer period than four months.

5. In case of vacancy in any position in the competitive class, where peculiar and exceptional qualifications of a scientific, professional or educational character are required, and upon satisfactory evidence that for specified reasons competition in such special case is impracticable, and that the position can be best filled by the selection of some designated person of high and recognized attainments in such qualities, the commission may suspend the provisions of the rule requiring competition in such case, but no such suspension shall be general in its application to such place, and all such cases of suspension shall be reported to the legislature, with the reasons for the same.

6. When the services to be rendered by an appointee are for a temporary period, not to exceed one month, and the need of such service is important and urgent, the appointing officer may select for such service any person on the proper list of those eligible for permanent appointment, without regard to his standing on such list.

7. No person shall be eligible to temporary appointment to any position in the competitive class if he has received a temporary or provisional appointment within the previous four months, unless such person shall be one of the three highest on the list willing to accept such employment.

8. The acceptance by an eligible of a temporary appointment shall not affect his standing on the register for a permanent employment, nor shall the period of temporary service be counted as part of the probationary service, in case of subsequent appointment to a permanent position.

9. The commission may by special action except from examination under these rules: a. Any person who shall render professional, scientific, technical or other expert service of an occasional and exceptional character; b. Any person who shall render services for which because of their temporary and exceptional character it would not be practicable to hold an examination of any kind. Such exceptions shall be allowed only in cases where the compensation in any one year shall not exceed $300; provided, that such limitation of compensation shall not apply to any person employed by the governor, comptroller, or attorney-general; and further provided, that the commission may suspend such limitation of compensation by special resolution in other cases.

10. Whenever a vacancy exists in a position in the competitive class, and an open competitive examination duly advertised does not result in an eligible list of at least three names for such position, the head of the office may nominate a person to the commission for non-competitive examination, and if such nominee shall be certified by the commission as qualified, he may be appointed to fill such vacancy. In case there is a person serving in such a position under provisional examination, and no one applies to compete with him in an open competitive examination duly advertised, the provisional appointment of such person may be made permanent.

11. A person legally holding a position by appointment for a fixed term, may be retained without examination at the expiration of such term upon receiving a reappointment, but otherwise the position shall be deemed vacant for the purpose of choosing his successor.

Rule IX. Applications to Enter Examinations

1. No person shall be admitted to any examination for a position in the competitive class, until as provided by the civil service law, he shall have filed an application under oath upon a form prescribed by the commission and accompanied by such certificates as may be prescribed.

2. Every applicant for examination must be a citizen of the United States; and at the time of examination for at least three months a resident of the state of New York, or for at least three months a resident of any political subdivision or municipal corporation in which he seeks appointment; provided, that such requirements as to citizenship and residence may be specially suspended by the commission as to any position requiring high professional, scientific or technical qualifications, or in cases where through low compensation for services such requirements are disadvantageous to the public interests, but all such cases, whether of individuals or groups, with the reasons therefor, shall be reported to the legislature.

3. No application for examination shall be accepted, unless the applicant is within the age limitations fixed by the commission for entrance to the position to which he seeks to be appointed.

4. The commission may refuse to examine an applicant, or after examination to certify an eligible who is found to lack any of the established preliminary requirements for the examination or position for which he applies; or who is physically so disabled as to be rendered unfit for the performance of the duties of the position to which he seeks appointment; or who is addicted to the habitual use of intoxicating beverages to excess; or who has been guilty of a crime or of infamous or notoriously disgraceful conduct; or who has been dismissed from the service for delinquency or misconduct; or who has intentionally made a false statement in any material fact, or practiced or attempted to practice, any deception or fraud in his application or examination, or in securing his eligibility or appointment. Any of the foregoing disqualifications shall be good cause for the removal of an eligible from the service after his appointment.

5. In applications for examination for positions requiring scientific, professional or technical qualifications, the commission may require evidences of special education for, or of practical experience for a satisfactory term in, such science, profession, art or trade; and shall require the production of

such certificates of competency and licenses as are provided by the statutes of this state as necessary to enable the practice of any profession, art or trade.

6. Any application for a position in the civil service made in contravention of the provisions of section 4 of rule II, will be rejected.

Rule X. Examinations

1. All examinations shall be public and shall be practical in their character and relate to such matters as will fairly test the relative capacity and fitness of the persons examined to discharge the duties of that service into which they seek to be appointed.

2. The commission shall prepare lists of preliminary requirements and subjects of examination for the several positions and groups of positions in the competitive class, and under its direction and subject to its approval the chief examiner shall, from time to time, prepare such examinations for the positions and groups of positions aforesaid as shall be pertinent to them, under the provisions of the preceding section of this rule.

3. The commission may further direct oral examinations or special practical tests of fitness for any particular positions requiring any scientific, professional or technical knowledge or manual skill.

To prepare examinations and rate applicants for such positions, the commission may employ an examiner of technical training and experience, who shall also act as assistant chief examiner, and shall assume the duties of the chief examiner in the latter's absence.

4. For the purpose of making examinations of applicants. from time to time, as may be required, the commission shall designate and select suitable persons to be local examiners at such places as it deems necessary, and shall duly commission such persons as examiners; and the commission may at any time substitute any other person in place of any one so selected. When persons selected as examiners are in the official service of the state, the head of the office in which such persons serve shall be consulted; and in the discharge of their duties as examiners, the persons so selected from the official service shall be responsible solely to the commission, and shall act under its regulations and directions. The local examiners in any place where more than one is required shall not all be adherents of one political party when other persons are available and competent to serve.

5. Examinations of a general character shall be held at least once a year in each of the places for which provision is made by law, and may be held more often in such places, or at other places for specific purposes in the discretion of the commission; and under its direction the chief examiner shall advertise such examinations in such manner as their nature may require. Previous notice of examinations shall be mailed to all persons who have made application in due form, with copies of such general or special regulations as the commission shall prescribe.

6. Whenever physical qualifications are of prime importance in the proper discharge of duties in any position, applicants must pass a physical examination and be certified as qualified in such respect, either before admission to examination, or before record in the proper eligible list, or before certification for appointment, as the commission may determine.

7. Whenever, in its opinion, any position to be filled in the competitive class

has a fiduciary or executive character, the commission may require, as a part of the examination, such special certificates by reputable and responsible citizens as to the character, trustworthiness and business experience of an applicant or eligible as it may deem proper and expedient. All such special certificates shall be property filed and retained as public records in the office of the commission.

8. When the position to be filled involves fiduciary responsibility, the appointing officer, where otherwise permitted by law, may require the appointee to furnish a bond or other security and shall notify the commission of the amount and necessary details thereof.

9. No person who has entered any non-competitive examination for a position in the classified service shall be admitted within nine months from the date thereof to a new examination for the same position.

10. Examination papers shall be rated on a scale of 100, and the subjects therein shall be given such relative weights as the commission may prescribe. After a competitor's papers have been rated he shall be duly notified of the results thereof.

Rule XI. Eligible Lists

1. Every competitor who attains an average percentage of 75 or over on all the obligatory subjects in any examination, and whose standing on every such obligatory subject is 60 or over, shall be eligible for appointment to the position for which he was examined; and the names of eligibles shall be entered in the order of their average percentages, on the proper register of eligibles; provided that the names of competitors who have passed as above and whose claims for preference under section 9 of article V of the constitution have been allowed by the commission, shall be placed in the order of their respective average percentages at the head of the proper register of eligibles.

2. When two or more eligibles on a register have the same average percentage, preference in certification shall be determined by the order in which their applications were filed, but neither priority in the date of application nor of examination will give any other advantage in position on the registers of eligibles.

3. Appointment shall be made from the eligible list most nearly appropriate for the group in which the position to be filled is classified, and a new list shall be created for a stated position or group of positions only when there is no appropriate list existing or when the existing list from which certification is to be made is likely to be exhausted.

4. The commission shall prescribe the character of the distinct eligible lists, designating the positions that may be filled by certification from each of such lists.

5. The term of eligibility shall be fixed by the regulations of the commission at not less than one nor more than four years, with reference mainly to the probable number and frequency of certifications to be made from such lists respectively.

Rule XII. Term of Probation

1. Except in the case of veterans of the civil war, honorably discharged from the military or naval service of the United States, every original appointment to or employment in any position in the competitive class shall be for a probationary term of three months, and an appointing or nominating

officer in notifying a person certified to him for appointment or employment shall specify the same as for a probationary term only; and if the conduct, capacity and fitness of the probationer are satisfactory to the appointing officer, his retention in the service after the end of such term shall be equivalent to his permanent appointment, but if his conduct, capacity or fitness be not satisfactory he may be discharged at the end of such term.

Whenever two or more persons appointed from the same eligible list are serving as probationers in the same department, and there is necessity for a reduction of the force of such department affecting such persons, they shall be preferred for retention in the order of their original standing upon such list.

2. Every officer under whom any probationer shall serve during any part of his probation shall carefully observe the quality and value of the services rendered by such probationer, and his conduct, and if so required shall report in writing to the proper appointing officer the facts observed by him, showing the character and qualifications of such probationer, and of the service rendered by him, and such reports shall be preserved on file.

Rule XIII. Season Positions and Emergency Appointments

1. All positions in the competitive class, where the nature of service is such that it is not continuous through the year, but recurs in each successive calendar year, shall be designated as season positions and shall be subject to the provisions of these rules applicable generally to positions in such class, except as herein otherwise provided.

2. Any person originally appointed to or employed in a season position, under the provisions of these rules, and who has been temporarily separated from the service by the expiration thereof in any year, shall be entitled to reappointment to or re-employment in the same position in the next ensuing year, upon filing in the office of the commission, in such form as it may prescribe, a request for such reappointment or re-employment within six weeks previous to and at least thirty days before the date of resumption of such short term service. The commission shall certify to the proper appointing or employing officer the names and postoffice addresses of the persons who have made such formal requests, and they shall be reinstated in the positions vacated by them in the previous year in the order of the date of their original appointment or latest promotion in the several grades, provided that in the meantime they are not disqualified from any of the causes recited in the fourth section of rule IX.

3. When an emergency requires that a position subject to non-competitive examination shall be filled immediately, the appointing officer may select any person available to fill the vacancy and if he forthwith notifies the commission of such action and within five days nominates a person for non-competitive examination for the vacancy, the account for salary will be certified up to the date when such examination has been held and the appointing officer is advised of the result.

4. When an emergency requires that a position in the competitive class be filled before an appointment can be made from the eligible list the appointing officer shall first request a certification, after which he may fill the vacancy without examination, reporting the name of the appointee forthwith to the

commission, and the salary account will be certified until such time as an appointment is made from the eligible list, such temporary appointment not to continue longer than ten days without prior approval by the commission in writing.

Rule XIV. Promotions

1. All positions vacant in the competitive class above the lowest grade in any office, department or institution shall be filled, so far as practicable, by promotion; and original appointment to such position shall be allowed only when the commission shall find it impracticable to fill the same by promotion under this rule.

2. In order to be eligible to enter an examination for promotion, or to receive promotion, a person must have been continuously employed in a position, the duties of which are such as would naturally and properly fit him to perform the duties of the position to which he seeks promotion. No person shall be eligible to examination or promotion who lacks any of the preliminary requirements prescribed by statute, rule or regulation for original entrance to position to be filled. Promotion shall be limited to employees of a department or to those serving in any duly established bureau or branch office of a department, but when deemed practicable, the commission may admit to an examination for promotion to any position persons holding similar positions in other departments.

3. For the purpose of promotion positions in the competitive class are divided into the graded and the ungraded service. The graded service includes clerks, bookkeepers, stenographers, copyists, messengers, pages, and other employees whose duties are of a clerical character, in all departments, bureaus, divisions, and offices, and such other positions as may be graded by statute or by regulation of any department made pursuant to law. The ungraded service comprises all positions not included in the graded service. Promotions in the graded service shall be made, so far as practicable, by successive grades as established by rule VII, and no person shall be promoted who has not served at least six months in the next lower grade.

4. Whenever there are more than three persons eligible to any promotion a competitive examination shall be announced, and notices of the same shall be posted conspicuously in the office or institution wherein the promotion is to be made, and mailed to those eligible to compete. If not more than three eligibles file applications, or if there are not more than three persons eligible, no examination shall be required when the person to be promoted has qualified in an examination of an equivalent character, or when the promotion is a mere increase in salary without any change in duties. In all other cases of promotion the commission shall decide when examinations shall be held and shall determine the character and scope of the same.

5. Examinations for promotion shall consist of ratings for efficiency and seniority, and wherever practicable and useful written or oral exercises and ratings for experience. In every office there shall be kept in a form which may be prescribed by the commission continuous and comparative records of the work and conduct of all persons employed therein. Such records shall at all times be open to inspection by the commission and if the same have been regularly and properly kept they shall constitute one of the elements in such promotion examination, with such relative weights as shall be

assigned to them by the commission. If such records have not been regularly and properly kept the commission may prescribe such tests as to it may seem best calculated to determine the relative efficiency of persons eligible for promotion.

6. The conduct of examinations and the preparation of eligible lists shall be subject to the general provisions of rules X and XI. The commission shall certify from eligible lists for promotion in the same manner provided in section 2 of rule VIII for certification for original appointment.

Rule XV. Transfers

Transfers from one department, office or institution to another may be made with the approval of the commission and upon mutual consent of the appointing officers of the departments, offices or institutions affected, as follows:

1. A person originally appointed from an eligible list, who has served for three months in any grade, may be transferred to a similar position in the same group and grade; or in the discretion of the commission may be transferred without change of grade to a similar position in another group, or to a position in the same or a lower grade involving essential tests or qualifications lower than those required for original entrance to the position held by such person.

2. A person holding a position in the competitive class who did not enter the service by qualifying in an open competitive examination may be transferred in accordance with section 1 of this rule, provided he has served continuously with fidelity for at least three years in a similar position, six months in the competitive class, and six months in a grade not lower than that of the position to which transfer is proposed.

3. Transfer from an exempt or non-competitive position to a competitive position, or from a position in the competitive class to a position in a different group of such class, shall be allowed only when the person transferred has qualified in an open competitive examination and is eligible for certification and appointment from the appropriate eligible list for the position to which transfer is proposed and is so certified and appointed. Such certification and appointment shall remove the name of the person transferred from the eligible list.

4. The foregoing sections of this rule shall apply to transfers between the state service and the service of the counties and villages to which the state civil service rules have been extended, provided that in transfers from state to county or village service only legal residents of the county or village affected may be transferred, and provided that no person may be transferred from county or village to state service under the provisions of sections 1 and 2 of this rule unless such person was, at the time of original appointment in the county or village service or at the time of the request for transfer, eligible for certification and appointment to the position to which transfer is sought in the state service; and further provided that in transfers from county to village service only legal residents of the village affected may be transferred, and provided that no person may be transferred from village to county service under the provisions of sections 1 and 2 of this rule unless such person was, at the time of original appointment in the village service

or at the time of the request for transfer, eligible for certification and appointment to the position to which transfer is sought in the county service. No transfer shall be allowed from the service of one county or village to that of another county or village.

5. A person holding a position in the non-competitive class may be transferred to a similar position in the same class.

6. No transfer shall be allowed when there is an appropriate eligible list for promotion to the position to which transfer is desired, or when there are persons eligible to compete for promotion.

Rule XVI. Reinstatement in Service

1. Any person who has held a position by appointment under the civil service rules, as the result of examination, and who has been separated from the service through no delinquency or misconduct on his part, by removal, resignation, suspension, by leave of absence, without pay, may be reinstated without re-examination in a vacant position in the same office, department or institution, and in the same group, subdivision and grade, within one year from the date of such separation; or may be appointed within one year from the date of separation from the service, to a position to which he was eligible for transfer; provided that for original entrance to the position proposed to be filled by reinstatement, or appointment, there is not required by these rules, in the opinion of the commission, an examination involving essential tests or qualifications different from or higher than those involved in the examination for original entrance to the position formerly held by the person proposed to be reinstated or appointed. Absence on leave for more than one year shall be deemed the equivalent of a resignation from the service upon the date of commencement of such action. A person who is or has been on leave of absence will not be eligible to compete for or to receive promotion, unless otherwise ordered by the commission, until he has resumed the performance of his duties for a period equivalent to the aggregate time of his absence on leave during the twelve months prior to such competition or promotion. In computing period of time under this subdivision, time of active service in the military or naval forces of the United States or of the State of New York, and time of employment in the construction or manufacture of equipment or supplies for such forces, shall not be considered.

2. Whenever in any department, office or institution a position is abolished, or whenever the number of positions of a certain character is reduced, or whenever by reason of lack of appropriation or lack of work it becomes necessary to discharge or suspend one or more of several persons holding the same position, veterans of the civil war shall be entitled to preference in retention in such positions over other persons. Persons legally holding such positions as the result of examination, at the time of such reduction, suspension or discharge shall be entitled to reappointment or reinstatement in the same position or positions if they are thereafter within one year reestablished under the same or any other designation. The names of such persons shall be entered upon lists of suspended employees and shall remain thereon for a period of one year. Upon notice of a vacancy in the same or a similar position, names from such lists of suspended employees shall be certified to the appointing officer in preference to names from the eligible

lists. Certification from such lists of suspended employees shall be made as follows: first, veterans of the civil war in the order of their original appointment to the position from which separated; second, other persons in similar order. Persons specified in the first class above mentioned shall be entitled to certification for positions to which they are eligible in any department, office or institution, but persons specified in the second class shall be entitled to certification only to the department, office or institution from which they were separated.

3. A person who has served continuously as the result of examination for at least one year in the competitive class in any department, office or institution and who has been separated from his position in that class by appointment to a position in the exempt class in the same or another department, office or institution, or in the unclassified service, and who has served continuously therein from the date of such separation, may be restored to a position in the competitive class in the same group and grade in the same department, office or institution, as the competitive position he formerly held, or may be appointed to a position in the same group and grade in another department, office or institution to which he was eligible for transfer.

Rule XVII. Certificates for Promotion, Transfer and Reinstatement

1. Upon the written request of an appointing officer, stating the essential facts in regard to any proposed promotion, transfer or reinstatement, the commission will, if such promotion, transfer or reinstatement be in accordance with law and the provisions of these rules, issue its certificate of that fact to such officer.

2. All promotions, transfers and reinstatements herein authorized shall be made only after the issuance of such certificate, except those which may be specifically exempted from such condition by regulation of the commission.

Rule XVIII. Definition of Noncompetitive Class

The noncompetitive class shall include such positions as are not in the exempt class and which it is impracticable to include in the competitive class.

It shall comprise the following positions and such positions as may hereafter be added; provided, that from time to time, the commission shall transfer positions from this class to the competitive class whenever it may be found practicable to hold competitive examinations to fill them:

In the Village of Port Chester:

Chief of police; provided, however, that no person shall be named for non-competitive examination who is not a member of the police force; one chauffeur, fire department.

Rule XIX. Employment in the Non-competitive Class

1. The positions in the non-competitive class must be filled by such persons as upon proper non-competitive examinations shall be certified as qualified to discharge the duties of such positions by an examiner or examiners selected or appointed for that purpose by the commission. The head of any office, department or institution in which there may be a vacancy or vacancies in any position or positions in this class, may name for examination a person for each vacancy. The commission may provide by special regulation that in any institution where a number of persons are employed in the same grade, the employing officer may name for examination more than one person, in order that there may be a list of qualified persons from which to make an immediate selection in case of vacancy. Such nomination may be made to the commission, or to an examiner or board of examiners, as the commission may prescribe by regulations.

2. The commission shall select, appoint and commission examiners or boards of examiners to test the qualifications of persons named for employment in positions in the non-competitive class, and they shall be subject to the provisions of the fourth section of rule X.

3. Examinations for positions in the non-competitive class shall be such as shall determine the following qualifications:

First. That the person examined is within the limits of age prescribed for the position or employment to which he has been named;

Second. That he is properly certified as free from any physical defect or disease which would be likely to interfere with the proper discharge of his duties;

Third. That his character is such as to qualify him for such position or employment; and

Fourth. That he possesses the requisite knowledge and ability to enter on the discharge of his duties in the service.

To preserve a uniform standard in such qualifications for like positions and employments in the several institutions and offices of the state service, the commission, after consultation with the principal officers concerned, may by regulations, prescribe uniform limitations and tests for the government of the examiners.

Rule XX. Reports of Appointing Officers

For the purpose of certification to the comptroller, or other fiscal officer, for the payment of salaries and to enable the commission to keep an official roster of the classified service as required by law, each appointing and employing officer, from time to time after the date of the promulgation of these rules and

upon the date of the official action in or knowledge of each case, shall report to the commission as follows:

(a) Every appointment or employment whether probationary, temporary or otherwise, in the classified service, with the date of commencement of service and the title and compensation of the position.

This includes every employment or designation of any person to render any service, whether permanent, temporary or special, to the State of New York or any of its civil divisions to which these rules shall be extended, in any capacity whatever, compensation for which is to be made to the person employed or designated, except in the military service and the unclassified service as defined by law and by section 2 of rule III.

(b) Every failure to accept an appointment under him by a person entitled thereto, with copies of the offer or notice of appointment and the reply thereto, if any.

(c) Every discharge during or at the end of a probationary term, with the date thereof.

(d) Every vacancy in a position, whether caused by dismissal, resignation or death, with the date thereof.

(e) Every position abolished, with the date of such abolition.

(f) Every change of compensation in a position, with the date thereof.

(g) Every promotion, giving positions from which and to which made, with the salaries and date thereof.

(h) Every transfer, giving the positions from which and to which made, with the date and salaries thereof.

(i) Every reinstatement in a position, with the date and salary thereof.

Rule XXI. The Official Roster

The commission shall keep in its office an official roster of the classified state service, and shall enter thereon the name of each and every person who has been appointed to, employed, promoted or reinstated in any position in such service upon such evidence as it may require or deem satisfactory that such person was appointed to, or employed, promoted or reinstated in the service in conformity with the provisions of law and of these rules. The official roster shall show opposite, or in connection with each name, the date of appointment, employment, promotion or reinstatement, and the office in which and the compensation of the position, date of commencement of service, and the date of transfer in or separation from the service by dismissal, resignation, cancellation of appointment, or death.

Rule XXII. Certification for Payment for Services

For the purposes of certification of payrolls, estimates and accounts as required by section nineteen of the civil service law, appointing officers and heads of departments shall furnish the commission with payrolls, estimates, accounts and certificates in form and manner as follows:

1. Heads of departments, offices and institutions in the state service, whose employees are paid individually direct from the treasury of the state or any civil division thereof, shall furnish the commission, at least five days before payment is to be made, payrolls in duplicate, showing the names of the persons to be paid, the title of the position held or kind of service performed by

each person, the rate and amount of compensation to which he is entitled, and the period for which he is to be paid, and shall certify that the persons named therein are employed solely in the proper duties of the positions and employments indicated, and that persons described as or proposed to be paid as "laborers" are employed at ordinary unskilled labor only, and that each person employed under rule VIII, subdivision 9, is actually engaged in private business and that the services rendered by him are expert services of an occasional and exceptional character. After examination and certification by the commission as hereinafter prescribed, such payrolls shall be transmitted by it to the comptroller or fiscal officer of such civil division for further examination and payment as required by law, and one of said duplicates shall accompany the warrant on the treasurer or other disbursing officer.

2. For payments for irregular or occasional services, and for advances of salary to regular employees, the head of such a department, office or institution shall transmit to the commission the original account or a special payroll or a request for advance payment, bearing his written approval, which approval shall be deemed to be a certificate of the facts required by the preceding section to be certified on the regular payrolls. Upon examination and certification by the commission such account, payroll or request shall be forwarded to the comptroller or other fiscal officer.

3. Heads of departments, offices or institutions whose employees are paid directly by the department without previous detailed estimate to the comptroller, shall furnish the commission, before payment is made, or in case of employees of the department of public works and of the state engineer and surveyor on the canals, outside of Albany, before credit is claimed from the comptroller on such payrolls, the payrolls and certificates as required in section one hereof, and except in the case noted, disbursing officers of such departments, offices and institutions shall not pay such persons until the commission shall certify as hereinafter prescribed. Heads and disbursing officers of such departments, offices and institutions shall file the payrolls certified by the commission as vouchers in claiming credit from the comptroller or other fiscal officer for such payments.

4. The estimates for payment of officers and employees, and for services of state hospitals and charitable institutions required by law to render detailed estimates in advance, under what is known as the "estimate system," containing the names, titles of positions held or kind of service performed and rate of compensation of all officers and employees in the classified service with the certificate specified in section one hereof, shall be submitted to the commission for certification before approval by the comptroller or other department having power of revision of such estimates, and no vouchers for payments for services shall be received unless in accord with such estimates, and the certificate of the commission.

5. The secretary or assistant secretary of the commission shall compare such payroll, estimate or account for services with the official roster and shall attach thereto or place thereon a certificate in form substantially as follows:

I hereby certify that the person (or persons) named in this (or the attached) payroll (or estimate or account) for services rendered to the state of New York in the ..... containing ..... names, have been appointed or promoted to or employed in the positions or places

and at the rates of compensation indicated in pursuance of the civil service law, and the rules made in pursuance thereof as shown by the official roster of the state service except

(Here insert names in regard to which the payroll, estimate or account disagrees with the official roster). .....

Secretary of the State Civil Service Commission

To provide for the making of such certifications the commission may designate an employee in its office to act as chief clerk, and may designate an employee in its office to act as assistant secretary, under and by direction of the secretary when that officer is on duty and for him and in his stead in his absence.

6. Upon satisfactory evidence, that with intent to evade the provisions of law and of these rules, any person appointed to or employed in any position in the classified service has been assigned to perform duties other than those for which he was examined and certified, or under any title not appropriate to the duties to be performed, the commission will refuse certification and remove his name from the official roster.

7. When legal proceedings have been instituted against the state commission, attacking the classification of any position in the competitive class, and after a decision has been rendered in the lower courts adverse to the state commission on the merits, or when the commission has determined by unanimous vote that a reasonable doubt exists as to the correctness of its classification of such position, it may, in its discretion, pending the settlement or final determination of such legal proceedings, direct the certification of the payrolls of any person who has been appointed to such position, without regard to the existing classification, but such certification shall be without prejudice to the classification and temporary only. In all such cases the secretary shall attach to such payrolls, in addition to the usual certificate, the following:

"This certificate is attached by special direction of the commission, pursuant to the provisions of Rule XXII, subdivision 7, and without prejudice to the right of the commission to withhold same in the event of the favorable settlement or final determination of litigation now pending, involving the correctness of its classification."

Rule XXIII. Administrative Regulations

The commission shall prescribe and enforce suitable regulations for carrying into effect the provisions of these rules and those of the civil service law and of section 9 of article V of the constitution, not inconsistent therewith; and shall prescribe blank forms for all applications, certificates, reports, records and returns required under these rules and the regulations made in pursuance thereof.

Rule XXIV. Extension of Rules

These rules shall not be deemed to extend to the offices, places and employments in the civil divisions of the state, until after due inquiry by the commission it shall be found practicable, of which finding proper and timely notice shall be given.

In pursuance of the foregoing provision these rules have been extended to the offices, places and employments in the civil service of the counties of Erie, Kings, New York, Queens and Richmond, to take effect from and after June 16, 1900; to the offices, places and employments in the civil service of the counties of Albany, Monroe, Onondaga and Westchester, to take effect from and after November 1, 1905; to the offices, places and employments in the civil service of the counties of Chautauqua, Nassau, Niagara, Oneida, Orange, Rensselaer, Suffolk and Ulster, to take effect August 1, 1909; to the offices, places and employments in the civil service of Bronx county, to take effect January 1, 1914.

In pursuance of the foregoing provision these rules have been further extended to the office of probation officer in all counties, to take effect from and after May 1, 1913.

In pursuance of the foregoing provision these rules have been further extended to the offices, places and employments in all county tuberculosis hospitals established pursuant to chapter 11 of the consolidated laws, to take effect from and after May 1, 1913.

In pursuance of the foregoing provision these rules have been further extended to the offices, places and employments in the office of the commissioner of jurors of the county of the Bronx, as established by chapter 548, Laws of 1912, as amended by chapter 266, Laws of 1913. (Approved July 24, 1913.)

In pursuance of the foregoing provision these rules have been extended to the offices, places and employments in the police departments of the villages and towns of Westchester county. (Approved June 10, 1913.)

In pursuance of the foregoing provision these rules have been extended to the position of county or visiting nurse appointed in accordance with chapter 469, Laws of 1917. (Approved October 25, 1917.)

REGULATIONS

Adopting Order

The State Civil Service Commission, under the authority conferred by section 10 of the civil service law and rule XXIII of the rules prescribed pursuant thereto, hereby makes the following regulations, reserving the right to modify the same from time to time, and to prescribe such special regulations as may be expedient for the proper enforcement of the rules aforesaid.

Regulation A. The President

The president, subject to the direction of the commission, shall have such general authority and responsibility in the administration of the law, rules and regulations as shall not be inconsistent with the powers reserved to the commission or vested in some other officer.

Regulation I. Secretary

The secretary shall, subject to the direction of the commission:

1. Keep the minutes of the proceedings of the commission and have charge of the books, records, papers, official seal and other property in its office.

2. Advertise and issue authority to hold all examinations and grant authority to candidates to enter examinations. Notify candidates of the results of their examinations and enter the names of successful competitors upon the proper register of eligibles.

3. Make certification to appointing officers, upon their requisition, of those eligible to appointment or employment.

4. Keep the official roster and have charge of the certification of payrolls and estimates.

5. Observe that the rules and regulations are complied with, and bring any case of their infraction to the attention of the commission.

6. Receive all communications, conduct the correspondence of the commission, and perform such other appropriate duties as it may assign him.

Regulation II. Chief Examiner

The chief examiner, subject to the direction of the commission, shall have charge of all matters pertaining to examinations, and in connection therewith he shall:

1. Prepare blank forms for application for examination.

2. Prepare, after consultation with the appointing officers concerned, schemes of examinations, including age limits and other preliminary requirements for candidates.

3. Receive applications for examination and determine all questions relating to eligibility of candidates.

4. Supervise the preparation of questions and other preliminary arrangements for examinations and, so far as practicable, attend them.

5. Direct the work of examiners and take care to secure accuracy, uniformity and justice in their proceedings. Whenever the qualifications for a position are of professional, scientific, technical or expert character, the chief examiner may obtain such advice and assistance from competent sources as may be expedient. In case a vacancy occurs in any position of examiner

during a recess of the commission, the chief examiner may, when necessary, select a person to fill such vacancy temporarily, pending a permanent selection by the commission.

6. Approve all bills for traveling expenses incurred by employees of the examinations division, and approve all bills for supplies or other expenses charged against the appropriations for the examinations division.

Regulation III. Examiners

1. The examiners of the commission are classified as salaried examiners, special and expert examiners, local examiners, institution boards of examiners.

2. The salaried examiners shall devote their whole time to the work of the commission under the direction of the chief examiner.

3. Special and expert examiners shall be designated and employed by the commission from time to time as the work is required to prepare questions and rate candidates in competitive examinations. Such examiners shall be paid such compensation as shall be agreed upon and shall be subject to the general direction of the chief examiner.

4. Local examiners shall, so far as practicable, be men, and shall be appointed in the various cities in which competitive examinations are required to be held. The chief examiner shall designate the examiner or examiners to hold each examination. The number of local examiners to be employed shall not exceed:

From 1 to 10 competitors, one examiner.

From 11 to 50 competitors, two examiners.

From 51 to 100 competitors, three examiners.

For more than 100 competitors, four or more examiners.

The compensation of local examiners shall be:

In New York city, for examiner in charge, $1.50 per hour, maximum not to exceed $15 per day; assistants, $5 per day. In Buffalo and Rochester, for examiner in charge, $5 per day; assistants, $3.50 per day.

In second class cities, for examiner in charge, $5 per day; assistants, $3 per day.

In other places, for examiner in charge, $5 per day; assistants, $2.50 per day.

The local examiners in any place where more than one is required shall not all be adherents of one political party when other persons are available and competent to serve.

Local examiners shall not incur expenses in connection with examinations beyond necessary stationery and supplies except at the direction of the commission or the chief examiner.

5. Boards of examiners shall be established in the several state hospitals and institutions to conduct the examination of persons nominated for positions in the non-competitive class by the proper appointing officer. Such boards shall consist of three or more members, one of whom shall act as secretary and two or more of whom may conduct an examination in the absence of the others. The secretary shall keep a record of the proceedings of the board and of the examinations held by it, and shall report to the commission the names of persons examined and the results of their examinations. The application and examination papers of candidates shall be forwarded to the commission with the report.

6. Examiners shall take care to secure uniformity and fairness in the conduct of examinations. They must not disclose the details of answers of candidates. No examiner or other person serving under the commission shall attempt to influence the marking or grading of any candidate, or the selection, nomination, appointment or employment of any person in the civil service.

Regulation IV. Application

1. All applications for admission to examination shall be made upon the blank forms prescribed and furnished by the commission, and no one will be admitted who has not made such application in satisfactory form.

2. In every application for examination for original appointment in the competitive class, the applicant must state on oath and in his own handwriting: (1) the position or kind of examination desired; (2) his full name, residence and postoffice address; (3) his term of residence in this state; (4) his citizenship, and if naturalized, the date and place of his naturalization; (5) the date and place of his birth; (6) his previous employment in the civil service, if any; (7) his business or employment for the last preceding five years; (8) his education; (9) if in the army or navy of the United States in the late civil war and honorably discharged therefrom, the name of organization or vessel to which attached, date of enlistment or commission, position or rank, and date and cause of discharge from the service; (10) such other information as the commission may require touching his eligibility and fitness for the public service.

3. Except in the case of a person holding position in the competitive class under the state civil service rules, the application must be accompanied (1) by the certificates of not less than three nor more than five reputable citizens that they have been personally acquainted with the applicant for at least one year and believe him to be of good moral character, of temperate and industrious habits and in all respects fit for the service he wishes to enter, and that they are willing that such certificate shall be published for public information, and (2) if the applicant is an honorably discharged soldier or sailor of the late civil war, by the adjutant-general's certificate of his honorable discharge or other satisfactory evidence of the same.

4. In addition to the information above mentioned applicants for positions requiring special qualifications shall furnish the evidences, certificates and licenses required under the provisions of section 5 of rule IX.

No person shall be examined who has any of the following defects: Insanity, tuberculosis, paralysis, epilepsy, blindness, total deafness, loss of speech, loss of both arms or both legs, loss of arm and leg, badly crippled or deformed arms, feet or legs, heart disease, locomotive ataxia, cancer, Bright's disease, syphilis, diabetes.

For all other positions the minimum age limit is twenty-one years, with no maximum limit. Candidates for prison or reformatory guard must be at least five feet nine inches in height.

6. Defective applications will be suspended and applicants notified to amend the same, but no such notice will be given or opportunity granted a second time.

7. Applications shall be filed at least seven days before the date of examination to entitle the applicant to enter the same. The commission or its chief examiner may, however, waive this requirement when practicable.

8. The date of the reception of all applications shall be indorsed thereon, and entered of record by the commission, and if the applicants for any position are in excess of a number that can be examined at a single examination, they will be notified to appear in their order on the respective records, provided that veterans shall have precedence in such notification.

9. Applications and accompanying certificates, not returned for correction, will remain on file in the office of the commission, and under no circumstances will be returned to the applicant.

10. Candidates for examinations for positions in the non-competitive class shall file applications on blank forms prescribed by the commission containing such information as the commission shall deem necessary in regard to their eligibility and fitness for the positions applied for. Such applications may be presented at the time of examination and shall be forwarded to the commission by the examiners together with the examination papers.

11. No letters of recommendation or indorsements, other than those required by the rules and regulations, shall be received and filed by the commission, on behalf of any applicant or eligible, unless called for in announcement of examination.

Regulation V. Examinations

1. Competitive examinations will be held from time to time for such positions as shall be specially requested by appointing officers and for those for which in the opinion of the commission, the number of applicants or lack of eligibles renders an examination desirable. The preliminary requirements, subjects of examinations and relative weights for positions in the competitive class shall be published from time to time. The place and date of an examination for any position, when determined, and any other material information in regard thereto, will be posted in the office of the commission in the capitol at Albany at least ten days before the date of such examination.

Announcements of all examinations of a public and general interest shall be published, so far as practicable, in every county of the state at least ten days before the date of the examination in one or more prominent news-

papers of the county; examinations of a professional and technical nature shall be announced, so far as practicable, in suitable periodicals published in this state.

2. Notice of competitive examination will be mailed previous to the date thereof to each applicant entitled to enter the same. If an applicant fails to receive due notice of an examination, or gives satisfactory reasons for failure to attend an examination, he shall be notified to attend the next examination for the same subdivision and group, provided such examination occurs within one year from the date of filing the original application.

Notice of the time and place of examination, subjects of examination and relative weights thereof if any assigned, shall be mailed to each person nominated for any position in the non-competitive class, at least one week in advance of the date set for the examination, except for positions in state institutions for which examination is to be conducted by a local board of examiners.

3. Applicants must present themselves promptly at the hour and place specified in their official notification signed by the secretary of the commission, and no one will be admitted to an examination except upon the production of such notification.

4. In order to properly identify competitors, each person presenting himself for examination shall fill out a "Declaration Sheet" on which he shall state the essential facts contained in his application paper. Each declaration sheet shall bear a different number which shall be used to designate the examination papers of the competitor. The name of the competitor shall not appear on his examination papers except on the declaration sheet.

5. For the further identification of appointees and for the prevention of impersonation in examinations, every person appointed after a competitive examination shall be required to fill out an identification sheet to be called "Declaration of Appointee." Said declaration shall require a reiteration of the essential facts of the application and declaration sheet and the statement of such other facts as the chief examiner shall require, and shall be filled out by the appointee in the presence of the appointing officer or his representative who shall attach his certificate of such fact. Such declaration shall be forwarded with the notice of appointment to the state civil service commission and shall be filed with the examination papers of the appointee.

6. The relative weights given to the several subjects or qualifications in an examination shall be fixed before the date thereof by the chief examiner under the direction of the commission.

7. Non-competitive examinations for provisional appointments under the provisions of rule VIII shall be in their scope and character the same as competitive examinations to fill vacancies in the same positions.

8. Whenever an oral examination shall be prescribed as part of any examination, a stenographic record of the questions and answers shall be made and preserved with the examination papers or report, but this requirement shall not apply to oral interviews with candidates in connection with ratings for personal qualifications. At such interviews the examiners shall make notes indicating reasons for the ratings on personal qualifications and such notes shall be signed and filed with the candidate's papers.

Regulation VI. Marking and Grading of Examination Papers

1. So soon as practicable after an examination the papers of the competitors shall be marked and the general average of each ascertained. Such marking and ascertainment shall be under the direction of the chief examiner, and, so far as practicable, shall be made at the office of the commission.

2. The marking of each competitor's papers shall be made on the scale of 100, which maximum shall represent the highest attainable accuracy, and 0 shall represent entire ignorance. The average of the marking of the several answers upon any one subject shall be the standing on that subject.

No person shall have his name entered upon an eligible list who fails to attain an average percentage of 75, or over, on all the obligatory subjects in the examination, and a percentage of 60 or over on every such obligatory subject.

3. The absolute or general average standing of each competitor will then be made up in form substantially as follows, in accordance with the respective weights accorded to the subjects:

Examination of .....

SUBJECTS	Relative weights	Standing on subjects	Products
1. Writing from dictation	3	95	285
2. Copying from manuscript	2	78	156
3. Handwriting	4	80	320
4. Spelling	3	98	294
5. Arithmetic	4	62	248
6. Geography and history	1	70	70
7. Constitutional questions	1	63	63
8. Making a summary	2	75	150
Total weight and product	20	.....	1,586
General average standing			79.30

It will be observed that the standing on each subject is multiplied by the weight given that subject and the product placed in the third column, and the sum of these products, divided by the sum of the weights, gives the general average standing.

4. As soon as practicable after the filing of the report of a competitive examination, the secretary shall notify each candidate therein of the rating he has received and, if such rating be above the required minimum, of his comparative standing. Any candidate receiving such notice may personally inspect his examination papers in the presence of any representative of the commission.

5. No examination paper or any part thereof and no record of the results of a physical test or any other record or statement rated as part of an examination or in connection therewith shall be subject to review, alteration or rerating after the marks of the examiners have been registered or attested as required hereunder; except that the commission at any time within a year from the date of the report of an examination may correct any manifest error or mistake of marking or rating appearing in any such paper or record, such

correction in any case to be without prejudice to the status of any person previously appointed as a result of such examination.

6. No change in the rating as indicated in paragraph 5 shall be made at the instance of any competitor except upon formal written appeal submitted by the competitor personally whose appeal must be made within thirty days after date of his notice of standing, such appeal to be in writing, specifying particularly the cause of complaint. The commission shall appoint a committee on appeals, consisting of one commissioner to whom all appeals shall be submitted by the chief examiner with his recommendations, and said committee shall report thereon at a subsequent meeting of the commission. Such appeal shall be considered as opening all of the competitor's papers for review, whether resulting in a higher or lower average standing. No change in rating shall be made as the result of an appeal unless it would affect the competitor's relative position on the eligible register.

Regulation VII. Eligible Lists

1. After an examination for positions in any grade or subdivision in the competitive class, the names of such competitors as are eligible under the provisions of rule XI shall be entered upon an eligible list for such position in order as follows:

First, the names of veterans in the order of their rating; and, second, the names of other eligibles in the order of their rating. The accuracy of all such lists shall be checked by two officials in the office of the commission.

2. The eligible list so prepared shall be entered by the secretary in the proper place in the register of eligible lists. When an eligible list is exhausted for any purpose before the expiration of the minimum term for which it was established, a new eligible list may be established, but the prior list, if it contains three or more names, shall be continued in force for the remainder of its term of eligibility and during such term shall be given preference in certification for such appointments as it may be appropriate and available. When there remain on an eligible list less than three names at the time a new list for the same position is established, such names shall be combined with the names upon the new list according to original average rating.

When an open competitive examination produces less than three eligibles, any eligibles remaining on a former list for the same position shall be continued on the new list until its expiration, provided that no individual shall be eligible for more than four years without re-examination.

3. The term of eligibility shall be one year from the date of filing of the report of the examination, or until a new list of eligibles for the safe positions shall be filed, if longer than one year, unless otherwise prescribed by the commission. Whenever a person whose name is on an eligible list for any position shall enter a new examination for the same position within his term of eligibility, his eligibility on account of the former examination shall cease from the date of filing of the report of the new examination in case he is found qualified, and from such date he shall be credited with the mark and relative position obtained in the new examination.

4. Copies of eligible lists shall not be furnished by the commission except to the appointing officers having the right of selection from such lists. The lists will be open to public inspection,

5. The secretary shall certify eligibles upon the requisition of an appointing officer in accordance with the provisions of section 2 of rule VIII in such form as the commission may prescribe. No appointment shall be made from any certificate of eligibles after the expiration of the eligible list from which such certificate is drawn, nor after receipt by the commission of a report of examination providing new eligibles for such list. If the appointment shall be made of any person other than one of the three standing highest on the eligible list, the appointing officer shall forward to the commission with the notice of appointment copies of all correspondence to and from the persons declining such appointment, in accordance with the provisions of rule XX and section 2 of rule VIII. No declination of an appointment will be accepted unless made in writing and the original or a copy thereof filed with the State Civil Service Commission. The name of a person declining appointment shall be stricken from the eligible list unless declination is for one or more of the following reasons: a. Insufficiency of compensation offered; b. Location of employment; c. Temporary inability, physical or otherwise, which must be satisfactorily explained by the candidate.

6. Section 14 of the civil service law requiring appointments to positions in the state service, the duties of which are confined to a locality outside of Albany county, to be made, so far as practicable, from residents of the judicial district or districts, including such locality, shall be applied as follows:

Certifications from the eligible lists of clerks, junior clerks, bookkeepers, stenographers, pages, storekeepers, messengers, janitors, chief engineers, assistant steam engineers, assistant electrical engineers, steam firemen, court stenographers, court attendants, court clerks, laundry overseers, housekeepers, nurses, watchmen, florists and gardeners, telephone operators, typewriter copyists, veterinarians, foreman carpenters, file and index clerks, shall be made from the residents of the judicial district in which the vacancy exists, except that from the eligible lists of clerks, junior clerks, bookkeepers, stenographers, pages, messengers, inspectors of masonry, watchmen, telephone operators, typewriter copyists, foreman carpenters, file and index clerks, certifications shall be made of names of residents of the first and second judicial districts for vacancies in state departments or institutions with officers in the borough of Manhattan, New York City.

Subject to the provisions of section 14 of the civil service law, certification from the eligible list for the position of superintendent, bureau of employment, industrial commission, shall be made by groups as follows:

Group I. Residents of the first judicial district.
Group II. Residents of the second judicial district.
Group III. Residents of the third and fourth judicial districts.
Group IV. Residents of the fifth and sixth judicial districts.
Group V. Residents of the seventh and eighth judicial districts.
Group VI. Residents of the ninth judicial district.

Subject to the provisions of section 14 of the civil service law, certification from the eligible list, men or women, for the position of assistant superintendent, bureau of employment, industrial commission, shall be made by groups as follows:

Group I. Brooklyn office, residents of the first, second and ninth judicial districts.

Group II. Syracuse office, residents of the third, fourth and fifth judicial districts.

Group III. Rochester office, residents of the sixth and seventh judicial districts.

Group IV. Buffalo office, residents of the eighth judicial district.

Subject to the provisions of section 14 of the civil service law, certifications from the eligible list for the position of prison guard shall be made by groups, as follows:

Group I. Sing Sing prison. Residents of the first, second and ninth judicial districts.

Group II. Clinton and Great Meadow prisons. Residents of the third and fourth judicial districts.

Group III. Auburn prison. Residents of the fifth, sixth, seventh and eighth judicial districts.

When the services to be performed in any position for which eligibles are to be certified from any of the eligible lists mentioned in this section, are confined to a locality outside of Albany county, the secretary shall certify from the proper eligible list the person or persons standing highest who are residents of the judicial district or districts, in which the service is located, but if there be no eligibles who are residents of such judicial district or districts, or if all such eligibles shall decline the appointment, the person or persons standing highest on the whole eligible list shall be certified unless it appears to the satisfaction of the commission that it is not practicable to appoint from outside of the judicial district or districts, in which case the general eligible list shall not be deemed a list of persons eligible for appointment.

For the purpose of certification under this regulation, the residence of any person shall be deemed to be the place stated by such person in his application to be his legal residence at the time such application is filed, but in case any person has removed from the county or judicial district in which he resided at the time of the filing of his application for examination, such person shall no longer be eligible to appointment from that county or district, but shall, after four months from receipt of notice of such change, be on the eligible list for the county or judicial district into which he has moved.

The state civil service commission may at any time investigate concerning any change in legal residence from county or judicial district, and, if it is not satisfied with the good faith of such change, may, upon due notice to the person affected, refuse to certify his name or to continue it upon the eligible list.

Regulation VIII. Accounts

1. All accounts for compensation as examiners or for preparation of questions or marking of answers and papers, or other expenses of examinations, shall be certified by the chief examiner.

2. All accounts for other expenses of the commission, except those for salaries and official expenses fixed by statute, and those certified as above by the chief examiner, shall be certified by the secretary.

3. All accounts certified by the chief examiner and secretary shall be approved by the commission before payment.

Regulation IX. Information

1. General abstracts from the provisions of the law, rules and regulations, and other pertinent matter will be published by the commission from time to time, for the information of appointing officers, applicants, candidates and others concerned.

2. The commission cannot undertake to answer inquiries relating to cases which are not officially before it for decision, nor can it decide, except in cases of actual candidates, questions respecting the application of the rules and regulations.

3. Particular answers cannot be given to inquiries which are answered expressly or by implication in published regulations or other similar documents.

4. The commission cannot give any information upon the following points: (a) regarding positions in the unclassified service or in the exempt class of the classified service; (b) regarding vacancies in any position existing or prospective; (c) regarding the duties of positions except as indicated by their classification; (d) regarding the personal interests of any intending or actual applicant, candidate or eligible.

5. The examination papers of a competitor will be exhibited only to the competitor or his duly authorized representative, or to the appointing officer to whom his name is certified.

6. Copies of questions used in examinations cannot be furnished except in cases where they are published by the commission for general information.

7. The qualifications of applicants and subjects of examination, as prepared from time to time, will be published, but in regard to certain positions in which vacancies are rare the nature and extent of the examinations may not be determined until vacancies occur.

8. Eligible lists may be published with the standing of the persons named in them, but under no circumstances will the names of persons passing below the minimum standing be published nor will their examination papers be exhibited or any information given about them, except as provided in the fifth section of this regulation.

Regulation X. Commutation for Board and Lodgings

The commutation for board and lodgings under section 12 of rule I shall be as follows:

Regulation XII. Municipal Inspection

The state civil service commission shall, by one or more of its members, or its secretary, or its chief examiner, officially visit each city in the state at least once in two years, and inquire into the method of the administration of the civil service law in such city, and ascertain whether the municipal commissioners and other city officials faithfully discharge their duties in respect to compliance with said law.

Regulation XIII. Temporary Appointments

Whenever an appointing officer desires to make a temporary appointment for a period exceeding one month, he shall notify the commission of the nature of the service required, term of employment and rate of compensation to be paid, and the commission shall certify to the appointing officer the names of the three persons standing highest upon the general eligible list, who, upon inquiry, are found willing to accept such temporary appointment, from whom a selection shall be made for the temporary service required.

By the Commission,

Attest:

JOHN C. BIRDSEYE,

Secretary.

ALBANY, N. Y., *January* 1, 1918.
